A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Stripping and Refilling Wayne and Elgin and Mobil Street Sweeper Main Brooms," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, JULY 15, 1976, with a certified check for SEVEN HUNDRED EIGHTY DOLLARS (\$780), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 711 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of five dollars (\$5), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposals should he deem it to be for the best interest of the city so to do.

- 122 Mt. Pleasant Avenue, Ward 8.
- 147 Winthrop Street, Ward 8.
- 10 Nonquit Street, Ward 13.
- 56 Savin Hill Avenue, Ward 13.
- 14 Greendale Road, Ward 14.
- 18 Greendale Road, Ward 14.
- 6 Downer Court, Ward 15.
- 4 Kane Street, Ward 15.
- 173 Westville Street, Ward 15.
- 46 River Street, Ward 17.
- 11 Stockton Street, Ward 17.
- 653 Walk Hill Street, Ward 18.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M. Thursday, July 15, 1976, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26,

as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a twenty-four-day period to complete the boarding and securing of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The attention of all bidders is specifically directed to the requirements mandatory in compliance with section 3 of the Housing and Community Development Act of 1968. No bid shall be considered unless it is accompanied by a statement of workforce needs and an affirmative action plan, as required by section 3 and set forth in the specifications.

ADVERTISEMENT MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 021-100 will be received by the Contract Administrator at the Office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until two o'clock (2 P.M.) on July 28, 1976. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The contract is described as follows: REMOVAL AND INSTALLATION OF BUS WASHERS AT LYNN, EAGLE STREET, AND QUINCY GARAGES, Lynn, Boston, and Quincy, Massachusetts. The work in general includes the complete removal of the existing systems such as piping, machinery, electrical controls, pumps, brushes, nozzles, wiring, etc. The work also includes the complete installation of new bus washer systems including piping, machinery, pumps, brushes, detergent and spray arches, drainage systems, bus paths, structural supports, pneumatic and electrical controls, etc.

This contract is subject to a financial assistance contract between the Massachu-

setts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Bidding documents may be obtained from the Contract Administrator at the above address from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$5. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$2, payable by separate check.

Arrangements for a prebid site inspection of each location shall be made with the office of Mr. R. D. MacKay, Superintendent, Civil and Design Engineering Division, telephone number 722-5441.

Prospective bidders who have attended a prebid site inspection accompanied by the engineer may make arrangements for a prebid conference by calling the same office. Any request for interpretation of plans and specifications should be submitted in writing at the prebid conference.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of seventy-five hundred dollars (\$7,500) in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

MBTA Implements New Pass Program

The new MBTA PASS program, offering passengers unlimited rides on the service they regularly use, went into effect July 1, Massachusetts Bay Transportation Authority Chairman Robert R. Kiley has announced.

The monthly pass, paid by a payroll deduction through an individual's employer, means the passenger never has to worry about digging up pocket money for transportation on the service he or she regularly uses. The program now is available through any firm, institution, or agency which signs up five or more pass customers.

James B. King, Director of Community Affairs and Marketing for the MBTA, said: "It is a great convenience to the passenger, who saves the time of waiting for change at rapid transit stations and doesn't have to worry about the hassle of having to have the exact change for bus, trackless trolley, or streetcar fare."

"It also has great potential as a money saver. For regular customers, there is a built-in discount of two days of commuting per month. But once you get your pass, you can ride free on the MBTA service or combination of services for which the pass is valid. Its use on that service or services is unlimited."

"An advantage of the new monthly pass system is that a passenger need not enroll in the program for the month in which he or she takes a vacation. Despite the increased costs of issuing monthly passes, persons who enroll for eleven months will pay the same (actually they'll save one day's commuting) compared to the previous annual program."

Ernest S. Deeb, the pass program manager, said the program has been

expanded by introducing three new passes which will cover the 50¢ and 75¢ express buses and the suburban bus divisions which the MBTA took over in the late 1960s.

"The pass program originally was started in March of 1974 with employers who had fifty or more persons interested in the pass program. The first company to join was the John Hancock Company. Since then, it has grown to more than 110 companies and 18,000 individual pass holders. From December, 1974, to December, 1975, the number of passes tripled," said Mr. Deeb. He also mentioned that approximately 400 employers have expressed a desire to join over the last twelve months.

Chairman Kiley commented: "These concerned employers are providing a significant public service, as well as a service to their employees, in providing their employees with the pass."

"It is a major thrust in our long-range goal of increasing the use of public transportation and alleviating the automobile congestion and pollution in the Boston metropolitan area."

John McGlennon, regional administrator of the Environmental Protection Agency, said: "The Environmental Protection Agency regards mass transit as a top priority to reduce air pollution in the Greater Boston region. We certainly endorse the MBTA pass program and encourage employers to participate. Indeed it is the number one requirement in the Transportation Control Plan issued by the EPA for the Boston area last June."

"We are strongly behind this program because it should significantly reduce the number of single passenger automobiles coming into the Boston area."

The six passes in the MBTA PASS program are as follows:

The 25¢ rapid transit pass, which is valid at all Red, Orange, and Blue Line stations which charge a 25¢ fare, and on the Green Line subway system.

A 45¢ rapid transit and streetcar pass, which is designed for the Green Line passengers on the Arborway, Beacon Street, and Commonwealth Avenue lines. This pass covers the 20¢ streetcar fare on the surface, plus the 25¢ Green Line subway fare. It is also good at all Red, Orange, and Blue Line stations which charge a basic 25¢ fare.

A 50¢ rapid transit and bus pass, which is good for a 25¢ Red, Orange, Blue, and Green Line subway fare,

(Continued on next page)

(Continued from front page)

plus a 25¢ bus or trackless trolley fare. It is also valid for the 50¢ rapid transit stations which are: (on the Riverside Line) Longwood, Brookline Village, Brookline Hills, Beaconsfield, Reservoir, Chestnut Hill, Newton Center, Newton Highlands, Eliot, Waban, Woodland, and Riverside; (on the South Shore Red Line) North Quincy, Wollaston, and Quincy; and Malden (on the Haymarket-North Extension of the Orange Line). This pass is not valid on a 25¢ bus line which connects to a 50¢ rapid transit station, nor is it valid on the 20¢ surface streetcar Green Line routes (Beacon Street, Commonwealth Avenue, and Arborway).

The three passes added, which began July 1, are as follows:

A 50¢ express bus pass which will permit passengers from the Lynn area, for the first time, to use a pass on the express buses from Lynn to Boston. It is also good on all other express buses which charge 50¢.

A 75¢ express bus pass, which will serve the Riverside to Summer and Chauncy Streets bus (Route 300) and the Waltham to Summer and Chauncy Streets (Route 305).

A 75¢ rapid transit, bus and streetcar pass, which is designed to serve those passengers who use a bus connection to any of the sixteen 50¢ rapid transit stations (twelve on the Riverside Line, three on the South Shore Red Line, and Malden on the Haymarket-North Extension of the Orange Line). This pass also is good on all 25¢ rapid transit stations; all 25¢ bus and trackless trolley routes; all Green Line 20¢ surface streetcar routes and one 30¢ zone on suburban bus routes.

The 75¢ rapid transit bus and streetcar pass will be of particular benefit to South Shore riders who have a 30¢ suburban bus connection to North Quincy, Wollaston, or Quincy Center.

The pass is geared to the commuting worker's normal schedule of twenty-one or twenty-two workdays per month. However, the

price of the pass is based on commuting nineteen days, which gives a commuter, in effect, a "free ride" for two to three days of commuting per month. Over eleven or twelve months, that saving equals a month's free commuting. Obviously, any additional trips made on the pass is a free ride, and the use of the pass on the appropriate route is unlimited.

For the 25¢ pass, the cost is \$9.60 per month. The 45¢ pass is \$17.20 per month. The 50¢ passes are \$19 per month, and the 75¢ passes are \$28.60 per month.

This program, in which different colored passes will be issued each month through the employer, is slightly more costly over twelve months than the previous program in which a permanent pass was issued. However, if a person finds it worthwhile to drop out of the program during the month in which he or she has two weeks or more of vacation, the cost of the pass is the same as the previous program.

The MBTA was the first major rapid transit network to institute a payroll deduction pass program, although other cities, with bus systems only, have used them in the past.

"We believe the MBTA pass will continue to show the tremendous popularity it has had in its first two years. Because of the overwhelming requests that we have had

and the rapid growth we have experienced, we have now computerized the program to accommodate the growth. The experience has been that the pass program has turned many occasional riders into regular riders of the T and we anticipate this should continue, said Mr. Deeb.

Any company, institution, or agency may inquire about the MBTA PASS program by contacting the Community Affairs Marketing Department of MBTA at 722-5218.

The pass may be used only by the person to whom it is issued and is valid when signed. A lost or stolen pass will not be replaced during the month, nor refunds made. The pass is valid for unlimited transportation within the indicated zone. The MBTA will replace the pass each month. Members of the MBTA PASS program in good standing will receive a new pass from their employer.

"ART CART" VISITS SOUTH BOSTON

An "Art Cart" will visit scheduled locations to aid elementary age children in sixteen Boston communities to share a portable, participatory, arts experience. The program began July 12, with the art cart coming to South Boston, Wednesdays for 10 weeks, through September 10.

The cart is staffed by professional artists and art students, and will be equipped to distribute materials and encourage creativity.

The program is designed to serve a racial, economic, and geographic cross section of communities and to provide a program supplementable to day camps, parks, playgrounds, or spaces where children can congregate.

Painting (tempera, pastels), sculpture (clay, foil, assemblage), and printmaking (colorgraphs, block prints) compose the media categories.

The project coordinator, Mark Lassiter, visualizes the Art Cart as a valuable instrument in providing an informal exposure to the visual arts and artists.

ILM FESTIVAL AT BPL

In the third successive year the Boston Public Library will present the Summer Festival of Films, running currently through September. In the cool environs of the new Central Library Lecture Hall on Boston Street a series of films on a wide variety of subjects will be screened. Classic and contemporary features and short films will be of interest to both adults and children.

The festival began on June 16, with the first film in "The Saga of Modern Man" series. Six films in this series will highlight important aspects of western civilization, particularly in the United States. These will be shown on Mondays, Wednesdays, and Fridays at 1:15 P.M.

In July and August, on Mondays, Tuesdays, and Fridays at 1:15 P.M., the festival will continue with thirty-four one-hour films from the classic dramatic series "Profiles in Courage," based on the book by President John F. Kennedy. This significant Bicentennial series stars some of the country's most outstanding actors dramatizing many of our nation's major crises from revolutionary to contemporary times.

On Friday evenings at 7 P.M., throughout July and August, ten of the most entertaining musical classics starring Fred Astaire and Ginger Rogers will be shown. These will include the seldom screened "Roberta" (1935), "Damsel in Distress" (1937), and "Bandwagon" (1953).

A special series of films celebrating the Montreal 1976 Olympics will be shown on Tuesday and Thursday evenings at 7 P.M., beginning Tuesday, July 13. Included in this series will be the classic "Olympia," an epic documentary by Leni Riefenstahl of the 1936 Berlin Olympics, and the "Tokyo Olympiad" by Kon Ichikawa.

On Saturday afternoons at 2:30 P.M., during July and August, a series of ten outstanding feature films based on children's literature will be shown. Included among these are the classics "Moby Dick," "Charlie and the Chocolate

Factory," "National Velvet," and "Captain's Courageous."

On Monday, Wednesday, and Friday, at 1:15 P.M., during the month of September, the special Bicentennial series "Decades of Decision" will be featured. Please note, the Library will be closed on Monday, September 6, Labor Day. While on Friday evenings, September 10, 17, and 24 at 7 P.M., three classic tales of terror will be shown, "King Kong" (1933), "Cat People" (1963), and "Lord of the Flies" (1963).

Over 100 films will be shown and everyone is invited. All programs in Boston's Central Library are free.

FREE PLANT CLINICS

The Massachusetts Horticultural Society will hold free plant clinics and demonstrations at Horticultural Hall, every Wednesday evening from 4 to 7 P.M., throughout the summer.

The general public is invited to bring gardening questions or sick plants for study by the experts from the society.

Each week, the clinics will start with a question and answer session, followed by a demonstration lecture on a gardening topic, then more questions and answers, to 7 P.M. Topics for the demonstrations will be:

July 14, Terrariums; July 21, Propagation; July 28, Ferns; August 4, Pests, Diseases of Houseplants; August 11, Cacti and Succulent Dish Gardens; August 18, Pinching and Pruning; August 25, Supermarket Gardening.

The Plant Mobile of the Horticultural Society will be at each seminar, with free handouts with instructions on different phases of gardening.

The main purposes of the clinics are to make all the resources of the Horticultural Society available to the general public — to answer individual questions of New England's gardeners.

People are encouraged to bring in problems — be they sick house-

plants or general questions about outdoor gardening. If bugs or a disease are plaguing vegetables or plants, a sample leaf can be brought to the clinics, and the experts can identify the problem and prescribe a solution.

MBTA ANNOUNCEMENT

Currently through Friday, September 10, streetcar service after 10 P.M. will be suspended between Park Street Station and Lechmere Station in Cambridge to permit the installation of new lighting, power improvements, and a two-way radio communication system, the Massachusetts Bay Transportation Authority has announced.

Bus service will be provided between Lechmere and Park Street beginning at 9:40 P.M. Stops will be made at Science Park, North Station, Haymarket, Government Center, and Park Street and MBTA supervisory personnel will be on hand to assure that streetcar passengers make connections with the last buses leaving for Lechmere.

This diversion of service on the Green Line is a necessary part of the extensive Green Line rehabilitation program being done prior to the arrival of the new light rail vehicles later this year. The \$38.1 million program is funded two-thirds by the Urban Mass Transportation Administration of the United States Department of Transportation and one-third by the MBTA's bonding authorization.

In order to insure that passengers pay no more than their regular fare, the fare structure for the emergency substitute bus service will be as follows:

Inbound from Lechmere — Adult passengers will pay 25¢ and may get a transfer for use at the Park Street Station.

Outbound — Presuming that most passengers will have paid their 25¢ rapid transit fare and will be transferring at Park Street to the Lechmere bus, there will be no additional fare on this late night service.

SPINNING AND WEAVING

A chance to learn about spinning and weaving will be given visitors to Boston's Museum of Science this month.

On Friday nights, July 16 and 23, Linda Schatz, Cambridge, will show visitors the spinning and carding of wool. A specialist in colonial crafts and culture, she teaches and conducts workshops at schools and community centers. Her demonstrations will be from 6:30 to 9 P.M.

Weaving will be demonstrated by members of the Weavers' Guild of the Lexington Arts and Crafts Society every day during the afternoons from 1:30 to 3:30 P.M.

Visitors will be able to try their hands at a small loom as experienced craftswomen work at the larger Gilmore loom. The Gilmore loom will be threaded in a pattern suitable for fashioning pillow covers, blankets, or rugs. Other looms will be used to make belts or tapestries.

The activity will take place in the Museum's Design Around Us Gallery on the second floor of the west wing. The gallery is now showing watercolors and drawings of old New England textile mills by Marian Cannon Schlesinger, Cambridge.

SUMMER JOBS FOR HUB YOUTHS

Separate actions in Washington and on Beacon Hill on July 1, assured that Boston will have 6.9 million to provide jobs for youths from poor families this summer.

In Washington, Labor Secretary W. J. Usery made available \$1.45 million from a discretionary fund under the Comprehensive Employment and Training Act (CETA).

In Boston, the House agreed to go along with a Senate request for \$4.5 million for summer jobs, including \$1.2 million for Boston.

The allocations, combined with \$2.9 million in CETA funds already on hand and \$1.25 million diverted by Gov. Michael S. Dukakis from other employment and training programs to the city, brought the total for summer jobs in Boston to \$6.9 million.

Robert Coard, director of Action for Boston Community Development (ABCD), said screening for jobs has already started.

He said ABCD already has received 17,000 applications for summer jobs but has been able to place only 5,000 youths. The new funds from the federal government are expected to provide 2,500 jobs, according to the Labor Department.

Mr. Coard said the federal money is "badly needed" and that neighborhood interviews are being arranged with potential applicants. They must be age fourteen to twenty-one.

Youths in the program receive \$2.30 an hour and work twenty-five hours a week in jobs in Summerthing, hospitals, Little City Halls, and a variety of other positions.

Applications for summer jobs in Boston may be sent to Robert Coard, director of Action for Boston Community Development (ABCD), 150 Tremont Street, Boston 02111. The telephone number for the office is 357-6000.

BOSTON CABLE TV: DISMAL FUTURE

Boston rejected cable television three years ago and nothing that has happened in the interval has changed its view.

Richard A. Borten, executive director of the Boston Consumer's Council, says that cable's promise fell short of reality then, and still does, economically and technologically.

"Imagine, under state regulations we would get 50 cents per subscriber," said Mr. Borten. "That means if we even got up to 30 percent of households to hook up, the city would get only about \$37,000."

The Boston study, which required eighteen months and drew on many outside sources, reportedly has served as a guideline for other major cities pondering cable franchises. "We did get a lot of inquiries from other cities after our report came out, and we just mail them along," Mr. Borten said of the 136-page study.

He conceded that a few years ago the Community Development

Corporation expressed interest East Boston acquiring cable as a means of offsetting the poor reception caused by planes flying to and from Logan Airport.

"But there has been no inquiries lately," Mr. Borten added. "It's funny, every once in a while a cable firm will call and ask Mayor White has softened position against cable."

"With the problems he has with the city's finances and the budget situation, he just doesn't have time to review his position on a subject so complex," Mr. Borten added.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$120 the claim of Carl Brownell, 104 Payson Street, Attleboro, to be reimbursed for damage to her automobile as a result of being towed from Beacon Street, September 10, 1975.

Commissioner's Memorandum No. 76-52

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The department has received a communication announcing an opening for a position in federal Civil Service. Any person interested in applying for a position as a "Supervisory Protection Officer," GS-301-15 (Assistant Commissioner for Federal Protective Service Management), at the Public Buildings Service, Office of Federal Protective Service Management, in Washington, D. C., should examine the following duties and qualifications and then apply as instructed.

All applications should be submitted by all interested persons no later than June 25, 1976, to the General Services Administration, PB Personnel Branch (BPOP), Room 1128, Attention: Mr. Charles McKeever, 18th and F Streets, N.W., Washington, D. C., 20405.

Top secret clearance required after selection and prior to appointment to this position.

Possible promotional potential to GS-16.

Responsibilities: Serves as Assistant Commissioner, Office of Federal Protective Service Management with overall responsibility for planning, developing, directing, and coordinating all General Services Administration's Federal Protective Service programs. Incumbent is responsible for the development and promulgation of policies, procedures, standards, and training for the physical protection of property under the GSA control and for the protection of building occupants. Directs and approves standards of training for Federal Protective Service personnel. Directs the establishment of a nationwide program utilizing protection systems to augment the U. S. Special Police. Serves as top technical advisor to the Commissioner, PBS, and, as directed, represents or speaks for the Commissioner on budgetary matters before committees of the Congress and Office of Management and Budget. Travel involved is to field locations to resolve problems and evaluate performance in connection with adequacy and adherence to program objectives.

Qualifications: Three years of general and three years of specialized experience is required. General — experience which provided a good basic or general knowledge of the principles or organization, management, and administration in the subject of related field. Specialized — experience in a position that gives operating administrative or

managerial experience in police administration. At least one year of the specialized experience must have been at a level of difficulty comparable to the GS-14. Education may be substituted for experience in accordance with the GSC Handbook, X118.

How to Apply: Applications will be accepted from all persons who meet the above qualifications. All applicants must submit SF 171, Personal Qualifications Statement. GSA employees must submit GSA Form 2892, Performance Appraisal, and GSA Form 2422, Promotion Application. Outside applicants must submit latest Performance Appraisal with application. Send all forms to the PB Personnel Branch (BPOP), Room 1128, 18th and F Streets, N.W., Washington, D. C., 20405. Late applications and incomplete applications will be returned. In addition, GSA employees should submit a signed copy of the Privacy Act Legend, available in the First Wing Lobby.

The selection to this position will be made from among the best qualified without regard to race, color, religion, sex, age, or any other nonmerit factor.

NOTE: SF 171, Personal Qualifications Statement, are available at all federal personnel offices.

Commissioner's Memorandum No. 76-53

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The attached draft of a rule establishing departmental regulations and procedures for the Crime Laboratory Unit will be posted on all bulletin boards until Wednesday, June 9, 1976, for members of the department to review and critique.

Please make your suggestions, criticisms, and feelings about the proposed rule known to Sergt. Harold A. Stelfox, Planning and Research Division, by 5 P.M., Wednesday, June 9, 1976.

Rule 312 — Procedures for Crime Laboratory.

1. This rule is issued to establish the department policy and procedure for safe-

guarding, analyzing, and disposing of physical evidence collected by department personnel. All evidence which is to be submitted to the Crime Laboratory Unit, all scenes of crimes, or suspected crime vehicles, or accident scenes where the services of the unit are required, shall be done with according to this rule.

2. General Considerations: Department personnel must be attentive to the procedural details involved in the handling of a crime scene and the evidence which may be present. Past court decisions have increased the importance of physical evidence as means of identifying and prosecuting criminals. However, physical evidence must now meet higher standards and will be challenged and rejected if it is improperly handled. Personnel officers must quickly recognize articles of evidentiary value and collect, protect, and preserve those articles in such a manner that their value as evidence is not compromised.

3. Physical evidence, to maintain its value in court, must be shown to have remained unaltered or untampered with, except scientific examination, analysis, comparison, etc., required. To fulfill that requirement the chain of custody must be maintained and it must be possible to establish the security of the evidence from the time it is collected until it is presented in court.

4. Crime scenes, if they are to be examined by personnel of the Crime Laboratory Unit, must be subject to as little tampering, or disturbance as it is possible for officers at the scene to permit.

5. Purpose of the BPD Crime Laboratory Unit — The Boston Police Department Crime Laboratory Unit is organized specifically to aid the process of criminal justice. This aid is provided by the scientific analysis of physical evidence collected from crime scenes of crime, from suspects, and from subjects which have been at the crime scene. Not all crime laboratories have the same capabilities. Therefore, it is important that police officers become acquainted with the capabilities of the BPD Crime Laboratory Unit.

6. Capabilities of BPD Crime Laboratory Unit—A. Blood examination (Serology). Examination of documents — 1. Restoration of indented writings; 2. Deciphering of erasures or erasures; 3. Fraudulent stamps; 4. Counterfeit money. C. Limited examination of hairs and fibers. D. Glass—1. Examination of bullet holes; 2. Determining possible origin by examination of fragments of glass. E. Firearms — 1. Trace Metal Detection Techniques (TMDT) to determine whether a person has handled a firearm. Examination of nitrite patterns on clothing to determine distance of discharge of firearms; 3. Chemical examination of hands to determine whether a person has discharged a firearm. F. Identification of semen stains. G. Paint — 1. Physical matching of chips; 2. Chemical and/or instrumental analysis of paint to determine origin. H. Examination and analysis of liquids, powders, solids, with the exception of drugs. I. Development of latent prints by chemical methods. J. Physical matching by means of photography. K. Reproduction and evaluation of impressions. L. Examination of hit and scenes, vehicles, and other physical evidence.

ected therewith. M. Comparison by use of microscope (microscopy). N. Tool marks, elimination and comparison. O. Serial number restoration of vehicle, firearms, etc. P. Clothing examination of suspects, victims, etc., to associate with a crime. Q. Crime scene examination.

Procedures — Physical evidence for elimination may be collected by laboratory technicians at the crime scene by police officers, and brought to the Crime Laboratory Unit, or delivered to the laboratory technicians at the office of the Medical Examiner. The examination of the physical evidence beyond the capabilities of the laboratory technicians, federal or state agencies will be utilized. Crime Laboratory Unit technicians should be utilized where it is necessary to strengthen a case based on circumstantial evidence by the examination of physical evidence. In many cases, the physical evidence can be collected, properly tagged, and taken to a police officer to the police district or unit concerned for safekeeping until delivered to the laboratory during a working tour of duty of its technicians. A detailed report concerning the examination of the evidence should be documented, indicating the agency and the person who conducted the examination.

8. In all cases where the Crime Laboratory Unit is utilized in the examination of physical evidence, the district or unit concerned shall be responsible for forwarding a copy of the department 1.1 Incident Form, summary of the incident, with the C. C. number, investigating officer, date of incident, identity and residence of defendant and victim, nature of incident, description of physical evidence, etc., to the unit.

9. Whenever a police officer becomes involved in an incident where physical evidence becomes important in determining the facts, in reconstructing the circumstances of the incident, or in tying in a suspect with the commission of a crime, every precaution should be taken to secure and protect the scene of the incident.

10. Special Order No. 76-13 (February 2, 1976, in Part), Night and Weekend Request for Services. — There are many instances occurring, especially at night or over the weekend, when the services of the Crime Laboratory Unit technicians are requested, when, in fact, there is no immediate need for their services. The services requested could be rendered during the regular day tour of duty hours without any loss of department efficiency.

11. It shall be incumbent upon the superior officer at the scene to make this determination in all night and weekend cases where such a delay in rendering desired services would not hamper the investigation of an incident. Such requests will be held for the Crime Laboratory Unit during the next working tour of duty. Examples would be: safe jobs, business establishments where the evidence would not be disturbed, stains on floors, walls, etc. Tools used in a crime, weapons found, clothing to be held as evidence should be taken to the police district concerned for safekeeping, properly tagged, and delivered to the Crime Laboratory Unit for examination by technicians during a day working tour of duty, Monday through Friday. In cases where vehicles have to be

examined, the vehicles will be towed to a district garage and the examination by technicians will be conducted during a day working tour of duty of laboratory technicians.

12. It is to be understood in homicide cases and serious incidents where the immediate services of the Crime Laboratory Unit is necessary for the successful investigation of the incident, the required technicians will be informed and their services will be rendered immediately.

13. Where physical evidence is submitted to the Crime Laboratory or collected by laboratory technicians at the request of investigating officers, the officer conducting the investigation will be given a Crime Laboratory Unit Evidence Disposition Form. It will be incumbent upon the officer to keep the Crime Laboratory Unit informed of the status of the case and to submit the completed evidence disposition form so that physical evidence will not accumulate in the evidence storage room at the laboratory.

14. Crime Laboratory Unit, Tours of Duty, Monday through Friday, 9 A.M. to 5 P.M. — Any district or unit requiring the services of the Crime Laboratory Unit week-ends and after duty hours, Monday through Friday, will make known their request through the Bureau of Field Services, Extension 4300. At all other times, business with the Crime Laboratory Unit will be done directly, Extension 4690 and 4691.

Because there has been a recent expression of interest in the booklet previously made available by the Department entitled, "Instruction Booklet, Boston Police Sergeant's Examination," the Department has secured a limited number of additional copies of the booklet. They are available on a first come, first serve basis, in the Personnel Division, Fifth Floor, Police Headquarters, and at the Boston Police Academy.

It is important to remember that this booklet was prepared for use by applicants for the 1974 Police Sergeant's Examination. Neither the Boston Police Department nor the Division of Personnel Administration make any representations regarding its value for the upcoming Police Lieutenant's examination or any other examinations that may be held in the future.

Special Order No. 76-51

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective June 1, 1976, the following procedures will be put into effect to improve security at Police Headquarters.

Visitors, except Department employees, who wish to visit floors other than the first floor, must sign in at the front desk.

The officer at the front desk will call the person to be visited and receive permission from that person before the visitor is allowed beyond the first floor. All visitors will be issued a visitor pass which will be signed on the rear side by the front desk officer. The visitor must wear the pass, which is

POLICE DEPARTMENT ORDERS

(Continued from previous page)

enclosed in a plastic holder, on their outer clothing, and must return it upon leaving. The pass has a number on it which restricts the visitor to the floor he/she is visiting.

When the pass is turned in, the officer at the front desk will record the time of departure in the log. The pass will not be reissued once it is used and will be held at the front desk by the officer until all passes and the logs for the previous twenty-four hours are turned into the Services Division Office at 9 A.M. the following day, where they will be checked against the visitor's log.

Tour groups will be handled in the same manner, except that only the person in charge of the tour group will sign in. All members of the tour group will be given a special tour pass marked with a "T".

Between 6 P.M. and 7 A.M., passes will be issued from the front door security window, where the same procedure will be followed except that the visitor will be allowed through the doors only after they have attached the pass to their outer clothing.

All Department employees not in uniform must wear their identification cards on their outer clothing at all times when in Headquarters. Holders for these cards are being distributed.

All unit commanders will insure this procedure is strictly complied with at all times.

Special Order No. 76-52

To: All Bureaus, Divisions, Districts, Office Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

This order is promulgated to supersede all previous orders and directives concerning the assignment of motorcycles and patrol vehicles for escort duty, and ensure clear guidelines for all department personnel. It rescinds Special Order No. 67, dated May 25, 1973.

Effective immediately, all unit commanders are hereby directed that no assignments are to be provided for escort duty.

If it becomes necessary to provide security for visiting dignitaries, public officials, candidates for political office, and other persons, it shall be the responsibility of the Bureau of Field Services to determine who and in what form those measures shall be furnished.

Escorts are assigned to funerals only as a mark of respect by the Department. Escorts may be provided for deceased department employees, retired employees, and public officials, or such other public figures as may be approved by the chief of the Bureau of Field Services.

Some other funerals that do not qualify for an escort may be so large that in order to facilitate traffic, bureau, area, or district commanders may assign police personnel to traffic duty only at or near funeral parlor houses of worship, or at such intersection along the route of a funeral cortege that require special assistance to ensure free flow of traffic.

Under no circumstances shall motorized escorts be assigned as paid details.

Police vehicles shall not be used to escort business establishment personnel for such errands as moving valuable merchandise, making bank deposits, etc. If an unusual emergency arises, the Bureau of Field Services must be notified, and the decision to supply an escort shall be made by the bureau only.

occasionally, vehicles from outside cities and towns, on medical emergency runs, require an escort from the Boston Police Department to facilitate movement through the city. An escort is allowed under these circumstances when authorized by the Operations Section, Communication Division.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

AUDITORIUM COMMISSION HEATING AND AIR CONDITIONING

DEAR MR. MAYOR:

Your authority is hereby requested to dispense with advertising in the *City Record* in awarding to Bay State York Co., Inc., a full maintenance contract for heating and air conditioning in the city's John B. Hynes Veterans Auditorium at 900 Boylston Street, Boston, for the period commencing July 1, 1974, and ending June 30, 1975, at a cost to the city of \$82,461.46.

In 1972, the Auditorium Commission advertised for bids for this contract and Bay State York was the low bidder, at a price of \$74,965, and in 1973 this company submitted a proposal to continue the contract for another year at the same cost to the city. In keeping with the Mayor's austerity program, the Commission accepted the proposal and awarded a contract to Bay State York Co. for the period April 1, 1973, to March 31, 1974. Following instructions from the Director of Administrative Services, the contract period was changed from twelve to fifteen months due to a change in the fiscal year.

Bay State York Co. has now offered to renew its present contract for one year with a 10 percent increase in price, and to renew, at the city's option, for two more one-year periods at the same price of \$82,461.46. Building Management has advised this Commission that the present contractor has been more than adequate in the performance of the terms of the contract, and as he has had no increase in price for the past twenty-seven months the Auditorium Commission voted to accept the 10 percent increase in order to maintain this price level for three years, if approved by your Honor.

This Commission feels it would be in the best interest of the Auditorium to retain the services of this contractor for the next three years due to the fact that the Bicentennial Celebration will be upon us and because the building is booked solidly during this period, it is

important that the building continue to run without any major problems which could arise breaking in a new contractor.

Because of the professional nature of the work and services involved, and because we believe this is to be in the best interest of the city, it does not appear that any useful purpose would be achieved by advertising for bids for this contract. Therefore, we respectfully request your permission to dispense with advertising and award a contract to Bay State York Co., Inc., 94 Beaconsfield Rd., Brookline, Massachusetts, in the amount of \$82,461.46.

Very truly yours,
ROBERT C. LINNELL,
Acting Chairman.

BUILDING DEPARTMENT

RAZING OF STRUCTURES

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

95-97 West Dedham Street, Ward 9.

Emergency bid called in over the telephone by 11 A.M., Thursday, February 26, 1976, for the demolition of this building. A letter is on file from the Boston Redevelopment Authority, requesting that the Building Department take this building down and they would pay contractor for same.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups & Downs Wrecking, \$6,790; Design Demolition, \$4,800; Mystic Wrecking, \$3,500; Circlepower Demolition, \$3,395; James G. Grant, \$3,000; John J. Duane Wrecking, \$1,599; Napoli Wrecking Company, \$1,371; and John A. Berardi Wrecking, \$4,320.

James G. Grant Company, Inc., 28 Wolcott Street, Readville, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000, or over the statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter of a contract in the sum of \$3,000 to the James G. Grant Company, Inc., 28 Wolcott Street, Readville, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

22 and 24 Woodbine Street, Ward 12.

Emergency bid called in over the telephone by 11 A.M., Thursday, March 4, 1976, for the demolition of these buildings ordered by Deputy Commissioner Leo F. Martin, because of the unsafe and dangerous conditions presenting a hazard to the general public.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. Napoli Wrecking Co., Inc., 105 Norwell St., Dorchester, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter of a contract in the sum of \$2,150 to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

189 F Street, Ward 6.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

BOARDING UP AND SECURING

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building structure is a menace to the neighborhood. The location follows:

144 Temple Street, Ward 20.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received

to Honor's permission to enter these various premises and to board up and there; also repair roof.

Bidders were requested to submit an aggregate bid for the boarding and securing and roof repair of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Buona Construction, \$2,370; Suffolk Socialties, \$1,890; Tri Construction, \$1,400; Clancy Construction, \$1,352; and Thomas J. Griffin, \$1,156.

Thomas J. Griffin, 4811 Washington Street, West Roxbury, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Accordingly, the general public safety requiring, I ask your Honor's approval of the awarding, without advertising, as required in the City Charter of a contract in the sum of \$1,156 to Thomas J. Griffin, 4811 Washington Street, West Roxbury, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For Building Commissioner.

SIDEWALL REPAIR

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building or structure is a menace to the neighborhood. The location follows:

107 East Brookline Street, Ward 8.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to repair the sidewalk.

Bidders were requested to submit an aggregate bid for the sidewalk repair of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Albre Tile & Marble, \$5,950; Tri Construction, \$3,940; Cousins Construction, \$4,878; Buona Construction, \$3,770; Commercial Construction, \$4,700; and Botti Construction, \$5,100.

Buona Construction, 30 Hull Street, Boston, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety requiring, I ask your Honor's approval of the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$3,770 to Buona Construction, 30 Hull Street, Boston, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For Building Commissioner.

COMMERCE AND MANPOWER

PROGRAM PLANNING

DEAR MR. MAYOR:

Under the Comprehensive Employment and Training Act of 1973 (CETA) previously uncoordinated federal Manpower Activities were consolidated under one legislative umbrella and decentralized to state and local levels. The City of Boston qualified to become a "prime sponsor" of manpower services under this legislation, eligible for direct grants of federal Manpower funds and the responsibility for planning, designing and administering local manpower programs.

Title I of CETA permits prime sponsors to establish programs of comprehensive manpower services, including recruitment, orientation, counseling, testing, placement, classroom instruction, institutional and on-the-job training, allowances for persons in training, supportive services and transitional public employment jobs.

To accomplish this comprehensive approach to providing manpower programs, the Manpower Administration of the Office of Commerce and Manpower has contracted with sixteen agencies providing services through seventeen neighborhood employment centers, four assessment centers and approximately fifty training program activities.

To operate, coordinate and evaluate this diverse system, the Manpower Administration, in conjunction with the Mayor's Office of Program Management and Evaluation, has designed an automated, cost-integrated management information system (MIS) to provide management planning, tracking and reporting information. The programming of the system will be completed and the system will be ready for operation on April 1, 1976. The keypunching of forms to be input into the system must begin at this time.

Specific details and instructions for keypunching the input forms for the automated MIS were included in a Request for Proposal sent to sixteen well-known service bureaus. Six firms replied with a formal proposal, which were evaluated thoroughly for technical and cost elements.

The firm of Dynamic Operations, Inc. has been selected for the project. It will be responsible for the keypunching of all input data to the system contracted at a cost not to exceed \$1,809.75, for the period of April 1, 1976, through June 30, 1976. The five other bidders and their respective costs were:

Advanced Automation Associates, \$3,606; Data Input Service Corporation, \$4,002; Programs and Analysis, \$4,197; Accudata, Inc., \$4,212; and Pillim Data Service, Inc., \$4,815.

The bid of Dynamic Operations, Inc. was the lowest and their quality of work, responsiveness to time requirements and reputation were judged equal or superior to those of the other five bidders. Accordingly, Dynamic Operations, Inc., was selected to keypunch the data for the automated MIS.

I, therefore, request that this contract be issued without public advertising. Funds for the keypunching of the CETA Title I management information system will be paid out of the CETA Title I administrative budget and will not impact on the City of Boston budget.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

JOB DEVELOPMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Action for Boston Community Development, Inc., 150 Tremont Street, Boston, for the operation of a job development program for older workers at a cost not to exceed \$50,000. Funds for this contract will be provided from a Federal Government Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 (P.L. 93-203). The effective dates of operation for this contract will be from April 15, 1976, through April 14, 1977, inclusive.

Under the terms of this proposed contract, Action for Boston Community Development will be responsible for staffing and operating an Older Worker NEC that will serve approximately 175 economically disadvantaged older workers fifty-five years of age and older. This program will be responsible for the development of 150 job placements over the contract period, and the referral of twenty-five clients to Assessment Centers.

Due to the extensive experience of ABCD with Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with advertising in the *City Record* and to award a contract to Kathy Mazzeo, 7 Hawthorne Street, Somerville. The contract will be in an amount not to exceed \$9,656.

Under the terms of the contract, Ms. Mazzeo, a research economist, will assist the Manpower Administration in performing services under a special grant (Federal Grant Contract No. SP-25-6-P006-TAT) provided by the U. S. Department of Labor. The purpose of the grant is to provide for a critical assessment of alternative techniques for evaluating the effectiveness of manpower programs under CETA.

Ms. Mazzeo's duties will include the following: review and assess current manpower research literature; analysis of a pilot manpower follow-up study methodology and associated costs; review and assess existing evaluation and follow-up endeavors currently used by regional prime sponsors.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

The period of performance will be from February 1, 1976, through September 30, 1976, or not to exceed eight months. The rate of pay will be \$9,000 plus an additional \$656 for travel expenses during the eight-month period.

Due to the experience and success of Ms. Mazzeo in this field, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

SPANISH-SPEAKING PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposal by public advertising in the *City Record* and to award a contract to the Hispanic Office of Planning and Evaluation, a corporation with offices located at 14 Somerset Street, Boston, to provide certain services in connection with the recruitment of Spanish-speaking residents of Boston for taking the fire fighters examination for a total cost not to exceed \$7,359.55. Funds for this activity will be provided from a Federal Government Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 (P.L. 93-203). The effective date of this contract was from June 1, 1975, through July 30, 1975.

Under the terms of this proposed contract, HOPE was responsible for designing, translating, and advertising for non-English-speaking Spanish residents to take the fire fighters examination.

Due to the fact that HOPE has the professional and technical expertise for the above-mentioned program, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

FIREWORKS

DEAR MAYOR WHITE:

I would like to request your permission to dispense with public bidding and enter into a contract with the Zambelli Fireworks Manufacturing Company, Inc., of New Castle, Pennsylvania, for the amount of \$8,000, to produce the aerial fireworks show in Dorchester Bay on July 4, 1976.

After having researched various companies over the years, and from first-hand experience with this company last year, it is my opinion that no purpose would be served by public bidding. This company is licensed to operate in Massachusetts and does a very professional job.

Thank you very much.

Sincerely,

ELIZABETH G. COOK,
Director.

OFFICE OF COMMUNITY DEVELOPMENT

MODEL CITY PROGRAM AUDIT

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$22,052 to the Boston Model Neighborhood Board, Inc. (MNB), a nonprofit corporation located at 333 Dudley Street, Roxbury. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the MNB will assist the city in conducting the final program audit and evaluation of the Boston Model City Program by serving as the citizen participation unit of the Model City closeout, in compliance with HUD guidelines. The period of performance shall be from July, 1975, until the final closeout date, to be determined by the U. S. Department of Housing and Urban Development, but shall in no event extend beyond June 30, 1976.

This contract is being awarded to comply with the requirements of the Model City closeout, which specify that citizen participation be continued until the grant assistance completion deadline has expired.

In view of this, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATION

COST ANALYSIS OF IMPROVEMENTS

DEAR MR. MAYOR:

I hereby request your Honor's written authority to dispense with public advertising, and to award a contract by the Development and Industrial Commission to Fay, Spofford and Thorndike, Inc. (engineers), a Massachusetts corporation with offices at One Beacon Street, Boston, Massachusetts. The firm was chosen based on its response to a Request For Proposal which was forwarded to four licensed engineers.

Under the terms of the contract, Fay, Spofford and Thorndike, Inc. will provide the Development and Industrial Commission with detailed repair cost estimates of the following facilities of the Boston Marine Industrial Park: electric distribution system, sewerage system, storm drains, fresh water, rail tracks, and pavements. These repair cost estimates will be an integral part of a site improvements grant application to the Economic Development Administration. It is expressly understood and agreed that the engineer will be paid no more than \$8,500 under this contract. The engineer will be paid from grant funds already obtained from the federal government.

In view of the professional and technical nature of the services to be performed and in view of the approaching deadline for grant applications to the Economic

Development Administration, it is believed that public advertising would serve no useful purpose.

Sincerely,

MICHAEL WESTGATE,
Executive Director

HOUSING INSPECTION DEPARTMENT

LEASING OF SPACE

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of an estimated 4,500 square feet of space in the building located at 148 State Street, Boston, to enter into a lease with Nathan R. Miller Properties, Ltd., for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — May 1, 1976, to April 30, 1977, renewable at the discretion of the lessee with the provision that if in any tax year commencing with the year 1975 the real estate taxes on the land and buildings, which the demised premises are a part of, are in excess of the amount of the real estate taxes thereon for the year 1975, the lessee will pay to lessor as additional rent hereunder when and as designated by notice in writing by lessor 9.0 percent of such excess that may occur in each year of the term of this lease and proportionately for any part of a calendar year during the term hereof. The proposed rental fee is \$2,500 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,

FRANCIS W. GENS,
Commissioner.

LIBRARY DEPARTMENT

PERIODICALS AND SERIALS

DEAR MR. MAYOR:

The Board of Trustees in charge of the Library Department of the City of Boston respectfully requests the approval of your Honor for the award of a contract, without public advertising, to F. W. Faxon Company, Inc., 15 Southwest Park, Westwood, for supplying to the Boston Public Library periodicals and serials. The Faxon Company is to supply each periodical or serial as indicated in the specifications of the contract during the period January 1, 1976, through June 30, 1976. In addition, this company guarantees that subscriptions to these periodicals and serials will be maintained, furnished, delivered and serviced for the remaining portion of their then current terms.

F. W. Faxon Company, Inc., has over eighty years of experience in servicing libraries, has a reputation for rendering good service, and has all of its records and data processing equipment. Also, this company, located as it is near Boston, is convenient when it is necessary to register claims for materials not received from publishers, and for corrections.

The matter of service and of continuity of receipt of periodicals and serials is of the highest importance. Missing issues, arising from delays in renewing subscriptions, lower the quality of service. To prevent this gap in service to the public, many libraries have placed "til forbid" arrangements with their subscription dealers. For such an arrangement the agency goes to the Library in August each year for a preliminary invoice which is examined upon which any additions or deletions are made. The agency then prepares a new invoice and automatically renews the publishers the subscriptions seven months in advance of their expiration, thus eliminating gaps in the Library's service. This also reduces the amount of work involved in the renewing process. The "til forbid" arrangement in effect this past year in connection with the Library's 1975 contract with F. W. Faxon Company, Inc.

As much as it appears to be in the interests of service to the public and economy of operation, it is recommended that the Boston Public Library periodical and serial subscriptions for 1976 be placed on a similar "til forbid" basis with F. W. Faxon, Inc. The company will base its charges on the cost to each title, plus a service charge per title — the same formula used by it in computing its prices for previous years. Under this present contract it is estimated that the total cost will not exceed \$11,425.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting in the name of and for the Mayor of Boston, has taken the following action to award the contract:

Resolved: That there be entered into, without public advertising, with F. W. Faxon Company, Inc., 15 Southwest Park, Westwood, a contract for (1) supplying periodicals and serials for the year 1976, and (2) servicing the subscriptions for the individual items throughout the year, subject to the terms, agreements, and conditions set forth in said contract. The permission of your Honor is hereby requested to award the contract to F. W. Faxon Company, Inc., as above.

Respectfully,
BOARD OF TRUSTEES IN CHARGE
OF THE LIBRARY DEPARTMENT
OF THE CITY OF BOSTON,
By PHILIP J. McNiff,
Director.

PUBLIC FACILITIES DEPARTMENT LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for the Department of the Mayor — present Board purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said

written authority from the Mayor of Boston. This lease actually is our renewal of a lease expiring June 30, 1975, for the same occupant. However, due to a change in ownership of the building it was felt best to issue a new lease rather than the usual extension.

The demised premises consist of approximately 10,182 square feet on the second floor of the building known and numbered as 18 Tremont Street, Boston.

The term of the lease will be twelve months beginning July 1, 1975, and terminating June 30, 1976. The lessor however grants the lessee options to renew for four consecutive twelve-month terms.

The rental for the term will be \$61,092, paid in twelve equal monthly installments of \$5,091.

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in the *City Record* in renewing of the lease of certain premises deemed necessary and convenient by the director for School Department purposes. There is a further delegation of power from the commission to the director to execute such lease upon receipt of said written authority from the Mayor.

The premises to be leased consist of approximately 10,000 square feet of space at the Charlestown Branch of the Boys' Clubs of Boston, Inc., who is the lessor.

This space will be utilized for classroom purposes to relieve overcrowding at Charlestown High School. Specifically, the space will accommodate the Co-operative Educational Program.

The term of the lease will be from July 1, 1975, to June 30, 1976. The lessor will give us two renewal options of twelve months each, beginning July 1, 1976.

The annual rental for these premises will be \$38,268, payable in twelve equal monthly installments of \$3,189. This figure represents an increase of almost 10 percent over last year's rental and is occasioned by the lessor's increase in the cost of heating, utilities, and custodial care. In our opinion this increase is reasonable and equitable.

The lessor will provide all utilities and janitorial services at no additional cost to the city.

As these quarters have proven both adequate and convenient, it is not felt by the writer that public advertising would serve any useful purpose in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under the delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for Police Department purposes. There is a further delegation of power from the commission to the director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The premises to be leased consist of three contiguous parcels of land comprising a total of approximately 82,000 square feet on the easterly side of Albany Street, under the viaduct of the Southeast Expressway. Said premises are to be used by the Police Department for the parking and storage of vehicles towed by said department in its towing program. The term of the lease will begin July 1, 1975, and terminate June 30, 1976.

The rent payable shall be at the rate of \$1,200 monthly, with the total for the term not to exceed \$14,400.

Since these facilities are both adequate and convenient, it is not felt that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under the delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Department of the Mayor — Consumers Affairs Council purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 1,600 square feet of office space on the third floor of the lessor's building at 18 Tremont Street, Boston.

The term of the lease will be nine months, beginning October 1, 1975, and terminating June 30, 1976.

The rental for the term will be \$7,799.94, payable in equal monthly installments of \$866.66.

The lessor agrees to supply heat and customary maintenance to the leased premises.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

ENGINEERING DESIGN SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16,

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

1976, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement, and to award a contract to Hankins and Anderson, Inc., a Virginia corporation, duly registered to do business in Massachusetts, with local offices at 673 Boylston Street, Boston.

Under the terms of the contract, Hankins and Anderson, Inc. will provide engineering design services in the preparation of plans, detailed specifications, and construction cost estimates for, and supervise the construction of, the tie-in of the existing primary network to the new Boston City Hospital mechanical plant switchgear, eliminating the temporary switchgear on East Concord Street. The cost of these services, at 9.70 percent (1968 Engineers "B" Curve) of the estimated cost of construction of \$175,000, is not to exceed \$22,975 (including \$6,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

COST EVALUATION SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 11, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Warren L. Carney, 82 Rindone Street, Holbrook.

Under the terms of the contract Warren L. Carney will provide cost evaluation and estimating services for City of Boston construction projects during the period from March 1, 1976, to June 30, 1976, at a cost for such services not to exceed \$8,700, payable at rates to be stated in the proposed contract.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

PROJECT MANAGEMENT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 11, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to James E. Langin of 21 Daniels Terrace, Peabody.

Under the terms of the contract, James E. Langin will provide project management services in connection with the design and construction of new public facilities required by the Federal Court-ordered desegregation plan, during the period March 15, to June 30, 1976, at a cost for such services (payable as set forth in, and further defined by, the proposed contract) not to exceed \$8,100.

In view of the professional and technical nature of the services to be performed, as well as James E. Langin's considerable prior experience in the construction management and supervision field, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

MANAGEMENT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 11, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Kevin Shea, an urban land management specialist, of 357 Harvard Street, Cambridge.

Under the terms of the contract, Kevin Shea will provide program management services in connection with the overall REVIVAL program, including: (a) planning of, and evaluating of proposals for, land use; (b) review of applications for all REVIVAL programs; (c) planning of sales or permit arrangements for REVIVAL with appropriate agencies or departments; (d) preparation of necessary contract documents for REVIVAL; and (e) review of improvements to be funded by the REVIVAL program. These services will be provided, during the period March 15, to June 30, 1976, at a cost (payable at rates to be set forth in, and further defined by, the contract) not to exceed \$5,500 (including \$60 for contract-related-out-of-pocket expenses).

In view of the professional and technical nature of the services to be performed, plus Kevin Shea's previous work experience in this field, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

DESIGN SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 11, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Keane Associates, Incorporated, a Massachusetts corporation, Data Processing System Designers, of 177 Milk Street, Boston.

Under the terms of this second phase contract, Keane Associates, Incorporated will provide design services for the capital improvement program data base and management information system, including but not limited to scheduling of this and any subsequent phase of the project through implementation; validation of the general design prepared under the prior phase contract in light of priority changes made subsequent to its preparation; detailed design of the validated systems; and preparation of cost estimates for programming, testing, and implementation of the system generated in the detailed design, during the period March 1, 1976, to June 30, 1976, at a cost for such

services (payable as set forth in, and further defined by, the proposed contract) not to exceed \$50,000.

In view of the professional and technical nature of the services to be performed in addition to Keane Associates' company familiarity with the project and the work to be performed thereunder from the prior phase contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

SCHOOL DEPARTMENT

TEST SCORING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for award of a contract, without public advertising, to CTB/McGraw-Hill for Title I test scoring services during school years 1975-1976, at a cost not exceed \$7,500.

The contractor shall supply standardized test scoring services to the Department of Title I Programs, Office of Search and Evaluation, in language mathematics for students in the federally funded Title I programs. Contract to be charged to Title I, ESEA, 76-035-M222-330-9111-02.

This publisher has been selected, since the testing conducted by the Title I Office for evaluation purposes should provide continuous measurement data. Tests used previously are the California Achievement Tests (CAT 70), distributed and machine-sorted by the publisher company cited.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request authorization for award of a contract, without public advertising, to Harcourt, Brace, Jovanovich, Inc. for text materials and scoring services during the period of November 1975, through December 19, 1975, at a cost not to exceed \$15,488.94.

Specifications of the services the contractor shall provide are detailed on attached sheet.

Because of the need to initiate the program in early November, 1975, and to complete it by December 19, 1975, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be subject to the receipt of funds under grant from Emergency School Aid Grant.

Very truly yours,

EDWARD J. WINTER,
Secretary

TEACHER AIDE PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Human Systems Development, Inc. for the evaluation of the Title I Magnet Program during the school year 1976-1977, at a cost not to exceed \$9,000. The contractor shall complete specified evaluation procedures for the teacher aide program conducted under the aegis of the Department of Title I Programs. Contract is to be charged to Title I, ESEA, 35-157 M222-330-9111-02. The company has been selected, because the evaluation design submitted included particularly perceptive evaluation criteria for the assessment of the specific program. The contractor has exhibited past superior performance in Title I program evaluation.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

MAGNET PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Dorothy G. Latham for field coordinator of the early childhood education magnet program at Madison Park High School during the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$3,300.

The contractor shall identify day care centers and nursery schools which will accept Madison Park students for on-site learning experiences as part of their educational program. She will place students at these locations and observe them while at site. She will work with staff on program and curriculum development and in short- and long-range planning for the expansion of the program when the school is relocated at its permanent site.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under a grant from chapter 636, section I, Project No. 6-25.

Very truly yours,
EDWARD J. WINTER,
Secretary.

READING CONSULTING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recom-

mendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Barbara M. Hoffman for reading consulting services during the period February 12, 1976, through June 30, 1976, at a cost not to exceed \$5,500.

The contractor shall train tutors to instruct other students in reading, and evaluate and implement a ninth grade reading program.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section I, State Approved Project No. 6-28.

Very truly yours,
EDWARD J. WINTER,
Secretary.

STAFF SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Education Collaborative for Greater Boston (EdCo) for services of its staff as outlined below during the period February 1, 1976, through June 30, 1976, at a cost not to exceed \$13,329.60.

The contractor shall provide:

1. Personnel: 1 Resource Specialist (Leader and Coordinator), who will give workshops (10 for parents, 10 for teachers), train and supervise drop-in center assistant and tutor aides; 1 secretary and bookkeeper; 1 internal evaluator.

2. Materials: Consumable and Non-consumable.

3. Other: Fringe Benefits Local Travel.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, Massachusetts Project No. IS-44.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TUTORING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Hayden Inn School, 21 Queen Street, Dorchester, for the Title I, ESEA.

This contract is to extend from mid-September, 1975, through the first week in June, 1976, at a cost not to exceed \$10,563.

The contractor will tutor approximately 25 resident children, 2 to 5 times per week, based on severity of need. Students will be tutored $\frac{1}{2}$ hour at a time, individually or in groups of 2 or 3.

All funds under this contract are to be used for the salary of one teacher.

Students are to be tutored in reading — primarily comprehension, Math and language. The severity of the students' academic deficiencies range from 1 year to six years below grade level.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from H.E.W., Title I, ESEA.

Very truly yours,
EDWARD J. WINTER,
Secretary.

STUDENT WORKSHOPS

DEAR MR. WHITE:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Theater Workshop Boston for parent, teacher, and student training workshops at the Bancroft School during the period March 8, 1976, through June 21, 1976, at a cost not to exceed \$17,691.

The contractor shall conduct workshops in curriculum oriented theater techniques for parents and teachers to use with students.

Because the services needed by the school require specially-trained contractors, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids on this contract.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section I, of the Boston Equal Education Improvement fund, Project 6-55 under the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising, to The Pocket Mime Theatre, Inc. for Mime — A Visual Art Form programs during the period March 1, 1976, through May 31, 1976, at a cost not to exceed \$5,413.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

The contractor shall provide performing and teaching services for the students at the Bancroft School in the area of Mime and Theatre. Developing understanding within the students of varied racial, ethnic, cultural, and social backgrounds along with greater perceptual and conceptual skills in the basic learning areas are the goals of this program.

Because the nature of the services to be provided require background and training in the classical form of Mime as well as the resources of a professional performing company, and because of the past successes of Pocket Mime Theatre in pilot projects in the Boston schools, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project 6-56 of the Boston Equal Educational Improvement Fund under the Acts of 1974.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to The Boston Video Access Center for working with students and teachers at Madison Park High School in the development and implementation of a magnet program in media and communications during the period March, 1976, to June, 1976, at a cost not to exceed \$2,500.

The contractor shall: give instruction to students in television and the use of a video portpack tape recorder during a twelve-week, daily, two-period workshop, and to train teachers at the school in the use of media in the classroom.

Because of the professional nature of the service to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement of bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds from chapter 636, section 1, Project 6-25.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the authorization of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to the Museum of Fine Arts to conduct a

program with the Champlain School from March 29, 1976, to May 21, 1976, at a cost not to exceed \$15,000.

This program is designed to fulfill the needs of the students at the Champlain School for a more expanded and topically integrated curriculum using the rich resources of Boston's cultural institutions. The staff from the MFA, along with the staff from the Champlain School will conduct tours and classes for ninety students to help students develop an appreciation for the culture and skills of the early colonists.

Because of the professional nature of the services to be provided under this contract and the expertise and experience of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, of the Boston Equal Educational Improvement Fund, Project 6-57 under the Acts of 1974.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DIAGNOSTIC SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Robin G. Nadler for functioning as a consulting diagnostic resource teacher for the John W. McCormack Middle School diagnostic resource program during the period of March 15, 1976, through June 30, 1976, at a cost not to exceed \$2,249.40.

The contractor shall provide diagnostic resource services including: assessment of student skill levels in academic areas of math, reading, language skill, etc.; provide innovative teaching techniques and strategies to teachers; and translate diagnostic information into usable classroom techniques for teachers.

This will be a full-time position for twenty-three days at the rate of \$97.80 per day.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Funds are available for these services under chapter 636, section 1, 6-32G (M548).

Sincerely,

EDWARD J. WINTER,
Secretary.

TEACHER TRAINING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recom-

mendation of its Board of Superintendents, I request your authorization for award of a contract without public advertising to the Trustees of Tufts College, six months during the period January 1976, to June 30, 1976, at a cost not to exceed \$33,220.

The contractor shall provide various services to the Boston Technical School and its students, as outlined in the contract. These include instruction, providing of services, providing of training as well as other activities.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8.

Very truly yours,

EDWARD J. WINTER,
Secretary.

CONSULTATION SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to the University of Massachusetts at Amherst for consultation to the English High School during the period January 1, 1976, through July 31, 1976, at a cost not to exceed \$36,382.50.

The contractor shall (1) develop an alternative education program to provide individual learning styles for the purpose of developing maximum potential, and (2) design a collaborative program for the school to manage: program planning, program implementation; and in-service staff development in direct support of implemented programs.

Because of the particular nature of the service to be provided and the ordered pairing of the University of Massachusetts at Amherst with the English High School, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8, Projects 6-31 of the Boston Equal Educational Improvement Fund under the Acts of 1974.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to The Massachusetts College of

Pharmacy for consultation to the Charles E. Mackey Middle School during the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$34,223.

The contractor shall promote the de-segregation process by helping (1) the students explore their own feelings as social/medical beings through the classroom curriculum, and (2) to eliminate racial, social, and educational isolation through collective cooperation of the Mackey community.

Because of the particular nature of the service to be provided and the court-ordered pairing of The Massachusetts College of Pharmacy with the Charles E. Mackey Middle School, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, § 53A, and is to be made subject to the receipt of funds under a grant from chapter 636, section 8, Project 1 of the Boston Equal Education Improvement Fund under the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:
On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Suffolk University for consultation to the Copley Square High School during the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$11,043.

The contractor shall strengthen the business curriculum at the high school by the development and implementation of four new mini-courses in (a) data processing, (b) personal finance, (c) economics, and (d) savings and investment.

Because of the particular nature of the service to be provided and court-ordered pairing of Suffolk University with the Copley Square High School, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, § 53A, and is to be made subject to the receipt of funds from a grant under chapter 636, section 8, Project 6-29a of the Boston Equal Education Improvement Fund under the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:
On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Boston University for implementing and evaluating a program of technical assistance to the schools of Com-

munity District One for the period from January 3, 1976, to June 30, 1976, at a cost not to exceed \$102,765.

The contractor shall provide services to students in reading and special needs; workshops for teachers to improve instruction in reading and mathematics; motor skills programs; counseling services for students; assistance in planning and implementing career education programs and workshops for parents.

The contractor shall also provide a written final evaluation of the effectiveness of individual program activities in five target schools (Tobin and Garfield Elementary Schools, Edison and Taft Middle Schools, and Brighton High School) and of the general technical assistance provided to the district office.

Because of the professional expertise and array of resources available at Boston University for planning and implementing educational programs in the Boston schools, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, § 53A, and is to be made subject to the receipt of funds under grant from the Equal Education Improvement Fund, section 8 of chapter 636 of the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

BOOKS AND EDUCATIONAL MATERIAL

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of contracts, without public advertising, to Harcourt, Brace, Jovanovich, Inc., for the purchase of books and educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the Rand & McNally Company, for the purchase of books and educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the MacMillan Company, for the purchase of books and other educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
JAMES J. O'KEEFE,
Deputy Business Manager.

TEST BOOKLETS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request authorization to enter into a licensing agreement, without public advertising, with Harcourt, Brace, Jovanovich, Inc., to produce IBM 3881 test booklets for 1970 Metropolitan Achievement Tests — Primary I, Primary II, Elementary Word Knowledge and Reading only, at a cost not to exceed \$6,500.

The Metropolitan 1970 test is a proprietary series and can be licensed only by the firm of Harcourt, Brace, Jovanovich, Inc.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, § 53A, and is to be made subject to the receipt of funds under the grant from Emergency School Aid Act Grant No. 301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TREASURY DEPARTMENT

Collecting Division

CONSULTANT SERVICES

DEAR MR. MAYOR:

I respectfully request your Honor's permission to dispense with public advertising in the award of a contract to Thomas Ragonetti, 32 Mt. Pleasant Street, Cambridge, for services to be performed as a consultant in (1) overseeing the conduct of the Trust Fund Administration Project; and (2) performing research on matters related to Treasury functioning.

In the former area Mr. Ragonetti will be responsible for the overall management of the Trust Fund Administration Project, and will coordinate all activities in this area.

In the latter area Mr. Ragonetti will undertake such research as the Treasury may from time to time require. Topics of the research will include, but will not be limited to, legal matters pertaining to the Treasury, revenue raising by the city, collection of revenue by the city, and debt financing by the city.

Charges for the above services will be \$7.50 per hour, and the term of the contract will be from January 2, 1976, to June 30, 1976. The total liability of the city will not exceed \$4,500. Itemized bills will be submitted periodically.

Mr. Ragonetti has considerable experience in public finance consulting and has previously undertaken research projects for the city, specifically, in fact, in the areas of trust fund administration, legal aspects of Treasury functioning, city generation and collection of revenue, and debt financing. In view of the professional nature of the services to be performed and of Mr. Ragonetti's qualifications and familiarity with Treasury

functioning and other city fiscal matters, I believe that public advertising is neither desirable nor feasible.

Sincerely,
JAMES V. YOUNG,
Collector-Treasurer.

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with advertising in the *City Record* and to award a contract to John M. Myers of 18 Joy Street, Boston. The amount of the contract will not exceed \$12,000, and will run from February 4, 1976, through May 30, 1976.

The work to be performed under the proposed contract will involve the preparation of cash-flow projections. The consultant will review applicable books of account and determine information required to be reported on a routine basis to support future projections. In making projections, he will specify what books of account are to be used in subsequently evaluating projections and will state the main sources of information. The work will include the design of formats for projections as well as formats for reports to support projections. The consultant will review statutes to determine their impact on cash flow, as requested.

In view of the nature of the work to be performed, it is my opinion that public advertising would serve no useful purpose.

Respectfully,
JAMES V. YOUNG,
Collector-Treasurer.

SUFFOLK COUNTY
Municipal Court
West Roxbury District
COPIER

DEAR SIR:

I respectfully request your permission to dispense with public bidding and award a contract to the Xerox Corporation in an amount of \$3,000. Due to the nature of the service to be provided this court, it is my opinion that public bidding would serve no useful purpose. I feel that the cost is fair and reasonable for a plain bond copier to serve our needs.

Very truly yours,
VINCENT A. MANNERING,
Clerk.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

PHYSICAL EDUCATION EQUIPMENT

DEAR MR. MAYOR:

On March 3, 1976, your Honor approved a permission to award contracts to several companies for furnishing

physical education equipment, Proposal 005, to the Public Facilities Department, as a result of publicly opened bids of February 5, 1976. Sub Item 37 was not included in the awards.

It is now requested that permission be granted me to award Sub Item 37 to Musinsky's, Inc., the lowest responsible and eligible bidder, and that my letter, dated March 1, 1976, approved by your Honor on March 3, 1976 be amended by changing the approximate total amount of contract for Musinsky's, Inc. to read \$73,562.77.

All other awards will remain the same.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

COMMISSION ON AFFAIRS OF THE ELDERLY

XEROX 4000 COPIER

DEAR MR. MAYOR:

I am writing in reference to Contract Number 1660 with the Xerox Corporation for the rental and maintenance of a Xerox 4000 copier in an amount not to exceed \$5,000, for the period July 1, 1975, to June 30, 1976. This contract was awarded without advertising as approved by you July 15, 1975.

Due to an increase in the Commission staff resulting in an increase in the Commissions reproduction needs your permission is hereby requested to amend this contract to an amount not to exceed \$8,000.

Sincerely,
MAUREEN SCHAFFNER,
Commissioner.

OFFICE OF COMMUNITY DEVELOPMENT

PUBLIC HOUSING MODERNIZATION

DEAR MR. MAYOR:

I hereby request your written authority to amend a letter of award granting authority to award a contract for the modernization of public housing. The letter stated that the amount of the contract would be \$3,045,000. The term of the contract was to be from June 6, 1975, to December 31, 1976.

Judge Garrity, presiding in the Boston Housing Court, issued a series of orders in *Armando Perez vs. Boston Housing Authority*, Docket No. 3096, requiring the Boston Housing Authority to make certain capital improvements. It has been proposed that the city, through use of its Community Development Block Grant fund, assume part of that cost.

The assumption of those additional costs would raise the dollar amount of the proposed contract to \$3,345,000 and extend the term of the agreement until February 22, 1977.

Because of the city's vested interest in the improvement of the public housing stock, I recommend that the City of Boston assist the Boston Housing Authority in this effort.

Sincerely,
DAVID STROHM,
Director.

LAW DEPARTMENT

PROFESSIONAL SERVICES

DEAR MR. MAYOR:

On April 7, 1975, your Honor approved the award of a contract without inviting proposals by advertisement in the *Record* to Leonard P. Strickman, Professor of Law at the Boston College School, for his services in representing you with respect to a metropolitan rent in the Federal Court litigation entitled *Morgan, et al vs. Kerrigan, et al*, Action No. 72-911-G. The contract provides for an amount not to exceed \$10,000.

It has been determined that the professional services required for such representation were greater than had anticipated, and that the amount of the present contract should be increased to \$2,220.

Your approval is respectfully requested to dispense with public advertising and amend the present contract by increasing the maximum amount from \$10,000 to \$12,220.

Very truly yours,
HERBERT P. GLEASON,
Corporation Counsel

PUBLIC FACILITIES DEPARTMENT

ARCHITECTURAL AND ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Masiello & Associates, Architects, Inc., a Massachusetts corporation, with offices at Mechanics National Tower, Worcester Center, Worcester, amend a Phase I contract between the City of Boston and Masiello & Associates, Architects, Inc., dated September 19, 1975, for architectural and engineering services, the preparation of plans, specifications and construction cost estimates for a City of Boston County of Suffolk Detention/Correction Facility, so as to increase the amount authorized for expenditure for supplementary services under contract, in the amount of \$26,000.

This amendment provides additional funds for the development and preparation of drawings, a written report, analysis, structural feasibility study and cost estimates for alternative schools for use of the existing Deer Island Jail as well as for time spent for court testimony and completing demolition drawings "out of phase construction" of the proposed Deer Island project.

Due to the provisions of the law to the effect that executed and existing contracts may only be altered by a written agreement signed by all parties thereto, including the Mayor and contract surety, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,
VICTOR E. HAGAN,
Director.

LEASING CERTAIN PREMISES

DEAR MR. MAYOR:

On November 24, 1975, your Honor approved my written request dated November 6, 1975, to dispense with public advertising in entering into an agreement with the University of Massachusetts and MGL, chapter 75, for the use of space at the university facility at 100 Angton Street, Boston, by students of Mission Park High School.

Since your approval of this request, we have determined that as of January 1, 1976, we do not require the use of the fifth floor at this building. Therefore, I hereby request that your original approval be amended as follows:

by adding the following sentence to the third paragraph: "However, as of January 1, 1976, the total space required will be reduced 50,000 square feet by elimination of the fifth floor."

by deleting in the sixth paragraph, third line, the figure \$30,000, and by substituting therefor the figure \$25,000.

by deleting in the sixth paragraph, fourth line, the figure \$300,000, and by substituting therefor the figure \$250,000, except for these changes, your Honor's approval of my communication dated November 6, 1975 remains in effect.

Respectfully,

ROBERT J. VEY,
Director.

MANAGEMENT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16, 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Wagner-Holms-Inglis, Inc., a New Jersey corporation duly registered to do business in the Commonwealth, amending a contract between the City of Boston and Wagner-Holms-Inglis, Inc. dated September 27, 1974, as amended December 16, 1975, and approved by the Mayor December 18, 1975, for certain CPM (Critical Path Method) management services in connection with the construction of the Southwest Campus High and Jackson-Mann School, so as to increase the amount authorized for expenditure under the contract for Southwest Campus High School \$500 to cover the cost of preparing a special report.

Under this amendment, Wagner-Holms-Inglis, Inc. will perform an analysis of construction and related problems concerning the Jackson-Mann project, and report thereon in writing in a manner and format suitable for use by the Law Department of the City of Boston for legal view and litigation purposes.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

VICTOR E. HAGAN,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16, 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Wagner-Holms-Inglis, Inc., a New Jersey corporation duly registered to do business in the Commonwealth, amending a contract between the City of Boston and Wagner-Holms-Inglis, Inc., approved by the Mayor April 23, 1974, as amended December 18, 1975, for certain CPM (Critical Path Method) management services in connection with the construction of the Norcross-Hoar School, so as to increase the amount authorized for expenditure under the contract in the sum of \$11,700, extend the time for its performance; and increase the scope of services under the contract.

Subsequent to approval of the last amendment to this contract, it was decided to utilize the contractor's services on construction of the South Wing of the Norcross-Hoar School, which was not previously included. This amendment covers the cost of the increased scope of work.

Due to the provision of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

VICTOR E. HAGAN,
Director.

PUBLIC WORKS DEPARTMENT

ENGINEERING SERVICES

DEAR MR. MAYOR:

Reference is made to your approval of my request dated June 24, 1975, copy enclosed, concerning the award of a contract, without advertising, to the Universal Engineering Corporation, 100 Boylston Street, Boston, for certain engineering services for the Chelsea Street Bridge over Chelsea Creek in East Boston, please be advised of the following:

Due to the urgent nature of the situation, an estimate of \$47,000 was submitted by the engineer for the specified engineering services. A request from me dated October 17, 1975, and approved by you, provided for an amendment to that contract for the sum of \$62,000.

Inasmuch as we are currently in the process of attempting to procure funds from the Federal Highway Administration under the "Special Bridge Replacement Act" for repairing of said bridge and inasmuch as the repairs to the fender system of the bridge is included in the request for Federal Funds, but not included in the previous engineering services provided by the engineer, I hereby respectfully request that the previous estimate be amended to \$82,500 to provide certain engineering services for the Chelsea Street Bridge Fender System.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner.

SCHOOL DEPARTMENT

METROPOLITAN SCHOOL

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for a first amendment to the contract for \$37,595, which was approved by the Board of Superintendents on November 26, 1975, and by the School Committee on December 3, 1975. This request, without public advertising, to amend \$37,595 to read \$202,595, is for the purpose of operating the metropolitan school facility planned in the initial contract by the Education Collaborative for Greater Boston (EdCo) and also for continued planning of the 1976-1977 academic year.

The contractor will perform this task during the period of December 4, 1975, through June 30, 1976, at a cost not to exceed \$202,595. The contractor will implement the magnet high school program planned under the initial contract \$37,595, total additional funds are \$130,000, to implement the program, and \$35,000 for continued development and expansion of programs for the 1976-1977 school year. Total, \$202,595.

Because of the time frame, December 4, 1975, to June 30, 1976, and because of the professional nature of the services to be provided under this contract and the expertise of the contractor, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from title 636, section 8, Project 8-4.

Very truly yours,

EDWARD J. WINTER,
Secretary.

BUS TRANSPORTATION

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 28, 1974, awarding a contract to Brush Hill Bus Company for furnishing school bus transportation services within the City of Boston for Boston public schools, subsequent to public advertising.

The amount of the contract for the first year (1974-1975) was \$697,374. Inasmuch as costs have increased due to orders issued by the Court in *Morgan v. Kerrigan*, 75-911-G (D. Mass.) (1975-1976) shall be amended \$500,000.

Contract for Brush Hill Bus Company, for \$500,000.

Very truly yours,

JAMES J. O'KEEFE,
Deputy Business Manager.

ALTERATIONS

DEAR MR. MAYOR:

I request your approval of my action to amend the contract with the Robert Cook & Sons, Inc., 1000 Washington Street, Braintree, for alterations to science rooms at the Hyde Park High School,

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

655 Metropolitan Avenue, Hyde Park, advertised June 30, 1975, from \$75,040 to \$80,761.64. You did approve of my action in awarding the contract on July 31, 1975.

This amendment becomes necessary because of additional overtime labor required to prepare science rooms at the above mentioned school for occupancy on Monday, January 26, 1976, due to racial disturbances.

Respectfully submitted,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

I request your approval of my action to amend the contract with the Costantino & Farley, Inc., 3 Cormier Road, Burlington, for egress alterations at the William H. Taft School, 20 Warren Street, Brighton, from \$28,639 to \$33,700.56. You did approve of my action in awarding the contract on July 15, 1975.

This amendment becomes necessary because of additional work not included in the original contract.

Respectfully submitted,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

SERVICES

DEAR MR. MAYOR:

I am writing to request an amendment of the contract for services between the School Department and Mrs. Audrey Butler.

The contract number is 8084. Please amend this contract to read \$15,833.64, payment for services.

1. The original terms of this contract approved by the School Committee October 15, 1975, provided for payment of \$15,833.64.

2. However, the original award letter to you regarding this contract dated October 17, 1975, incorrectly listed payment as \$15,583.36 or a lesser difference of \$250.28.

This amendment is submitted to correct the error made in the original award letter and to restore payment to Mrs. Butler of the amount in the contract approved by the Boston School Committee.

Funds for this payment are included within the present ESAA Federal Grant.

Sincerely,
EDWARD J. WINTER,
Secretary.

PUBLIC WORKS DEPARTMENT

Proposals for Repairs to Sidewalks in Area I, in the City of Boston.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for repairs to sidewalks in Area I, in the City of Boston.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, less the amount of \$3,600, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Repairs to Sidewalks in Area I, in the City of Boston," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, JULY 22, 1976, with a certified check for THREE THOUSAND DOLLARS (\$3,000), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 711 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of five dollars (\$5), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposals should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR EXTERIOR
PAINTING, INCLUDING FIRE ESCAPES, AT
THE OAK SQUARE SCHOOL, 35 NONANTUM
STREET, BRIGHTON, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for exterior painting, including fire escapes, at the Oak Square School, 35 Nonantum Street, Brighton, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, July 26, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportu-

nity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR MODERNIZATION OF PLUMBING FACILITIES AT THE WILLIAM BARTON ROGERS SCHOOL, 15 EVERETT STREET, HYDE PARK, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for modernization of plumbing facilities at the William Barton Rogers School, 15 Everett Street, Hyde Park, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, August 4, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation

Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Wednesday, July 28, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Masonry	\$100
Quarry Tile	250
Toilet Partitions	150
Painting	100
Plumbing	1,000
Heating and Ventilation	150

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price,

will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44A, chapter 149, of the General Laws, as amended.

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR FURNISHING AND
INSTALLING SAND, WOODCHIPS, LOAM,
AND SOD AT VARIOUS LOCATIONS IN THE
CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for furnishing and installing sand, woodchips, loam, and sod at various locations in the City of Boston.

Proposals will be received until 2 P.M., Boston time, Tuesday, July 27, 1976, and will be placed in the bid box provided for receiving bids, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate in forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid for. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,600, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M., Boston time, Monday, July 12, 1976, upon the deposit of cash or a certified check, payable

to the City of Boston, for \$25 per set of specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and all legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. PI-076-100 will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until two o'clock (2 P.M.) on July 22, 1976, immediately after which, in a designated room, the proposals will be opened and read publicly.

The contract is described as follows: STRUCTURAL AND DRAINAGE REPAIRS TO LONGFELLOW BRIDGE AND APPROACHES, RED LINE, Boston and Cambridge, Mass., consisting of making structural and drainage repairs to existing steel and concrete on Longfellow Bridge and its approaches on the MBTA Red Line.

The work also includes the furnishing and maintaining of all scaffolding, and shoring and bracing of the structure during the period of each repair. Hoisting equipment and power supply required for the execution of the work shall be furnished by the contractor. The contractor shall also furnish any floating equipment necessary for repair work over water.

This contract is subject to a financial assistance contract between the MBTA and the UMTA of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospec-

tive Bidders" will not be applicable to this contract.

In view of the specialized nature of construction, an award will not be made to contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by Authority.

Authorization for the bidders to view site of the work on MBTA property shall be obtained from Mr. Donald J. Buehler, Project Manager, Plant Improvement, Tel. 722-6351.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$10.00. Authority's General Requirements and Conditions (1972 Edition of Division 1), as amended, are available from the Contract Administrator at a separate charge of \$5.00 per copy. Neither charge is refundable.

Any person may purchase copies of plans and specifications for information purposes only, upon payment of the required charge.

Bidding documents will be mailed parcel post upon request and receipt of an additional postage and handling charge of five dollars (\$5), payable by separate check.

A prebid conference and inspection to be held on July 13, 1976, at 1 P.M. Boston time, at Charles Street Station, lower entrance. It is essential that prospective bidders have a representative attend. Any request for interpretation of specifications should be submitted in writing at that time.

The Authority notifies all bidders that regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a deposit of thirty-eight thousand dollars (\$38,000), in the form of a bid bond, or a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the order of MBTA.

The successful bidder will be required to furnish a performance bond and a labor and materials payment bond, each for the amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

Royalty Visits Boston

Boston greeted Great Britain's Queen Elizabeth II and her husband Prince Philip on Sunday, July 12, with one of the greatest and most enthusiastic receptions ever accorded any visiting dignitaries to our city. The meeting between a reigning British monarch and the people of the city "Where It All Started" made history.

An estimated quarter of a million patient, orderly persons clogged Faneuil Hall Plaza and the adjoining area to get a glimpse of the Queen and Prince Philip and to witness this never-to-be forgotten historic event. Devotional services were held at the world famous Old North Church on Boston's North End at 10:50 A.M. There the Queen was met by a dozen distinguished members of the clergy, which included Humberto Cardinal Cossio, Archbishop of Boston, and heads of the Greater Boston religious communities. Reverend Dr. Robert Gollidge, Vicar of the Old North Church, preached an excellent sermon. Earlier he presented the Queen with a silver copy of a chalice made by Paul Revere.

The Queen paid tribute to the United States and particularly to Boston in an address which was her final farewell to the people of the United States.

Her Majesty said: "At Old North Church last year, your President dedicated a third lantern dedicated to America's third century of freedom and renewed faith in the American ideals. May its light never be dimmed." In the address the Queen acknowledged the historical significance of her visit to Boston. "We have been very moved by the welcome we have received in this city, particularly since it was here, Boston, that 'It all began' and was not many miles from here, Lexington and Concord, that the first shots were fired in the war between Britain and America, 200 years ago," the Queen said.

Ceremonies began at 9:20 A.M., when H.M.Y. *Britannia*, with the

royal party aboard, arrived in Boston Harbor, the Queen was greeted with a stirring twenty-one-gun salute from the U.S.S. *Constitution*, "Old Ironsides." This was only the second firing of the warship's cannons in 100 years.

After services at the Old North Church the royal party visited the Old State House for a noon ceremony, at which time they were welcomed to Boston by Mayor White. Addressing the public the Queen exclaimed, "If Paul Revere, Samuel Adams, and other Patriots could have known that one day a British monarch would stand beneath the balcony of the Old State House, from which the Declaration of Independence was first read to the people of Boston, and greeted by the Mayor and others in such kind and generous words, well, I think they would have been extremely surprised, but perhaps they

would also have been pleased," the Queen added. "Pleased to know that eventually we came together again as free peoples and friends and defended together the very ideals for which the American Revolution was fought."

Inside the City Hall Art Gallery, Queen Elizabeth and Prince Philip dined with Mayor White and other officials. An exchange of gifts between Boston and the Queen highlighted the afternoon events. From Governor Dukakis she received a replica of a flag carried by Minutemen from Bedford at Lexington and Concord, and from Mayor White a map of Colonial Boston etched on a brass plate. The Queen gave the Governor a book about Buckingham Palace and the Mayor a leatherbound desk blotter.

About 3 P.M. the royal party reviewed a parade of Revolutionary era military troops in front of Samuel Adams statue on Congress Street. Later a motorcade guided the royal party through Boston's Beacon Hill and Back Bay sections of Boston and through part of Cambridge, en route to the U.S.S. *Constitution* over Memorial Drive. Along the route, thousands cheered the Queen. The reception was immense.

The happy day ended at 7:30 P.M. aboard the *Britannia* where the Queen held a reception prior to the ship's setting course for Canada.

MAYOR LAUDS SPECTATORS

*Statement of Mayor Kevin H. White,
July 12, 1976*

The last two weekends in Boston were examples to the nation of the true meaning and spirit of our nation's Bicentennial.

Millions of spectators took part in the July 4, Esplanade Concert, the parade of the Tall Ships on Saturday, and the visit of England's Queen Elizabeth on Sunday.

Despite crowds that exceeded all our expectations, there were no incidents. In fact, Boston and her people never looked more joyful or exuberant. All who participated are to be saluted for their patience, their decency, and their massive outpouring of goodwill.

We put our best face forward and showed that the city "Where It All Began" reveres her past, celebrates her present, and looks forward with optimism to the next one hundred years.

If Bostonians work to maintain the unified spirit fostered by these Bicentennial celebrations, all of us will profit from the final realization of the goals upon which this city and nation were founded.

GOVERNMENT FUNDS FOR SOUTH STATION

The Transportation Department in Washington has released \$75,000 of a \$1.5 million grant to the Boston Redevelopment Authority to plan the renovation of South Station.

The money was included in the fiscal 1976 transportation appropriations bill but was not released before the fiscal year ended June 30.

The money will be used to determine who will operate the renovated terminal and what the operating cost for the new facility will be.

Amtrack, the MBTA, and Trailways and Greyhound buses will participate in the new terminal, which is part of the overall plan to improve transportation in the Boston area over the next two years.

MAYOR APPOINTS DAVID L. ROSENBLUM

Mayor Kevin H. White has announced the appointment of David L. Rosenbloom as commissioner of the city's Health and Hospitals Department. Mr. Rosenbloom, who has served as acting executive director of the Health and Hospitals Department since December, replaces Dr. Leon White, who resigned July 1, to join the faculty of Harvard's School of Public Health.

Mr. Rosenbloom's appointment marks the consolidation of the office of the executive director and the commissioner's office. Both the day-to-day administration of the department's hospital system and long-range planning and program development will be centered in the office of the commissioner. Mr. Rosenbloom will receive the \$35,000 salary of the Health and Hospitals commissioner.

Mr. Rosenbloom, thirty-two, joined the city administration in 1973 as director of the Parkman Center for Urban Studies. He served as executive assistant to Mayor White before joining Health and Hospitals.

"David Rosenbloom has proven his ability as a talented and qualified administrator," Mayor White said. "I have complete confidence

that his administrative ability coupled with his knowledge of the city and its health needs, will bring a high degree of service to Boston residents."

A 1965 graduate of Colgate University, Mr. Rosenbloom received a PhD in political science in 1971 from Massachusetts Institute of Technology. A resident of Boston Proper, he was born in Albany, New York.

UNITED WAY SETS GOAL FOR '76

The United Way of Massachusetts Bay announced an \$18.6 million goal for its 1976 fund-raising campaign. Organizers said the goal marks a new plateau of giving.

David R. Palmer, vice-president of Merrill Lynch Pierce Fenner & Smith, and 1976 campaign chairman, said the \$18.6 million figure is \$2.7 million more than the amount raised last year and the "most ambitious increase (17 percent) over previous year in recent times."

"The goal is realizable because it was set only after we went to 100 community leaders and representatives and asked what kind of goal should we have," Mr. Palmer said.

He said the leaders agreed to the \$18.6 million and made more substantial pledges to reach the goal.

"Leaders increased their per capita pledges over 50 percent. If we can make 50 percent pledges increases, then a 17 percent increase over last year is possible."

Mr. Palmer said part of this year's campaign strategy involves concentrating on small business organizations, such as in the suburban areas where donors are not as easily reached. He also said he hoped for a 50 percent increase from suburban employers. The remaining amount, he said, will come from corporations and special gifts.

"The people in the Massachusetts Bay area want to give and they will if you get to them."

The campaign is scheduled to begin September 11.

INSURANCE PROGRAM FOR HOME BUYERS

The Department of Housing and Community Development has launched a coinsurance program for single-family mortgages.

The program is aimed at benefiting home buyers and sellers through faster processing of FHA mortgage insurance applications and providing added income for lenders.

Under the program there is a division between lenders and HUD of premium income and net losses on insured loans. The government will bear 90 percent of any loss, the mortgagee or lender, 10 percent.

The program, authorized by the Housing and Community Development Act of 1974, is operating initially in San Francisco and Columbus, Ohio. Other HUD field offices are now joining in implementing the program, and all field offices are expected to be operational by September 17.

HUD staff members are now conducting informational meetings with interested lenders on operating procedures.

The risk-sharing program, combined with the delegation of substantial processing functions to mortgagees, is intended to improve the quality of mortgages originated; improve loan servicing; streamline processing of FHA mortgage insurance applications; and improve the quality and timeliness of servicing home loan borrowers.

MAYOR SIGNS CITY- COUNTY BUDGET

Mayor Kevin H. White signed, on July 7, a City and Suffolk County budget of \$281.9 million for fiscal year 1977. The budget, approved by the City Council, is \$21 million less than that of the fiscal year just completed.

While citing most of the cuts proposed by the City Council as "responsible," Mayor White announced his intention to seek rescission of the latest cut in the Boston Finance Commission budget by asking a supplemental appropriation for their behalf.

"Our initial recommendation for a 4 percent reduction is the Finance Commission's appropriation was fair and in keeping with across-the-board cuts imposed on all city agencies," Mayor White said. "But an additional cut would seriously impair the FinCom's ability to function and I will recommend that those monies be restored."

Mayor White praised the efforts of the City Council in producing this year's budget and cited the leadership of Ways and Means Committee Chairman James Michael Connolly.

Adding that the administration may be seeking supplemental appropriations at a later date, Mr. White said that most will be to restore cuts recommended when it appeared that layoffs in personnel would be required to reduce the city's projected deficit.

Subsequent negotiations have negated the need for such layoffs and those cuts should be restored to the appropriate departments, Mayor White concluded.

MAYOR APPROVES RESI- DENCY LAW

Mayor Kevin H. White has approved and signed into law the residency ordinance passed three weeks ago by the City Council requiring all city employees hired or promoted after July 1, 1976, to live in or move into the City of Boston.

Calling it "a critical step toward strengthening the vitality of the city and its neighborhoods," Mayor White said, as part of the total residency requirement for the city, he would introduce a home rule petition in the City Council designed to strengthen the city's residency requirement, and introduce several technical corrections to the ordinance approved today.

"I subscribe to the philosophy and intent of requiring city employees to live within the city in which they work," Mayor White said.

"The strength of the city lies in its neighborhoods, and the strength of our neighborhoods lies in the people who live in those neighborhoods," the Mayor said. "This city has 14,000 employees who work in

its government — from clerical workers to street sweepers, from hospital workers to the Mayor — and they all bring the city its substance and solidarity.

"The residency requirement is not intended to be punitive, but is an effort to conserve the traditional fabric of the city — its people. While the tax base is certainly enhanced by the people who inhabit the city, those employees who live in the city have a greater personal stake in its progress, in the condition of its neighborhoods, and in the future of the city as a whole," the Mayor said.

The ordinance approved by the Mayor on July 6, requires that any person hired by the city after July 1, 1976, must live within the City of Boston. In addition, any employee promoted by the city on or after July 1, 1976, must become a resident of the city within one year of his or her promotion.

FIRE DEPARTMENT ORDERS

May 28.

General Order No. 24

BOARD OF MERIT

The Board of Merit, consisting of the chief of department and the deputy fire chiefs, has considered all meritorious acts referred to it for the year, 1975. After careful consideration and study, the board submitted the following recommendations which are hereby approved by the Fire Commissioner.

CASE 1. FIRE FIGHTER ALLAN B. LLEWELLYN, LADDER COMPANY 15.

Ladder Company 15 responded to a still alarm at 316 Huntington Avenue at 2304 hours, May 9, 1975. Upon arrival they found a man threatening to jump from the sixth floor.

The aerial ladder was raised to the sixth floor, and Fire Fighter Allan B. Llewellyn of Ladder 15 quickly climbed the ladder trying to calm the man, even though he was throwing objects at him, and managed to reach a point slightly below the sixth floor. The victim asked Fire Fighter Llewellyn to take a message to his girl friend and jumped.

Without hesitation, and at extreme personal risk, as he was in a precarious position on the ladder, Fire Fighter Llewellyn reached out and caught the man in midair by one arm and held him. Only his great strength and determination prevented both of them from falling six floors to the ground. A citizen climbed from the window on to the ladder and helped restrain the disturbed man. Fire Fighter Llewellyn was now in a hazardous position as he was not locked in on the ladder.

Other members of Ladder 15 quickly went up the ladder to assist. In addition to the sick man, the assisting citizen was unfamiliar with ladder operations, especially at that great height. They succeeded in bringing both men to safety.

The Fire Commissioner highly commended Fire Fighter Llewellyn of Ladder 15 for this outstanding lifesaving act in General Order No. 30 of 1975.

The board recommends that Fire Fighter Allan B. Llewellyn be awarded the John E. Fitzgerald Medal for Most Meritorious Act.

CASE 2. FIRE FIGHTER ROBERT M. GREENE, LADDER COMPANY 23.

Ladder Company 23 responded to Box 3614 on May 30, 1975, at 0311 hours for a fire at 45 Franklin Avenue, Dorchester. On arrival heavy fire was issuing from two windows on the second floor.

As there were no doors on the Franklin Hill Avenue side of the building, ladders were raised to the windows. Fire Fighter Robert M. Greene of Ladder Company 23 climbed the ladder and heard a faint cry from within the room. He entered the room despite the fire and smoke and crawled around searching for the person. He found an elderly, crippled woman on the floor behind a bed. With extreme difficulty he was able to drag her to the window and place her on the shoulders of Fire Fighter Robert McCue of Ladder 23 who carried her to the ground. Fire Fighter

Greene then made a hasty retreat out the window just as the room erupted in fire.

Fire Fighter Greene's feat was accomplished under the most severe conditions and hazards, before fire fighting operations were initiated, and without the protection of a mask, and with such daring that without a doubt he was responsible for saving the life of this woman who would have perished within minutes.

The Fire Commissioner commended Fire Fighter Greene highly in General Order No. 31 of 1975.

The board recommends that the name of Fire Fighter Robert M. Greene of Ladder Company 23 be placed on the Roll of Merit.

CASE 3. FIRE FIGHTER WALTER T. MCGINN, AERIAL TOWER NO. 2.

Aerial Tower No. 2 responded to 307 Huntington Avenue at 0529 hours on August 23, 1975, to assist in an attempted suicide. Upon arrival they found a man perched on the ledge of a roof of a five-story building. He threatened to jump if they raised the ladder and insisted they move the ladder truck. Fire fighters spread the life net. Fire Fighter McGinn, accompanied by a clergyman and a doctor, went to the roof to try to persuade the man to give up the idea of suicide.

While the others were talking to the man, Fire Fighter McGinn edged himself near the ledge, lunged for the man, catching him off guard, and held him until additional help arrived to bring him to safety. Fire Fighter McGinn performed this act at great personal risk. His courage, strength, and determination saved the man's life. The Fire Commissioner commended him highly in General Order No. 45 of 1975.

The board recommends that the name of Fire Fighter Walter T. McGinn of Aerial Tower No. 2 be placed on the Roll of Merit.

CASE 4. FIRE FIGHTER CHARLES A. SEABOYER, ENGINE COMPANY 18.

At 1155 hours, September 2, 1975, the department responded to Box 3452 for a fire at 62 Fuller Street, Dorchester. On arrival heavy smoke was issuing from the third-floor window. A woman and child were trapped in the room and awaiting rescue.

Ladder Company 6 raised the aerial and Fire Fighter Thomas F. Kennedy of Ladder 6, under extremely heavy smoke conditions, managed to place the ladder at the window, reach in, and pass the child to Lieut. Raymond P. Rogazzo of Ladder 6 who carried the child to the street. Fire Fighter Kennedy then reached in to assist the woman who was in a panic and refused to leave. Finally he forced her onto the ladder and she was removed to safety by Fire Fighter Richard J. DeCola of Ladder 6.

Fire Fighter Charles A. Seaboyer and Fire Fighter John E. Gordon of Engine Company 18 donned gas masks to search for children still in the building. Fire Fighter Seaboyer entered the third floor, heavily charged with heat, smoke, and gases, and found a small child whom he passed to Fire Fighter Paul V. Blake of Engine 18 who removed the child to the street. Again he entered the room and found another child whom he passed to Fire Fighter Gerald W. Drosos of

Engine 16 who brought the child to safety.

The efficient manner in which the all members operated is commendable and directly responsible for saving the four lives. All members required treatment at the City Hospital. The Fire Commissioner highly commended Fire Fighter Charles A. Seaboyer of Engine Company 18 for his courage and determination which saved the lives of the children in General Order No. 4 of 1975.

The board recommends that the name of Fire Fighter Charles A. Seaboyer of Engine Company 18 be placed on the Roll of Merit.

CASE 5. FIRE LIEUTENANT DANIEL J. HURLEY, ENGINE COMPANY 37.

At 1037 hours, December 10, 1975, the department responded to Box 2324 for a fire at 6 Keswick Street, Boston. On arrival it was determined that a woman was trapped in the apartment in which the fire was located.

A couple of attempts were made to reach the apartment but failed due to the heat and smoke. Fire Lieut. Daniel J. Hurley of Engine Company 37 entered the room, crawled around until he discovered the woman at the rear of the room. He removed her to the corridor. She was then removed to the outside and given first aid before being taken to the Beth Israel Hospital.

Lieut. Hurley performed this act at great personal risk and before charged lines were positioned; ventilation had not been performed; and he was without the usual respiratory equipment. The Fire Commissioner highly commended him in General Order No. 1 of 1976.

The board recommends that Fire Lieut. Daniel J. Hurley of Engine Company 37 be awarded the Walter Scott Medal for Valor.

CASE 6. FIRE FIGHTER ROBERT P. POST, LADDER COMPANY 13.

At 1032 hours, December 25, 1975, Ladder Company 13 responded to 119 Concord Street for a building fire. On arrival heavy smoke was showing and it was determined a woman was still in the building.

Fire Lieut. James E. Brodbeck and Fire Fighter Robert Post of Ladder Company 13 immediately entered the building, found a bedroom on the second floor involved in fire. Fire Fighter Post forced the door to the room and saw a woman whose clothing was engulfed in fire. He entered the room, grabbed the woman, pulled her out to the hallway where Lieut. Brodbeck assisted him in putting out the fire in her clothing and removing her to the street where she was taken to Boston City Hospital.

This rescue was performed while combat operations were in progress and ventilation had not been completed. Both men were subjected to intense punishment due to the fire. The Fire Commissioner highly commended Fire Fighter Post for this rescue which involved great personal risk in General Order No. 2 of 1976.

The board recommends that the name of Fire Fighter Robert Post of Ladder Company 13 be placed on the Roll of Merit.

DISTINGUISHED SERVICE AWARDS

At 1830 hours, September 25, 1975, Fire Fighters Robert R. Cunio of Ladder Company 20, David A. Cunio of Engine Company 25, and Richard Stedman of Engine Company 8 were out in a launch at Harbor Yacht Club working on

Approximately 100 yards offshore they saw an overturned dinghy with a yellow flag floating close by. They sped to the scene and found a boy clinging to the boat. They removed him from the water and placed him on the deck and immediately commenced first aid and mouth-to-mouth resuscitation while they rushed to shore. Fire Fighter Paul A. Christian of Aerial Tower observed the operation from shore and called for Ladder 19 which provided resuscitation until the arrival of the ambulance which took him to Boston City Hospi-

The Fire Commissioner commended them in General Order No. 50 of 1975, for utilizing their first aid training and experience and possibly saved the boy's life.

The board recommends that Distinguished Service Awards be given to Fire Fighter Paul A. Cunio, Engine Company 25; Fire Fighter Robert R. Cunio, Ladder Company 20; Fire Fighter Richard L. Stedman, Engine Company 8.

On October 23, 1975, on their way from work, Fire Fighters Kenneth J. Rogers of Engine Company 24 and Thomas Uniacke of Ladder Company 23 came upon an emergency in the vicinity of Codman Square. The victim was a young lady being assaulted and having her handbag stolen by two males who then fled on foot. Fire Fighters Rogers and Uniacke parked the car and chased the assailants. They apprehended one of them and held him for police. The other one got away. The Fire Commissioner commended them in General Order No. 53 of 1975, for their conscientious dedication to the safety of the public.

The board recommends that Distinguished Service Awards be given to Fire Fighter Kenneth J. Rogers, Engine Company 24; Fire Fighter Thomas W. Uniacke, Ladder Company 23.

On April 12, 1975, at about 1500 hours, Fire Fighter Paul J. Minton of Ladder Company 17 was swimming in a wet pool in Ponkapoag Pond when he became involved in an accident involving a canoe and its occupants. The Community Fire Department was making rescues when Fire Fighter Minton went to their assistance, dove into the water, and found one person under water in dire straits. He helped bring him to the surface where he was given first aid. Fire Fighter Minton was commended in General Order No. 20 of 1975 for his part in saving the life of this man.

The board recommends that the Distinguished Service Award be given to Fire Fighter Paul J. Minton of Ladder Company

At 1530 hours, April 24, 1975, the Fire Academy was notified a boy had fallen from the water near Long Island Bridge. Members of the Drill Class responded. Provisional Fire Fighters James R. Oliver, En-

gine Company 33, John Lovett, Engine Company 22, and Nicholas P. Fanandakis, Ladder Company 21 climbed down a ladder on the side of the bridge. Provisional Fire Fighter Oliver dove into the water and assisted the boy to the side of the ledge. A life line was lowered and Provisional Fire Fighters Lovett and Fanandakis secured the life line to the boy and to Provisional Fire Fighter Oliver and then hauled them to safety. The Fire Commissioner commended these members in General Order No. 23 of 1975.

The board recommends that the Distinguished Service Award be given to Fire Fighter James R. Oliver of Engine Company 33.

5. At approximately 1100 hours, July 23, 1975, Fire Fighter John D. Eggleton of Engine Company 16, while off duty, came upon an accident scene on Day Boulevard, South Boston, involving a young boy who had been struck by a vehicle.

Fire Fighter Eggleton, a registered emergency medical technician, immediately went to the aid of the victim and rendered emergency medical assistance. By readily volunteering his services to the victim, Fire Fighter Eggleton's actions reflect great credit on himself and the Boston Fire Department. The Fire Commissioner commended him in General Order No. 40 of 1975 for his dedication in the true tradition of the Boston Fire Department.

The board recommends that the Distinguished Service Award be given to Fire Fighter John D. Eggleton of Engine Company 16.

6. For his continuous efforts over the past several years to improve the safety equipment used by fire fighters, not only in this city but throughout the country, thus making a major contribution to reducing the hazards of this most dangerous profession, thus reflecting great credit on the Boston Fire Department, the Distinguished Service Award is awarded posthumously to District Fire Chief Paul W. Buchanan of the Training and Research Division.

III. HIGH COMMENDATIONS

At 0341 hours, May 1, 1976, an accident occurred on the Southeast Expressway at the Massachusetts Avenue ramp. The vehicle containing two occupants was forced off the road, shearing 177 feet of guard railing and a light pole, and fell about 30 feet to the lower level landing on its roof, trapping the occupants and bursting into flames.

Fire Lieut. Leo J. Fama, Fire Prevention Division, off duty, saw the accident and rushed to the scene. He immediately removed one victim to safety. Aided by a passerby he used the damaged railing to jack up the overturned car and carefully removed the second victim who was seriously hurt. By this time fire fighters and police arrived and transported the victims to the Boston City Hospital.

Both of these rescues were performed under hazardous conditions due to the fire and heat. It was only his prompt action and expertise in rescue work that saved the lives of these two men.

The Fire Commissioner is pleased to highly commend Lieut. Fama for these rescues which were made at great personal risk. His case is referred to the Board of Merit for further consideration.

At 1708 hours, May 29, 1976, the department responded to Washington and Marginal

Streets on a report a man was going jump on to the Massachusetts Turnpike from the bridge. On arrival companies raised ladder from the Massachusetts Pike and spread a life net to try to prevent injury the man.

He suddenly changed his position so net was of little use due to his new position on the girders. While police and fire fighters diverted his attention, Fire Fighter Robert F. Mackey of Rescue Company 1 climbed the ladder and swiftly crossed girders had no handholds to support him or prevent his falling about 30 feet to the ground. He finally reached the man and forced against the fence at sidewalk level, with the assistance of Fire Fighter John Tkachuk of Ladder Company 17 and police, he was able to lift him over the fence to safety.

The Fire Commissioner is pleased to highly commend Fire Fighter Mackey exhibited outstanding calm and courage probably saved the man's life.

IV. LETTER OF THANKS

"April 27, 1976"

DEAR FIRE FIGHTERS:

We would like to express our deep gratitude to those fire fighters who fought the fire at 22, 24, and 26 Clifton Street, Roxbury, on Wednesday morning, May 24, at 2:15 A.M.

If it were not for the quick action of the Boston Fire Department, our house would have been lost and all our belongings well.

To those fire fighters who risked lives to save our house we give our deep thanks. Thank you.

THE GHIRINGHELLI FAMILY,
26 Clifford Street, Roxbury, Mass. 02119

IV. LETTER OF THANKS

"June 8, 1976.

FIRE COMMISSIONER PAUL:

During the past year we undertook two studies of the fire environment. In one study we are measuring the thermal environment and in another the concentration of various toxic air contaminants generated in the fire. In both cases, valuable information is being obtained which will result in the improvement of protective clothing and equipment for fire fighters. A number of people have been assisting us in obtaining this information and I wish to thank them publicly for their invaluable help.

Rescue Company 1: Fire Fighter Al Chase, Fire Fighter Dick Freda, Fire Fighter Rick Kennedy, Fire Fighter Ed Raymond.

Rescue Company 2: Fire Fighter Ron Leasing, Fire Fighter Steve Cloonan.

Aerial Tower 2: Fire Fighter Francis Byrne, Fire Fighter Steve Minehan, Fire Fighter Al Giannetti.

I look forward to the continued cooperation between the Boston Fire Department and the Harvard School of Public Health in future years.

Sincerely yours,

WILLIAM A. BURGESS, Associate Professor,
School of Public Health,
Harvard University."

General Order No. 31

I. FIRE FIGHTER EDWARD L. FITZPATRICK

It is with deep regret that the Fire Commissioner announces the death on June 21, 1976, of Fire Fighter Edward L. Fitzpatrick

of Ladder Company 2. Fire Fighter Fitzpatrick was appointed to the department October 19, 1955.

The funeral was held from the Richard C. Kirby Funeral Home, 917 Bennington Street, East Boston, at 0900 hours, Friday, June 25, 1976, followed by a funeral Mass in St. Mary Star of the Sea Church, East Boston, at 1000 hours.

The Fire Commissioner made the customary detail to act as funeral escort, and members of Ladder Company 2, Training and Research Division, Fire Prevention Division, and Headquarters were excused to attend the services.

II. RETIREMENT

The following retirement in accordance with the provisions of section 58, chapter 32, G.L., became effective at the close of business June 22, 1976:

Fire Apparatus Repairman John J. Gustafson, Maintenance Division.

Fire Apparatus Repairman Gustafson was appointed to the department April 15, 1946, and he leaves the department with the best wishes of his associates.

III. CANCELLATION OF APPOINTMENTS

The assignment of Fire Fighter on Probation Brian J. Chaisson announced in General Order 30, c.s., is hereby cancelled.

The assignment of Provisional Fire Fighter Richard J. Lee to Fire Fighter on Probation announced in General Order 30, c.s., is hereby cancelled.

IV. TRANSFERS

The following transfers will become effective at 0800, June 30, 1976:

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

CONSULTANT SERVICES

DEAR MR. MAYOR:

Your permission is requested to dispense with advertising and to award a contract to Mark Shields, 7535 17th Street, N.W., Washington D.C., for consultant services to be furnished to the Administrative Services Department to further promote the city as a desirable place to live, to visit, and to do business. The cost to the city for this service will not exceed \$10,000, and will cover the period between April 1, 1976, through June 30, 1976.

The purpose of this contract is to assist the City of Boston in enhancing the climate for capital investment and job creation within the city, including:

a. seeking national and regional forums for City of Boston officials to discuss the city's progress and potential;

b. improving the national media climate for stores favorable to Boston by initiating contacts with, and supplying materials to, the business and financial media;

c. providing technical assistance to city officials with respect to further improvement of the city's bond rating; and

d. assisting the Mayor and other city officials as necessary in their efforts to establish Boston's image as one of the nation's leading cities.

The consultant would also assist the City of Boston improve the effectiveness of its dealings with the federal government, including:

a. monitoring legislation which affects the city;

b. monitoring federal grant opportunities;

c. assisting the city to have the opportunity to present testimony at pertinent Congressional and administrative hearings; and

d. providing to the Mayor and other city officials, advice, guidance, and technical assistance as necessary.

After a thorough investigation, and based upon the city's previous experience with this consultant, I have concluded that Mark Shields is the individual who will meet our deadline at a price within the amount specified above.

On the basis of the foregoing, I respectfully submit that no advantage would be gained by publicly advertising this contract. Thus, I ask that you present this award to Mark Shields.

Your honoring this request will be greatly appreciated.

Sincerely,
EDWARD T. SULLIVAN,
Director.

Purchasing Division
COPIER-COLLATOR

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to Xerox Corporation for the rental of one (1) Xerox copier with collator for the Central Copy Center in City Hall.

The amount of the contract is not to exceed \$5,300.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

AUDITORIUM COMMISSION ELEVATOR SERVICE

DEAR MR. MAYOR:

Your authority is hereby requested to dispense with advertising in the *City Record* in awarding to Delta Elevator Service Corporation a full maintenance contract for servicing the two Otis electric passenger elevators, the two Otis plunger electric passenger elevators, the three Otis plunger electric freight elevators, and the four Otis escalators in the city's John B. Hynes Veterans Auditorium at

900 Boylston Street, Boston, during the period commencing July 1, 1976, and ending June 30, 1976, at a cost to the city of \$16,320. The contract is to include emergency repair call-back service at any hour.

In 1971, Delta Elevator Service Corporation was the low bidder for furnishing a full maintenance contract to the Auditorium at a cost to the city of \$16,320 per year. This contract has been renewed each year by the Auditorium Commission with no increase in cost to the city. Again this year, Delta submitted a letter offering to renew the contract for the 1976-1977 year at no increase in price. As the services of this contractor have been very satisfactory, the Commission feels it would be in the best interest of the city to retain their services for another year and voted to accept Delta's offer.

Because of the professional nature of the work and services involved, it does not appear that any useful purpose would be achieved by advertising for bids for this contract. Therefore, we respectfully request your permission to dispense with advertising and award a contract to Delta Elevator Service Corporation, 50 North Beacon Street, Allston, in the amount of \$16,320.

Very truly yours,
ROBERT C. LINNELL,
Chairman.

BUILDING DEPARTMENT RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

77 Terrace Street, Ward 10. Contractor ordered in to remove hanging walls and rubble when Fire Department requested immediate action and help from the Building Department. Mystic Wrecking Company working across the street was asked to do the work ordered by Deputy Commissioner Leo F. Martin.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic Wrecking Co., Inc., \$21,638.40.
Mystic Wrecking Co., Inc., 265 Carter Street, Chelsea, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards, not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case, in a contract price of over \$2,000, or over statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$21,638.40, to the Mystic Wrecking Co., Inc., 265 Carter Street, Chelsea, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

24 Clifton Street, Ward 8. Emergency bid called in over the telephone by 3 P.M., Thursday, April 22, 1976, for the demolition of this building, ordered by Commissioner Francis W. Gens, because of unsafe and dangerous conditions, presenting a hazard to the general public.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Napoli Wrecking, \$3,179;
Circlepower Demolition, \$2,400;
Mystic Wrecking, \$2,400;
Franklin Crane Service, \$3,210.

Circlepower Demolition Corporation, 1002 Harrison Avenue, Roxbury, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price of over \$2,000, or over the statutory limitations upon awards that can be made, without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,875, to the Circlepower Demolition, 1002 Harrison Avenue, Roxbury, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

299-309 Centre Street, Ward 10. Emergency make-safe work had to be done immediately on these fire-gutted buildings. Deputy Commissioner Leo F. Martin ordered John J. Duane Wrecking Co., Inc., to remove debris in streets and remove some collapsed walls. Owner was to have job completed by demolition contractor selected by himself. Filling to grade to follow.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

John J. Duane Wrecking Co., Inc., \$10,781.53.

John J. Duane Wrecking Co., Inc., 600 Southern Artery, Quincy, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. BOARDING AND SECURING

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

200-202-204 Dudley Street, Ward 8; 15 Alvah Kittredge Park, Ward 9; 2 Alvah Kittredge Park, Ward 9; 3 Alvah Kittredge Park, Ward 9; 2 Linwood Street (Highland Street), Ward 9; 4 Linwood Street, Ward 9; 6 Linwood Street, Ward 9; 17-219 Roxbury Street, Ward 9.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your

Honor's permission to enter these various premises and to board up and secure them, under Community Development Block Grant, Project No. 6-B.

Bidders were requested to submit an aggregate bid for the boarding and securing of these buildings or structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Tri Construction, \$1,955; Donald Clancy and Sons, \$5,855; Suffolk Specialties, \$6,971.

Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$1,955, to Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

HOUSING INSPECTION DEPARTMENT

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 350 square feet of space in the building located at 628 East Fifth Street, South Boston, and to enter into a lease with South Boston Management Corporation for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fifteen months — April 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$225 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 4,000 square feet of space in the building located at 108 Dudley Street, Roxbury, and to enter into a lease with Louis Goldstein, 108 Dudley Street, Roxbury, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program.

The proposed lease is for a term of one year — July 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$440 per month.

Currently we are occupying office space at 27 Roxbury Street at a rental fee of \$1,200 per month, which lease expires June 30, 1976. We have declined the renewal option as the new location is quite suitable for conducting program activities and the city will realize a savings of \$800 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 750 square feet of space in the building at 148 Maverick Street, East Boston, and to enter into a lease with Grazia Previte for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fourteen months — May 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$290 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of 858 square feet of space in the building located at 1141 Blue Hill Avenue, Dorchester, and to enter into a lease with Sherman J. Bolling for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fourteen months — May 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$300 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 800 square feet of space in the building located at 1842-1844 Dorchester Avenue, Dorchester, and to enter into a lease with James Barrett for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fourteen months — May 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$300 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

LAW DEPARTMENT

LEGAL SERVICES

DEAR MR. MAYOR:

I respectfully request your Honor's permission to dispense with public advertising in the award of a contract to John M. Lynch, Esquire, for legal services. Mr. Lynch resigned as Assistant Corporation Counsel on April 1, 1975. Under this contract, Mr. Lynch will continue to represent the city in certain litigation which was his immediate responsibility while a member of the Law Department until they can be transferred to other counsel.

Boston Edison v. Board of Assessors of Boston (Appellate Tax Board — Appeals for 1970-1975, inclusive); *Amstar Corporation v. Board of Assessors of Boston* (Appellate Tax Board — Appeals for 1973-1975, inclusive); *Harvard MASCO Total Energy Plant* (Real Estate Tax Negotiations); *First Church of Christ Scientist v. Board of Assessors* (Appeals from Appellate Tax Board decision, years 1970-1973, inclusive, to Supreme Judicial Court).

Compensation under this contract at the rate of \$50 per hour shall not exceed \$15,000. This contract will be effective for the period July 1, 1975, through June 30, 1976.

Because of the professional nature of the services to be performed, and because of Mr. Lynch's particular familiarity with the several matters in which he will continue to represent the city, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
HERBERT P. GLEASON,
Corporation Counsel.

MANPOWER ADMINISTRATION

ECONOMIST SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with advertising in the *City Record*, and to award a contract to Andrew Sum, 73 Boston Street, Somerville, Mass. The contract will be in an amount not to exceed \$3,732.

Under the terms of the contract, Mr. Sum, a professional economist, will assist the Manpower Administration in performing duties under a special grant (Federal Grant Contract No. SP-25-6-P006-TAT) provided by the U. S. Department of Labor, and carrying out duties associated with the Fiscal 1977 planning and grant application process.

Under the special grant, Mr. Sum's duties will include the following: review and comment on all work as it is completed; provide technical assistance as required; and assist in the writing and editing of all reports and presentations associated with the grant. In aiding the Manpower Administration in its FY '77 planning process, Mr. Sum will provide a written detailed analysis of the Boston labor market.

The period of performance will be from April 1, 1976, through September 30, 1976, or not to exceed eight months. The total cost of this contract will not exceed \$3,732 for the eight-month period.

Due to the vast experience and expertise of Mr. Sum in this field, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

MAYOR'S OFFICE

CATERER SERVICES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Gourmet Caterers, 3867 Washington Street, Roslindale, Mass. 02131, at a cost not to exceed \$3,442.50 for 220 guests.

Under the terms of the proposed contract, Gourmet Caterers will provide food and service for a reception in honor of Prime Minister Liam Cosgrave of Ireland on Monday evening, March 22, 1976, to be held at the Museum of Fine Arts.

The Museum of Fine Arts has informed this office that for reasons of security, only two catering firms are authorized to provide food and service for this dinner. We have solicited proposals from each and have chosen Gourmet Caterers.

In view of the above, it is my opinion that public advertising would serve no useful purpose.

Sincerely,
MARY LOU CRANE, Director,
Mayor's Office of Distinguished Guests.

MAYOR'S OFFICE OF CRIMINAL JUSTICE

PHOTOCOPY SERVICES

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, and award a contract to Xerox Corporation, 100 Charles River Plaza, Boston, Mass. in an amount not to exceed \$3,500 for the period March 1, 1975, to June 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice, the Omnibus Crime Control and Streets Act of 1968 (P. L. 90-35) amended by the Crime Control Act of 1970 (P. L. 91-644), and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of this contract is to have Xerox Corporation to provide temporary photocopy, rental and complementary services, maintenance, and supplies for the Case Management Project at the House of Correction, Deer Island.

The request for photocopy services from Xerox is made because of the unique capacity of that equipment to handle criminal justice records. Especially in the case of probation files which are on hard-to-handle sheets. In addition, the Xerox machine can handle punched and two-sized copies which require form-processing and also cuts paper. A survey of other companies indicates that the Xerox machine offers a unique capacity to handle criminal justice files at a substantially lower cost.

To date, \$1,990 has been expended toward this grant and \$1,934.43 has been paid to Xerox for these services. When the amount for this service is going to exceed the \$2,000 amount, which is the optimum amount under which no request for dispensation of public bidding is necessary, the need for this request is apparent. Therefore, waiver of public advertising is requested to expend an additional \$1,510 over the \$1,990 up to a \$3,500 amount.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

PUBLIC FACILITIES DEPARTMENT

CONSTRUCTION CONSULTANT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16, 1976, I request your Honor's written authority to dispense with public advertising, and award a contract to Project Management Services, Inc., a Pennsylvania corporation, duly licensed to do business in the Commonwealth, with offices at One Oxford Building, Strafford, Wayne, Pennsylvania.

Under the terms of the contract, Project Management Services, Inc., will provide CPM (Critical Path Method) services in connection with the construction of the Mattapan Elementary School, at a cost for such services not to exceed \$10,000, including (a) setting up the initial working plan and schedule, \$1,300; furnishing sixteen monthly updates, consisting of evaluations of work progress, issuance of computerized printouts, and diagrams, and status reports, at \$1 each, \$7,200; and (c) conducting bi-weekly progress conferences to evaluate actual construction progress, pinpoint potential problem areas, and issue reports with recommendations to maintain construction schedule, at \$400 each, \$2,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
For ROBERT J. VEY,
Director.

MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16, 1976, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to System Associates, Inc., a Massachusetts corporation, with offices at 163 Highland Avenue, Needham, Mass.

Under the terms of the contract, System Associates, Inc., will provide CPM (Critical Path Method) services in connection with the construction of the Mattapan/Brighton, South Boston, and Boston Fire Stations, at a cost for such services not to exceed \$18,950, \$14,130, and \$22,075, respectively, an aggregate cost not to exceed \$53,155, including (a) initial schedule at \$4,850, \$4,680, and \$5,325, respectively; (b) monthly job evaluations at \$11,100, \$5,550, and \$950, respectively; (c) target schedule updates at \$1,600, \$800, and \$2,400, respectively; and (d) periodic job meetings at \$1,400 for each project respectively.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
For ROBERT J. VEY,
Director.

ROOFING CONSULTANT

MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on January 16, 1976, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Construction Consultants, Inc., a Michigan corporation, duly registered to do business in Massachusetts, with offices at 900 W. Lister Avenue, Detroit, Michigan, and local offices at 6 Beacon Street, Boston.

Under the terms of the contract, Construction Consultants, Inc., will provide

roofing consulting services in connection with reroofing various city-owned buildings, including the performance of the following functions (a) physical survey; (b) condition report; (c) overseeing extraction and analysis of roofing test samples as required; (d) preparing technical documents, i.e., technical specifications, drawings, and details for reroofing and/or roofing repair work as required; (e) during construction, periodically viewing and documenting job progress, technical aspects of roofing installation, workmanship; and (f) arranging for quantitative laboratory analysis (if required) of construction samples, and interpretation and report on each analysis, at a cost for such services (payable as set forth in, and further defined by, the proposed contract), not to exceed \$30,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
For ROBERT J. VEY,
Director.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director, for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the physical education facilities of the Boston Young Women's Christian Association, 110 Clarendon Street, Boston, Mass., to be used by students of Madison Park High School.

The term of the lease will be for approximately live and one-half months, beginning November 15, 1975, and terminating April 30, 1976. Exact times and days of usage are set forth in the lease itself.

The rental for the term will be \$8,325, payable in one installment at the termination of the lease.

Utilities and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director,

for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The lessor will be the Greater Boston Young Men's Christian Association, 316 Huntington Avenue, Boston. The demised premises consist of the physical education facilities of the Dorchester YMCA for use of students of the Dorchester High Annex, and also use of the swimming pool at the Roxbury YMCA by students of Boston Technical High.

The term of the lease will be from (approximately) October 15, 1975, through June 24, 1976, for the Dorchester YMCA, and through June 2, 1976, for the Roxbury YMCA.

The rental for the term will be based on hours of usage; 382 hours of use at Dorchester YMCA, at \$30 hourly, and 133 hours use at the Roxbury YMCA, at \$30 per hour. The total cost will be \$15,450, which will be payable in two equal installments of \$7,725 each.

Utilities and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director, for the Auditing Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 1,400 square feet of office space on the fifth floor of the building known and numbered 5 Doane Street, Boston, for use of the Field Auditing Section of the Auditing Department.

The term of the lease will be three months, beginning April 1, 1976, and ending June 30, 1976. The lessor grants the lessee three options to extend the term of this lease for consecutive twelve-month terms.

The monthly rental will be \$525, with the rental charge for this initial term not to exceed \$1,575.

Customary maintenance service, water, and heat will be supplied and paid for by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director, for the Penal Institutions Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,464 square feet of office space in rooms now or formerly numbered 614 through 624, inclusive, at the Old South Building, 294 Washington Street, Boston, Mass.

The initial term of the lease will be two and one-half months, beginning April 15, 1976, and terminating June 30, 1976. The lessor grants the lessee three options to extend this term for up to three consecutive twelve-month terms.

The monthly rental will be \$1,129.33, with the rental charge for this initial term not to exceed \$2,823.33.

Also included in this lease is a standard tax clause with a base year of Fiscal 1976.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

EMERGENCY REPAIRS

DEAR MR. MAYOR:

As the result of an extensive fire on September 22, 1975, at the Blackstone Square Elementary School in the South End of the City of Boston, considerable damage was caused to the structure then under construction.

Upon subsequent application to Judge Arthur W. Garrity for instructions for repairs of the structure in conformity with the requirements of the City of Boston Racial Imbalance Plan, this department was informed by the Corporation Counsel, pursuant to Judge Garrity's order to "undertake and cause to be performed such alterations, repairs, and renovations as the Director may deem advisable and necessary in and to the Blackstone Square Community School Facility without compliance by the City of Boston . . . with the provisions of Mass. General Laws, ch. 149, ss. 44A-L." A copy of that communication is attached for your information.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A, chapter 149, G. L., as it pertains to public advertising, providing we obtain prices from at least

three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this fire restoration work, I received contract proposals as follows:

Solimando Construction Co., Inc., \$652,820; Sciaba and Company, \$691,200; John Palumbo Company, \$714,200; Coronis Construction Co., Inc., \$728,000.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to Solimando Construction Co., Inc., 29 Cottage Avenue, Quincy, Mass. 02169, for an amount not to exceed \$652,820.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a recent vote of the Public Facilities Commission, I hereby request your Honor's written authority to dispense with public advertising, and to award a Phase I contract to Shepley Bulfinch Richardson and Abbott/Bayside School Associates, a joint venture consisting of (a) Shepley Bulfinch Richardson and Abbott, Inc., a Massachusetts corporation; and (b) Desmond & Lord, Inc., Lottero & Mason Associates, Inc., and Scorziello Associates, Inc., Massachusetts corporations associates in a joint venture, d/b/a Bayside School Associates, with offices at 1 Court Street, Boston, Mass.

Under the terms of the contract, Shepley Bulfinch Richardson and Abbott/Bayside School Associates will prepare preliminary designs, design development drawings, basic outline specifications, and construction cost estimates for use in the construction of an occupational resource/arts resource center for public school purposes on land in the so-called "Madison Park" District of the City of Boston, at a cost for such services not to exceed \$759,250 (including \$208,000 for Supplementary Services). For your Honor's further information, the cost of services was computed by taking the now estimated cost of construction of \$22,500,000, and multiplying it by the negotiated fee rate of 4.9 percent, resulting in a fee of \$1,102,500, times 50 percent for Phase I (including necessary design and additional engineering work for multiple, or out of phase, construction contracts), which equals \$551,250.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

SCHOOL DEPARTMENT

THEATER ARTS SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Super-

intendents, I request your authorization for the award of a contract, without public advertising, to Stage I, Tremont Street, Boston, Mass., for fifteen weeks, during the period March 1976, through June 30, 1976, at a not to exceed \$6,184.

The contractor shall provide theater performances for the entire student body of the Mackey School, and conduct two seven-week sessions, meeting biweekly two hours per week, for forty students of the school.

Because of Stage I's past success conducting such a program for the M Luther King School and the P Hernandez School, the various professional resources of Stage I, and the convenience of the Center for the Performing Arts location, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed out an appropriation under the provision of G. L., c. 44, s. 53A, and is to be subject to the receipt of funds grant from chapter 636, section 1, approved project No. 6-23.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TEACHER CONSULTANTS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Nancy Singa, functioning as a consulting diagnostic resource teacher for the John W. Cormack Middle School Diagnostic Resource Program, during the period March 15, 1976, through June 30, 1976, at a cost not to exceed \$6,748.20.

The contractor shall provide diagnostic resource services including assessment of student skill levels in academic areas of math, reading, language skills, and provide innovative teaching techniques and strategies to teachers; and transfer diagnostic information into usable classroom techniques for teachers.

This will be a full-time position, sixty-nine days at seven and one-half hours per day, at the rate of \$97.50 per day.

Because of the professional nature of the services to be provided under contract and the expertise of the contractor in providing such services, the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Funds are available for these services under chapter 636, section 1, (M548).

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Super-

students, I request your authorization for the award of a contract to Valerie Wood, for consultation to the English High, during the period March 18, 1976, through June 18, 1976, at a cost not to exceed \$4,425.

The contractor shall (1) Teach voice and speech classes; (2) develop voice and speech curriculum; (3) coach music students in voice; (4) consult with administration on performing art curriculum.

Because of the special nature of the subject matter, and the fact that Valerie Wood was chosen by an advisory board of parents, students, administrators, and college officials as the best candidate for the position, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Ms. Norwood is a professional singer and actress as well as a director and dancer with more than twenty-five roles to her credit. She has had eleven years of voice training and received an MFA in Theatre Education from Boston University in 1975.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is made subject to the receipt of funds under grant from chapter 636, section 1, line item, Personnel Voice/Speech Teacher.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Charles Stransky, for consultation to the English High, during the period March 18, 1976, through June 18, 1976, at a cost not to exceed \$4,425.

The contractor shall (1) Teach acting classes; (2) develop an acting curriculum; (3) direct rehearsals and performances of dramatic projects; (4) consult with administration on performing arts curriculum.

Because of the special nature of the subject matter, and the fact that Charles Stransky was chosen by an advisory board of parents, students, administrators, and college officials, and is the best candidate for the position, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids. Mr. Stransky is a professional actor and director with off-Broadway and TV experience in addition to his varied acting experiences, which include starting a dramatics program for inmates at the Vienna Correctional Institute in Illinois.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is made subject to the receipt of funds under grant from chapter 636,

section 1, 6-14. Line item, Personnel Acting Teacher.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Len Schnabel, for consultation to the English High, during the period March 18, 1976, through June 18, 1976, at a cost not to exceed \$4,425.

The contractor shall (1) Teach technical theater classes; (2) develop a technical theater curriculum; (3) inventory and order theater supplies; (4) maintenance of theater facilities; (5) consult with administration on performing arts curriculum.

Because of the special nature of the subject matter, and the fact that Len Schnabel was chosen by an advisory board of parents, students, administrators, and college officials as best candidate for the position, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Mr. Schnabel has been resident designer and technical director of the Pocket Mime theater from 1972 to the present; was theater design consultant for Newton public schools; was designer and technical director for the Boston University production of "The White Whore and the Bit Player" in 1973; was instrumental in the arts program, sponsored by the Boston Symphony Orchestra in conjunction with the Boston public schools, 1, 75-1976.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, 6-14. Line item, Personnel Technical Theater Teacher.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Judy Williams, for consultation to the English High, during the period March 18, 1976, through June 18, 1976, at a cost not to exceed \$4,425.

The contractor shall (1) Teach modern dance classes; (2) teach jazz dance classes; (3) develop a dance curriculum; (4) consult with administration on performing arts curriculum.

Because of the special nature of the subject matter and the fact that Judy Williams was chosen by an advisory committee of parents, students, administrators, and college officials as the best

candidate for the position, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Ms. Williams has extensive experience in dance. She founded the Project Performing Youth. In addition she taught and ran the Boston Center of the Arts Movement Laboratory.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and it is to be made subject to the receipt of funds under grant from chapter 636, section 1, 6-14. Line item, Personnel Dance Teacher.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Margaret E. McBreen, as a consultant to the McCormack Middle School.

The contractor shall function as consulting diagnostic resource teacher and provide services, including assessment of student skill levels in academic areas of math, reading, language skills, etc.; provide innovative teaching technique and strategies to teachers; and translate diagnostic information into usable classroom techniques for teachers. This position will extend from March 15, 1976, through June 30, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Funds for the consultant services are available under c. 636, s. 1, Project 6-32G (MS548).

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Boston University, for seven months during the period December, 1974, through June 20, 1975, at a cost not to exceed \$5,500.

The contractor will provide (1) supportive assistance to the Hyde Park High School Guidance Department; (2) individual counseling to those students whose behavior and school attitude reveals personal difficulty with the desegregation process; (3) an evaluation relative to adjunct services upon the termination of this program.

Because of the particular nature of the services to be provided and the particular resources available through Boston University, it is the determination of the

School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44 s. 55A, and is to be made subject to the receipt of funds under a grant from chapter 636, section 1, Project S-40 of the Equal Educational Improvement Fund for Boston under the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

COORDINATING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Geraldine E. Tilley, for implementing and coordinating the District VI Resource Center, during the period of April, 1976, through June 30, 1976, at a cost not to exceed \$3,677.05.

The contractor shall coordinate the District VI Resource Center with the responsibilities that will include overall administrator, supervising and training of staff in establishing and developing the District VI Resource Center. This will be a full-time position for thirteen weeks, five days a week, for eight hours per day.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such service, it is the determination of the School Committee that the public interest not be served by public advertisement for bids.

Funds for the consultant services are available under chapter 636, section 1, 6-32F (M547).

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Bridget Porter, for services rendered under chapter 636, section 1, Project No. 6-1, during the period March 11, 1976, through December 31, 1976, at a cost not to exceed \$9,116.

The contractor shall aid the Learning Center coordinator in the supervising of the center. This person will orient students to programs, initiate records, monitor work, maintain neat and properly equipped carrels, keep order and discipline, review student test performance, and select and complete projects necessary for center administration.

Because of the professional nature of the services to be provided under this

contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project No. 6-1.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Kenneth Irwin, for services rendered under chapter 636, section 1, Project No. 6-1, during the period March 11, 1976, through December 31, 1976, at a cost not to exceed \$10,290.

The contractor shall assume responsibility for administering and supervising the self-instructional, self-paced print and nonprint learning sequence offered to students on a developmental, supplemental, and enrichment basis, as coordinator of the Charlestown High School Learning Center.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project No. 6-1.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract to Charles Collins, 250 Brattle Street, Cambridge, Mass. 02138, without public advertising, to participate in the development of educational programs at Roxbury High School, during the period of March 1, through June 30, 1976, at a cost not to exceed \$2,000.

Mr. Collins will be the Coordinator of the Career Education Program. His responsibilities are as follows:

1. To direct the overall coordination of all activities of the various task forces in the Career Education Program.

2. To assist in the formulation of the design, implementation, and evaluation of program activities in collaboration with the faculty and administration of Roxbury High School.

3. To build effective communication channels among the institutions involved (Roxbury High, Children's Hospital Com-

plex, State Street Bank, and Harvard University).

Because of the professional nature of the services to be provided under contract and the expertise of the contractor in providing such services, the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of General Laws, c. 44, s. 53A, and is to be made subject to the receipt of funds under the grant from chapter 636, section 1, Project No. 6-18.

Very truly yours,
EDWARD J. WINTER,
Secretary.

LANGUAGE PROGRAM SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Antioch College/Institute of Open Education, during the period from April 1, 1976, through October 31, 1976, at a cost not to exceed \$34,900.

The contractor shall work with teachers, administrators, aides, and parents of Martin Luther King School to implement the planning work done during phase one of the pairing to provide the King School with a language arts magnet program. The contractor shall provide course materials to King staff members and parents to increase their expertise in the language arts as well as special activities in bilingual education and curriculum development. The contractor shall work with the staff in purchasing of reading instructional materials and equipment for the school in the language arts area.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project No. 6-19, Approved Project Number MS-38 (continuation of 6-19).

Very truly yours,
EDWARD J. WINTER,
Secretary.

CAMP ACTIVITIES PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Human Environment Institute for coordination of chapter 636 project, and for development of a series of movement and adventure activities to be conducted in a residential program at Sargent Camp, during

March 29, 1976, through April 2, 1976 at a cost not to exceed \$3,870.

The contractor shall provide the following services: (a) two heated dormitories for boys, one for girls; (b) heated living facilities and meeting facilities; (c) ropes course; (d) meals Monday through Friday noon, inclusive; (e) all-to-student ratio of approximately 8 (f) the trails and other general facilities at Sargent Camp, including the Marsh Science Laboratory and Adventure Lodge; (g) specific program for Friday noon through Friday noon.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant number 636, section 1, Project 6-29A.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ANIMAL LIFE COURSE

DEAR MR. MAYOR:
On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Animal Rescue League, 10 Chandler Street, Boston, Massachusetts, for the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$6,700.

The contractor shall provide an animal life course consisting of six units encompassing lectures, demonstrations, field trips, and a week-long study at a field station. This program is for thirty eighth-grade biology students, meeting twice weekly for one and one-half hours per week.

Because of the Animal Rescue League's performance, the professional nature of the services to be provided under the contract, and the expertise of the Animal Rescue League in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant number 636, section 3, state approved Project No. 6-23.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PIANO MOVING

DEAR MR. MAYOR:
As Director of the Department of Music Education, Boston Public Schools, I respectfully request your authorization for the attached contract to C. Walsh Movers, for emergency services rendered by the department in moving pianos from schools closed by the Phase II federal

court order during the summer of 1975.

In that we had no previous indication that schools would be closed and in that we had to move the pianos under emergency conditions in order to prevent vandalism and destruction to them, and also in that Walsh Movers was already in the process of moving other equipment from the schools affected, I felt that the pianos were usable in other schools and should be moved immediately to prevent having them left in an unattended building thereby subject to theft and/or damage.

The pianos were moved and stored by C. Walsh Movers and have since been reassigned to other school buildings.

In that there was no time for requesting bids to move the pianos, I request your authorization for awarding the contract without public advertising.

Very truly yours,
PETER C. SIRAGUSA, *Director.*
Department of Music Education.

ARTS PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract to Cooperative Artists Institute of Music and Art Development, Inc., without public advertising, to participate in the development of a unified arts program at the J. M. Curley School, during the period of February 1, 1976, to May 31, 1976, at a cost not to exceed \$9,272.68.

The contractor shall enhance and expand the multicultural program being implemented in the school and help fulfill the need for a program in music and the performing arts.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of General Laws, c. 44, s. 53A, and is to be made subject to the receipt of funds under grant number 636, section 1, Project 6-34.

Very truly yours,
EDWARD J. WINTER,
Secretary.

REMEDIAL PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Urban Learning Center at Boston State College for ten months, during the period October 1, 1975, through June 30, 1976, at a cost not to exceed \$35,500.

The contractor will provide an individualized remedial and developmental program for disadvantaged students attending the Boston, Revere, Malden,

Somerville, Watertown, Cambridge, and Quincy schools.

Because of the particular nature of the services to be provided and the resources available through the Urban Learning Center at Boston State College as mandated by the U. S. Federal District Court on May 10, 1975, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under a grant from chapter 636, section 8, subsection 37J of the Equal Educational Improvement Fund for Boston under the Acts of 1974, state approved Project 6-41, as indicated in the Department of Education publication dated October 28, 1975.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PROJECT EVALUATION

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendations of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising to Heuristics Incorporated, for the evaluation of the activities of the mini-grant component of the ESAA project, during the project period of February 26, through June 29, 1976, at a cost not to exceed \$10,800.

The contractor shall conduct the evaluation of this ESAA component by completing the following tasks: (1) operationalize objectives as necessary; (2) make necessary modifications in the evaluation design; (3) develop and select appropriate instruments; (4) collect data through observation, interviews, questionnaires, and tests of a random sample of mini-grants; (5) analyze data; (6) write one interim report (at a specified point during project activities, four copies to be sent to the Evaluation Coordinator); (7) write final reports and executive summaries; and (8) hold periodic feedback sessions as needed and requested by evaluation staff.

Because of the most recent award of the mini-grant projects, the fact that project activities have begun, and the short time period in which the activities of these projects will be terminated — June 29, 1976 — it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EDUCATIONAL MATERIALS

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the Harper & Row Publishing, Inc., for the purchase of books and

other educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
JAMES J. O'KEEFE,
Deputy Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the McGraw Hill Book Company, for the purchase of books and other educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to Patrick Rinaldo, for the purchase of books and educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the Charles E. Merrill Publishing Company, for the purchase of books and educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to Barnell Loft, Ltd., for the purchase of books and other educational materials, for the period July 1, 1975, through June 30, 1976.

Very truly yours,
LEO J. BURKE,
Business Manager.

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Francis J. DiMento and James J. Sullivan, Attorneys-at-Law, 100 State Street, Boston, Mass., the following two amendments to a contract for legal representation in matters relating to civil proceedings involving racial imbalance and desegregation:

1. Striking out in Article 2 the words and figures \$225,000 (two hundred twenty-five thousand dollars) and inserting in place thereof the words and figures

\$250,000 (two hundred fifty thousand dollars).

2. All terms and conditions of said contract, except as hereby altered, amended, enlarged, lessened, modified, revised, or otherwise changed and except insofar as inconsistent with the purposes of this instrument of amendment, shall remain in full force and effect.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, and due to the experience and past performance of Messrs. DiMento and Sullivan in matters relating to civil proceedings involving racial imbalance and desegregation, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,
EDWARD J. WINTER,
Secretary.

YOUTH ACTIVITIES COMMISSION

FAMILY COUNSELING PROGRAM

DEAR MAYOR WHITE:

As executive director of the Youth Activities Commission, I hereby request your permission to dispense with public advertising in connection with the award of a contract to the Massachusetts Department of Public Welfare. The total cost to the City of Boston under this contract will be \$100,000. The contract will begin July 1, 1976, and will continue in force through a date no later than June 30, 1977.

The purpose of the contract is to provide a mechanism, whereby the city can contribute one-fourth the cost of a Family Counseling Program for individuals falling under eligibility requirements established by the Department of Public Welfare. The Commonwealth of Massachusetts, through the Welfare Department, will contribute three-fourths of the cost of the program. The city is required, however, to make payment to the Commonwealth of our donation before the Commonwealth makes available the entire amount for the program. This is a donated funds grant under Title XX of the Social Security Act.

Public advertising for this contract would serve no useful purpose since the Commonwealth, through the Department of Public Welfare, is the sole administrator of the Title XX funds.

No informal bids have been received from other contractors, since the informal bidding process does not apply here.

Sincerely,
DONALD B. MANSON,
Executive Director.

SUFFOLK COUNTY
District Attorney's Office
RECORDING DEVICES

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Equipment Sales Co., Inc., 6 Cambridge St., Chelmsford, Mass. 01824, in an amount not to exceed \$2,300. The con-

tract is to be performed before April 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to conduct an investigation and prosecution unit concerning organized criminal activity. In the course of performance of their duties, my office may employ electronic surveillance techniques pursuant to state and federal law.

Equipment Sales Co., Inc. is the registered distributor for Nagra Magnetic Recording Co., Inc., 19 West 44th Street, New York, N.Y. Nagra is the leading producer of recording devices for commercial government use.

Because the recording device that we intend to purchase will be utilized by agents while in an undercover capacity, it is essential that the device be of the highest quality. Nagra Magnetic Recorders, Inc. is the only vendor whom a recording device of such quality may be purchased. This is evidenced by the near universal use of this recording device by federal and state law enforcement agencies.

Furthermore, as stated previously, equipment to be purchased will be primarily utilized by project police and others when they are in an undercover capacity. Publicly advertising the specifications of the surveillance equipment could cause a substantial risk to the being of the above individuals.

For the above reasons, I respectfully state that public advertising would be no useful or practical purpose.

Sincerely,
GARRETT H. BYRNE,
District Attorney

Superior Court, Civil Business
FOLDERS

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and award to Ames Color-File Corporation of 21 Properzi, Somerville, Mass., a contract to supply this office with the specially designed flat filing expansion tab folders and appellate clasp folders.

The cost of these folders will be approximately \$10,000 and we find that Ames Color-File Corporation has the most to offer in terms of efficiency and frugality. Inasmuch as this vendor is the largest manufacturer and supplier of folders in the Commonwealth, most other vendors in this area find it necessary to do business with Ames and by our dealing directly with them we are able to obtain the lowest possible price on the specially designed file folders we require.

In view of the above information

my opinion that public advertising would
be no useful purpose.

Very truly yours,
THOMAS DORGAN
Clerk.

CONTRACTS AMENDED

The Mayor has approved the amend-
ment of contracts, based on the follow-
ing information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division
LAMPS

DEAR MR. MAYOR:

On January 19, 1976, your Honor
approved a permission to award contracts
to two companies for furnishing in-
candescent and fluorescent lamps to
various city departments as a result of
publicly opened bids of October 22, 1975.
Award was made on Item 4 for \$15,000
for 1000 of long life fluorescent lamps. The
lowest responsible and eligible bidder on
Item 4 was Factory Supply, Inc.

It is now requested that permission be
granted me to award Item 4 to Factory
Supply, Inc., and to amend my letter
dated January 19, 1976, and approved
by your Honor on the same date, to
include this item in the proposed contract.
Approximate total amount of proposed
contract will now be \$20,000, less 2 per-
cent discount, time of payment.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

OFFICE OF COMMUNITY DEVELOPMENT COMMUNITY PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to
amend a current contract, in the amount
of \$33,835, and effective June 1, 1975, to
March 31, 1976, with For Individuals
Covering Sound Thinking, Inc., a non-
profit corporation, located at 167 Centre
Street, Roxbury, Mass.

Under the terms of the amendment
agreement, the original contract amount
will be amended to an amount not to
exceed \$44,835, an increment of \$11,000,
and the original period of performance
will be extended from April 1, 1976, to
June 30, 1976. Due to unanticipated
delays in beginning second-year program
activity, the additional funding allowance
and extension of time are necessary to
continue service delivery in the interim
until the original contract is renewed in
the second year. Payment for this amend-
ment to the contract will be made from
the Community Development Block
Grant.

In view of the imminent contract
termination date and in the interest of
uninterrupted program delivery to the
community, I recommend that F.I.R.S.T.,
Inc. be permitted to continue its present
services with supplemental operating
funds through June 30, 1976.

Sincerely,
DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to
amend a current contract, in the amount
of \$30,000, effective September 1, 1975,
to March 31, 1976, with the New England
Hospital, d/b/a Dimock Community
Health Center, a nonprofit corporation,
located at 55 Dimock Street, Roxbury,
Mass.

Under the terms of the amendment
agreement, the original contract amount
will be amended to an amount not to
exceed \$45,000, an increment of \$15,000,
and the original period of performance
will be extended from April 1, 1976, to
June 30, 1976. Due to unanticipated
delays in beginning second-year program
activity, the additional funding allowance
and extension of time are necessary to
continue service delivery in the interim
until the original contract is renewed in
the second year. Payment for this
amendment to the contract will be made
from the Community Development Block
Grant.

In view of the imminent contract
termination date and in the interest of
uninterrupted program delivery to the
community, I recommend that the New
England Hospital, d/b/a Dimock Com-
munity Health Center, be permitted to
continue its present services with supple-
mental operating funds through June 30,
1976.

Sincerely,
DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to
amend a current contract, in the amount
of \$55,535, effective June 1, 1975, to
March 31, 1976, with the Council of
Elders, Inc., a nonprofit corporation,
located at 280 Martin Luther King
Boulevard, Roxbury, Mass.

Under the terms of the amendment
agreement, the original contract amount
will be amended to an amount not to
exceed \$72,535, an increment of \$17,000,
and the original period of performance
will be extended from April 1, 1976, to
June 30, 1976. Due to unanticipated
delays in beginning second-year program
activity, the additional funding allowance
and extension of time are necessary to
continue service delivery in the interim
until the original contract is renewed in
the second year. Payment for this
amendment to the contract will be made
from the Community Development Block
Grant.

In view of the imminent contract
termination date and in the interest of
uninterrupted program delivery to the
community, I recommend that the Council
of Elders, Inc. be permitted to continue
its present services with supplemental
operating funds through June 30, 1976.

Sincerely,
DAVID STROHM,
Director.

PUBLIC FACILITIES DEPARTMENT

RENTAL OF SPACE

DEAR MR. MAYOR:

On February 27, 1976, your Honor
approved my written request dated Feb-
ruary 10, 1976, to amend my letter dated
November 6, 1975, and approved by your
Honor on November 24, 1975, to dispense
with public advertising in entering into
an agreement with the University of
Massachusetts, under MGL, chapter 75,
for the use of space at the university
facility at 100 Arlington Street, Boston,
by students of Madison Park High
School.

Your approval of the amended letter
contained an error as to the total liability
of the City of Boston for the use of space
at this facility. I, therefore, wish to fur-
ther amend your approvals as follows:

In your original approval dated Novem-
ber 24, 1975, by deleting in its entirety
the sixth paragraph.

In your amended approval dated Feb-
ruary 27, 1976, by deleting in its entirety
the fourth and fifth paragraphs.

By substituting a new sixth paragraph
as follows:

No charge for rental as such will be
made but the university has requested
that we reimburse it for the utilities and
services supplied. The monthly charge
for these services will be \$30,000 for four
months for a total of \$120,000; and
\$25,000 for six months for a total of
\$150,000, with the total cost for our
period of occupancy not to exceed
\$270,000.

Except for these changes, your Honor's
approval of both communications remains
in effect.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

MAINTENANCE FACILITY DESIGN

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facili-
ties Commission on March 11, 1976, I
hereby request your Honor's written au-
thority to dispense with public advertising
in entering into an agreement with John
Carl Warnecke and Associates, architects,
a California corporation, licensed to do
business in Massachusetts, with offices at
745 Fifth Avenue, New York, New York,
amending a contract between the City of
Boston and John Carl Warnecke, dated
April 21, 1972, approved by the Mayor
on May 30, 1972, as amended May 13,
1974, and approved by the Mayor June
6, 1974, as further amended September
17, 1975, providing for the preparation of
working drawings, detailed specifications
and construction cost estimates for, and
the supervision of construction of, a cen-
tral maintenance facility for the Public
Works Department in the South Boston
district of the City of Boston, so as to
further increase the amount authorized
for expenditure for supplementary ser-
vices under the contract, in the amount
of \$44,400. This amendment will cover

the cost increase necessary for the architect to meet requirements of the new state Building Code, unusual costs due to construction over the Fort Point Channel box conduit (requiring before and after closed circuit video tape of the conduit), and having the initial budget for inspection on the project set too low in relation to that which has been required.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all the parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

ALTERATIONS AND RENOVATIONS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 11, 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Stull Associates, architects, of 431 Marlborough Street, Boston, Mass., amending a contract between the City of Boston and Stull Associates, dated July 28, 1975, providing for architectural and engineering services in the preparation of plans, detailed specifications, and construction cost estimates for, and supervision of the construction of, alterations and renovations for the historical preservation of the Dillaway Thomas House, 183 Roxbury Street, in the Roxbury District of the City of Boston, so as to increase the amount authorized for expenditure under the contract (due to an increase in the project program) by \$8,985.

Subsequent to the approval and award of this contract, additional funding was made available to increase the scope of work to be performed. This has resulted in a now estimated cost of construction of \$134,000 (an increase of \$67,000), which, at 13.455 percent (1967 A.I.A. "C" rate, plus 3 percent for alterations and renovations), gives a new fee of \$18,030, plus \$3,500 for supplementary services, \$21,530, an increase of \$8,985.

Due to provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all the parties thereto including the Mayor and contract surety on the performance bonds it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

PUBLIC WORKS DEPARTMENT

PUMP REPAIRS

DEAR MR. MAYOR:

At the present time, the City of Boston has a contract for making repairs on existing mechanical equipment at sewage

pumping stations, with the following contractor:

Tower Contracting Corporation, 645 Morrissey Boulevard, Boston, Mass.

The correct amount is \$21,465.

Due to a sudden unpredictable breakdown of the No. 6 pump at the Calf Pasture pumping station, it was necessary to make immediate repairs to restore this unit to operable condition.

Your approval is respectfully requested to amend this contract with an additional amount not to exceed \$11,500.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

SCHOOL DEPARTMENT

SERVICES TO CHILDREN

DEAR MR. MAYOR:

This letter is to amend the previous award letter, dated February 3, 1976, and approved by you on March 1, 1976. This action is necessitated due to a clerical error in dates of services.

The dates, as corrected on the original award letter, are for services rendered to children of the Boston Public Schools, by the Boston Symphony Orchestra between October 15, 1975, and June 30, 1976, at a cost not to exceed \$55,000. Funds are to be expended from chapter 636, section 8, Project No. 9.

All other information in the original letter remains the same and is as originally contracted and so stated.

Very truly yours,

EDWARD J. WINTER,
Secretary.

ALARM SYSTEMS

DEAR MR. MAYOR:

I request your approval of my action to amend the contract with the Sullivan and McLaughlin Electrical Contractors, Inc., 1224 Dorchester Avenue, Dorchester, Mass., for installation of intrusion alarm systems in various schools, advertised May 5, 1975, from \$229,936 to \$240,854. You did approve of my action in awarding the contract on June 11, 1975.

This amendment becomes necessary because of additional work not included in the original contract.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

TRANSPORTATION OF CHILDREN

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 13, 1975, awarding a contract to Lexington Taxi Company, Inc., for furnishing transportation by motor carriage within the City of Boston for school-age children with special needs, and other school-age children for Boston Public Schools, subsequent to public advertising.

The amount of the contract for the first year (1975-1976) was \$1,000,000. Inasmuch as costs have increased due to orders issued by the court in *Morgan v. McDonough*, 75-911-G (D. Mass.) shall be amended: \$1,750,000.

Contract for Lexington Taxi Company, Inc., \$1,750,000.

Very truly yours,

LEO J. BURKE,
Business Manager

SUFFOLK COUNTY

Municipal Court, City of Boston

COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your written authority to amend Contract No. 1 previously awarded to Xerox Corporation in the amount of \$3,000, for maintenance and rental of Xerox copying machine during the period of July 1, 1975, to July 30, 1976.

The amended contract covers an increase of \$2,000 to the agreement. The cost of the machine for the remainder of the agreement period will exceed the present budgetary allowance of \$3, therefore, this requested increase is necessary in order that we may be able to meet our requirements under the new D. Mun. Court Rules of Civil Procedure.

Very truly yours,

JOHN E. HURLEY,
Clerk

One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$4,500. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

Bid Forms and Contract Documents

All general bids must be submitted on the forms obtained from the Awarding Authority. Any general bid not submitted on the proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Wednesday, July 21, 1976, at the office of the Awarding Authority, upon deposit of certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on and after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders) and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions. No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 070-102 will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until two o'clock (2 P.M.) on August 3, 1976. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: SITE WORK, CHARLESTOWN YARD, SOMERVILLE AND BOSTON, MASSACHUSETTS. This work includes demolition of a building, and removal of yard tracks, placing full depth pavement in part of the yard; curbing and sidewalks; new drainage systems, including catch basins and manholes; chain link fencing; and site lighting, including related electrical and structural work.

This contract is subject to a financial assistance contract between the MBTA and the UMTA of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$10. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of five dollars (\$5), payable by a separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Any person may purchase copies of the plans and specifications for information purposes only, upon payment of the required charge.

Complete information and authorization to view the site may be obtained from the office of the Project Manager, Mr. F. M. Keville (Tel. No. 722-5187).

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in

response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of twenty-three thousand dollars (\$23,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

Historic Buildings: Operation Restoration

Faneuil Hall Marketplace is being redeveloped as a contemporary urban marketplace in downtown Boston.

Three historic buildings — Quincy, North and South Markets — built in 1826 as extensions of Boston's original Faneuil Hall Market, are being restored for new retail and office use.

Leases are being offered for shops of all varieties, restaurants, entertainment places, and offices. In total 225,000 square feet of retail space and 140,000 square feet of office space will be occupied by more than 200 individual tenants.

Quincy Market, the center building, contains 80,000 square feet on three levels.

— The sidewalk level, a split level of half cellars and enclosed sidewalks fronting on both sides of the building, will feature a mixture of food and food-related merchandising — cafes, produce stands, gourmet items, wines, flowers, pots, baskets, cutlery, and all things related to the cooking, serving, and eating of good food.

— The colonnade level, an interior street with small stalls on both sides of its 500-foot length, will be entirely devoted to its historic food market use, with a wide selection of food for on-site and off-site consumption. Basic meat, cheese, and produce will be complemented by domestic and foreign specialties.

— The upper level of the building centers on a magnificent rotunda which will be used for public events. To one side of the rotunda is a gallery pres-

ently occupied by the Boston 200 Bicentennial Exhibit, "The Revolution . . . Where It all Began." To the other side of the rotunda will be two first-quality restaurants.

North and South Market Buildings contain 120,000 square feet and 160,000 square feet respectively, each on six levels including basement levels.

— The lower three levels of each building will be leased for retail use. The upper three levels will be leased for office use.

— The retail shops, stores, and restaurants, each relatively small and each of distinctive character, will together offer a complete variety of goods and services. Quality apparel and accessories for men and women, crafts and imports, home furnishings, art galleries, sporting goods, and other merchandise will be uniquely presented to the entire New England trading area. At least four first-quality

restaurants will highlight lively, nighttime activities.

— The office space will be divided into a wide selection of size, layouts, and configurations. The landmark, quality, and ambience of the buildings will be combined with every modern facility and convenience. Location of the buildings for office use is ideally set at the juncture of the financial district, government center, the waterfront, and the attendant shopping area.

Streets separating the three buildings will be landscaped pedestrian ways, with brick and cobblestone paving, kiosks, pushcart vendors, and changing promotional daytime and nighttime activities and attractions. Focal point of the sidewalk scene will be the Market's colorful flower vendors, operating twenty-four hours a day, all year round, in elegant new greenhouse kiosks.

DEVELOPER

Faneuil Hall Marketplace, Inc., a wholly owned subsidiary of The Rouse Company, Columbia, Maryland, is developing the Marketplace. Subsidiaries of The Rouse Company have developed almost 15 million square feet of high quality retail space in the United States and Canada, together with over 1 million square feet of specialty office space and the new city of Columbia, Maryland.

Before joining project, Carol was with the Boston Redevelopment Authority and Boston Landmarks Commission as a preservation planner.

In addition, Deborah R. Hanley has joined the Marketplace as director of marketing. Her responsibilities are in advertising and promotional development of the markets. Previous to the appointment, Ms. Hanley was project coordinator on the "Where's Boston" exhibit for the Boston 200, and has been associated with Arnold Compagnon and Chirurg and Cairns advertising agencies.

FRANCIS M. MASURET CITY COUNCIL AIDE

City Hall employees were saddened July 12, when informed of the death of Francis M. Masuret, seventy, of West Roxbury.

Mr. Masuret was a Boston Police Officer for twenty-four years prior to his becoming Assistant Clerk of Committees, 1964, for the Boston City Council.

He was an honorary member of the Old Dorchester Post of the American Legion and a former member of the Knights of Columbus in Dorchester. Hundreds of friends, fellow workers, and dignitaries attended a celebration in Mass for Mr. Masuret on July 1 in St. Theresa of Avila Church, West Roxbury. He leaves a wife, Ruth C. (Murray); two sons, Francis M. Masuret, Jr., Milton, deputy administrative assistant to Superior Court Chief Justice Walter J. McLaughlin, and Robert R. Masuret of Weymouth, a detective lieutenant with the State Police; a daughter, Mrs. Michele Yarro of Bridgewater, and two brothers, Lawrence and Charles Masuret, both of West Roxbury.

Interment was in New Calvary Cemetery, Mattapan.

LANDMARKS COMMISSIONERS APPOINTED

The nine members of the newly established Boston Landmarks Commission and their alternates were sworn into office July 14 at the Parkman Center for Urban Affairs, creating for the first time, a permanent commission to provide a continuing, comprehensive, preservation program for the City of Boston.

The commission will be responsible for designating for various degrees of architectural regulation historic buildings, sites, and areas of the city that are of historic, aesthetic, architectural, or cultural value.

It will also have authority to review and approve physical changes to designated buildings, sites, or structures.

Comprised of nine members and nine alternates, the Landmarks Commission includes architects, landscape architects, architectural historians, and planners, as well as business and community representatives. Seven members and their alternates were chosen by Mayor John H. White from slates submitted by civic organizations. The other members and alternates were elected at large by the Mayor. All appointments were confirmed by the Boston City Council in June.

In welcoming the new commissioners, Boston Redevelopment Authority Director Robert T. Kenney observed, "Boston has a distinguished historic and architectural legacy that gives the city its character and adds to its desirability as a place to live, to work, and to visit. Maintaining this character is an important municipal responsibility."

Now with the appointment of the Landmarks Commission — who represent all Boston residents with a variety of concerns and expertise relating to the city and its buildings — there is finally the mechanism available to preserve buildings of significance throughout the city. "I am sure the Commission will play a crucial role in the city's preservation planning and development activities in the future."

In her remarks to the new Commission, Deputy Mayor Katharine D. Kane said, "The Boston Landmarks Commission reflects a new commitment on the part of the City of Boston to historic preservation and to two of its growing areas: neighborhood preservation and the reuse of older buildings."

She added, "The city recognizes that preservation is good for Boston. It stabilizes neighborhoods, increases the tax base, capitalizes on existing investments in utilities and services, provides labor-intensive construction jobs, and strengthens the city's position in its continuing competition with the suburbs as a place to work, shop, live, and visit."

Legislation to establish the Boston Landmarks Commission was first proposed by Mayor White in 1974. It was originally drafted by the Advisory Boston Landmarks Commission, which will be replaced by the new commission. The Landmarks Commission bill was voted into law by the state Legislature in December, 1975.

BRA Director Robert Kenney offered special thanks to the advisory body for its work in creating the legislation, to the Boston Redevelopment Authority, to Representative Barney Frank, and to the many people who worked on behalf of the legislation.

The responsibilities of the Landmarks Commission include the design of a comprehensive preservation plan and program; the development of criteria for reviewing historic buildings, sites, and areas; and recommendations for appropriate protective controls for these sites and areas.

To designate a landmark, the Mayor or any ten registered Boston voters, or a Landmarks Commission member must petition the commission to consider a designation. Public hearings must then be held by the Commission on each designation being considered. Final approval of both the Mayor and the City Council are necessary before designation can occur.

The preservation planning office of the BRA has been assigned to work with the Commission in con-

ducting studies relating to the designation of sites and areas in the city.

"URBAN WILDS" POSTER AVAILABLE

"Boston Urban Wilds," a full-color poster/guide to public natural areas in Boston, was published recently by the Boston Redevelopment Authority, according to BRA Director Robert T. Kenney.

Prepared by the BRA's landscape architecture staff, the poster shows a colorful illustrated map of Boston that is keyed to specific urban wilds locations throughout the city's neighborhoods. It gives a brief description of each site, plus suggestions about what to do there — hike, swim, climb rocks, etc. — and directions for getting there by MBTA.

Nearly fifty urban wilds are listed. They include natural parks and reservations, such as Chandler Pond in Brighton, Stony Brook Reservation in Hyde Park, and the Arnold Arboretum in Jamaica Plain; wetlands, such as Belle Isle Marsh in East Boston, and the Sawmill Marsh in West Roxbury; and beaches, such as Malibu in Dorchester, and Carson Beach in South Boston.

Also listed are "scenic views," such as those available from Wellington Hill in Mattapan, Mead Street in Charlestown, and Highland Park in Roxbury; and geological features, including "The Ledge" on Parker Hill, and Foster Street Rock in Brighton.

"These natural areas are a great resource to the people of Boston that many residents are not aware of," said Mr. Kenney. "They offer the opportunity to get out in the country right in the city."

So, as the poster suggests, "Some day soon, pack a picnic lunch and explore the natural splendors that Boston has to offer — right in its own backyard!"

The Boston Urban Wilds poster is designed to help you do just that. Copies are available, free of charge, at local Little City Halls and from the BRA Public Information Office in City Hall.

MORE TREE PLANTING FOR EAST BOSTON

An approved Community Development Block Grant from Boston's federal revenue sharing funds, the source of the money that paid for the planting of 400 trees in the Jeffries Point and Eagle Hill sections of East Boston last fall, "Will allow us to plant another 1,300 trees this October," said Alice Christopher, manager of East Boston's Little City Hall.

Although the requested \$300,000 grant fell short, surpluses in other budgets could possibly raise the \$25,000 balance. According to Ms. Christopher, "Everyone wants a tree in front of his house and that's good. You'd be surprised how many people have perked up their properties since the trees arrived."

MORE HELP FOR BUSINESS WOMEN

Women in business, or wanting to start a business, can get a variety of help from the United States Small Business Administration. Details on the types of assistance and where to get it are described in a new leaflet, "Women and the United States Small Business Administration," just issued by the agency.

Help includes financing, surety bond guarantees, training, counseling, guidance in obtaining government contracts, and certificates of competency. It also includes representation within the nation's small business community and with other government departments and the Congress that SBA keeps in close contact with in the course of its advocacy program.

"The leaflet is part of a major outreach effort to inform women's groups and to orient women in business, or interested in becoming business owners, of the assistance SBA offers," Talbot DeG. Bulkley, regional director of the Small Business Administration, said.

"SBA kicked off a national series of educational meetings for women with a pilot conference on "Women in Business," in Kansas City, Missouri, July 15," Mr. Bulkley continued. "This pilot conference is

designed to get more women into business and provide greater help to those already in business.

"Beginning in September, meetings will be scheduled in each SBA regional office city, to be followed by others in the respective district office locations. SBA has 102 offices throughout the country where small business people can get help. Copies of the leaflet and information on the "Women in Business" conferences are available in each of them.

NEW SECURITY FOR CITY HALL

In an attempt to end an epidemic of office equipment and personal property thefts in City Hall, Minute Man Security Services, Inc., of Wakefield, entering a low bid of \$73,489 against three other bidders, for a one-year contract, has been retained since July 1, to guard City Hall against such thefts.

Deputy Real Property Commissioner James W. Ronayne said:

"I feel we are getting on top of the problem of stealing. I haven't had reported to me anything that was taken from City Hall in the last few weeks. We've done a lot of tightening up and will do more.

"But stamping out stealing is a lot like trying to keep the building 100 percent clean. It's a hard job."

Mr. Ronayne, who has held the job three months, said the only recent thievery from a municipal building involved three calculators missing from the city Printing Section on North Street last month.

Besides trying to stamp out thievery, he will do other things to safeguard taxpayers' money, Mr. Ronayne said.

"When I put building repair jobs out to bid, if the law requires three bidders, I ask for more — sometimes eight or nine. And if I ever hear of bidding collusion among contractors or collusion between contractors and city building inspectors there is going to be trouble."

He did not rule out the possibility of an in-house security force for City Hall.

SUPERKIDS DON'T SMOK

Some kids think smoking is cool. Superkids know better.

Superkids in some Seattle schools wear red capes with a big yellow "S" on their chests. They love singing songs about being healthy and taking joy in their bodies. They celebrate the "fabulous five" senses and bemoan the effects of smoking on their eyes and lungs.

The singing superkids are kept deep in a special curriculum program in the Seattle school system sponsored by the American Lung Association under a contract with the federal government's Bureau of Health Education. Similar programs for the fourth through seventh grades are now in operation in 200 school districts under what is officially called the Elementary School Health Curriculum Project.

"Octopuff in Kumquat," an animated film made by the American Lung Association for young children, is a popular feature of the project. The film tells the story of an imaginary character, Octopuff, who introduces smoking to the village of Kumquat. The resulting smoking plague and pollution is combatted and reversed by the village children.

To combat the trend of smoking at a young age, child-centered smoking programs — which encourage children to value their bodies and health — are a major emphasis of the American Lung Association of Boston. A curriculum "kit" for kindergarten through third grade has been developed for use by local schools. The six units are entitled: I Like Myself; I Want Good Health; Personal Responsibility for Health; Awareness of Lungs; Smoking is Stupid; Family and Community Involvement.

To find out more about this child-centered program and other educational services, contact the American Lung Association of Boston. It's a matter of life and breath.

When love will have more attention than hate, then peace will prevail over war; justice over injustice; sanity over insanity.

FEMINIST ART SHOW

feminist art show sponsored by the Mayor's Office of Cultural Affairs will be on exhibition in the Cononia Gallery, fifth floor, in City Hall. The opening date for this exceptional event will be August 3. Leading the committee for the exhibit are: Romana Barth, Gail Bran, and the Reverend Randall Gibson.

FIRE DEPARTMENT ORDERS

June 30.

General Order No. 32

I. RETIREMENTS

The following retirement, in accordance with the provisions of section 5, chapter 32, becomes effective at the close of business June 30, 1976:

Executive Secretary Rosemary L. Griffin, Headquarters Division.

The following retirements, in accordance with the provisions indicated, will become effective at 0800, July 1, 1976:

Lt. Vincent P. McBrine, Fire Prevention Division, section 5, chapter 32, G.L.

Fire Fighter Louis A. Pepper, Engine Company 54, section 5, chapter 32, G.L.

Fire Fighter Robert P. Campbell, Ladder Company 6, sections 7, 94A, chapter 32, G.L.

Executive Secretary Griffin was appointed to the department September 30, 1942, and promoted to executive secretary July 10, 1949. Lieut. McBrine was appointed October 16, 1940, and promoted to lieutenant June 15, 1949. Fire Fighter Pepper was appointed September 1, 1943. Fire Fighter Campbell was appointed April 7, 1948.

All of these members leave the department with the best wishes of their associates.

II. ASSIGNMENT OF FIRE FIGHTERS ON PROBATION

The following have been appointed as fire fighters on probation at 0800, June 30, 1976:

George S. Pearl, Ladder Company 9.

Alfred E. Sheffield, Engine Company 51.

Stephen N. Calloway, Engine Company 14.

The following provisional fire fighters have been appointed fire fighters on probation at 0800, June 30, 1976:

Fire Fighter Robert F. Campbell, from Engine Company 40, to Engine Company 1.

Fire Fighter John J. O'Brien, from Ladder Company 23, to Engine Company 20.

IV. COMMENDATIONS

Fire Fighter Walter Kabachus of Ladder Company 31 was driving home from completing his night tour of duty of 0806 hours, June 13, 1976. He detected smoke issuing from a house at 281 Neponset Avenue and saw several elderly people and small children in a dazed condition emerging from the house.

He immediately sent one of them to Engine 20 and Ladder 27 to notify them of the fire. Meanwhile he made sure all people had been evacuated from the building and proceeded to operate a small garden hose on the fire, holding it in check until the arrival of apparatus.

The Acting Fire Commissioner is pleased to commend Fire Fighter Kabachus for his alert and quick action which probably averted a serious fire at this location.

While returning from Box 3614 at 2037 hours, June 24, 1976, Engine 52 and Ladder 29 were notified of a possible drowning in Scarborough Pond in Franklin Park. Rescue 2 and District 12 responded.

Members were informed a young boy was in the water, and immediately set up lights and proceeded fully clothed into the water. They formed a chain and started a systematic search of the bottom. After twenty-five minutes they recovered the victim. Rescue 2 and A-19 attempted resuscitation and removed him to the Boston City Hospital.

The Acting Fire Commissioner is pleased to commend members of Engine 52, Ladder 29, and Rescue 2 for their efficient and dedicated service to the public.

July 7.

General Order No. 33

Fire Fighter O'Keefe was appointed to the department October 31, 1945. Fire Fighter Denault was appointed March 5, 1952. Fire Fighter Hayward was appointed January 21, 1948. All of these members leave the department with the best wishes of their associates.

II. ASSIGNMENT OF FIRE FIGHTERS ON PROBATION

The following have been appointed as fire fighters on probation at 0800, July 7, 1976:

Kirk Johnson, Jr., Engine Company 16.

Raymond E. Moss, Jr., Engine Company 33.

Albert J. Peters, Ladder Company 6.

The following provisional fire fighters have been appointed fire fighters on probation at 0800, July 7, 1976:

John J. Evans, Engine Company 14.

Thomas J. McDuff, Aerial Tower No. 1.

Paul F. Sears, Engine Company 33.

III. STREETS ESTABLISHED

The following streets have been established:

Faneuil Hall Marketplace, Boston Proper — on the southerly side of Faneuil Hall from Merchants Row approximately 150 feet westerly (formerly Faneuil Hall Square); between Chatham Street and North Street (formerly Merchants Row); between Commercial Street and Merchants Row (formerly North Market Street); between Commercial Street and Merchants Row (formerly South Market Street).

Aguadilla Street, Boston Proper — from Tremont Street to West Brookline Street over a portion of West Canton Street.

San Juan Street, Boston Proper — from West Brookline Street to Shawmut Avenue over a portion of West Canton Street.

IV. HAZARDOUS BUILDING

The buildings located at 6 and 8 Sumner Place, East Boston, are in a hazardous condition due to recent fires. The third floor interior and front part of roof on both sides have been burned out. Rear section of roof is in a weakened condition. In case of fire in this building, members shall use extreme caution. The building has been posted.

V. LETTER OF THANKS

"829 Saratoga Street,
East Boston, Mass.,
June 29, 1976.

DEAR COMMISSIONER PAUL:

Please extend our grateful and sincere appreciation to the officers and men of the Boston Fire Department for their expressions of sympathy, love, and honor, at the passing of my beloved husband, Fire Fighter Edward L. Fitzpatrick, Sr. of Ladder Company 2.

The Concelebrated Mass and funeral services were most beautiful and touching; truly a splendid tribute, giving comfort to our family in a time of great loss and sorrow.

We would like to especially thank Reverend Monsignor James Keating, the Fire Department Honor Guard, Deputy Chiefs John Harrison and John Clougherty, District Chief George Rull, Captain Thomas Shea, Lieutenant Robert Alexander, and each and every member of Engine 9 and Ladder Company 2 who gave so generously of themselves.

Most sincerely,
Hazel M. Fitzpatrick,
(Mrs.) Hazel M. Fitzpatrick
and Family."

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICE DEPARTMENT

COMPUTER PROGRAM SYSTEMS

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to Johnson Systems, Incorporated, for the rental of a proprietary computer program for the period beginning July 1, 1976, and ending June 30, 1977.

Johnson Systems, Incorporated is an exclusive supplier of the product known as the OS Job Accounting Report System. This product is necessary for the accounting to user departments of all data done on the city's computer system. Johnson Systems, Inc. is the sole supplier of this program product, public advertising would serve no useful purpose, and in the best interest of the city, we recommend approval of this request.

The total cost of this product will not exceed \$5,040.

Respectfully yours,
EDWARD T. SULLIVAN
Director

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to Whitlow Computer Systems, Incorporated, for the rental of a proprietary computer program, for the period beginning July 1, 1976, and ending June 30, 1977.

Whitlow Computer Systems is the exclusive supplier of the program product called "Syncsort III." Syncsort is necessary for the sorting of all data processed by the computer. It is intended that Syncsort III replace the IBM program product that is currently in use. Syncsort III, used in a benchmark comparison in the Data Processing Unit, has proven to be more cost effective than the IBM sort program product.

As Whitlow Computer Systems is the sole supplier of Syncsort III, public advertising would serve no useful purpose and in the best interests of the city, we recommend approval of this request.

The total annual cost of Syncsort will not exceed \$3,000.

Respectfully yours,
EDWARD T. SULLIVAN
Director

LABOR RELATIONS CONSULTANTS

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals therefor in the City Record, and to award a contract to Allan W. Drachman, 100 Mayo Road, Wellesley, Mass., for labor relations consulting services, for the period beginning July 1, 1976, through June 30, 1977.

Mr. Drachman, as a former assistant corporation counsel specializing in

ters, has the necessary experience and expertise to assist the city in its conduct of labor relations matters and has, since January 1, 1970, provided satisfactory service and is presently serving under a contract which terminates June 30, 1976. The city will pay Mr. Drachman for work performed at the rate of \$60 per hour and, effective January 1, 1977, at a rate of \$65 per hour, billed monthly. No event shall payments hereunder exceed \$10,000.

In view of the professional nature of the services to be performed hereunder, it is my opinion that public advertising proposals could serve no useful purpose.

Respectfully yours,
EDWARD T. SULLIVAN,
Director.

TRANSPORTATION REPORTING PROCESS

MR. MAYOR WHITE:
Permission is requested to award a contract, without public advertising, in the amount of \$112,500 for an examination of record-keeping on transportation expenditures incurred by the Boston School Department as a result of court-ordered desegregation, and for the preparation of detailed specifications of an expenditure procurement control reporting procedure to Ernst & Ernst, 225 Franklin Street, Boston, Mass.

These activities are in response to the expressed concern of both city officials and School Department administrators for the need for a more effective process of expenditure control and reporting.

A review of proposals submitted by individual CPA firms indicated that the firm of Ernst & Ernst is particularly aware of our needs and objectives with respect to the activities of the affected agencies, and, therefore, advertising would serve no useful purpose.

Respectfully,
EDWARD T. SULLIVAN,
Director.

*Purchasing Division
Food*

MR. MAYOR:

It is the practice of the City of Boston to purchase perishable foods and other comparable commodities on the basis of bids submitted weekly or monthly because of the perishable nature of these goods and fluctuation in their prices and the quantities required.

As required by law that contracts be executed with various companies covering purchases for one year beginning July 1, 1976. Because these purchasing procedures, which accrue considerable savings to the city, do not lend themselves to formal public advertising, authority is requested to award contracts, without public advertisement, to the companies listed below for the period from July 1, 1976, to June 30, 1977, inclusive. The prices, however, are based on formal quotation forms received from several suppliers:

Armour Food Service, division of Armour & Company, 100 Harris Avenue,

Providence, R.I.; Bornstein & Pearl Provision Co., Inc., 196 Quincy Street, Roxbury; Boston Frozen Foods, Inc., 450 E Street, South Boston; Colonial Provision Company, Inc., 1110 Massachusetts Avenue, Boston; Commonwealth Fruit & Produce Co., Inc., 475 C Street, South Boston; Consolidated Foods Corporation, 201 Beacham Street, Everett; Costa Fruit & Produce Company, 321 Congress Street, Boston.

Dietary Products, division of American Hospital Supply Corporation, 22 Wiggins Avenue, Bedford; Doe Sullivan & Company, 61-63 Faneuil Hall Market, Boston; John G. Dobbins, d/b/a John G. Dobbins Company, 65 Shurtleff Street, Chelsea; J. Fleischman and Co., Inc., 38 New Heath Street, Boston; Foster Beef Company, Foster Road, Bedford, N.H.; Flagstaff Food Service, N. E. Division, 1 Venue Way, South Attleboro; Fulton Packing Company, Inc., 240 Southampton Street, Boston.

The Great Atlantic Fish Corporation, 132-134 Atlantic Avenue, Boston; T. F. Kinnealey & Company, Inc., 20 Newmarket Square, Boston; Irving Levitt Company, Inc., 34-36 Newmarket Square, Boston; John Mantia & Sons, 273-277 Northern Avenue, Boston; Paul W. Marks Co., Inc., 7-41 Charlton Street, Everett; Medford Packing Company, 192 Kennedy Drive, Malden.

Metropolitan Hotel Supply Company, a division of Swift & Company, 1000 Massachusetts Avenue, Boston; K. Mondiewicz, Inc., 50 Winnisisimmet Street, Chelsea; Native Poultry Company, Inc., 215 Williams Street, Chelsea; New England Provision Company, Inc., 960 Massachusetts Avenue, Boston; North Coast Sea Foods, Inc., 12-14 Fargo Street, Boston; Northern Fruit Company, Inc., 50 N. E. Produce Center, Boston; Radle Brothers, Inc., 211 Corporation Way, Medford.

Red Bird Farm, 521 Taunton Street, Wrentham; The House of Rothmund, 21 South Street, Somerville; Shapiro Beef Co., Inc., 139 Newmarket Square, Boston; Siegel Egg Company, 143 Shirley Street, Roxbury; Spinelli Ravioli Manufacturing Company, 282 Bennington Street, East Boston; Walters & Litchfield, Inc., 2 Foodmart Road, Boston; Merchants Poultry & Provisions Co., Inc., 11 Foodmart Road, Boston.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

LIQUID FOAM

MR. MAYOR:

This office is in receipt of a confirming requisition from the Fire Department for the emergency purchase of liquid foam for combating flammable liquid fires.

As a result of a serious fire in Hyde Park where a large amount of foam was used, the foam was ordered in emergency by the Fire Department from National Foam Systems. That company was the previous contract supplier.

It is my opinion that, since the health and welfare of the general public would have been endangered without a supply

of foam, this procedure was in the best interests of the city.

Permission is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to National Foam System, Inc.

The amount of the contract is not to exceed \$1,368, net.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

PARKING TICKETS

MR. MAYOR:

On February 6, 1976, Judge Charles J. Artesani, of the Municipal Court of the Brighton District, submitted a request to award a contract, without public advertisement, to Arnold Graphic Industries, Inc., for furnishing parking violation tickets for the Brighton district. Your Honor approved the request on March 4, 1976, copy of which is attached.

The Corporation Counsel has indicated that the purchase of the parking violation tickets should be properly processed by the Purchasing Division.

Permission is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Arnold Graphic Industries, Inc., for furnishing parking violation tickets to the Municipal Court of the Brighton District.

The amount of the contract is not to exceed \$8,000, net.

The detailed reasons for this request are set forth in copy of the letter attached which was approved by you.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

ANALYZERS

MR. MAYOR:

On January 21, 1976, your Honor approved a permission to award a contract to HBE Leasing Corporation for leasing three automatic analyzers to the Boston City Hospital, until June 30, 1976, with an option to renew the lease until June 30, 1977, with a further option to renew the renewal lease until June 30, 1978. The Boston City Hospital has now requested renewal of the lease.

Permission is requested to award a contract to HBE Leasing Corporation for leasing three automatic analyzers from July 1, 1976, to June 30, 1977, with the option to renew the lease until June 30, 1978, for the Health and Hospitals Department, Boston City Hospital Division.

Prices will be those submitted on publicly opened bids in this office on November 21, 1975, for automatic reagent analyzers, Proposal 393.

The amount of the contract is not to exceed \$7,330.44, net.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

AUDITORIUM COMMISSION

SECURITY SERVICES

DEAR MR. MAYOR:

I respectfully request your permission for the Auditorium Commission to award a contract, without public advertising, in the amount of \$16,164 to Security System, Inc., for services necessary to properly secure the Boston Arena.

Attached please find a copy of a previous letter dated January 13, 1976, from David Morse, manager of the Arena, to you requesting your permission to award such a contract without public bidding, which request was sent to the Finance Commission on January 21, 1976, and subsequently approved by you on February 17, 1976.

Since the Auditorium Commission under City of Boston Code, Ord., Title 17, s. 52, is the only proper party as awarding authority to make such a request, we request your Honor's permission be given to award such a contract, without public advertising, for the same reasons set forth in the attached letter.

Additionally, because of an error in the original calculation of the proposed costs for the services, it is required that the contract price not exceed \$16,164, instead of the \$8,500, originally estimated and approved.

Respectfully,
R. C. LINNELL,
Chairman.

MAINTENANCE SERVICES

DEAR MR. MAYOR:

I respectfully request your permission for the Auditorium Commission to award a contract, without public advertising, in the amount of \$8,000, to General Maintenance Corporation, Inc., for services necessary to properly maintain the Boston Arena.

Attached please find a copy of a previous letter dated February 25, 1976, from David Morse, manager of the Arena, to you requesting your permission to award such a contract without public bidding, which request was sent to the Finance Commission on March 1, 1976, and subsequently approved by you on March 10, 1976.

Since the Auditorium Commission under City of Boston Code, Ord., Title 17, s. 52, is the only proper party as awarding authority to make such a request, we request your Honor's permission be given to award such a contract, without public advertising, for the same reasons set forth in the attached letter.

Additionally, because of an error in the original calculation of the proposed costs for the services, it is required that the contract price not exceed \$8,000, instead of \$6,000, originally estimated and approved.

Respectfully,
R. C. LINNELL,
Chairman.

BUILDING DEPARTMENT

RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

359-361 Chelsea Street, Ward 1; 34 Highland Avenue, Ward 9; 51-53 Linwood Street, Ward 9; 144 Cedar Street, Ward 11; 63 Centre Street, garage, Ward 11.

66 Centre Street, Ward 11; 68 Centre Street, Ward 11; 6 Union Avenue, Ward 11; 8 Union Avenue, Ward 11; 39A Woodbine Street, Ward 12; 58 Downer Avenue, Ward 13.

6 Elven Road, Ward 19; 109 Quincy Street, Ward 13; 26 Gleason Street, garage, Ward 14; 2-4 Philip Street, Ward 16; 45A, 45B Capen Street, Ward 17; 439 Talbot Avenue, Ward 17.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures. CDBG, Project 14.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to made to the lowest qualified bidder, and have received the following:

Mystic Wrecking, \$39,370; James G. Grant Company, \$39,500; Napoli Wrecking, \$42,245; Design Demolition, \$42,565; Circlepower Demolition, \$36,655.

Circlepower Demolition, 1002 Harrison Avenue, Roxbury, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city other than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this

case, in a contract price of over \$2,000 or over the statutory limitations upwards that can be made without advertising, unless your Honor approves transaction.

Accordingly, the general public so requiring, I ask your Honor's approval for the awarding, without advertising required in the City Charter, of a contract in the sum of \$36,655, to the Circlepower Demolition, 1002 Harrison Avenue, Roxbury, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

77 Terrace Street, Ward 10. Emergency bid called in over the telephone by 311 Thursday, April 29, 1976, for the demolition of this building, ordered by Commissioner Francis W. Gens. This building was fire gutted and in an unsafe, dangerous condition.

Accordingly, in conformity with provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders are requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

John J. Duane Wrecking Company, \$20,785; James G. Grant Company, \$42,000; Napoli Wrecking Company, \$32,789; Mystic Building Wrecking Company, \$22,450.

John J. Duane Wrecking Co., Inc., Southern Artery, Quincy, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. Unit handling results, however, in this case, in a contract price of over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$20,785, to the John J. Wrecking Co., Inc., 600 Southern Avenue, Quincy, Mass.

Very truly yours,
RICHARD L. GRANATA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

1 (56A) Crescent Avenue, Ward 13. Emergency bid submitted and placed in bid box by contractors by 3 P.M., Friday, April 30, 1976, for the demolition of this building; a copy submitted to Auditing Department by 3 P.M., same date. This was an unsafe and dangerous building. Ordered by Commissioner Francis W. Gens.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures. CDBG.

Unit handling results, however, in this case, in a contract price of over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, required in the Charter, of a contract in the sum of \$2,240, to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,
LEO F. MARTIN,
For Building Commissioner.

BOARDING AND SECURING

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

113 Dale Street, Ward 9; 119 Regent Street, Ward 9; 28 Montebello Road, Ward 11; 30 Montebello Road, Ward 22; Angell Street, Ward 14; 6 Calder Street, Ward 14; 8 Calder Street, Ward 14; Clarkson Street, Ward 15; 591 Park Street, Ward 17.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure the buildings or structures. CDBG, Project 7B.

Bidders were requested to submit an aggregate bid for the boarding and securing of these buildings or structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

A.M.T. Renovations, \$4,668; Brothers Construction, \$12,210; Tri Construction, \$5,452; Donald Clancy & Sons, \$5,000; Suffolk Specialties, \$5,980.

A.M.T. Renovations, 61 Mt. Vernon Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, required in the City Charter, of a con

sum of \$4,668, to A.M.T. Renova-
o, 64 Mt. Vernon Street, Dorchester,
le.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

MR. MAYOR:

mitted the lowest aggregate bid. This
company is thoroughly familiar with this
work, it carries all necessary insurance,
and it has done satisfactory work for this
department in the past.

Accordingly, the general public safety
so requiring, I ask your Honor's approval
for the awarding, without advertising, as
required in the City Charter, of a contract
in the sum of \$2,320, to Donald Clancy &
Sons, 339 Dorchester Street, South Bos-
ton, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

REPAIRING SIDEWALLS

MR. MAYOR:

The following buildings or structures
have been condemned by me as being in
an unsafe and dangerous condition. No-
tices have been sent to the owners, but
they have taken no steps to abate the
dangerous condition. These buildings or
structures are a menace to the neighbor-
hood. The locations follow:

226 Dorchester Avenue, Ward 13; 73
Phillips Street, Ward 5.

Accordingly, in conformity with the
provisions of chapter 802, Acts of 1972,
as amended, particularly section 124
thereof, I have asked and have received
your Honor's permission to enter these
various premises and to repair sidewalks.

Tri Construction Company, 1031A Blue
Hill Avenue, Milton, Mass., has sub-
mitted the lowest aggregate bid. This
company is thoroughly familiar with this
work, it carries all necessary insurance,
and it has done satisfactory work for this
department in the past.

Accordingly, the general public safety
so requiring, I ask your Honor's approval
for the awarding, without advertising, as
required in the City Charter, of a contract
in the sum of \$7,182, to Tri Construction
Company, 1031A Blue Hill Avenue,
Milton, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

PHOTOGRAPHY SERVICES

MR. MAYOR:

I respectfully request permission to
enter into a written contract with Mr.
Richard Murphy of 10 Houghton Street,
Ward 16, who was the low successful bid-
der for the taking and developing of
photographs for the City of Boston Build-
ing Department.

Under the terms of the proposed con-
tract, the Building Department will send
notice from time to time to the above-
mentioned photographer, requesting him
to take and develop photographs usually
required in the conduct of the work of
this department. For these photographs,
it is proposed to pay the sum of \$2.80 for
each 8 x 10 print. In addition, it is fur-
ther proposed to pay Richard Murphy,
the sum of \$4.10 for each 8 x 10 print in
cases where the Building Department re-
quests the photographer to take photo-
graphs on Saturdays, Sundays, holidays,
and weekdays, between the hours of
6 P.M. and 7 A.M. Mr. Murphy has agreed
to be available for twenty-four hours daily
service for the taking of emergency photo-
graphs, including Saturdays, Sundays,
and holidays. The proposed charges also
include the appearance of the photog-
rapher at the trial of any case where
testimony by the photographer is deemed
necessary.

The cost for photographic services
under the proposed contract will not
exceed \$30,000, payable to the contractor
under the Community Development Block
Grant Program.

The Building Department advertised
for bids and the results are as following:

Contractor Richard T. Murphy, 8 x 10
photograph, \$2.80 each, \$4.10, Saturdays,
Sundays, and holidays.

Robert D. Gaudet, 8 x 10 photograph,
\$5 each, \$5.00, Saturdays, Sundays, and
holidays.

Respectfully,
FRANCIS W. GENS,
Building Commissioner.

COPYING MACHINES

MR. MAYOR:

I respectfully request your written au-
thority to dispense with writing proposals
of advertisement in the Boston City
Record, and to award to the Xerox Corpo-
ration a contract for the supply and main-

tenance of Xerox copying machines, dur-
ing the period July 1, 1976, through June
30, 1977, at a cost not to exceed \$11,500,
which I believe is fair and reasonable.

In view of the quality of the machine
and service to be provided, it is my
opinion that public advertising would
serve no useful purpose.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

COMMISSION ON AFFAIRS OF THE ELDERLY DAY CARE PROJECT

MR. MAYOR:

Your permission is hereby requested to
award a contract, without advertising, to
the Associated Jewish Community Cen-
ters, 72 Franklin Street, Boston, for the
delivery of a community day care project
for the elderly, in an amount not to exceed
\$3,200, for the period April 1, 1976, to
June 30, 1976.

The purpose of this contract is to reim-
burse the Associated Jewish Community
Centers for nutrition expenses incurred
in the operation of the day care project.
The funds to be used to cover this con-
tract have been awarded to the Commis-
sion on Affairs of the Elderly by the
Massachusetts Department of Elder Af-
fairs specifically for this purpose.

It is therefore requested that the Com-
mission be allowed to dispense with public
advertising in awarding this contract.

Sincerely,
MAUREEN SCHAFFNER,
Commissioner.

COMMUNITY DEVELOPMENT MANAGEMENT CONTROL SYSTEM

MR. MAYOR WHITE:

I hereby request your permission to
dispense with bidding and to award a
contract in an amount not to exceed
\$13,750, to Franklin D. Raines Associates,
an independent consulting firm located at
P. O. Box 282, Cambridge, Mass. Pay-
ment for this contract will be made from
the Community Development Block
Grant.

Under the terms of the agreement,
Franklin D. Raines Associates will assist
in the design of a management control
system. Services to be provided will in-
clude planning a system of performance
auditing; management consultation; and
assistance in the integration of various
internal management components. The
period of performance for this contract
shall be from May 1, 1976, through July
31, 1976.

On the basis of Franklin D. Raines
Associates' qualifications in helping to
design, test, and implement management
control systems, I recommend that a con-
tractual relationship between the city
and Franklin D. Raines Associates be es-
tablished at this time. Due to the pro-
fessional nature of the services involved,
public advertising would not serve any
useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

LEGAL SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$17,625, to Tanous J. Thomas, for professional legal services. Payment for this contract will be made from the Community Development Block Grant. Period of performance shall be from May 24, 1976, to August 30, 1976.

Under the terms of the agreement, Mr. Thomas will conduct a title search for approximately 125 properties owned by persons who are applying for home improvement loans, funded by the federal government's section 312 Rehabilitation Loan Program.

In accordance with federal requirements, a search of title is a prerequisite for each property under consideration for a home improvement loan in this program, when the rehabilitation cost estimate exceeds \$3,500.

In view of the fact that Mr. Thomas is familiar with the applicable federal requirements and that the loan funds allocated to the city must be committed by August 22, 1976, I recommend that a contractual relationship between the city and Mr. Thomas be established at this time.

Therefore, for the reasons cited above, public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

CONSULTANT SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$28,000, to Ryan, Elliott Appraisal and Consulting Company, Inc., 24 Federal Street, Boston, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement Ryan, Elliott will provide consultant services to (1) analyze/evaluate opportunities for the revitalization of the Roslindale Square area of the city; and (2) prepare a comprehensive program of revitalization for Roslindale Square. The period of performance for the contract shall be from July 1, 1976, to October 16, 1976.

On the basis of Ryan, Elliott's expertise and experience in providing such consultant services, I recommend that a contractual relationship between the city and Ryan Elliott Appraisal and Consulting Company, Inc., be established at this time. Moreover, it is my view that, due to the specialty of the services, public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your authority to dispense with advertising for bids, and to award a contract for services, in an amount not to exceed \$5,000, to Mr. Brian R. Buxton. The city's 1975 Community Development Block Grant will be the source of payment. The term of the contract is March 1, 1976, through September 30, 1976.

Under the terms of the contract, Mr. Buxton will provide consulting services necessary for the closeout of the Boston Model Cities Administration, as stipulated by HUD regulations. Mr. Buxton will assist the staff of this office in preparation of the following: final local evaluation reports; financial records for HUD audit; property disposition reports; and final closure of Model Cities contracts. In addition, Mr. Buxton will provide such other consulting services as may be necessary for rapid execution of Model Cities closeout and audit.

Due to the immediate need for assistance, in order to close out the Model Cities program within the time limits stipulated by HUD regulations, advertising for bids would serve no practical or useful purpose.

Very truly yours,
DAVID STROHM,
Director.

LEAD PAINT INSPECTION

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$4,000, to Boston Environmental Health Improvement Program, 818 Harrison Avenue, Boston, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Boston Environmental Health Improvement Program will provide lead paint inspection and evaluation services in the Wellington Hill (Mattapan), Meeting House Hill (Dorchester), and Codman Square (Dorchester) communities. A total of 160 residential units will be inspected/evaluated, and the period of performance shall be from June 1, 1976, through December 30, 1977.

Boston Environmental Health Improvement Program, a division of the Boston City Hospital, has considerable expertise and experience in providing lead paint inspection/evaluation services throughout the City of Boston, and on this basis, I recommend that a contractual relationship between the city and the program be established at this time. Due to the specialty of the services, public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

ELECTION DEPARTMENT

XEROX MACHINE

DEAR MR. MAYOR:

I hereby respectfully request your written authorization to dispense with

public advertising for bids in the *C Record*, and award a contract to the Xerox Corporation, their place of business Boston being at 100 Charles River Plaza, to maintain one Xerox Machine 4000, a period of twelve months, for the period from July 1, 1976, to June 30, 1977, at a cost not to exceed \$3,500.

The machine is manufactured exclusively by the Xerox Corporation and they are the only ones who make the type machine that meets our needs. For reason public advertising for bids would serve no useful or practical purpose.

Very truly yours,
JOSEPH D. MURPHY, Chairman,
BOARD OF ELECTION COMMISSIONERS

FIRE DEPARTMENT COPYING MACHINES

DEAR SIR:

Permission is requested to dispense with public advertising, and to enter a contract with Saxon Business Products Inc., 755 Concord Ave., Cambridge, MA 02138, for the rental of the following copying machines at a cost of \$340/month, total cost of the contract not to exceed \$4,080, for the period July 1, 1976, to June 30, 1976, inclusive:

Two copiers, Serial Nos. 1410002 and 1413177, Saxon.

This request is made pursuant to a three-month trial period during which time these machines proved to be extremely reliable. After the trial period was over we continued the use of the machines and in our opinion no advantage would accrue to the city through public advertising for the rental of the machines as the rates are reasonable and comparable equipment to suit our needs is not readily available from any other reliable manufacturer.

Very truly yours,
GEORGE H. PAUL,
Fire Commissioner

HEALTH AND HOSPITALS DEPARTMENT

X-RAY EQUIPMENT MAINTENANCE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on March 23, 1976, it was voted to renew, without advertising, the city's contract with Picker Corporation, 220 Bolivar Street, Canton, MA, for a resident engineer to service and maintain previously installed X-ray equipment in the Radiology Department of Boston City Hospital, for the period July 1, 1975, through June 30, 1976, in an amount not to exceed \$43,332.32.

This department has had a contract with Picker Corporation for a number of years to service and maintain the majority of the previously installed X-ray diagnostic equipment in our Radiology Department. However, because the cost of this service has increased from \$2,900/month to \$3,750 a month, it was determined that the department would benefit by establishing a radiological technician slot in our Biomedical Engineering Department, and therefore our 1976 budget included such a position.

contract for these services was not renewed because of the expectation that this position would be available by July 1, 1976. Unfortunately the position was not approved until November 19, 1975, and our Personnel Department then began actively recruiting for this position. It was not until March, 1976, that we received any response to our advertisements for this highly specialized position. In the interim it has been necessary to retain the services of the Picker engineer, without benefit of a contract, to insure the continued uninterrupted of these vital services.

Even if a qualified individual were hired and accepted this position immediately, a three-month training period with a non-duty engineer would be required. It is our expectation to have a technician recruited and trained by July 1, 1976, to alleviate the necessity of a contract for the services in the future.

In view of the above, your Honor's permission is respectfully requested to award this contract to Picker Corporation, without advertising, under the terms and conditions stated above.

Very truly yours,
DAVID L. ROSENBLOOM,
Acting Executive Director.

HOUSING INSPECTION DEPARTMENT COPY MACHINE

DEAR MR. MAYOR:

Your approval is respectfully requested to award, without advertising, a contract to Xerox Corporation, for the rental of their Xerox 4000 copy machine.

The cost of this machine would be \$375 per month, a total of \$4,500 for the year. The contract would become effective on July 1, 1976, and expire on June 30, 1977.

The machine is very fast and can make copies of both sides of a document which is very beneficial to the efficient operation of the department.

I feel that nothing would be gained from public advertising.

Sincerely yours,
JOHN A. VITAGLIANO,
Commissioner.

Housing Improvement Program TYPEWRITER RENTAL

DEAR MAYOR WHITE:

I respectfully request permission to discontinue with public advertising in the *City Record* for the leasing of two Olivetti typewriters, S-14 (word processing machines) at \$240 per month per machine.

The proposed lease is to commence September 12, 1975, to June 30, 1976, for one machine. The second machine is to be installed on November 1, 1975, to June 30, 1976. The total cost for the lease period is \$4,200.

It is my opinion that nothing is to be gained by public advertising, as these ma-

chines are more economical than similar types and are more suited to the typing of work specifications for rehabilitation. The machines markedly reduce the heavy clerical workload for the Housing Improvement Program, a federally subsidized program.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$500 the claim of Walter P. Sullivan, to be indemnified against the result of an accident on October 18, 1975, when, while in the performance of his duty as an employee of the Fire Department, he was operating a city-owned vehicle which struck a parked motor vehicle owned by Frank A. Ingemi, causing damage to the latter.

To settle for \$33.93 the claim of David Stark, 21 Kent Street, Brookline, to be reimbursed for damage to his car while being towed from Cambridge Street, Boston, July 20, 1975.

To settle for \$500 the claim of Nicholas Pagliarulo, to be indemnified against the result of an accident on October 9, 1975, when, while in the performance of his duty as an employee of the Police Department, he was operating a city-owned vehicle which struck a motor vehicle owned by Kenneth Rydzewski, causing damage to the latter.

To settle for \$61 the claim of Richard McKinnon, to be indemnified against the result of an incident on August 15, 1974, when, while in the performance of his duty as an employee of the Police Department, he was in charge of the Property Clerk's Office, a bicycle was auctioned which should have been given to the finder John Graham, pursuant to the provisions of chapter 134, section 4 of the Massachusetts General Laws.

To settle for \$150 the claim of Joyce Lynch, 274 Newbury Street, Boston, to be reimbursed for personal injuries as a result of a defect in the sidewalk of Farrington Avenue, Brighton, September 5, 1975.

To settle for \$245.44 the claim of Bruce E. Coddington, 1110 Commonwealth Avenue, Boston, to be reimbursed for damages (Mass. G.L. chapter 268, section 8) caused

by a riot on April 6, 1976, on Parker Street, Roxbury.

To settle for \$39.81 the claim of Brian Geller, 145 Englewood Avenue, Brighton, to be reimbursed for damage to his car while being towed from Brookline Avenue, Boston, January 16, 1976.

To settle for \$53.30 the claim of Beverly A. Giordano, 5 Margaret Street, Canton, to be reimbursed for damage to her motor vehicle as a result of a defect in the roadway of Massachusetts Avenue, Boston, January 28, 1976.

To settle for \$283.15 the claim of Margaret Ann Hoban, 140 Kenrick Street, Brighton, to be reimbursed for damage to her car while being towed from Dixwell Street, Boston, March 4, 1976.

To settle for \$20.84 the claim of Barbara Tomash, 110 South Rockingham Avenue, Los Angeles, California 90049, to be reimbursed for damage to her car when it was towed January 22, 1976.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING, 26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR INTERIOR AND EXTERIOR PAINTING, INCLUDING FIRE ESCAPES, AT THE PHINEAS BATES SCHOOL, 426 BEECH STREET, ROSLINDALE, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for interior and exterior painting, including fire escapes, at the Phineas Bates School, 426 Beech Street, Roslindale, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Thursday, August 12, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. Each general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and clearly marked with the description of the work to be done. The general bid shall be sealed with the Awarding Authority, at the office designated above, accompanied by a cash deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid in the sum of \$1,000. The general bid must be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid may be withdrawn by the three lowest responsible and eligible bidders may be withdrawn prior to the opening and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR PLUMBING ALTERATIONS AT THE SUMNER AND CHANNING SCHOOLS, 15 BASILE STREET, ROSLINDALE, MASS.; 35 SUNNYSIDE STREET, HYDE PARK, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for plumbing alterations at the Sumner and Channing Schools, 15 Basile Street, Roslindale, Mass.; 35 Sunnyside Street, Hyde Park, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, August 17, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. Each general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and clearly marked with the description of the work to be done. The general bid shall be submitted with the Awarding Authority, at the address designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,500. The general bid shall be opened before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid submitted by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for such work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other

benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Tuesday, August 10, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Painting	\$100
Plumbing	1,500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 17 for demolition of buildings and structures and site clearance in the Campus High School Project No. Mass. R-129, located in the Roxbury-North Dorchester District, City of Boston, Mass., until twelve noon, Boston time, on August 9, 1976, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately four structures (approximately three million two hundred cubic feet, excluding basement cube); the disposal of all demolished materials; the filling of excavation and cellar holes; the installation of 4-feet high, chain link fence to enclose demolition areas; 3-inch wood chip cover and defoliant over exposed demolition area; and the general cleaning up of the site.

Proposed forms of contract documents, including drawings and technical specifications are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority; (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority; and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount equal to at least 10 percent of each proposal for demolition and site clearance (but not to exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance" will be required of successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set

forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised June, 1975, and to the Commonwealth of Massachusetts Supplemental Equal Employment Opportunity Anti-Discrimination and Affirmative Action Program, and City of Boston Affirmative Action Compliance with Contract Specifications.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding the contract.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing, delivering and setting up rehabilitation equipment in the Carter School, 396 Northampton Street, Boston, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, August 9, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in,

signed, enclosed in an envelope, sealed, plainly marked with the description of work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 or 5 percent of the amount of the bid. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

Luxury Hotel Planned for Boston

Mayor Kevin H. White has confirmed that the Boston Redevelopment Authority and the Fairmont Hotel Corporation, a San Francisco hotel chain, are in the midst of planning an 800-room luxury convention hotel on Broad Street, in the heart of Boston's financial district.

The hotel, which will cost approximately \$50 million, will be located on a site bounded by Broad, India, Milk, and Franklin Streets.

Mayor White said, "We are delighted that this prestigious hotel chain has plans for a new, luxury, convention hotel in Boston. It is another sign that Boston, in contrast to many other cities, continues to attract new and significant investment to its downtown waterfront.

"We are also heartened that initial plans make provisions for retaining and rehabilitating older buildings of architectural distinction. The development team has shown a sensitivity to Boston's character and is taking steps to integrate it with the design of the new building."

The Mayor added that the new hotel would employ 1,000 people when completed and that 1,500 jobs in the building trades would be created by the construction of the hotel.

It is estimated that the hotel would pay approximately \$400,000 a year in property taxes. The hotel will contribute approximately \$1 million to the Commonwealth in the form of sales, meals, and occupancy taxes and about \$1,000 of this amount will be returned to the city in the form of aid.

The project is being developed by Massachusetts Bay Hotel Associates, a group of Boston investors.

BRA Director Robert T. Kenney said the renewal agency has been discussing plans for the hotel with the developers over the past year.

Mr. Kenney disclosed that initial design plans call for rehabilitation of at least two nineteenth-century brick and granite buildings on Milk Street. The base of the hotel, he said, will be approximately 50 feet in height, which is in scale with the surrounding buildings. It is on this "podium" consisting of restaurants, shops, and the hotel lobby, that the hotel tower will be constructed. The tower, 350 feet high, will have approximately thirty stories.

He said, "This new hotel should be a real boost, psychologically and otherwise, to Boston's convention and tourist business and to the local economy in general. The city needs a luxury convention hotel to hold its competitive position with other cities going after the convention trade.

"This is a very important segment of the Boston economy, with over 58,000 jobs in the city directly connected to the convention and tourist business. These employees

have an annual payroll of over \$360 million, and for every 100 additional tourists attracted to Boston, we can anticipate the creation of ten jobs in the tourist industry.

"The Fairmont name, of course, stands for quality and high standards. The chain is headed by Ben Swig and Richard Swig, both of whom are former Bostonians. We are extremely pleased to welcome them back to Boston."

Mr. Kenney said that financing for the project is not yet complete. However, he was optimistic about prospects for financing because of the high regard for the Fairmont Hotel chain in financial circles.

Richard Swig, president of Fairmont Hotels, said, "The Broad Street site was selected after extensive study of several locations in the Boston area. We decided overwhelmingly in favor of this site for several reasons. It overlooks the Boston waterfront and harbor; it presents an opportunity to build in an historic area, the financial district; and it will be the only luxury convention hotel eight minutes from Logan International Airport."

Fairmont Hotels are also located in Dallas, New Orleans, and Atlanta.

Architects for the project are Glaser, deCastro-Vitols Partnership. Contractor for the hotel is the Perini Corporation.

MAYOR URGES: END SCHOOLS CONTROL

*The following letter was sent by
Mayor White to Judge W.
Arthur Garrity on July 21,
1976:*

The Honorable W. Arthur Garrity,
United States District Court
for the District of Massachusetts,
U. S. Post Office and Court House,
Boston, Mass. 02109.

DEAR JUDGE GARRITY:

Enclosed is the report of the Mayor's Committee on Violence and a copy of the speech I made in response to it. In the wake of several incidents of racial violence in Boston this spring and the extreme tension that existed throughout the city, I appointed a group of thirteen leading citizens to this committee. I asked them to meet in private, to discuss the city's racial tension and the desegregation process with other important community leaders, and to report their findings to me.

These committee members were from all walks of life and represented every conceivable political and philosophical stance — including liberals and conservatives, pro-busers and anti-busers. Their purpose was not to decide the right and wrong of busing, or to assign credit or blame, but to explore the ways in which this city might begin to bridge the divisions opened in the last two years.

I believe they have been successful in their task. I am grateful for their efforts and impressed by their report. Naturally, they offer no startling revelations, but rather good common sense, plainly spoken. The example of people of diverse views sitting down to work on common problems serves as a positive symbol for us all.

I share the committee's faith that despite the agonies and dislocations of the last two years, this city can move beyond the bitterness and start forward again on a whole range of problems, including the schools, but also crime, joblessness, the needs of the elderly, and a host of others. In that belief I delivered a major television address

in which I outlined some steps I plan to take to try to shake Boston out of the paralysis of the "busing crisis."

Of course, it will take more than declarations to end the acrimony and divisiveness that have racked our city. It will take action. I am moving as quickly as possible to implement the steps I announced in the speech and to enlist broad-based community support for each of them.

However, I have never had the power or the statutory authority to involve myself directly in the working of the school system. That is up to the School Committee, the superintendent, and, during the desegregation process, the court. Several of the recommendations contained in the report refer directly to the school system. I am sure you will find the entire report of interest and value, but I would like to direct your attention to two specific recommendations. The Committee on Violence suggests that it may be time to consider (1) restoring the School Committee to its full authority; and (2) ending the federal receivership of South Boston High School.

Obviously, none of the report's recommendations are binding on anyone. But I gave them consider-

able weight, and I hope that court will do the same.

I happen to agree with the Committee on Violence that these measures should be examined carefully, and before the opening school in the autumn, if possible. An essential part of restoring Boston's civic health must be restoration of normal process and procedure. I know that the court must first be satisfied that "normalization" will be accompanied by the full guarantee of the rights originally violated. But I believe that the present School Committee is ready and willing to give that assurance. Indeed, the committee's record since January indicates a commitment to the terms of the plaintiffs in the desegregation case and an acceptance of the court's order to comply with all features of the desegregation order. This attitude sharply distinguishes this School Committee from its predecessor.

A rehabilitated School Committee would have the authority and energy to deal with the special problems that arose at South Boston High School. South Boston feels keenly the effects of receivership, and I believe that its lone status would go a long way toward healing the wounds.

I realize that, from the court's point of view, some risk is involved in restoring the School Committee to its proper function. But I believe, and I hope the court agrees, that the risk has been sufficiently diminished so as to make the advantages of reestablishing normal powers and procedure compelling at this point.

Sincerely,
KEVIN H. WHITE
Mayor

MAJOR LEAGUERS?

On August 10, at 10 A.M., the Boston Parks and Recreation Department will present Major League Baseball's Official Youth Program — The Pitch, Hit, and Run Competition. This program is sponsored by the Thom McAn Shoe Company in cooperation with the National Recreation Park Association. The locations for the local competition are: American Legion in East Boston; Casey-Town Field in Dorchester; Columbus Park in South Boston; Healy Field in Roslindale; Rogers Park in Brighton; and Ross Field in Hyde Park. The competition is for boys and girls ages nine through twelve in four age groups — nine, ten, eleven, and twelve — and one winner from each age group will advance to the district finals to be held at Fenway Park in Danvers on August 11. From there the top two from each division will go on to Fenway Park in Boston to compete in the district finals to be held prior to the Red Sox game on September 11. The competitors will be judged on their accumulated score in pitching a 20-inch target; hitting for distance; and timed running around the bases. Plaques and patches will be awarded to the local and district winners, and the finalists, who will compete wearing Red Sox uniforms, will be awarded trophies. For more information please call the Director of Recreation for the Boston Parks and Recreation Department, Mrs. Dorothy Curran at 725-4883.

BOYS CLUBS PRESENT "SHARED SUMMER"

"Shared Summer," an "integration-through-the-arts" program for children developed by the Boys Clubs of Boston, opened recently and will run through August 27.

The project takes place in four neighborhoods — South Boston, Roxbury, Chinatown, and the North End — using a central clubhouse or community center in each area.

This is the program's fourth year. It helps children cross neighborhood boundaries and gives them experiences

together in learning and creative arts. In 1975 Shared Summer won a national award from the Boys Club of America for program excellence.

The phrase "Sharing Is Caring" can already be seen around the city as evidence of the Shared Summer philosophy. Children cooperate on useful and decorative projects using throwaway materials. Visits between the neighborhoods and special projects complement the drop-in format at each center. Special events include sidewalk art shows and festivals in Copley Square. This year programs have been coordinated with the Boston Zoological Society and Children's Television Workshop.

Shared Summer is funded in part by Associated Foundations of Greater Boston with in-kind donations from many city organizations and individuals. Receipts from the sale of a red/green bumper sticker provide art supplies. Participants pay a nominal registration fee of \$1.50 for the entire summer. Lunch is provided through a federal assistance grant. Hours are 10 to 4 daily. Children may register anytime during the summer. Volunteers and donations are most welcome. Throwaway materials (cardboard, magazines, etc.) are needed in any quantity.

These contributors have provided funding which helped make this summer's program possible:

Anonymous; Blanchard Foundation; the *Boston Globe*; Cabot Foundation; Permanent Charity Fund; Polaroid Foundation; Raytheon Corporation; Travelli Fund; Vingo Trust.

These funding sources are participants in the Associated Foundation of Greater Boston, Inc.'s process of coordinating the funding of summer programs for youth in the Boston area.

For information on registration, volunteers, or any aspect of Shared Summer, please call 242-1776.

The following is a listing of all Shared Summer special events:

Sidewalk Art Festival, at South Boston, August 12; Sidewalk Art

Festival, at Roxbury, August 5; Serendipity Day at South Boston, August 19.

COUNCIL PLANS PATROL BOATS SALE

The Boston City Council has planned for the sale of two Boston Police Harbor Patrol boats to the Metropolitan District Commission.

MDC will buy the boats for \$70,000. They will be used to patrol Boston Harbor and its islands.

Federal funding has enabled the MDC to buy the boats, said Capt. John O'Brien, an MDC spokesman. "The purchase is necessary," Capt. O'Brien said, "due to the increased activity and development of the inner islands of the harbor. Police services are needed in those areas."

Patrick F. McDonough, chairman of the City Council's executive committee, which recommended the sale, also noted the "apparent lack of adequate police protection would make this patrol service even more important."

NEW ELDERLY HOUSING SET FOR BRIGHTON

Mayor Kevin H. White has kicked off construction of 225 units of low-income elderly housing at groundbreaking ceremonies in Brighton.

The long-awaited, \$9 million, HUD-financed, Washington-Corey Housing Development will bring the total number of low-rent, elderly units in Boston to more than 3,650 — an increase of more than 300 percent since 1968.

In 1968, Boston had only 1,200 low-income elderly housing units. There are now over 3,050 completed, and more than 600 under construction in the North End, South Boston, West Roxbury, Roslindale, and now Brighton.

"With the start of this development, we have realized our long-term commitment to bring elderly housing to every section of Boston," Mayor White said. "But today's groundbreaking is especially gratifying because of the frustrating delays the city and the community have faced since the project's inception in 1972."

The first architectural design proposed for Washington-Corey, a high-rise, was rejected by the community; and an additional design had to be planned and approved. Additional problems with site acquisition and federal funding delayed the project still further.

"It's been a long five years," Mayor White said. "But the city's commitment to this project and the community's patience, tenacity, and hard work never wavered."

Mayor White stressed the need for the federal government to continue to provide funding for additional housing construction for the elderly.

City-wide, the Boston Housing Authority reports an elderly waiting list of over 3,000, with an additional 2,000 requesting transfers from family to elderly housing projects.

In Allston-Brighton, there are 1,400 on waiting lists for the 146 units now available in that com-

munity. The new Washington-Corey Development already has a waiting list of 480.

"We have come a long way since 1968," the Mayor said. "But we have not begun to keep pace with the demand. We intend to continue building as much housing as federal funding will permit in the years to come."

FRANK TIVNAN RESIGNS

Francis M. Tivnan, director of communications for the Mayor's office, has announced he will leave the administration in early September to join the Massachusetts Petroleum Council as associate director.

In his new position, Mr. Tivnan, thirty-eight, will help direct a public affairs program involving a variety of petroleum projects, including the exploratory drilling now under way off the Massachusetts coast. His duties will include liaison with government agencies, media relations, and public information programs for a variety of industry projects, in addition to offshore drilling.

The Petroleum Council is a division of the American Petroleum Institute in Washington, the major trade association representing petroleum interests.

"After seven years in the public sector, and after having enjoyed a close association with Mayor White and with the city, this decision to return to the private sector is a most difficult one," Mr. Tivnan said. "But the opportunities and challenges in the energy field are very exciting and offer the benefits of a new and rewarding career for myself and my family."

"These years in City Hall, however, have been especially gratifying to me, I feel genuinely privileged to have had a chance to work with Mayor White and with the most dynamic administration in Boston history."

Mr. Tivnan, formerly a political reporter for the old *Boston Herald*, had worked for the Petroleum

Council for four years in a different capacity before joining the Mayor White administration in 1969.

Mr. Tivnan and his wife, Carol, have four children, are originally from Worcester, and have lived in Framingham for twelve years.

Editor's Note:

We wish our good friend Frank Tivnan good luck, health, and happiness in his new position. Frank, who has been a regular contributor here in the *City Record*, will remember him for his full cooperation with this office regarding news releases, correspondence, etc. We know great success awaits him in his new endeavours.

MBTA LAUDED

Transportation Secretary William T. Coleman, Jr., on July 21, said "Boston is rated as having the best mass transportation facility of any city in the country."

Mr. Coleman's surprising comment came at a news conference where he announced \$340 million in Urban Mass Transportation Administration grants to seven cities, including \$58.4 million for Boston.

"One state that needs more congratulations than any other in the country is the Commonwealth of Massachusetts," he said.

Bay State officials, Mr. Coleman said, "have done better than other states to make tough decisions to move money from highways to be built through cities — which obviously doesn't make sense — to mass transit facilities." He praised the "political courage" needed for such decisions.

The grants to the MBTA include \$21 million for construction of the South Quincy station for the Orange Line with a 2,000-car parking garage and access ramps to Routes 1 and 128; \$18.4 million in additional funding of an old grant for purchase of 190 new cars for the Orange and Blue Lines; \$12.5 million to modernize the MBTA power system; and \$6.4 million for administrative costs.

POLICE HORSES: YOUR BEST BET

Mayor Kevin White and Police Commissioner Robert di Grazia announced that they would make permanent a new use of the special Police Force Mounted Patrol and add five new officers, four men and one woman, to the group. Twenty officers will now be assigned to act as highly visible crime deterrents on Back Bay, downtown, and park beats.

A full complement of eighteen men and two women will patrol the rear district, the Boston Common, Boylston Street, Newbury Street, the Prudential area, the city, Jamaica Pond, and on the docks, the waterfront and Arnold Avenue.

"The deployment of mounted officers as crime deterrents is a relatively new idea in Boston and has been welcomed as a much needed addition to foot and car patrols," Mayor White said. "The officers on horses have been extremely popular with residents, businessmen and visitors alike; and we are greatly pleased to add to the force at this time."

"Mounted officers can see and be seen for three blocks," Mayor White said. "This not only discourages criminal acts, but adds to the overall sense of security felt by people working, or shopping, in downtown and Back Bay areas." Additionally, the Boston Mounted Patrol has been used only to patrol park areas and control crowds.

Last year, at the request of the Mayor's Task Force on Urban Safety, mounted officers were assigned to the theater district to protect patrons who had complained of harassment from pickpockets and loiterers in the area.

The experiment proved highly successful and won wide approval from movie and legitimate theatergoers and patrons.

As a result, use of the mounted officers to police commercial streets in Back Bay began on an experimental basis last April.

The city has instituted mounted patrols during the day and night on Newbury and

Boylston Streets and on a rotating basis in the Prudential area," Commissioner di Grazia said. "The community has been extremely pleased with the results. Businessmen and their customers feel more secure knowing that a mounted officer is nearby."

The addition of the five officers, who are being transferred from other assignments within the department, will ensure that all positions are covered on a regular rather than rotating basis, Commissioner di Grazia explained.

While not necessarily viewed as efficient crime fighters, the mounted patrol officers are seen locally as "the most effective and highly visible crime deterrents the Back Bay has had in years," according to Roger Saunders, president of the Back Bay Association and president and managing director of the Lenox Hotel.

"We have been very impressed with the mounted patrol," Mr. Saunders said. "It is a symbol of another age that has obviously not outlived its usefulness."

The eighteen police horses used by the patrol are specially trained and housed at the Brandegee Estate in Jamaica Plain.

POLICE DEPARTMENT ORDERS

June 18.

Commissioner's Memorandum No. 76-62

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The Assessment Center for all officers who passed the 1976 captain's written examination will be held the week of August 2, 1976, at a location to be specified later. This memorandum is designed to provide candidates with the basic information they will need to know in order to plan for the center.

The administrator for the center will be Deputy Superintendent Daniel J. MacDonald, assistant chief, Bureau of Field Services. He will be responsible for scheduling, supervising, and administering the center. Any questions regarding the process should be referred to him.

The individuals who will act as assessors for the center will include members of the Boston Police Department holding the civil service rank of captain and a similar group from the New York City Police Department, all of whom will have been trained in Assessment Center techniques.

The Boston Police officials being trained to serve as assessors are as follows:

Superintendent Charles T. Cobb; Deputy Superintendents John R. Bradley, Jr., Edward A. Doocey, James J. MacDonald, Lawrence A. Quinlan, Walter A. Rachalski, and Joseph P. Rowan; Captains Morris V. Allen, Warren A. Blair, Joseph P. Hanley, and William J. O'Brien.

The names of the potential assessors from New York City will be released shortly.

Upon the recommendation of the Advisory Task Force on the Captain's and Lieutenant's Examination, the following guidelines have been established for the center.

The Assessment Center itself will be composed of three different practical exercises: (1) an in-basket exercise, (2) a leaderless group discussion, and (3) a problem solving/analytic exercise.

All will be similar in format to the kinds of exercises described in Commissioner's Memorandum No. 76-29, dated March 24, 1976.

These three exercises will be designed to measure the following dimensions, or qualities that are important for captains to possess: (1) Problem analysis, (2) Judgment, (3) Decisiveness, (4) Dialogue skills, (5) Listening skills, (6) Writing skills, (7) Reaction to pressure, (8) Adaptability, (9) Sensitivity, (10) Impact, (11) Leadership, (12) Planning and Organizing, (13) Delegation, and (14) Follow-up and control.

It is upon these dimensions that the candidates will actually be scored, and from which an overall score for the Assessment Center will be derived. There will be no specific score for each of the exercises, as such, but rather, dimension scores, and an overall final score.

The scheduling and assignments of assessors (not all of whom will assess each candidate on each exercise) and candidates will be made on a random basis. Prior to the making of the assignments, candidates may attempt to disqualify, for cause, any of the assessors from assessing them personally. This can be done by preparing a confidential written memorandum to Deputy Superintendent Daniel MacDonald, outlining the specific reasons why the candidate feels a specific assessor can not assess him fairly. Deputy Superintendent Daniel MacDonald will be responsible for making final determinations on each request and he will confidentially notify each candidate making a request of his decision within a week after it is filed. All such requests to disqualify assessors should be filed no later than 5 P.M., Friday, July 16, 1976.

Assessors have a similar opportunity and responsibility to notify Deputy Superintendent MacDonald of any circumstance where they feel they cannot make a fair and impartial assessment of any individual candidate, including a full explanation of the reasons therefor. These requests will also be treated in strictest confidence.

In addition to such requested disqualifications for cause, the following rules regarding automatic disqualifications have been established. No assessor will assess any candidate who is currently his immediate subordinate in the chain of command. No assessor will assess any candidate to whom he is related, by blood, marriage or adoption, to the second degree of kindred. No assessor will assess any candidate with whom he has or has had a substantial financial relationship, e.g., business partnership, landlord-tenant, creditor, debtor, co-signer of notes, etc.

The Assessment Center itself will take place over approximately two days for candidates and somewhat longer for assessors. Candidates will be informed of their overall score on the Assessment Center as soon as possible after the center is completed. Dimension scores will not be released. Candidates will be invited to a "feedback" session with the administrator of the center and the personnel director to discuss the dimensions and their overall performance.

All information on individual candidates from the Assessment Center with the exception of the overall score will be held

in strictest confidence, with no access to information except as directed by the Commissioner. Information derived from the center, including dimension scores, used by the Police Commissioner in interviewing candidates for promotion and in assignments. All records of the center, except any that may be requested to be served by the Division of Personnel Administration, will be destroyed after the candidate's eligibility list established as a result of this examination process expires. It will be done so that outdated assessment information is not used for evaluation purposes.

There will be no appeal from the results of the Assessment Center beyond that provided for in Massachusetts General Laws Chapter 31.

All candidates are strictly prohibited from discussing the Assessment Center with any assessors prior to or after the administration of the center. All inquiries should be directed to Deputy Superintendent Daniel MacDonald, extension 4300.

Special Order No. 76-62

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The Boston Police Relief Association, in cooperation with the American Red Cross Blood Center, is accepting blood donations at the Boston Police V.F.W. Post 1018, 500 Morton Street, Dorchester, between the hours of 8:30 A.M. and 2:30 P.M., Thursday, July 15, 1976.

Once again, there is a serious shortage of blood, and department employees are encouraged to participate, with the reminder that the blood collected through this program is used exclusively for active and retired members of the department. This blood is used to treat officers injured in the line of duty, thus giving every member of the department an opportunity to make a small sacrifice to ease the burden of those who make a greater one.

Commanding officers shall remind all employees between the ages of nineteen and fifty-nine of the importance of their cooperation in the continuation of the blood program. Members of the department who donate their blood will be granted one-half day of additional relief at a later date.

Reports containing the names of the volunteers and their schedule of duty on Thursday, July 15, 1976, will be forwarded to the Bureau of Administrative Services. Commanding officers will schedule their day officers in such manner as to have proper coverage at all times.

July 1.

Personnel Order No. 76-145

Police Officer John E. Law, assigned to District 6, is hereby detailed to the Personnel Division from Sunday, July 18, 1976, through Sunday, July 31, 1976, inclusive, to perform the duties of hospital liaison officer during the vacation of Police Officer James A. Donadini.

Whenever a police officer is removed to a hospital as the result of an illness or injury while on or off duty, his duty supervisor shall immediately notify the officer in charge of the Communications Division, giving the name of the officer, the hospital to which he was removed, and the nature of the illness or injury, if possible.

Whenever so notified, the officer in charge of the Communications Division shall immediately notify the hospital liaison officer whose duty it shall be to assist the sick or injured police officer in every way possible.

Commissioner's Memorandum No. 76-70

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The following communication, dated July 2, 1976, has been received from Dr. James P. Jones, academic dean and director of the Public Service Program, Boston State College, and is published for the information of all department personnel.

"DEAR COMMISSIONER DI GRAZIA:

It is indeed a pleasure to inform you that as a result of the competitive admission examination given at Boston State College on May 29, 1976, the following seven men from your department are recipients of a full scholarship to this college, commencing with the 1976 fall semester.

Robert F. Ahearn, Frederick R. Bollen, John P. Kervin, Paul B. McKiernan, Francis McDonough, Ralph Regan, Thomas Walsh.

The scholarship, including fees and tuition costs, is made possible from a grant to Boston State College from the United States Department of Justice, Law Enforcement Assistance Administration, Law Enforcement Education Program, and is conditional upon the college receiving a LEEP Award for 1976-1977."

FIRE DEPARTMENT ORDERS

July 19.

General Order No. 34

I. FIRE FIGHTER ALBERT F. SARGENT

It is with deep regret that the Fire Commissioner announces the death on July 11, 1976, of Fire Fighter Albert F. Sargent of Engine Company 16. Fire Fighter Sargent was appointed to the department January 29, 1947.

The funeral was held from the Cartwright Funeral Home, 419 North Main Street, Randolph, at 0915 hours, Wednesday, July 14, 1976, followed by a funeral Mass in St. Bernadette's Church, Randolph, at 1000 hours.

At the request of the immediate family, the customary detail was not in attendance.

II. TRANSFERS

The following transfers will become effective at 0800, July 21, 1976:

Fire Fighter Clarence C. Hirtle, from Engine Company 41, to Engine Company 16.

Fire Fighter Joseph J. Falcone, from Ladder Company 10, to Engine Company 30.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

HOUSING INSPECTION DEPARTMENT

Housing Improvement Program

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 1,567 square feet of space in the building located at 263, 265, 265A Bowdoin Street, Dorchester, and to enter into a lease with Harold E. Stone for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fifteen months—April 1, 1976, to June 30, 1977—with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$290 per month.

This letter supersedes letter dated February 23, 1976, and approved March 3, 1976, as we have acquired additional space, there is a change in the rental fee and the term of the lease has been extended to coincide with our new fiscal year.

It is my opinion that nothing is to be gained by public advertising, as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

LAW DEPARTMENT

ACCOUNTANTS SERVICES

DEAR MR. MAYOR:

I respectfully request your Honor's permission to dispense with public advertising, and to award a contract to Touche Ross and Co., a firm of certified public accountants, with offices at One Boston Place, Boston, Mass., for auditing services in connection with an investigation of the School Department of Safety and Transportation's four major busing contracts. This investigation is being headed by the Law Department pursuant to a request of the School Committee dated March 3, 1976.

Under the terms of the contract, the contractor will conduct a preliminary review and evaluation of available data to determine whether an audit can be carried out. The review will encompass records of the Department of Safety and Transportation and of each of the four bus contractors. Upon the conclusion of this preliminary review and resulting report, the Law Department will decide

whether to instruct the contractor proceed with a formal audit.

Compensation under this contract shall not exceed \$10,000. This contract shall be effective from April 20, 1976, to May 14, 1976.

Because of the professional nature of the services to be performed, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
HERBERT P. GLEASON,
Corporation Counsel

LIBRARY DEPARTMENT SERVICING VARIOUS SYSTEMS

DEAR MR. MAYOR:

On August 15, 1971, there was entered into with Balco, Inc., formerly of Milford, Mass., now of 160 Charlemont Street, Newton, Mass., a contract for operation and servicing of heating, ventilating, and air-conditioning systems, electrical systems and equipment, as well as plumbing systems, throughout the various units of the Boston Public Library, during the period July 1, 1974, through June 30, 1975.

Your Honor had given approval for award of this contract following a public advertisement and public opening of bids. Bids had been invited and submitted the above-mentioned work "during the period July 1, 1974, through June 30, 1975, with option for renewal as of July 1, 1975, and as of July 1, 1976, at price."

On May 5, 1975, your Honor gave approval for renewal of this contract, at same rates as in the original contract, the period July 1, 1975, through June 30, 1976. Now, once again, it is believed to be in the best interest of the city and library to exercise the option for renewal at original bid prices, this time for the period July 1, 1976, through June 30, 1977.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting for and in behalf of the City of Boston, and wishing to exercise the option of the official, has taken the following action:

"Voted, That, without public advertising, there be entered into with Balco, Inc., 160 Charlemont Street, Newton, Mass., a contract for the operation and servicing of heating, ventilating, and air-conditioning systems, electrical systems and equipment, as well as plumbing systems, throughout the library system, during the period July 1, 1976, through June 30, 1977, at a total cost not to exceed \$121,660.96.

The permission of your Honor is therefore respectfully requested to enter into a contract with Balco, Inc., for the above work at the original bid price of \$121,660.96, without publicly readvertising bids.

Respectfully,
THE BOARD OF TRUSTEES IN CHARGE OF
THE LIBRARY DEPARTMENT OF THE
CITY OF BOSTON,
By PHILIP J. McNIFF,
Director

IBM MACHINES

MR. MAYOR:

The Board of Trustees in charge of the Library Department of the City of Boston respectfully requests the approval of your Honor for the award of a contract, without public advertising, to International Business Machines Corporation, 610 Lincoln Street, Waltham, Mass., for rental and maintenance service of certain IBM machines, during the period July 1, 1976, through June 30, 1977.

The rental of this equipment will enable the library to continue its program of data processing activities which was initiated in 1966, whereby, using IBM equipment, internal service operations have been mechanized. Inasmuch as only IBM can provide its own equipment, no other purpose would be served by advertising for bids. The total cost for the rental of the equipment during the period of the contract is estimated to be \$111,000. In the view of the above, the Board of Trustees in charge of the Library Department, acting in the name of and for the City of Boston, has

voted, That there be entered into, without public advertising, with International Business Machines Corporation, (Lincoln Street, Waltham, Mass., a contract for the rental of certain data processing equipment, during the period July 1, 1976, through June 30, 1977, the rental thus charged to be subject to terms, agreements, and conditions set forth in said contract."

The approval of your Honor for the award of this contract, without publicly advertising for bids, to the International Business Machines Corporation, as above, is hereby requested.

Respectfully,
THE BOARD OF TRUSTEES IN CHARGE OF
THE LIBRARY DEPARTMENT OF THE
CITY OF BOSTON,

By PHILIP J. McNIFF,
Director.

SERVICING ELEVATORS

MR. MAYOR:

On October 1, 1975, there was entered into with Delta Elevator Service Corporation, 50 North Beacon Street, Allston, Mass., a contract for the maintenance and servicing of elevators throughout the library system, during the period August 15, 1975, through June 30, 1976.

Your Honor had given approval for the award of this contract following a public readvertisement and public opening of bids. Bids were invited and submitted for the above-mentioned work "during the period August 15, 1975, through June 30, 1976, with option for renewal as of July 1, 1976, and as of July 1, 1977, at bid price." (The option was to be exercised by the official.)

During the period from August 15, 1975, to date, Delta Elevator Service Corporation has performed to the satisfaction of the library. Acquaintance with the company's plant and equipment should be a desirable asset if the firm is allowed to continue the contract work for another year.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting for and in behalf of the City of Boston, and wishing to exercise the option of the official has taken the following action:

"Voted, That, without public advertising, there be entered into with Delta Elevator Service Corporation, 50 North Beacon Street, Allston, Mass., a contract for the maintenance and servicing of elevators through the library system, during the period July 1, 1976, through June 30, 1977, at a total cost not to exceed \$13,992."

The permission of your Honor is therefore respectfully requested to enter into a contract with Delta Elevator Service Corporation for the above work at the original contract price, not to exceed \$13,992, without publicly readvertising for bids.

Respectfully,
THE BOARD OF TRUSTEES IN CHARGE OF
THE LIBRARY DEPARTMENT OF THE
CITY OF BOSTON,
By PHILIP J. McNIFF,
Director.

MANPOWER ADMINISTRATION VOCATIONAL REHABILITATION SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with advertising in the *City Record*, and to award a contract to Rhonda Bielen, 22 Rockwell Street, Cambridge, Mass. The contract will be in an amount not to exceed \$12,600.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P. L. 93-203. The effective dates of operation for this contract will be from May 24, 1976, through May 23, 1977.

The contractor will develop a vocational rehabilitation service plan for substance abusers — alcohol and other drugs through the Substance Abuse Committee of the Mayor's Employment and Training Advisory Council (METAC), including the following functions:

Serve as liaison for the METAC Substance Abuse Committee; keep the committee informed of activities within METAC as they affect Substance Abuse Committee concerns; assist the committee in understanding funding allocations of the Manpower system.

Due to the experience and success of Ms. Bielen in this field, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and to extend a contract with T.N.T. Workshops, Incorporated, with offices at 85 Colberg Avenue, Roslindale, Mass.

This request will extend the amount approved in our March 3, 1975 request, from \$20,775 to an amount not to exceed \$25,775. These additional funds will provide "Employability and Personal Development Workshops" with both offender and non-offender clients of agencies under Boston Prime Sponsorship to prepare them for the stresses of getting and keeping jobs. These workshops deal with: how to communicate in job interviews; appropriate appearance and mannerisms; how to handle on-the-job conflict situations; how to set short-range goals; etc.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P. L. 93-203. The effective date of operation for this contract will be from March 31, 1975, through October 15, 1976.

Under the terms of this extended contract, T.N.T. Workshops, Incorporated, will conduct an additional three employability and personal development workshops.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

EMPLOYMENT PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and to award a contract to Action for Boston Community Development, Inc., 150 Tremont Street, Boston, Mass. 02111, for the operation of a summer employment program for Boston's economically disadvantaged youth, ages fourteen through twenty-one, at a cost not to exceed \$3,000,000.

Funds for this contract will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P. L. 93-192. The effective dates of operation for this contract will be from June 1, 1976, to September 30, 1976.

Under the terms of this proposed contract, Action for Boston Community Development, Inc., will operate a thirteen-week summer job program that will employ approximately 5,000 Boston youth from low-income families throughout the city. Enrolled youth will receive weekly compensation and counseling, as well as on-the-job supervision.

At least \$2,000,000 of this proposed contract will go directly to enrollee compensation. The balance will be distributed among project personnel, overhead costs, supplies, and travel.

In view of the few agencies professionally capable of operating a program of this magnitude and short duration, and due to the extensive experience of ABCD with

summer youth programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

OFFICE OF CRIMINAL JUSTICE JANITORIAL SERVICES

DEAR MR. MAYOR:

As director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, and to award a contract to Pep General Cleaning Company, 1047 Tremont Street, Roxbury, Mass., in an amount not to exceed \$3,300, for the period January 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P. L. 91-644), and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of this grant is to allow Pep General Cleaning Company to provide quality-controlled janitorial service three times a week, which includes gather all waste; empty and clean all ash trays; dust all desks and office furniture; dust all ledges and sills and top door facings; dust counters, filing cabinets, and phones; clean rest room fixtures and sanitize; clean rest room mirrors; wash and wax floors once a month; wash rest room floors; dry mop floors; and several other office maintenance duties.

Pep has provided quality service for two years, they have been reliable, and offer a substantially lower cost. Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

PHOTOCOPY SERVICES

DEAR MR. MAYOR:

As director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, and to award a contract to Xerox Corporation, 100 Charles River Plaza, Boston, Mass., in an amount not to exceed \$3,500, for the period March 1, 1975, to June 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and

Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P. L. 91-644) and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of this contract is to allow Xerox Corporation to provide temporary photocopy, rental and complementary services, maintenance, and supplies for the Case Management Project at the House of Correction, Deer Island.

The request for photocopy services from Xerox is made because of the unusual capacity of that equipment to handle the criminal justice records, especially in the case of probation files which are placed on hard-to-handle sheets. In addition, the Xerox machine can handle prepunched and two-sized copies which helps form processing and also cuts paper costs. A survey of other companies indicates that the Xerox machine offers a more unique capacity to handle criminal justice files at a substantially lower cost.

To date, \$1,990 has been encumbered toward this grant and \$1,934.43 has been paid to Xerox for these services. Whereas the amount for this service is going to exceed the \$2,000 amount which is the optimum amount under which no request for dispensation of public bidding is necessary, the need for this request is apparent. Therefore waiver of public advertising is requested to expend an additional \$1,510 over the \$1,990 up to the \$3,500 amount.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

COMMUNITY SECURITY PROGRAM

DEAR MR. MAYOR:

As director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written authority to dispense with advertising, in the award of a contract to the Allston-Brighton Area Planning Action Council, Inc., in an amount not to exceed \$50,000, for the period July 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice and under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644), and as further amended by the Crime Control Act of 1973 (P. L. 93-83).

The purpose of this grant is to allow the Allston-Brighton Area Planning Action Council to conduct a community-based security program at the Commonwealth Public Housing Development in the Allston section of Boston. This program will focus on developing a more cohesive community within the development in order to encourage tenant participation in both crime prevention efforts and cooperation with the local police.

The Allston-Brighton Area Planning Action Council (APAC), Inc., has pro-

vided diverse social action programs within this community for the last several years. They have established considerable credibility with the local residents and have developed a significant experience in effective program implementation and operation. The APAC has emerged over the past years into a position of community leadership and unequalled professional knowledge of its service area — Allston-Brighton community.

Because of both the unique professional services and community support required to perform the function of this contract it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

COMMUNITY RADIO STATION

DEAR MR. MAYOR:

As director of your Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, in the award of a contract to the Boston Housing Authority, 53 State Street, Boston, Mass., in an amount not to exceed \$10,000, for the period June 1, 1976, through June 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644), and further amended by the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to provide funds to allow the BHA to complete installation of a community-based radio station at the Columbia Point Public Housing Project. This radio station is an integral portion of the security program developed for Columbia Point, and will be used to develop a greater sense of community pride, and to spread information on crime prevention efforts.

Because of both the unique services required to perform the function of this contract and the singular role played by the BHA in the operation and improvement of security for their tenants, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,
DONALD A. MCGOWAN,
Executive Director.

OFFICE OF CULTURAL AFFAIRS

ORCHESTRA

DEAR MAYOR WHITE:

I would like to request your written permission to dispense with public advertising and enter into contract with the Cooper Orchestra, for the amount of \$4,200, for fifteen performances with an eight-man orchestra, through the various neighborhoods of the city on July 23, 26 to 30, and August 2 to 6.

Larry Cooper and his orchestra have performed for the city every summer for many years, and they are uniquely qualified to perform this service. No other group would be served by putting this contract out for public bidding as no other band has the expertise to perform in Boston's neighborhoods as does this group.

Thank you very much.

Sincerely,
ELIZABETH G. COOK,
Director.

PARKS AND RECREATION DEPARTMENT

RECREATION COMPLEX RENTAL

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award a contract to the Salesian Society, Inc., 29 Warrenton Street, Boston, for providing the exclusive use of their recreation complex at Don Bosco Technical High School for the use of residents of the South End area of Boston, from July 1, 1976, through December 31, 1976, at a total cost not to exceed \$8,000, at a monthly rate of \$1,333.33, which is to be charged to the new Parks and Recreation Department budget 1-11-41 (29), Miscellaneous Contractual Services.

Under the terms of this proposed contract the Salesian Society will make time available to residents of the City of Boston, particularly residents of the South End, for the exclusive use of the Don Bosco Technical High School's recreation complex to include: the swimming pool, gymnasium, locker rooms, showers, and various utility rooms. The complex shall also include continuous supervision and maintenance of the complex. Due to the closing of the Williams Municipal Building, and the fact that by closing the South End residents are denied a recreation center, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Very truly yours,
PETER G. MEADE,
Commissioner.

GAMES DIRECTOR

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, in awarding Mr. David Morse, of 44 Cedarwood Street, Boston, MA 02130, a contract as Director of the United States Youth Games, for the period from July 1, 1976, through September 30, 1976, at a total cost not to exceed \$7,000. Mr. Morse will be paid every two weeks at a rate of \$538.40, for a period of three months, which is to be charged to the Parks and Recreation Department budget 1-11-41 (29), Miscellaneous Contractual Services.

The services to be provided by Mr. Morse will include organization of the United States Youth Games for approximately 3,000 to 4,000 youths, ages nine through fifteen. It will be his responsibility to obtain sponsors; keep all records;

plan, administer, direct, coordinate all activities, competitions, social, and cultural events pertinent to the operations of the games; and enforce all regulations concerning this program.

Because of the professional nature of the services to be furnished, no useful purpose will be served by publicly advertising for bids.

Very truly yours,
PETER G. MEADE,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT

RECREATION PROGRAM

YOUR HONOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, in awarding to Northeastern University, a contract for the development and implementation of a comprehensive therapeutic recreation program for inmates at the Suffolk County House of Correction at Deer Island.

Under the terms of the proposed agreement, Northeastern University will employ Northeastern Cooperative students with special training in the recreational area to work at the institution developing and implementing the recreation program. The program will be designed to combat idleness, boredom, and frustration, and to provide inmates with an opportunity to acquire leisure skills and interests. The program will be designed to develop more stable and better adjusted individuals.

The cost to the city will not exceed \$30,100. The contract will be for the period from July 1, 1976, to June 30, 1977.

In view of the nature of the professional services to be rendered, and the need for such services, it is my opinion that public advertising would serve no useful purpose, and that award of this contract will be in the best interest of the City of Boston.

Sincerely,
WILLIAM W. NICKERSON,
Commissioner.

LEGAL ASSISTANCE PROGRAM

YOUR HONOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, in awarding to the Boston Foundation Inc., a Massachusetts nonprofit corporation, a contract for the development and implementation of a comprehensive legal assistance program at the Suffolk County House of Correction at Deer Island.

Under the terms of the proposed agreement, the Boston Foundation, Inc., will employ the services of a full-time legal advisor for the inmates at the House of Correction. Said advisor will develop a comprehensive program designed to assist the inmates with a broad range of legal problems.

The cost to the city will not exceed \$43,500. The contract will be for the period from July 1, 1976, to June 30, 1977.

In view of the nature of the professional services to be rendered, and the need for

such services, it is my opinion that public advertising would serve no useful purpose, and that award of this contract will be in the best interest of the City of Boston.

Sincerely,
WILLIAM W. NICKERSON,
Commissioner.

POLICE DEPARTMENT

EQUIPMENT STORAGE

DEAR MAYOR WHITE:

I respectfully request your Honor's written authorization to dispense with public advertising in the award of a contract to One Hundred Southampton Realty Trust, 100 Southampton Street, Boston, Mass., in an amount not to exceed \$1,200, for the period of January 1, 1976, to June 30, 1976.

The purpose of this contract is for storage of heavy equipment purchased with federal funds for the Identification Section of the Police Department. The equipment must be kept in storage pending completion of remodeling of Police District 4 at 7 Warren Avenue, Boston, where this equipment will be installed. There have been unexpected delays in the construction work that has caused the total cost for storage to exceed \$2,000.

If storage were awarded to another company, the cost of moving this heavy, bulky equipment would entail unnecessary expense to the city. I, therefore, believe that public advertising would serve no useful purpose.

Very truly yours,
NICHOLAS FOUNDAS,
Legal Advisor.

OFFICE OF PROGRAM DEVELOPMENT

COPYING MACHINES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and award to the Xerox Corporation a contract for the supply and maintenance of a Xerox copying machine for the Office of Program Development, during the period of July 1, 1976, through June 30, 1977, at a cost not to exceed \$10,000, which I believe is fair and reasonable.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
DAVID C. NIKLAUS,
Director.

PUBLIC FACILITIES DEPARTMENT

EMERGENCY REPAIRS

DEAR MR. MAYOR:

On Thursday, April 22, 1976, a bombing occurred on the second floor of the new Suffolk County Court House, causing considerable damage to the office areas, entrance doors, corridors, elevator shafts, and elevator equipment. Activities of the

courts, and particularly the Probation Department, have been impeded seriously by the explosion and consequent destruction. It is imperative that temporary repairs and corrective work to meet Public Safety requirements be accomplished quickly, to remove the danger to persons and property and to enable the courts, and this important department, to resume a limited degree of normal operations as soon as possible.

The emergency repairs will be accomplished in two phases: Phase I is an unknown volume and units of work that could only be established by on-site conditions revealed by demolition procedure; and Phase II will include specific types and scope of work that can be used to invite competitive bid proposals. In the first phase, I plan to complete all demolition of dangerous wall and ceiling conditions; remove debris; provide temporary partitions; reconstruct all requirements to meet prevailing fire and public safety codes and elevator regulations. To accomplish this, I propose to engage an experienced general contractor with adequate manpower, supervision, and equipment to begin this first phase of the work immediately. Payment to the contractor will be based upon the direct labor and material cost plus 15 percent for overhead and an additional 10 percent for profit.

I have received approval from Labor and Industries to dispense with the requirements of section 44A of chapter 149, G. L., and to treat this as an emergency. Therefore, your Honor's written approval is respectfully requested to dispense with public advertising for bids and to award a contract, for Phase I work only, to Franchi Construction Co., Inc., 425 Watertown Street, Newton, Mass., for an amount not to exceed \$48,000.

VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

On Thursday, April 22, 1976, a bombing occurred on the second floor of the new Suffolk County Court House, causing considerable damage. I wrote you on April 22, 1976, regarding the emergency work to be accomplished, stating that it was my intention to perform the emergency repairs in two phases. Phase I included the demolition of dangerous walls and ceilings; construction of temporary partitions; and other work needed to meet fire and public safety codes and elevator regulations. With this work done under Phase I, it allowed us to determine accurately the scope and type of additional work needed in Phase II to enable the courts and in particular the Probation Department, to resume normal activities.

It remains imperative that the temporary repairs and corrective work to be completed under Phase II includes tem-

porary walls and ceiling work; repairs to the electrical, heating, and ventilating systems; and considerable work on the emergency building sound system. I have prepared the necessary plans and specifications and received bids from four contractors normally engaged in this type of work, as follows:

John Palumbo, \$61,700; Clifford Construction, \$63,270; Sciaba & Company, \$64,420; Franchi Construction, \$71,700.

I have received approval from Labor and Industries to proceed to contract without resorting to the requirements of section 44A through 44L, chapter 149, G. L., because this is considered an extreme emergency. Therefore, your Honor's written approval is respectfully requested to dispense with public advertising for bids, and to award a contract, for Phase II, to John Palumbo Company, 321 West Second Street, South Boston, for an amount not to exceed \$61,700.

VICTOR E. HAGAN,
Acting Director.

ALTERATIONS AND REPAIRS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on April 13, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Masiello & Associates, Inc., a Massachusetts corporation, with offices at 71 Elm Street, Worcester, Mass.

Under the terms of the contract, Masiello & Associates will provide Phase I architectural and engineering services in the preparation of plans, specifications, and construction cost estimates for alterations and repairs to the United Fund Building, 12 Somerset Street, Boston, for use as an Intake Service Center, at a cost for such services of 8.83 percent (A.I.A. "B" rate plus 2.0 percent for alterations and repairs) of the presently estimated cost of construction of \$2,000,000, the cost of the now-proposed services (at 35 percent for Phase I) not to exceed \$80,810 (including \$14,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

DESIGN OF ALTERATIONS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission, April 13, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to R. Wendell Phillips & Associates, Incorporated, a Massachusetts corporation, architects, of 164 Newbury Street, Boston.

Under the terms of the contract, R. Wendell Phillips & Associates, Incorporated will provide architectural and engineering services in the preparation of plans, specifications, construction cost estimates, and supervision of construction of alterations to the Brookside Family

Life Center/N.I.C.E. Day Care Center, 3293-97 Washington Street, Jamaica Plain, at a cost for such services of 8.83 percent (1967 A.I.A. "A" rate plus 2.0 percent for alterations) of the presently estimated cost of construction of \$135,000, the cost of the now-proposed services to exceed \$14,258 (including \$1,500 supplementary services).

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power to the Public Facilities Commission, the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease extension thereof upon receipt of written authority from the Mayor of Boston.

This lease will be an extension for an additional twelve-month term of the existing June 30, 1974, the new term therefore being July 1, 1975, through June 30, 1976.

The premises involved are the first and second floors of Building 113 at the former Boston Army Base, 666 Summer Street, Boston, Mass. The area leased is approximately 16,510 square feet of space and this space is used by the Administrative and Planning Sections of the School Department, and the Area Superintendent of Schools.

The lessor is the United States of America. Billing for the rental will be by the Department of the Army.

The rental charge for this space is \$21,495 for the term of the lease, and this amount includes all service utilities.

This rental will be paid in one lump sum on or before June 30, 1976.

Since these facilities have proven to be adequate and convenient, it is not in the interest of the writer that public advertising be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power to the Public Facilities Commission, the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Department of the Mayor's Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director

ate such lease, or extension thereof, upon receipt of said written authority from the Mayor Boston.

The demised premises consist of two printing offices on the second floor of the building at 344 Washington Street, Brighton, one office consisting of approximately 266 square feet (Office A), and one office consisting of approximately 720 square feet (Office B).

The term of the lease will be four months, beginning March 1, 1976, and terminating June 30, 1976.

The monthly rental will be \$200. This office will be utilized in the Brighton area for the CETA program, with the rental charge for this term not to exceed \$800.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Department of the Mayor—Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 992 square feet of extensively rehabilitated office space at 249 Bunker Hill Street, Charlestown, Mass.

The term of the lease will be four months, beginning March 1, 1976, and ending June 30, 1976.

The monthly rental will be \$325. This office will be used for the CETA program in the Charlestown area.

Utilities and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Department of the Mayor—Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 350 square feet of office space, on the ground floor, at 2049 Centre Street, West Roxbury, Mass.

The term of the lease will be four months, beginning March 1, 1976, and terminating June 30, 1976.

The monthly rental will be \$233, with the rental charge for this term not to exceed \$932.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in renewing the lease of certain premises deemed necessary and convenient by the Director for Police Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The premises to be included in the requested lease are known and numbered 286 Adams Street and 99 Park Street, in the Dorchester District of Boston, consisting of a garage building and parking area used for repair and maintenance of Police Department vehicles.

The term of the lease will be twelve months, beginning July 1, 1976, through June 30, 1977.

The rental for the term will be payable at the rate of \$2,875 monthly, and the rental for a twelve-month period will not exceed \$34,500. As "additional rent," however, the lessee agrees to pay the lessor, upon presentation of evidence of liability, for any increase in real estate taxes charged against the demised premises in excess of the year 1969. This tax clause is based upon the original lease agreement entered into May 1, 1970, for these premises. The city also agrees to pay any water or sewer charges in excess of the average for the years 1967, 1968, 1969, as well as any increase in insurance premiums caused by an increase in the hazard due to city use.

Since these facilities have proven to be adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

THE CITY SEAL

As it appeared prior to 1827

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii, 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SIGUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATI; REGIMINE DONATA A.D. 1822.'"

REAL PROPERTY DEPARTMENT PROPERTY DIVISION

NOTICE TO CONTRACTORS

The City of Boston, acting by its Real Property Commissioner, Room 811, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed proposals for vacant lot cleaning, landscaping, and grading at the following city-owned vacant lots, to street level: Lots at 204, 206, 208, 210, 212, 214, 216, 218, 226, and 228 Highland Street; and at 74, 76, 78, 83, and 85 Fulda Street, Roxbury, Mass.

Proposals will be received up until twelve o'clock noon, Wednesday, August 18, 1976, at the office of the Awarding Authority, Room 811, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, en-

closed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

No proposal may be withdrawn after the time limit for filing proposals and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the proposals. In addition, no proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents will be available on and after Wednesday, August 4, 1976, at the office of the Awarding Authority.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth, satisfactory to the Awarding Authority, and in the sum of \$10,000, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all proposals or any item or items of a proposal, if it be in the public interest so to do.

Don't seek to live
somebody else's life.
It's just not you.
You have no right
to put on a false face, to pretend
You're what you're not,
unless you want to rob others.
Say to yourself:
I am going to bring something new
into this person's life, because
He has never met anyone like me nor
will he ever meet anyone like me,
For in the mind of God
I am unique and irreplaceable.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Monday, August 16, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Quarry Tile	\$200
Plumbing	1,000
Heating and Ventilating	100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety

company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each sum of 100 percent of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the interest so to do. The Awarding Authority also reserves the right to reject any or all subbids if it determines that the subbid does not represent the subbidder's person competent to perform the work specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without competition, in accordance with section 149, of the General Laws, as amended.

INVITATION FOR GENERAL BIDS FOR PLUMBING ALTERATIONS AT THE SUMNER AND CHANNING SCHOOLS, 15 BASILE STREET, ROSLINDALE, MASS.; 35 SUNNYSIDE STREET, HYDE PARK, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for plumbing alterations at the Sumner and Channing Schools, 15 Basile Street, Roslindale, Mass.; 35 Sunnyside Street, Hyde Park, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, August 24, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Tuesday, August 17, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Painting	\$ 100
Quarry Tile	300
Seamless Flooring	300
Plumbing	1,500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the

laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that the subbid does not represent the subbidder a person competent to perform the work specified or that less than three such subbids were received and that the prices are unreasonable for acceptance without further competition, in accordance with section chapter 149, of the General Laws as amended.

Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon Street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Paper and Office Supplies." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check payable to the City of Boston, in the amount of one hundred dollars (\$100), must be filed at the office of the Business Manager before twelve o'clock noon on Monday, August 16, 1976. Copies filed with the Business Manager will be publicly opened at twelve o'clock noon of the day stated on the other copy, also signed by the bidder, to be filed with the City Auditor, City of Boston, Mass., previous to the time for the opening of bids. The School Committee reserves the right to reject any bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a check for one dollar (\$1), payable to the City of Boston, for the faithful performance of the contract.

Summer Jobs For Boston's Youngsters

Mayor Kevin White has announced that a record number of 8,400 youth and young adults have been placed in summer jobs through the City of Boston/ABCD Summer Work Program and in the Department of Parks and Recreation.

The \$5.2 million City of Boston/ABCD program has placed 7,500 youngsters from low-income families in public service jobs at 629 state, city and nonprofit agencies. These jobs are distributed throughout the city neighborhoods on the basis of need. An additional 900 youth and young adults from low and middle income families are at work in the Department of Parks and Recreation as recreation leaders, counselors, lifeguards, and park attendants.

Nothing is more important to a youngster in the summertime than to have a job—a chance to earn some money, to serve his community and to gain genuine and valuable work experience," Mayor White said. This year, after a spring rife with unemployment and unrest, we stepped up our efforts to provide as many jobs as possible for city youth.

We placed particular emphasis on creating jobs for those most in need. Thanks to the cooperation of the city, state and federal officials, we have provided summer jobs for many low-income youngsters than in years before. The \$5.2 million available for the City of Boston/ABCD Summer Work Program alone is more than the 1975 appropriation of \$4.5 million and has enabled us to offer higher wages to low-income youngsters and to keep them working for a longer period of time.

We are pleased with our progress, yet frustrated that we could not provide a job to every youngster who wanted or needed one. We have tried in every neigh-

borhood to coordinate and expand recreational opportunities so that unemployed youngsters are not unoccupied.

"So far, we've had a relatively trouble-free summer. The parents and children of the city deserve special praise; but we hope that our efforts have also made a difference," Mayor White concluded.

He praised the Governor and Senator Edward Brooke for funneling increased state and federal money into Boston's summer jobs program; and the administration of Action for Boston Community Development for their assistance in administering the program.

The City of Boston/ABCD Summer Work Program was funded with a \$2.9 million grant from the Department of Labor; \$350,000 from the state using federal funds from the Division of Employment Security; \$500,000 from the state's discretionary fund of the Summer Program for Economically Disadvantaged Youth (SPEDY); and an additional \$1.45 million from the

Department of Labor's discretionary fund.

The program is administered by the City of Boston Manpower Administration, the Youth Activities Commission and Action for Boston Community Development.

Jobs are available in more than fifty categories and include opportunities in health careers, lead paint screening, maintenance and clean-up, senior citizen aides, retarded children program assistants, photography aides, tutoring, museum guides, and swimming instructors.

MANAGEMENT DEVELOPMENT COUNCIL ELECTION RESULTS

The Management Development Council election was held on July 23, 1976, and as a result of the balloting the following were elected:

Francis P. Tracey, Real Property Department.

James E. McManus, Administrative Services Department.

Helen Gaffey, Health and Hospitals Department.

Ersilia Manning, Assessing Department.

Henry E. Smith, Health and Hospitals Department.

The first four members were elected for a period of three (3) years ending June 30, 1979. The fifth member is elected to fill an unexpired term which will end June 30, 1978.

REGISTER AND VOTE

YOUR VOTE MAKES A DIFFERENCE

REGISTER

Who may register to vote?

Any citizen of the United States who is a resident of Massachusetts and will be 18 years old on or before Election Day may register to vote.

You must register if you want to vote.

How often must I register?

Registration is permanent in Massachusetts unless you move, change your name, or do not reply to a notice from your city or town that your name is being removed from the list of eligible voters.

When and where may I register?

There is no waiting period to qualify for registration. You may register to vote as soon as you claim residency in your city or town.

Most registrars will register you in city or town halls during regular business hours. Some large cities maintain additional registration places. Many communities have special registration times and places before elections. Call the registrar for specific times and places in your community.

Are there registration deadlines?

Yes. Registration is closed for a brief time before each election to prepare the voting lists for that election: 28 days before presidential primaries, regular state primaries and state elections; 20 days before city or town elections, town meetings, special primaries and special elections; 14 days before special town meetings.

You may register during the "closed" period, and although you will not be able to vote in the upcoming election, you will be eligible to vote in all elections after that.

How do I register?

Go to one of your local registration places. It would be wise to bring some identification (driver's license, credit card) or proof of residence (rent receipt) with you. You will be asked to complete an affidavit of registration which must

be answered truthfully under penalty of perjury. The *only* questions on the affidavit which you *must* answer are: Name? (Women may register under their maiden name.) Present residence? Residence as of January 1, if different? Last previous residence in another city or town, if any? Name used at that residence, if different? Date of Birth? U.S. Citizen (by birth or naturalization)? Occupation? Do you wish to enroll in a political party?

How do I register if I am physically disabled?

Write or call your local registrar of voters no less than three days before the close of registration for the election. Two registration officers will come to your residence, rest home, or hospital, and register you if you cannot go out to register.

VOTE

Where and when may I vote?

Polling places are usually located in your neighborhood. Call your local city or town hall or see your local newspaper for details.

Poll hours are different in each community. During statewide and city elections the polls must be open at least between 10:00 A.M. and 8:00 P.M. During town elections the polls must open by noon and remain open

for at least four hours. You learn the exact hours for your community from your city or town or local newspaper.

If you are in line when the close, you may vote.

How do I vote?

Sample ballots and instruction cards are posted at the polling place. Election officers are required by law to help you if you do not understand the voting procedures.

When you enter the polling place, give your name, address, and date of birth. This is a primary election, your preference. You vote alone in the voting booth unless you ask for help. If you are physically disabled or cannot read English, you may ask any qualified voter for assistance. After you enter the voting booth you have five minutes. If others are waiting, to complete voting. If you vote on paper ballots and make a mistake, you are entitled to another ballot, but not more than a total of three ballots.

What if my name is not on the list?

If you registered and your name is omitted from the voting list or listed incorrectly, you may ask the election officer in charge of the polling place to call city or town hall to check your registration. If you are found to be correctly registered, you may vote.

If the election officer is unable to confirm your registration, you should go to the city or town hall. If your registration is correct, you may vote immediately on an absentee ballot. You may, if you prefer, obtain a certificate from the registrar and return to your polling place to vote.

How can I vote in a primary?

If you state a political preference when you register, you will be given the ballot of that preference when you vote in a primary. If you are not enrolled in a party (independent), you may still vote in a primary. You ask for the ballot of the party you choose and you will automatically be listed as a member of that party.

change my party identification?
If you want to change parties or your membership in a party at a primary, you may do so immediately after voting by filling out a ballot which is available at the polls, returning it to the registrar of elections; or by going or writing to your town election officials at any time. The change becomes effective 10 days after receipt of notification from election officials.

VOTE ABSENTEE

When may I vote absentee?

Any registered voter who will be unable to go to the polls on election day or who is physically incapacitated may vote absentee.

Certain unregistered voters have the right to a federal personnel ballot. You must be a United States citizen, temporarily out of the country, on active duty in the armed forces, in the merchant marine, or a federal government employee (or spouse or dependent of one) and absent by reason of service. (In all cases you must register in person when you return since this does not establish permanent voter registration.)

When do I get an absentee ballot?

You must apply for an absentee ballot at your city or town hall before noon of the day before the election. You may use the official ballot application form or any form of your own communication (letter or postcard), being certain to sign and apply it exactly as you are required. State your name (as registered), registration address, ward and precinct if you know them, and the precise address to which you wish the ballot sent. In a primary election, if you are not enrolled in a party, you must indicate on the party ballot you wish to receive.

If you are in the armed forces, a spouse or dependent, or are temporarily out of the country, a relative may apply in your name for an absentee ballot for you.

What role in my community before the election day?

If time is too short for mailing, you will not have a specific

address to which the ballot can be mailed, you may vote prior to the election at your city or town hall in the presence of the clerk who will notarize your ballot, or have it notarized. Application for this ballot must be made no later than noon of the day before the election.

What if I am physically disabled?

If you are temporarily physically disabled, you may apply for an absentee ballot attesting under the pains and penalties of perjury that you are disabled and an absentee ballot will be sent to your home, hospital or institution.

If you are permanently physically disabled and cannot cast your vote at the polling place, you may file a certificate of permanent disability with your city or town clerk. Your physician must state that you are unable to cast your vote at the polling place. The city or town clerk will put your name on the list of permanently disabled voters. You will still need to request a ballot before each election, but will not have to certify your disability each time.

Do I need to have my absentee ballot notarized?

If you are on your city or town list of permanently disabled voters you do not need to vote in the presence of a notary. You merely sign the envelope yourself. Temporarily disabled voters must have their ballot envelopes notarized but they may be witnessed and mailed from their home town.

Students' ballot envelopes may either be notarized or signed by the registrar or assistant registrar of the college or university they are attending.

Everyone else must fill out the ballot privately, but in the presence of a notary. Massachusetts notaries may not charge for this service. Ballots must be filled out, notarized, and mailed in a community other than your own.

How do I use the absentee ballot?

Read all the instructions carefully before you mark the ballot.

Return your absentee ballot promptly. In order to be counted, absentee ballots must be received no later than 8:00 P.M. on Election Day.

FAIR WARNING!

Boston Parks and Recreation Department will soon begin towing vehicles illegally parked on parklands in the Fenway neighborhood, particularly during Red Sox ball games. Towing will be at the owner's expense.

The same process will also be in effect at Copley Square on the brick plaza where parking is prohibited.

All towing is authorized by Peter Meade, Commissioner of Boston's Parks and Recreation Department.

JOBS PLANNED AT NAVAL ANNEX

A city official told a South Boston group recently future plans call for employment of more than 2,000 workers at the old South Boston Naval Annex.

Michael Westgate, executive director of the city's Economic Development and Industrial Corporation addressed a panel and more than fifty residents at the Tynan School, South Boston.

Ninety-eight acres of land are involved. The present lease holder is Braswell Shipyard Company, which employs nearly 300 shipyard workers.

Mr. Westgate predicted that within the next six weeks the federal government will sell the site to the state which in turn will lease the land to the city.

He said the city's economy has been expanded by \$10 million since EDIC became involved for ship repair.

The plan also calls for a program to encourage foreign investment using local labor.

The hearing was held by the Massachusetts Government Land Bank to allow citizens to voice opinions.

Mr. Westgate said plans call for the site to be a headquarters for off-shore oil and gas exploration. He and other city officials went to Houston, Texas, May 5, and met with oil officials. The trip was to research off-shore drilling.

The Houston oil men came to Boston later and felt that the Annex would suit their needs for off-shore studies.

CHILDREN'S MUSEUM: "SPECIAL NEEDS" EXHIBIT

Many of us don't know much about people with special needs, and much of what we do know may be wrong.

We think that not knowing can make people uncomfortable. Kids really should know that:

—a special need isn't contagious;

—a special need isn't a punishment;

—having a special need doesn't make you helpless;

—you can ask questions about a special need.

It is natural to be curious. We hope that this exhibit will make people more comfortable and help them to understand that all people are different, but that basically we are all the same."

These few simple ideas begin the introduction to a new participatory exhibit at the Children's Museum.

Located at Jamaica Pond, on the Jamaica way, called "What If I Can't . . . An Exhibit About Special Needs."

the experimental exhibit, developed under a grant from the

National Endowment for the Arts, children and adults visiting the Museum's Visitor Center are experiencing the world of the handicapped in a supportive, non-threatening atmosphere.

Its design enables normal children to get a sense of "what it's like" to have a handicap. The exhibit is divided into six sections, each corresponding to a different handicap—hearing and visual impairment, physical disabilities, mental retardation, learning disabilities and emotional disturbance. Descriptive posters and graphics are placed throughout the exhibit area, leading visitors through each section.

What if I couldn't see very well? Museum visitors look through a series of lenses to view the world as the visually handicapped person might.

What if I couldn't hear very well? Tapes simulating conversation as heard by the hard of hearing can be played, and Morse Code messages, felt on the vibrating diaphragm of a special phone, can be sent and received.

What if I couldn't walk? A child can sit in a wheelchair and maneuver across bricks, gravel and a rug.

What if I didn't have a hand? Prostheses can be handled and manipulated with the help of trained exhibit staff.

Each section displays manipulative materials that children can touch, see, hear or experience. By providing a chance for active participation with a particular handicap—whether it be a physical or learning disability, an emotional disturbance, or mental retardation—normal children can begin to understand the daily realities of children with special needs.

Chapter 766, a Massachusetts law passed in 1974, and the Education for All Handicapped Children Act, a national law passed in 1975 to insure free, public education for special needs children, including placement in educational programs with non-handicapped peers, set up the legal foundation for social and academic acceptance of handicapped children in public school programs.

But the most persistent barrier to the laws' success so far has been the general public's lack of knowledge and information about handicapped people, relying on stereotyped perceptions. "By giving children an opportunity to participate and ask questions, they tend to become less fearful of the handicapping condition, and less likely to assume that a person with a handicap leads a dull and limited life," says Elaine Gurian, Director of the Museum's Visitor Center. "Every effort has been made to make this exhibit supportive, sensitizing, and non-threatening."

In response to requests from schools and museums across the country, the Museum plans to adapt the exhibit into a travelling unit, and develop an expanded version of "What If I Couldn't . . ." as a permanent exhibit in its new facilities on the Fort Point Channel.

The exhibit will be on display at the present Museum site on the Jamaica way through August. The Museum's Visitor Center is open daily, 10 A.M. to 5 P.M., and on Friday evenings, 6 to 9 P.M.

LET'S KEEP AMERICA CLEAN

AUGUST MOON FESTIVAL

The 7th Annual August Moon Festival will be held on Sunday, August 22, 1976, in Boston's Chinatown.

The festival, jointly sponsored by the Office of Public Celebrations, Summerthing (Office of Cultural Affairs) and the Chinese Community is a gala event that will last from 12 noon to 12 midnight.

All the streets in Chinatown will become play streets while stage performances and all sorts of activities will go on. Entertainment will include a martial arts exhibition, lion dance, special display of a 100-foot dragon, Chinese folk dances, and other popular events.

Chinese movies will be shown outdoors as are the Summerthing craftmobile and troubadour.

An August Moon Teahouse will be set up to sell Chinese pastries and other delicacies.

One section of Chinatown will be devoted to carnival games while athletic competitions will be held in the adjacent Pagoda Park.

The Chinese American community is proud to present the August Moon Festival as another of its celebrations of our country's 200 years' anniversary.

MBTA AWARDED MILLIONS FOR CAPITAL PROJECTS

The Massachusetts Bay Transportation Authority (MBTA) has been awarded nearly \$60 million in federal transportation grants, William T. Coleman, Secretary of Transportation, announced recently at a Washington news conference.

The grants which provide 80 percent federal aid to the Authority are as follows:

—\$21,015,043 for the construction of the Red Line's South Quincy Station, parking garage, and access roads.

—\$18,349,902 in supplemental funds toward the purchase of 190 new rapid transit cars, 120 for the Orange Line and 70 for the Blue Line.

—\$12,518,560 for improvements to the power distribution and transmission system.

—\$6,451,572 for administrative costs associated with 13 previously approved capital projects.

Robert R. Kiley, Chairman of the Board of Directors, said: "We are delighted to receive these grants which bring the total of federal aid received for fiscal 1976, to about \$188 million.

"News of the grant for the South Quincy Complex is particularly timely because right-of-way work has begun under the first construction contract for the Braintree Extension," Mr. Kiley said.

Governor Michael S. Dukakis commented: "As one who believes wholeheartedly in public transportation, I am pleased that the Federal Government is supportive of the MBTA's efforts to expand and improve its services.

"The South Quincy Station and the South Braintree Station will be of tremendous benefit to the South Shore and indeed to the entire Boston region.

"Over the next three years of constructing the \$60 million Braintree Extension, the project will mean an average of about 2,200 jobs per year: 440 jobs a year in construction, 480 jobs a year for suppliers and 1,280 jobs a year in the general economy because of the multiplier effect of this new money."

Warren J. Higgins, Director of Construction for the MBTA, said: "The Authority will work closely with the City of Quincy and the Town of Braintree to ensure that this new rapid transit extension will fulfill the needs and desires of both communities and also benefit the entire South Shore region. With the approval of the grant for the South Quincy Complex, we will be able to proceed shortly with the final design and engineering so that we can achieve our goal of opening both new stations and parking garages simultaneously in 1979."

Regarding the additional grant for the new Orange and Blue Lines rapid transit cars, Mr. Kiley said the Authority expects to sign the

contract next week with Haw Siddeley Canada, Ltd., low bid. The Canadian firm, he noted, advised the Authority that about 70 percent of the material to be used in manufacturing these cars will be supplied by United States companies.

The funds for the power distribution and transmission improvement will allow the MBTA to proceed with ordering the required equipment necessary to improve the reliability of rapid transit streetcar and trackless trolley service. To be ordered will be transformers, rectifiers, and equipment for the new substation and switching station at South Boston to connect with Boston Edison Company, all of which require lead-times to fabricate and deliver.

Company 29, to Ladder Company 25.

III. EXAMINATION FOR PROMOTION TO FIRE LIEUTENANT

This department has received Announce-
ment No. 3925 from the Massachusetts Di-
vision of Personnel Administration announc-
ing the examination for promotion to Fire
Lieutenant in the Boston Fire Department
to be held November 6, 1976.

Company commanders shall see that the
accompanying announcement is posted in a
conspicuous place in quarters and the an-
nouncement is called to the attention of all
eligible members at the daily roll call. Ap-
plications must be received at the Division
of Personnel Administration not later than
Friday, October 8, 1976 and may be ob-
tained from the Division of Personnel Ad-
ministration or from Fire Commissioner
Paul's office at Fire Headquarters.

IV. FIRE ALARM BOXES INSTALLED

The following boxes have been installed
and company commanders shall add them to
circuit cards indicated:

12-1247, Mercantile Wharf Building, 71-
115 Atlantic Avenue (circuit 4).

12-1482, Quincy Elementary School, 885
Washington Street (circuit 50).

12-1516, Church of All Nations, 333 Tre-
mont Street (circuit 77).

V. CHANGES IN DESIGNATION OF FIRE ALARM BOXES

The designation of the following fire
alarm box has been changed to read as
follows:

6151, Sumner Street and Lewis Street.

VI. COMMENDATION

On July 8, 1976, two portable radios were
stolen from the car of District 6.

During the early morning hours of the
same date the Fire Alarm Office heard trans-
missions on channels 2 and 4 and Fire Dis-
trict 13 being made by persons who were
obviously not Fire Service personnel.

By the exercise of skill, knowledge and
good judgment Senior Operator Charles
O'Dowd was able to narrow down the area
where these portables were being used.

In close cooperation with the Boston Po-
lice Department, Senior Operator O'Dowd's
work brought about the apprehension of a
South Boston youth and the recovery of one
of the two portable radios by the Boston
Police, District 6.

The Fire Commissioner is pleased to com-
mend Senior Operator O'Dowd for his dili-
gence as his swift action caused the recovery
of a very valuable piece of Department prop-
erty (\$1,175) and the reduction in the inter-
ference in the operation of channels 2 and 4
and Fire District 13.

VII. LETTER OF THANKS

"Headquarters
First Battalion, 101st Infantry,
70 Victory Road,
Massachusetts Army National Guard,
Dorchester, Mass.,

July 6, 1976.

I would like to take this opportunity to
thank the men from the Boston Fire Depart-
ment who responded so well to the emer-
gency created when dissidents exploded two
U.S. Army vehicles at this armory during
the early morning hours of Friday, July 2,
1976.

Boston Fire Department response was
prompt and professional.

Please convey our appreciation to those
officers and men involved.

William J. Doyle,
Lieutenant Colonel, Infantry, MassARNG,
Commanding."

"The Stop & Shop Companies Inc.,
393 D Street,
Boston, Mass.

July 27, 1976.

DEAR COMMISSIONER PAUL:

Please accept from all of us here at Stop
& Shop our thanks for the highly profes-
sional job by the Boston firefighters in con-
fining and extinguishing a fire at our Bakery
on Causeway Street, North End, last Friday
afternoon.

The Boston firefighters did their job so
skillfully, in full cooperation with our own
personnel, that there was no interruption
of employment for the 500 men and women
who work at the Bakery, nor in the delivery
of the products on which our stores depend.

I want particularly to commend Deputy
Leslie W. Magoon and District Chief Frank
A. Sullivan, and, of course, the personnel
of Engine Companies 8, 4, and 50, Ladder
Companies 1 and 8 and Rescue 1.

We are grateful to all of them.

Sincerely yours,
Bernard A. Goldman,
Vice President, Manufacturing Division.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

PUBLIC FACILITIES DEPARTMENT

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide office space for the Bilingual Language Department, to implement the educational program for non-English-speaking students, at the Old Boston College High School, James Street, Boston, Mass. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The demised premises consist of the following rooms used for office and conference purposes: Rooms 106, 108, 130, 302, 303, 304, 305, 307, and 403, and newly added beginning this fiscal year, rooms known as the Music Room, and Parlor 3—an addition of approximately 3,816 square feet. The total square footage leased, exclusive of hallways, toilet facilities, etc., now totals approximately 12,800 square feet.

The lessor will provide heat, light, and other utilities, full janitorial and custodial services, and off-street parking for seven to ten cars.

The rental for the term of this lease will be \$29,540, payable quarterly, at the inception of each quarter, in the amount of \$7,385.

Since these facilities have proven both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Mayor's Office of Drug Abuse purposes. There is a further delegation of power from the Commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,000 square feet of office space on the sixth floor of 31 State Street. The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The term rental will be \$10,599.96, payable in twelve equal monthly installments of \$883.33. The lessor will provide and pay for all utilities except telephone.

A tax escalation clause based on the 1973 tax rate is included in the lease.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Police Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of two lots of vacant land, in the rear of Sturtevant Mill Company, hard-topped and fenced, each lot consisting of approximately 8,000 square feet adjacent to the present garage in Fields Corner. This land is required for parking purposes.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The rental for the term will be \$6,399.96, payable in equal monthly installments of \$533.33.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Offices of the Mayor's Coordinating Council on Drug Abuse, T.A.S.C.-A. purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of three former retail stores and basements thereof, located at 554-556-558 Washington Street, Codman Square, Dorchester

Mass., the first-floor areas totalling approximately 4,200 square feet.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

Rental for the term will be payable at the rate of \$920 monthly. The lessor will pay water and sewer charges, but lessee will pay all other utilities.

Since these premises have proven adequate and convenient, the writer feels that public advertising would not be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the term of the lease of certain premises deemed necessary and convenient by the Director for Police Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the entire building, owned by the lessor, 18 Barnes Avenue, East Boston.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The rental for the term will be \$8,000 monthly, with the cost of this extension not to exceed \$7,998.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for use by the Mayor's Office of Cultural Affairs, Summerthing, and also in connection with the celebration of the Bicentennial. There is a further delegation of power from the Commission to the Director to execute such lease or extension upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the ground floor containing approximately 7,400 square feet of the building at Albany Street, Boston, Mass. This building is a new building and especially located for the purposes of the agency. The premises will be used for garaging approximately thirty cars, storage of sound and other equipment, and rehearsals.

The term of the extension will be from July 1, 1976, through June 30, 1977. The monthly rental will be \$1,207.50, and the total cost of this extension not to exceed \$14,490. Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Library Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,200 square feet of space on the second floor of the building at 496-498 Tremont Street, Boston, the site of the Multilingual Library.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The monthly rental will be \$558.25, and the total cost of this lease not to exceed \$6,699.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 4,700 square feet in the building at 51 Harvard Street, Allston, Mass., and the Allston Branch Library.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The monthly rental will be \$583.33, and the total cost of this lease not to exceed \$6,999.96.

Utilities (exclusive of electricity) and gas will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,000 square feet of office space at 412 Tremont Street, Boston, Mass., in the Castle Square Development.

The term of the lease will be four months, beginning March 1, 1976, and terminating June 30, 1976.

The monthly rental will be \$350. This office will be used for the CETA Program.

Utilities (exclusive of water and sewer use) will be supplied and paid for by the lessee.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

PUBLIC WORKS DEPARTMENT ENGINEERING SERVICES

DEAR MR. MAYOR:

The Public Works Department does not have a testing laboratory. In order to control the quality of material used in street construction and repair, a private engineer must be engaged to perform this work. It is also necessary to supplement the city inspection of construction and to provide supervision of asphalt and concrete plant operations to insure compliance with our specifications.

It is not customary to select professional engineering assistance by public bidding so, after most careful consideration, I have selected the Thompson & Lichtner Company, 8 Alton Place, Brookline, Mass., to perform this work. The Thompson & Lichtner Company, under the direction of Dr. Miles W. Clair, not only operates a complete testing laboratory, but maintains an excellent staff of professional engineers capable of furnishing complete materials testing and engineering services to this department.

Accordingly, your permission is requested to dispense with public advertising and to award a contract, at this time, to the Thompson & Lichtner Co., 8 Alton Place, Brookline, Mass., in the amount of \$52,000 for this work. It has been agreed that the engineering services will be paid for on the basis of a schedule of hourly rates that will be set forth in the proposed contract, and will include Social Security, Unemployment Compensation, insurance, payroll costs, overhead, and profit. It is understood and agreed that the total fee will be based on the services rendered at

the agreed hourly rates with the total fee not to exceed \$52,000.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

WATER WASTE SURVEY

DEAR MR. MAYOR:

The Pitometer Associates of New York have made several water waste surveys of the Boston water system in the past fifty years, and are well acquainted with the workings and operation of our system. The most recent water survey was completed in 1972.

In the 1972 survey, underground leakage located in a section of the city lying to the north of Massachusetts Avenue, and west of the main line of the N.Y.N.H. & H. Railroad, which, if allowed to go undetected, would have resulted in an \$89,000 loss to the city.

Past studies have shown that the difference between the water purchased from the Metropolitan District Commission and the water actually billed to our water consumers, strongly indicates that a number of areas should be investigated, including the monitoring of our system for leaks.

I have requested the Pitometer Associates to submit to the City of Boston a proposal for a Pitometer water waste survey, and other Pitometer tests of certain sections of the water distribution system of the City of Boston.

Inasmuch as I know of no other firm offering comparable services, and since the proposed charges are not excessive your permission is requested to dispense with public advertising of bids, and to award a contract to the Pitometer Associates, Inc., for a water waste survey in the City of Boston at a cost not to exceed \$54,000.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT CONSULTANT, ARCHITECTURAL SERVICE

DEAR MR. MAYOR:

Pursuant to a vote of the Real Property Board on January 28, 1976, your permission is requested to dispense with advertising, and to award a contract to John Guarino, A.I.A., with offices at 2 Lexington Street, East Boston, Mass., for consultant and architectural services to be furnished in conjunction with projected alterations of the Government Center garage. This action is mandated by recent occurrences at the garage which have created an immediate need for the establishment of additional safety measures.

The total cost of this contract will not exceed \$8,200, and the period of the contract will be from June 1, 1976, to August 1, 1976. Payment under the contract will be made out of the Parking Facilities Fund, without appropriation, as allowed under St. 1946, c. 474, s. 4.

In view of the fact that the proposed contract entails the performance of pro-

fessional and very technical services, and in view of Mr. Guarino's experience in the area and record of service, I feel that no public interest would be served by public advertisement for bids.

Very truly yours,

JOANNE A. PREVOST,
*Commissioner of Real Property,
Chairman, Real Property Board.*

RAZING OF STRUCTURES

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

11 Balfour Street, Ward 13.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Design Demolition Co., Inc., 108 South Street, Jamaica Plain, Mass., \$3,450; George E. Lyons, Jr., Inc., 1594 Hyde Park Avenue, Hyde Park, Mass., \$3,595; John G. Grant & Sons Co., Inc., 500 Whiting Avenue, Dedham, Mass., \$3,740.

Design Demolition Co., Inc., of 108 South Street, Jamaica Plain, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for the City of Boston, in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$3,450, to the Design Demolition Co., Inc.

Very truly yours,

JOANNE A. PREVOST,

Chairman, Real Property Board.*

ELEVATOR SERVICE

YOUR HONOR:

I respectfully request your written mission to dispense with inviting proposals in the *City Record*, in awarding a contract to F. S. Payne Company, for inspection and maintenance service for elevators in City Hall. The equipment in the building is Payne equipment since the cost is very reasonable and it is advisable for the Payne firm to service it.

The period of this agreement is July 1, 1976, through June 30, 1977. The cost will not exceed \$15,156.

In view of the circumstances I believe that public advertising would serve no useful purpose.

Respectfully yours,

JAMES W. RONAYNE,
Assistant Commissioner

COPYING MACHINE

DEAR MR. MAYOR:

I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to the Charles River Corporation, a New York corporation, with a place of business in Boston at Charles River Plaza.

Under the terms of the contract, the Charles River Corporation will rent a Model 4000 copying machine to the department, including service thereon, during the period July 1, 1976, to June 30, 1977. The cost for the machine rental and maintenance service, payable at state and government copying equipment rates, shall be specified in the proposed contract and shall not exceed \$4,500.

This machine is to be charged to the Parking Facilities Fund Account and shall not change the budget of the Real Property Department.

It is anticipated that this machine will be of extreme value to the operation of the department, particularly so because of its ability to copy onto ordinary paper and its unique feature of copying on both sides of the sheet. This feature will save considerable supply and postage costs for our department. In view of the specific capabilities of this machine, its excellent performance record, and the high quality of maintenance service provided by the manufacturer, it is believed

the public advertising would serve no useful or practical purpose.

Respectfully,
JOANNE A. PREVOST,
*Commissioner of Real Property,
Chairman, Real Property Board.*

REGISTRY DIVISION COPYING MACHINE

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with written proposals of advertisement in the Boston City Record, and to award to the Xerox Corporation a contract for the supply and maintenance of Xerox copying machine, during the period of July 1, 1976, through June 30, 1977, at a cost not to exceed \$100, which I believe is fair and reasonable.

In view of the quality of the machine and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Respectfully yours,
HELEN M. BOWEN,
City Registrar.

SCHOOL DEPARTMENT TEACHER SERVICES

DEAR MR. MAYOR:

In behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to New England Home for Little Wanderers of 161 South Huntington Avenue, Boston, Mass. 02130, for the Title I, E.S.E.A.

This contract to extend from September 1, 1975, through June 30, 1976, at a cost not to exceed \$9,694.

The contractor will service approximately forty-four resident children at the junior high or high school level in reading and math. These students are functioning from two to three years below grade level. The entire amount of monies for this contract is for funding the teacher.

It is the determination of the School Committee that the public interest would not be served by public advertising of this contract because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without appropriation under the provisions of G.L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from H.E.W., Title I, E.S.E.A.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EDUCATIONAL MATERIALS

DEAR MR. MAYOR:

The School Committee respectfully requests the approval of your Honor for the award of a contract, without public advertising, to Allyn and Bacon, Inc., for the purchase of books and educational materials, for the period July 1, 1975,

through June 30, 1976. Contract will be in excess of \$2,000.

Very truly yours,
LEO J. BURKE,
Business Manager.

PRINTING

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Eagle Graphics, Inc., for printing Office of Implementation, at a cost not to exceed \$2,107.

Because this is a unique endeavor it is the determination of the School Committee that the public interest would not be served by public advertisement.

Very truly yours,
LEO J. BURKE,
Business Manager.

FIELD EXPERIENCE PROGRAMS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Agassiz Village, during the period from May 3-7, 1976, at a cost not to exceed \$13,000.

The contractor shall provide 200 children from the Tobin, Garfield, and Hamilton Schools a residential field experience at Agassiz Village, West Poland, Maine, for a period of five days (May 3-7, 1976).

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, state-approved Project No. 6-13.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Agassiz Village, during the period from May 10-14, 1976, at a cost not to exceed \$13,000.

The contractor shall provide 200 children from the Jackson Mann School a residential field experience at Agassiz Village, West Poland, Maine, for a period of five days (May 10-14, 1976).

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, state-approved Project No. 13-120.

Very truly yours,
EDWARD J. WINTER,
Secretary.

CAMERAS AND SUPPLIES

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Polaroid Corporation, for identification cameras, film, and supplies, at a cost not to exceed \$20,582.50.

Contract was awarded, without public advertising, for this federal court-ordered identification system because it is the determination of the School Committee

that the public interest would not be served by public advertising for bids.

Yours very truly,
JOHN J. DOHERTY,
Chief Plant Engineer.

TRANSLATION, PRINTING, ETC.

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to the Linguistic Systems, Inc., for translation into six foreign languages, composition, and printing of the student assignment booklet. Delivery will be made two weeks from receipt of manuscript, at a cost not to exceed \$3,195. The contract was awarded, without public advertising, by order of the court.

Over twenty publishing and composition houses were contacted; only three were equipped to translate and typeset in the six foreign languages; the lowest bidder is Linguistics System, Inc.

Very truly yours,
JAMES J. O'KEEFE,
Deputy Business Manager.

COORDINATOR SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the School Volunteers for Boston, Inc., during the period from March 15, 1976, through June 30, 1976, at a cost not to exceed \$29,500.

The contractor will provide a community district coordinator for each of the nine community school districts, in order to increase the flow of volunteers, including students, parents, community agencies, cultural institutions, older citizens, business, and labor into the public schools of the city. The coordinators will also provide a variety of coordinating and liaison functions, meeting with principals and teachers, CDACs, parents, and volunteers, and will implement tutoring and enrichment activities for students.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, state-approved Project No. 1C-2.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EDUCATIONAL AUDIT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recom-

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

mendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Boston College, to conduct an educational program audit of the Title I programs, during the school year 1975-1976, at a cost not to exceed \$15,000.

The contractor shall provide a professional team to conduct an educational audit of the Title I programs under the direction of the Department of Title I Programs, Office of Research and Evaluation. Contract is to be charged to Title I, ESEA, 76-035-157, M222-330-9111-02.

The Boston College research and evaluation staff has participated in the assessment of specific Title I projects, including those involving minority programs, and is informed on the overall federal operation.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TEST-SCORING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Harcourt Brace Jovanovich, Inc., for Title I test-scoring services, during school year 1975-1976, at a cost not to exceed \$15,000.

The contractor shall supply standardized test-scoring services to the Department of Title I Programs, Office of Research and Evaluation, for prepost testing of students in the federally funded Title I programs. Contract is to be charged to Title I, ESEA, 76-035-157, M222-330-9111-02.

This publisher has been selected, since the testing conducted by the Title I office must be the same, for measurement purposes, as that conducted by the city-wide testing department. The city-wide tests are the "Metropolitan Achievement Test" and the "Iowa Silent Reading Test," distributed and scored by the publishing company cited. Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ELECTRONIC DETECTORS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Rens Manufacturing Co., Inc., for electronic weapons detectors, at a cost not to exceed \$37,566.43.

Contract was awarded, without public advertising, for this federal court-ordered detection system because it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Yours very truly,
JOHN J. DOHERTY,
Chief Plant Engineer.

VOCATIONAL PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to American Institutes for Research in the Behavioral Sciences, for the implementation of vocational remedy services, during the period of April 28, 1976, to June 29, 1976, at a cost not to exceed \$51,748.

The contractor shall conduct a survey of existing career education and industrial programs in middle schools in Boston; conduct a national survey of career education programs and materials; identify three target schools for implementation of pilot programs; develop program alternatives in the three middle school exploratory areas; recommend teacher staffing and training requirements; and recommend an evaluation plan for the pilot materials, as specified.

Because of the need to initiate the program during the present academic year, and because of the prior work experience in vocational education program planning comparable with the duties outlined above for this contractor, it is the determination of the School Committee that the public interest would not be served by advertisement for bids. The contractor has been selected according to federal guidelines, as the result of a request for proposals from ten separate contractors, and the impartial judgment of three independent review panel members who were unanimous in their recommendation of the proposal submitted by the American Institute for Research.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act, Grant No. G302-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

THERAPY SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Easter Seal Society for Crippled Children and Adults of Mass., Inc., to provide physical therapy services for those children where there is no third-party payment, and who cannot pay for these services, during the period February

1, 1976, to August 31, 1976, at a cost not to exceed \$11,000.

The contractor shall provide physical therapy services for those children where there is no third-party payment, or who cannot pay for the service, when requested by the Department for the Instruction of the Physically Handicapped, Boston Public Schools, and when stipulated in the child's education plan.

Because of the professional nature of the services to be provided under the contract and the expertise of contractors in providing such services it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Visiting Nurse Association of Boston to provide physical therapy services for those children where there is no third-party payment, and who cannot pay for these services, during the period February 1, 1976, to August 31, 1976, at a cost not to exceed \$14,080.

The contractor shall provide physical therapy services for those children where there is no third-party payment, or who cannot pay for the service, when requested by the Department for the Instruction of the Physically Handicapped, Boston Public Schools, and when stipulated in the child's education plan. See Item 1 through 10 for specifics and scope of services.

Because of the professional nature of the services to be provided under the contract and the expertise of contractors in providing such services it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PROGRAM EVALUATION

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to John F. Joyce for evaluation of all District VI, chapter 63 section 1 programs, during the period February 1, 1976, through June 30, 1976, at a cost not to exceed \$7,425.

The contractor shall evaluate section chapter 636, section 1 programs in District VI, as outlined in the scope of service and appendix I, II, and III attached to the contract.

Dr. Joyce is currently working with the Humanistic and Behavioral Studies Department at the Boston University School of Education. He has extensive evaluation experience and has served

ject evaluator for numerous programs in the Greater Boston area, including Title III projects and Title I projects. He is also a member of the American Educational Research Association.

Because of the professional nature of the evaluation services to be provided and the value of the professional services, it is the determination of the School Committee that the public interest will not be served by public advertising for bids.

Funds are available through chapter 636, section 1, 6-32(A, B, C, D, E, F, G).

Very truly yours,

EDWARD J. WINTER,
Secretary.

MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Heuristics, Inc., for the completion of the ESEA Title I Enrichment Project, during school year 1975-1976 at a cost not to exceed \$15,810.

The contractor shall complete evaluation procedures under the direction of the Department of Title I Programs, Educational Research and Evaluation. Such procedures will include on-site classroom observations and observations, related interviews of personnel, preparation of appropriate questionnaires, and data analysis. Contract is to be charged to Title I, ESEA, 76-035-157, M222-330-1-2.

The consulting firm, Heuristics, Inc., was selected, because the company has previously identified the major program areas to which the evaluation is to be directed, has provided a comprehensive evaluation schedule, and has submitted a commendable cost/effective proposal.

Therefore, it is the determination of the School Committee that the public interest will not be served by public advertising for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Carl Reynolds, for twenty-four hours of evaluation during the period January 15, 1976 through June 30, 1976, at a cost not to exceed \$6,223.

The contractor shall carry out the intent of Phase II University/School pairings in District III by providing formative and summative evaluation of the 636 collaborative programs, including: (1) the implementation of diagnostic assessments, one for each level, in three elementary schools; (2) the implementation of a degree-certification Generic Special Education program; (3) a staff orientation program of 636 program and school per-

sonnel; and (5) the establishment of a parent training/outreach program.

The contractor, Dr. Reynolds, is a highly qualified evaluator and has performed evaluation services in the City of Lawrence and Town of Brookline. In addition, he received his Ph.D. from S.U.N.Y., at Buffalo, in educational psychology and is a faculty member in the Division of Educational Research, Measurement and Evaluation in the School of Education at Boston College.

Because of the court-ordered pairing of Boston College with District III, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 41, s. 53A, and is to be made subject to funds under grant from chapter 636, section 1, state approved Project No. 6-12.

Very truly yours,

EDWARD J. WINTER,
Secretary.

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Thomas J. Ford, Attorney-at-Law, 44 Bromfield Street, Boston, Mass., a contract for legal representation in matters relating to the Suffolk Superior Court action entitled: *Tarutz vs. The School Committee of the City of Boston, et. al.*, CA-8100 in the amount of \$5,000, for the period April 1, 1976, to June 30, 1976.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

EDWARD J. WINTER,
Secretary.

AUTOMOTIVE EQUIPMENT

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to United Tool, Inc., for automotive equipment for delivery to be made thirty days after receipt of order, at a cost not to exceed \$5,087.

The contract was awarded, without public advertising, by order of the court. United Tool, Inc. was the only bidder for the contract.

Very truly yours,

LEO J. BURKE,
Business Manager.

TRAFFIC AND PARKING DEPARTMENT

TRAFFIC COUNTS

DEAR MAYOR WHITE:

Your approval is respectfully requested to engage the services of Planning, Engineering and Development, a consulting engineer, sole proprietorship, having an office at Georges Mills, New Hamp-

shire 03751, to collect certain traffic counts for the Traffic and Parking Department, during the period from July 1, 1976, through June 30, 1977.

Also requested is your Honor's authorization to dispense with public advertising in the award of this contract. The proposed consultant's charges for this work were submitted to the undersigned in the form of a proposal dated March 23, 1976.

The consultant shall be paid on a monthly basis, but in no event shall the maximum liability of the city under the terms of the proposed contract exceed the sum of \$20,000.

The consultant has performed the above service for the past six years and in view of the very technical nature of the services involved, no useful purpose would in my opinion, be served by publicly advertising for bids.

Respectfully yours,

WILLIAM T. NOONAN,
Commissioner.

CONSULTANT SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the *City Record*, and to award a contract to Raymond, Parish and Pine, Inc., to develop a proposed course of action which would permit the City of Boston to use Urban Systems funds directly for street design plans and specifications. Under the present system, specific sums of money are available for either design or construction. However, as the money is now channeled through the state, and between federal and state procedures and reviews, it takes a minimum of nine months to negotiate design contracts.

We propose to develop a procedure to permit Boston to negotiate the design contracts without layers of red tape and to use Boston's allocation more flexibly to create a backlog of construction projects ready for advertising. This will speed up the process of construction implementation and permit us to be ready to utilize other sources such as the pending public works bill for construction funding.

The proposed consultant's charges for this work were submitted to the undersigned in the form of a proposal dated April 13, 1976. The consultant shall be paid on a monthly basis, but in no event shall the maximum liability of the city, under the terms of the proposed contract, exceed the sum of \$5,000.

It is proposed that the contract be in effect for the period May 1, 1976, to June 30, 1976, and, in view of the very technical nature of the services involved, no useful purpose would, in my opinion, be served by publicly advertising for bids.

Respectfully yours,

WILLIAM T. NOONAN,
Commissioner.

METER COLLECTIONS COUNTING

DEAR MAYOR WHITE:

Since 1953, the First National Bank of Boston has been engaged in counting
(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

parking meter collections which are made daily throughout the city by personnel of this department. The monies collected by our employees are placed in sealed containers and deposited each day at the bank. These monies are then counted by the bank and a check is sent to the city each day in the amount of the prior day's total collections.

This arrangement has proved very satisfactory, promoted efficiency, increased security, and permitted us to decrease personnel requirements. Previously the department asked for informal bids on this type of service and the only bank which responded was the First National Bank of Boston. Proposals were sent to several banking institutions.

The First National Bank advised us that they will, in the future, count our parking meter revenue for a monthly fee of \$800. I feel that the bank's monthly charge is a fair one and public advertising would not be of any avail to the city in the present case. The bank's responsibilities and services have more than doubled as current collections have more than doubled since this service was first initiated.

Your permission is hereby requested to award a contract to the First National Bank of Boston, covering the daily counting by it of the city's parking meter revenue, during the period beginning July 1, 1976, through June 30, 1977, at the aforementioned cost of \$800 per month; total contract expenditure not to exceed \$9,600, and without public solicitation for proposals in the *City Record* for this service.

Respectfully yours,
WILLIAM T. NOONAN,
Commissioner.

TREASURY DEPARTMENT COPYING MACHINES

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with the usual form of advertising, and to award a contract to Xerox Corporation, for the supply and maintenance of our Xerox copying machine. This contract will cover the period from July 1, 1976, to June 30, 1977, inclusive. The cost will not exceed \$3,000.

In view of the quality of the machine and services to be provided, it is my opinion that public advertising would serve no useful purpose.

Respectfully,
JAMES V. YOUNG,
Collector-Treasurer.

EQUIPMENT RENTALS

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with the usual form of advertising and to award a contract, effective July 1, 1976, to June 30, 1977, inclusive.

The equipment listed below will be rented from the Univac Division, Sperry

Rand Corporation, Wellesley Office Park, Wellesley, Mass.

Nine Model 1710-04, verify-interpreting key punch machines at \$170 per month for each machine. The total cost will be \$18,360.

Two Model 1720-00 electronic sorters at \$156 each per month. The total cost will be \$3,744.

One Type 0603-04 card punch with F O 871-00 selective stacker at \$259 per month. The total cost will be \$3,108.

One Type 3030-00 No. 9200 processor with 300 lines-per-minute print speed, 132 print positions, 8 lines-per-inch print spacing, storage 8k, card reader, and 90 column read at \$1,321 per month. The total cost will be \$15,852.

The contract will contain an article giving the City of Boston the right to terminate this contract or any part thereof at anytime after giving the contractor a thirty-day written notice.

There is no competition in the awarding of this contract. Sperry Rand Corporation is the only supplier of this equipment. The Collecting Division has been using this equipment since 1938, and is satisfied with the services provided by the company and the performance of the equipment.

Respectfully,
JAMES V. YOUNG,
Collector-Treasurer.

ACCOUNTING SYSTEM

DEAR MR. MAYOR:

Under the City of Boston Code, Ordinances, Title 6, section 155, the Collector-Treasurer serves as the custodian of the city's trust funds. At the present time, the city holds many millions of dollars in trust funds, and in a trust system of this magnitude, investment management accounting and even simple accounting has become increasingly complex. In order to discharge my duties as custodian more effectively, I want to engage professional help in creating and maintaining a modern trust fund accounting system for the city.

We have solicited proposals from major Boston financial institutions offering this type of service. Monchik-Weber Associates, Inc., a consulting firm specializing in financial and accounting systems, was hired to help evaluate the proposals. The services proposed by the First National Bank of Boston were judged to be superior for Boston's needs.

Therefore I request your authority to enter into a contract with the First National Bank of Boston for services described above. The contract would be for a term ending on June 30, 1976, and would be a cost not to exceed \$10,000.

In view of the essentially professional type of services to be performed and in view of the competitive selection process already implemented, I also request that no further public advertising for bids be required.

Sincerely,
JAMES V. YOUNG,
Collector-Treasurer.

YOUTH ACTIVITIES COMMISSION

CAMPERSHIP PROGRAM

DEAR MAYOR WHITE:

As Executive Director of the Youth Activities Commission, I hereby request your permission to dispense with public advertising in connection with the award of a contract to the Massachusetts Department of Public Welfare. The cost to the City of Boston under the contract will be \$7,500. The contract will continue in force through a date not later than August 31, 1976.

The purpose of the contract is to provide a mechanism whereby the city can contribute one-fourth the cost of a residential campership program for youth who meet the eligibility criteria established by the Department of Public Welfare. The Commonwealth of Massachusetts, through the Welfare Department, contributes three-fourths of the cost of \$22,500. The city is required, however, to make payment to the Commonwealth of our donation prior to the Commonwealth's making available the amount for the program. This donation is a grant under Title X of the Social Security Act.

Public advertising for this contract would serve no useful purpose since the Commonwealth, through the Department of Public Welfare, is the sole administrator of the Title XX funds.

No informal bids have been received from other contractors since the information bidding process does not apply here.

Sincerely,
DONALD B. MANSON,
Executive Director

SUFFOLK COUNTY

Boston Juvenile Court EDUCATIONAL SERVICES

DEAR MR. MAYOR:

I respectfully request your permission to dispense with advertising, and to award a contract to C.A.P. Special Education Projects, Inc., a private, nonprofit corporation located at 418-420 Geneva Avenue, Dorchester, Mass. Under the terms of the contract, C.A.P. will provide educational services to children referred to it by the court under St. 1973, c. 1073, the Children in Need of Services Act. The program will include individualized curriculum, six hours per day under the direction of three certified teachers. Counseling and other supportive services are provided. Six vans are utilized to transport the children to and from the school. Because C.A.P. is part of the State Department's Flexible Campus Program, students may receive public school education for work done elsewhere.

This contract will be effective September 1, 1975, to June 30, 1976, at a cost not to exceed \$95 per week per student.

Because of the unique nature of the services to be provided, I believe that public advertising would serve no useful purpose.

Respectfully submitted,
FRANCIS G. POITRAS,
Presiding Justice

DEAR MR. MAYOR:

I respectfully request your permission to dispense with advertising and to award a contract to Open Harbor, Inc., d/b/a Port White School, a private nonprofit corporation, located in the Erich Lindemann Mental Health Center, Government Center, Boston, Mass.

Under the terms of the contract, Open Harbor, Inc., will provide educational and therapeutic services to children referred to it by this court under St. 1973, c. 73, the Children in Need of Services Act. The program will include a nine-week summer recreational component and a forty-three-week academic component. Both components will provide services to the specific educational and therapeutic needs of each child. The summer recreational component consists of individual tutoring, field trips, counseling, crisis intervention, family counseling, vocational training and placement, and award bound experiences. There are eleven staff members for that nine-week period. The academic component consists of a forty-plus-hour schedule of standard academic classes, vocational training and placement (auto mechanics, welding, electricity, psychology, psychotherapy, counseling, crisis intervention, family counseling, child care apprenticeship program, field trips, and camping trips). There are twenty-three staff members for that forty-three-week period, ten of whom have master's degrees in teaching or counseling, two are doctoral candidates, and one has a doctorate in clinical psychology.

This contract will be effective from July 1, 1975, to June 30, 1976, at a cost of \$15 per week per pupil for the summer, or \$128.35 per week per pupil for the academic year.

Because of the unique nature of the services to be provided, I believe that public advertising would serve no useful purpose.

Respectfully submitted,
FRANCIS G. POITRAST,
Presiding Justice.

RENTAL COPIER

DEAR MR. MAYOR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the City Record, and to award a contract to Xerox Corporation, for the rental of a 200 copier for the Boston Juvenile Court office for the period July 1, 1976, through June 30, 1977, at a base cost of \$700 per month, plus 1.5¢ per copy for each copy over 20,000. The total cost shall not exceed \$8,000.

In view of the nature of the service to be engaged, it is my view that public advertising would give no useful purpose.

Sincerely yours,
FRANCIS G. POITRAST,
Presiding Justice.

District Attorney's Office

LEASING CERTAIN PREMISES

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I respectfully request your Honor's

written permission to dispense with public advertising in the award of a contract to Minot, DeBlois and Maddison, Inc., 294 Washington Street, Boston, Mass. 02108, in an amount not to exceed \$25,300, for the period of May 1, 1976, through April 30, 1977.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to continue an intensive investigation and prosecution unit. In order to achieve its objectives, it was necessary that the project lease private office space in a building accessible to the courthouse area. Minot, DeBlois and Maddison, Inc. is a realtor who has been able to supply adequate office space at a site that is necessary to the existence and operations of this project.

The rental cost per square foot will remain at the same rate as the past two grant years. The increase in the annual lease figure for the next grant year is due to a needed increase in office space.

For the above reasons, as well as the substantial security factors relating to the location of this project, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,
GARRETT H. BYRNE,
District Attorney.

XEROX COPIER

DEAR MR. MAYOR:

As District Attorney of Suffolk County, I request your Honor's written permission to dispense with public advertising in the award of a contract to Xerox Corporation, 100 Charles River Plaza, Boston, Mass., for the supply and maintenance of a Xerox 4000 copier. The cost of this service will not exceed \$5,000, and will cover the period between May 1, 1976, and April 30, 1977.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

In view of the quality of the machine and the service to be provided, it is my opinion that no practical or useful purpose would be served by public advertisement.

Sincerely,
GARRETT H. BYRNE,
District Attorney.

ELECTRONIC EQUIPMENT

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I respectfully request your Honor's written permission to dispense with public advertising in the award of a

contract to Audio Intelligence Devices, Ft. Lauderdale, Florida 33307, in an amount not to exceed \$20,800. The contract is to be performed before April 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to conduct an investigation and prosecution unit concerning organized criminal activity. In the course of the performance of their duties, my staff employ electronic surveillance techniques pursuant to state and federal law.

Audio Intelligence Devices (AID) is the only vendor from whom all of the desired undercover electronic surveillance equipment can be purchased. Quotations were sought from the four other vendors known to manufacture electronic surveillance equipment. The vendors were F. G. Mason Engineering, Inc., Fairfield, Connecticut; Bell & Howell Communications Company, Burlington, Mass.; Wackenhut Electronics, Miami, Florida; Hekimian Laboratories, Rockville, Maryland. The first two vendors did not manufacture any of the desired surveillance equipment. The last two vendors did manufacture some of the desired equipment, but at a cost greater than the cost quoted by AID.

Furthermore, the equipment to be purchased will be primarily utilized by project officers and others when they are in an undercover capacity. Publicly advertising the specifications of the surveillance equipment could cause a substantial risk to the well-being of the above individuals.

The correspondence and partial bids from the four vendors will, of course, be available for inspection by the Auditing Department or a staff member of the Boston Finance Commission.

For the above reasons, I respectfully state that public advertising would serve no useful or practical purpose.

Sincerely,
GARRETT H. BYRNE,
District Attorney.

EDUCATIONAL SERVICES

DEAR MR. MAYOR:

I respectfully request your permission to dispense with advertising and to award a contract to C.A.P. Special Education Projects, Inc., a private nonprofit corporation, located at 418 Geneva Avenue, Boston, Mass. Under the terms of the contract, C.A.P. will provide educational services to children referred to it by this court under St. 1973, c. 1073, the Children in Need of Services Act.

The program will include individualized curricula for six hours per day under the direction of three certified teachers.

(Continued from previous page)

Counseling and other supportive services are also provided. Vans are utilized to transport the children to and from the school. Because C.A.P. is part of the School Department's Flexible Campus Program, students may receive public school credits for work done elsewhere.

This contract will be effective from July 1, 1975, to June 30, 1976, at a cost not to exceed \$4,732 per child.

Because of the unique nature of the services to be provided, I believe that public advertising would serve no useful purpose.

Respectfully submitted,
RICHARD C. WOODS,
Justice.

Registry of Deeds

XEROX MACHINES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston City Record, and to award to the Xerox Corporation, a contract for the supply and maintenance of two Xerox copying machines, during the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$5,500, which I believe is a fair and reasonable price.

In view of the quality of the machines and services to be provided, it is my

opinion that public advertising would serve no useful purpose.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

IBM MACHINES

DEAR MR. MAYOR:

The Suffolk County Registry of Deeds is presently leasing and using the IBM equipment, for which the International Business Machines Corporation has submitted written quotations, as itemized below.

Inasmuch as the above-mentioned company is the manufacturer and distributor, it is my opinion that no advantage would be gained by publicly advertising for prices.

Therefore, I respectfully request your Honor's permission to dispense with publicly advertising for bids and on the following effective date of July, 1976, budget, to enter into a contract for the period of July 1, 1976, to June 30, 1977, inclusive, with the International Business Machines Corporation, for leasing and servicing of the following equipment:

407 IBM printing machine at \$928 per month, three months, \$2,784; one sorter, 83, 21797 at \$123 monthly, \$1,476; one collator, 85, 10632 at \$146 monthly, \$1,752; three typewriter card printers, each \$144 monthly, \$5,184; total, \$8,412; plus transportation charge of 407 printing machine, \$1,800, totaling \$12,996.

Total amount of contract not to exceed the sum of \$12,996.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

XEROX MACHINES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston City Record, and to award to the Xerox Corporation, a contract for the supply and maintenance of Xerox copying machines, during the period of July 1, 1976, through June 30, 1977, at a cost not to exceed \$8,000, which I believe is fair and reasonable.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
THOMAS DORGAN,
Clerk.

FILING EQUIPMENT

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston City Record, and award to Sperry-Remington of 60 William Street, Wellesley, Mass., a contract to supply this office with flat filing equipment. In order for this office to comply with Supreme Judicial Court Rule 3:20, as amended, it is necessary for us to purchase this equipment.

The cost of this filing equipment will be approximately \$2,824.65, and we feel that Sperry-Remington has the most offer in terms of efficiency and frugality. Inasmuch as this is a new item in the budget (formerly in the Superintendent's budget), and the Purchasing Department selected Sperry-Remington to do business with, we respectfully request that the necessity of the above item going out to bid be waived, as no advantage will be gained by competitive bidding.

Very truly yours,
THOMAS DORGAN,
Clerk

XEROX COPIER*

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the Boston City Record, in awarding a contract to Xerox Corporation, in the amount of \$3,000, for the Xerox 4000 copier.

Since the machine satisfies the anticipated needs of this department caused by the increasing crime rate, I believe that public advertising for bids would serve no useful or practical purpose.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

AIR CONDITIONING SYSTEM

DEAR MR. MAYOR:

On December 11, 1975, your Honor approved a letter of award for a contract with North Atlantic Leasing Corporation for furnishing an air conditioning system to the Boston City Hospital as a result of publicly opened bids on October 1, 1975.

amount of the contract inadvertently read \$2,150.

Permission is requested to amend the contract letter, dated December 10, 1975, to read the amount of the contract read \$2,150, which is the correct amount.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

AUTOMOTIVE EQUIPMENT

MR. MAYOR:
On April 5, 1976, your Honor approved permission to award contracts to several companies for furnishing automotive equipment to the various city departments based on publicly advertised bids received on April 5, 1976, and read in public session on March 23, 1976.

One bid was inadvertently included in the total award of General Motors Corporation, when, in fact, it should have been excluded in the total award to General Chevrolet, Inc.

I now requested that my letter dated April 1, 1976, approved by your Honor on April 5, 1976, be amended by adding the proposed vendors and approximate amounts of contracts to read as follows:

General Chevrolet, Inc., \$70,353, net;
General Chevrolet, Inc., \$27,154.22, less 2 percent discount, time of payment;
General Motors Corp. (GMC Truck & Coach Div.), \$26,238.29, net 30 days.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

LAMPS

MR. MAYOR:
On April 5, 1976, your Honor approved permission to award a contract to the City of Supply, Inc., for furnishing incandescent and fluorescent lamps to the various city departments, for an approximate total amount of \$20,000, less 2 percent discount, time of payment. The contract, No. 01-43-587, includes a provision for increasing an additional 25 percent of the total amount.

Orders have been issued for the full amount of the contract plus the allowable profit, and requisitions for immediate payment have been received for an approximate amount of incandescent and fluorescent lamps valued at approximately \$7,000.

Permission is requested to amend the contract No. 01-43-587, by changing the approximate total amount of the contract and the total limitation of the amount of the city to read \$32,000.

Other terms and conditions shall be as set forth in publicly advertised proposal 337, opened and read in public session October 22, 1975, and included in purchase contract No. 01-43-587 of fiscal year 1975-76.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

OFFICE OF COMMUNITY DEVELOPMENT

SERVICE DELIVERY

DEAR MAYOR WHITE:

I hereby request your permission to amend a current contract, in the amount of \$50,000 and effective August 1, 1975, to March 31, 1976, with the Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit corporation, on behalf of the Uphams Corner Health Committee, Inc./Uphams Corner Health Center located at 500 Columbia Road, Dorchester.

Under the terms of the amendment agreement, the original contract amount will be amended to an amount not to exceed \$68,000, an increment of \$18,000, and the original period of performance will be extended from April 1, 1976, to June 30, 1976. Due to unanticipated delays in beginning Second-Year program activity, the additional funding allowance and extension of time are necessary to continue service delivery in the interim until the original contract is renewed in the Second Year. Payment for this amendment to the contract will be made from the Community Development Block Grant.

In view of the imminent contract termination date and in the interest of uninterrupted program delivery to the community, I recommend that the Trustees of Health and Hospitals of the City of Boston, Inc., on behalf of the Uphams Corner Health Committee/Uphams Corner Health Center, be permitted to continue its present services with supplemental operating funds through June 30, 1976.

Sincerely,
DAVID STROHM,
Director.

PROGRAMMING AND COMPUTER SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to amend a current contract, in the amount of \$60,000 and effective from June 3, 1975, to June 2, 1976, with Scientific Time Sharing Corporation (STSC), a Delaware corporation, for professional programming and computer services for the city's Housing Improvement Program (HIP).

Under the terms of the amendment agreement, the original contract, originally established at \$30,000 and subsequently amended to \$60,000 is hereby amended to an amount not to exceed \$95,000, an increment of an additional \$35,000. Payment for this amendment to the contract will be made from the Community Development Block Grant.

The Housing Improvement Program has received considerable media coverage and has gained enormous popularity among the city's homeowners, resulting in increased participation by the public in the program. The expanded case load creates a need for additional programming and computer services from STSC.

In view of the high quality of services furnished by STSC to date, I recommend

that the maximum compensation to STSC be raised to a level of \$95,000.

Sincerely,
DAVID STROHM,
Director.

OFFICE OF CRIMINAL JUSTICE

REPRODUCTION SERVICES

DEAR MR. MAYOR:

On March 22, 1976, you approved a contract between the City of Boston and The Xerox Corporation, Inc., in an amount not to exceed \$6,000, for the period July 1, 1975, through June 30, 1976.

The Mayor's Office of Criminal Justice now has the opportunity to increase the amount of the contract by \$4,000, which would permit the Office of Criminal Justice to pay for additional reproduction services.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-641), and the Crime Control Act of 1973 (P.L. 93-83).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the Xerox Corporation. In view of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

ELECTION DEPARTMENT

TRANSPORTATION OF MACHINES

DEAR MR. MAYOR:

On behalf of the Board of Election Commissioners, I hereby request permission to amend the contract of C. S. Walsh, Inc. from \$35,600 to \$37,712. This contract, No. 1622, is for the transportation of voting machines.

Public advertising for said transportation of voting machines was under date of May 5, 1975, and the letter of award was signed June 4, 1975.

This amendment is necessary because of the federal desegregation order of closing of schools, requiring additional moving of voting machines to other polling locations.

We respectfully request permission to increase this contract by \$2,112.

Sincerely,
FOR THE BOARD,
JOSEPH D. MURPHY,
Chairman.

ELECTRICAL INSTALLATIONS AND WIRING

DEAR MR. MAYOR:

On behalf of the Board of Election Commissioners, I hereby request permission to amend the contract of Emerson Electrical Contracting Co., Inc., from \$3,950 to \$5,356.25. This contract, No.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

S.C. 2057 (1976), is for electrical installations and wiring.

Public advertising for said electrical services was under date of August 4, 1975, and the letter of award was signed September 3, 1975.

This amendment is necessary due to the federal desegregation order, closing or renovating schools that required additional wiring and installations for voting machines, and polling places in other locations.

We respectfully request permission to increase this contract by \$1,406.25.

Sincerely,
FOR THE BOARD,
JOSEPH D. MURPHY,
Chairman.

FIRE DEPARTMENT

FIRE BOAT

DEAR SIR:

I respectfully request your Honor's approval to amend the contract, No. 200, with Damariscotta Boats, Inc., Lime Company Wharf, Rockland, Maine, for construction of a high-speed fire boat.

Article III of the contract provides for an extension of time due to certain delays. The contractor has been delayed in making delivery of the vessel as a result of fire.

With your Honor's approval, the completion date of this contract will be extended from 425 calendar days to 733 calendar days, at no additional cost to the City of Boston.

Respectfully submitted,
GEORGE H. PAUL,
Fire Commissioner.

EMERGENCY REPAIRS

DEAR SIR:

I respectfully request your written permission to amend the contract, No. 1617, with the firms listed below for emergency repairs to overhead doors, which require specialized skills, by amending the contract price of \$25,000 to \$35,000.

This increase of \$10,000 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract which expires June 30, 1976.

Door Systems, Inc., 120 Alexander Street, Framingham.

Overhead Door Company of Boston, 292 Lincoln Street, Hingham.

Suffolk Specialties Company, Inc., 101 Blue Hill Drive, Westwood.

Respectfully submitted,
GEORGE H. PAUL,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

STAFF OTORHINOLARYNGOLOGIST

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of December

24, 1975, I hereby authorize amending the city's contract with Tufts University School of Medicine (University) under which the University has agreed to provide the services of a Staff Otorhinolaryngologist to the Otorhinolaryngology Department of Boston City Hospital for the period commencing July 1, 1974, and ending on June 30, 1975, at a cost not to exceed \$16,000.

This amendment is necessary because the aforesaid contract, due to a clerical error, stated the said contract sum to be \$16,000, rather than the correct amount of \$16,800, reflecting a 5 percent salary increase which became effective on January 1, 1974.

This amendment is further necessary to affect a change in the salary of the contracted position from \$16,800 per year to \$11,200 per year effective April 1, 1975, because of a reduction in the coverage from full time to part time.

As by these amendments the total amount of the contracted salary will decrease from \$16,800 to \$15,400, the total amount of the contract will be reduced by \$1,400. Your Honor's permission is therefore respectfully requested to amend this contract pursuant to the terms and conditions stated above.

Very truly yours,
DAVID L. ROSENBLUM,
Acting Executive Director.

LICENSING BOARD

STENOGRAPHIC SERVICES

DEAR MR. MAYOR:

On the date of August 10, 1975, you authorized the contract, without advertising, to Mr. Edward M. Hansbury, Jr., a public stenographer to record and transcribe the hearings of the Licensing Board for the City of Boston, in an amount not to exceed \$5,000, for the period July 1, 1975, to June 30, 1976.

We wish to amend the amount of the contract from \$5,000 to \$15,000.

If there is any legal questions as a result of this action, consult Herbert Gleason, Esquire, Corporation Counsel, City of Boston.

Sincerely,
CHARLES L. BYRNE,
Chairman.

MANPOWER ADMINISTRATION

COPYING MACHINE MAINTENANCE

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by advertising in the *City Record* and to award an amendment to Xerox Corporation, 100 Charles River Plaza, Boston, for the supply and maintenance of 2 Xerox copying machines. This amendment will increase the contract amount from \$12,000 to \$19,000, for the period July 1, 1975, to June 30, 1976.

Under the terms of the amended contract, Xerox will deliver, install, and furnish the use of the copy machines for the CETA Title I staff. The term of the proposed contract will cover equipment and servicing.

Due to the fact that Xerox can provide services which are of highly uniform nature and because of the quality of machinery involved, it is my opinion that no useful purpose will be served by publicly advertising for bids. The source of funding is the Federal Comprehensive Employment and Training Act of 1973 with no financial assistance from the City of Boston.

Sincerely,
JOSEPH R. DUGGAN,
Administrative Director.

POLICE DEPARTMENT

COPYING MACHINES RENTAL

DEAR MAYOR WHITE:

Enclosed is a copy of your original approval of award of a contract with Xerox Corporation, 100 Charles River Plaza, Boston, for the rental of copying machines from July 1, 1975, to June 30, 1976.

During the year increased copying demands within the department resulted in an increase in the contract price of \$16,000.

Therefore, I respectfully request that you approve an increase in the contract price from \$49,200 to a price not to exceed \$65,200.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

SERVICING OF I.B.M. EQUIPMENT

DEAR MAYOR WHITE:

Enclosed is a copy of your original approval of award of a contract with International Business Machines Corporation for the leasing and servicing of I.B.M. equipment for the period of July 1, 1975, through June 30, 1976.

During the last eight months the department has been using the I.B.M. equipment for several extra hours a day for data preparation work for new computer-aided dispatch system. The department has also been testing new report programs for the computer-aided dispatch system. This extra time requires an addition to the contract price of \$14,000.

Therefore, I respectfully request that you approve an increase in the contract price from \$269,784, to a price not to exceed \$283,784.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

COMPUTER-AIDED DISPATCH SYSTEM

DEAR MAYOR WHITE:

Enclosed is a copy of your original approval of award of a contract with A.D.L. Systems, Inc., for the design and installation of a computer-aided dispatch system.

Since then it has come to our attention that the following modifications be made to the system in order to meet the operational needs of the Communications Division:

1. A resequencing of responses on the dispatchers' status monitor.

Additional work time will require an increase in the contract price of \$1,500.

2 An expansion of the computer's response unit table to accommodate the increasing number of call-signs created by the department and required presently. This modification requires additional core memory and work time in the amount of \$3,000.

3 The system as originally conceived required the capability of expanding the system to the district stations, traffic, and other units in the department. A telecommunications planning study and expansion specifications will require an amount of \$12,400.

Therefore, I respectfully request that you approve an increase in the contract price from \$622,375 to a price not to exceed \$635,775.

Very truly yours,

CHARLES T. COBB,
Acting Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

GENERAL ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on April 13, 1976, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Herald*, and to enter into an agreement with Comprehensive Designers, Inc., a Pennsylvania corporation, registered to do business in Massachusetts, with local offices at 197 First Avenue, Needham, awarding a contract between the City of Boston and Comprehensive Designers, Inc., dated December 4, 1975, as it will be amended by complete execution of the amendment pursuant to a letter of award dated February 10, 1976, and approved by the Mayor March 10, 1976, to provide the Public Facilities Department, during the period July 1, 1975, to June 30, 1976, both dates inclusive, general engineering services and technical assistance in connection with the department's preparation of multiple plans and specifications for use in accomplishing a substantial volume of the normal alterations and repair programs and emergency repair projects conducted by the department, so as to further increase the amount authorized for expenditure under the contract by \$20,000, to a new total of \$45,000.

The requested increase of \$20,000 in the amount authorized for expenditure under the contract is again necessary to permit additional work not planned or contemplated when the contract was originally proposed, or previously amended.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing approved by all the parties thereto, including the Mayor and contract surety, it would appear that public advertising in this matter could not best serve the public interest.

Respectfully,

VICTOR E. HAGAN,
Acting Director.

SCHOOL DEPARTMENT

SPECIAL TRANSPORTATION SERVICES

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 13, 1975, awarding a contract to Lexington Taxi Co., Inc. for furnishing transportation by motor carriage within the City of Boston for school-age children with special needs and other school-age children subsequent to public advertising.

The amendment provides for the period March 1, 1976, to June 22, 1976, and the contractor shall furnish transportation for special-needs aides to or from their homes after or before escorting special-needs students at a rate of \$4.95 per aide per day.

After a determination by the Law Department that this additional transportation was not compensable under the existing contract, the contractor announced its intention to cease providing such service. To avert serious disruption to the special needs program, the School Committee determined it to be necessary to amend the contract for the duration of the present school year.

Very truly yours,

LEO J. BURKE,
Business Manager.

BUS SERVICE

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 14, 1974, awarding a contract to Rewhit Transport, for furnishing school bus transportation service within the City of Boston for Boston public schools, subsequent to public advertising.

The amount of the contract for the first year (1974-1975) was \$795,240. Inasmuch as costs have increased due to orders issued by the court in *Morgan v. Kerrigan*, 75-911-G (D. Mass.) (1975-1976) shall be amended to \$1,000,000.

Contract for Rewhit Transport, \$1,000,000.

Very truly yours,

LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 23, 1974, awarding a contract to Hudson Bus Lines, for furnishing school bus transportation services within the City of Boston for Boston public schools, subsequent to public advertising.

The amount of the contract for the first year (1974-1975) was \$110,400. Inasmuch as costs have increased due to orders issued by the court in *Morgan v. Kerrigan*, 75-911-G (D. Mass.) (1975-1976) shall be amended to \$1,000,000.

Contract for Hudson Bus Lines, \$1,000,000.

Very truly yours,

LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on

August 23, 1974, awarding a contract to Brush Hill Auto Body, Inc., for furnishing school bus transportation service within the City of Boston for Boston public schools, subsequent to public advertising.

The amount of the contract for the first year (1974-1975) was \$697,374. Inasmuch as costs have increased due to orders issued by the court in *Morgan v. Kerrigan*, 75-911-G (D. Mass.) (1975-1976) shall be amended to \$1,000,000.

Contract for Brush Hill Auto Body, Inc., \$1,000,000.

Very truly yours,

LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on August 15, 1974, awarding a contract to William S. Carroll, Inc., for furnishing school bus transportation services within the City of Boston for Boston public schools, subsequent to public advertising.

The amount of the contract for the first year (1974-1975) was \$385,020. Inasmuch as costs have increased due to orders issued by the court in *Morgan v. Kerrigan*, 75-911-G (D. Mass.) (1975-1976) shall be amended to \$1,000,000.

Contract for William S. Carroll, Inc., \$1,000,000.

Very truly yours,

LEO J. BURKE,
Business Manager.

YOUTH ACTIVITIES COMMISSION TASC-J FUNDS

DEAR MR. MAYOR:

In order to properly administer and expend approved Treatment Alternatives to Street Crime (TASC-J) funds under the Youth Activities Commission's contract with Y.M.C.A. Services Corporation, I should like to request your approval to extend the effective dates of our contract with Y.M.C.A. Services Corporation, which was approved by you in a letter of August 2, 1974, and reaffirmed in letters of March 26, 1975, September 8, 1975, and December 3, 1975.

This extension would change the effective dates of the contract which originally were from August 1, 1974, through July 31, 1975, and most recently amended to August 1, 1974, through June 30, 1976, to the new date of August 1, 1974, through October 31, 1976.

This change in no way effects the cost or scope of work as originally defined under the contract.

Your approval of this action is herein requested.

Sincerely yours,

DONALD B. MANSON,
Executive Director.

DEPARTMENT OF PLANNING AND ENGINEERING
26 COURT STREET, BOSTON, MASS.

NOTICE FOR GENERAL BIDS FOR FURNISHING, DELIVERING, AND SETTING UP LIBRARY AND AUDIO-VISUAL FURNITURE IN VARIOUS SCHOOLS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites general bids for furnishing, delivering and setting up library and audio-visual furniture in various schools.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, August 25, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled out, signed, enclosed in an envelope, clearly and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a cashier's or cashier's check issued by, a reliable bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority from a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the contractor of the agreements contained in the general bid or general bid, in the sum of ten percent or 5 percent of the total value of the bid, whichever is the greater. The general bid shall be filed before the time stated above for the opening of general bids.

General bids may be withdrawn after the time limit for filing general bids and for the opening of bids (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no general bid may be withdrawn by the three lowest responsible and qualified bidders may be withdrawn prior to the opening and delivery of the general contract unless no award has been made upon the opening of the prescribed time thereafter.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and other workers in the work to be performed shall be not less than the rate of wages determined by the work by the Commissioner of Labor Industries of the Commonwealth of Massachusetts under the provisions of the General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which is in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 5A in the Campus High School Urban Renewal Area, Project No. Mass. R-129, located in the Roxbury District, City of Boston, Mass., until twelve noon, Boston time, on August 24, 1976, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of playground construction, park lighting and the installation of drainage and water on Roxbury Street all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a cer-

tified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to at least 5 percent of each proposal for the Site Preparation Contract No. 5A.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that no less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's equal opportunity compliance policy, adopted February 20, 1969, revised June 12, 1975, and to the Commonwealth of Massachusetts Supplemental Equal Opportunity Antidiscrimination and Affirmative Action Program.

Attention is also directed to the Instruction to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids, for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

NOTICE FOR GENERAL BIDS FOR ALTERATIONS TO THE NATHAN HALE SCHOOL, 15 CEDAR STREET, ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites general bids for alterations to the Nathan Hale School, 51 Cedar Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, August 30, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. Each general bid shall be completely filled in, enclosed in an envelope, sealed, and marked with the description of the work to be done. The general bid shall be submitted to the Awarding Authority, at the address designated above, accompanied by a deposit in the form of cash or a certified check, or a treasurer's or cashier's check, or a responsible bank or trust company payable to the City of Boston, or a bid in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and conditioned upon the faithful performance by the principal of the agreement contained in the subbid or general bid, in the sum of \$800. The general bids shall be opened before the time stated above for the opening of general bids.

Each general bid may be withdrawn after the time limit for filing general bids and for the opening of bids (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition no general bid may be withdrawn after the three lowest responsible and eligible bidders may be withdrawn prior to the opening and delivery of the general contract, unless no award has been made upon the opening of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers on the work to be performed shall not be less than the rate of wages determined for the work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, and a schedule of which appears in the specifications.

The successful bidder will be required to furnish by insurance for the payment of damages and the furnishing of other services under the Workmen's Compensation General Laws (Ter. Ed.), chapter 152,

to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Monday, August 23, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreement contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Painting	\$100
Resilient Flooring	150
Heating and Ventilating	100
Electric	100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

Plus for Cultural Affairs

As the expression of people's culture, the arts are acknowledged by municipalities as an effective way in which to meet the urban need of enriching one's life in the midst of change and complexity to restore to it a human dimension. However, Boston, under Mayor Kevin H. White, is one of the very few cities in the United States to have created a department whose sole function is to use the arts to respond to these needs. Since its official designation, the Mayor's Office of Cultural Affairs has worked to make the arts a bridge, not only between people and their environments, but also between the center city and the neighborhoods.

The continuing flow of ideas and energy from the OCA has brought about a steady growth in neighborhood cultural activities with an attendant increase in community spirit and confidence which can be achieved only with a neighborhood's active involvement in its own development.

At the same time, the OCA's financial assistance and counsel have aided many Boston artists and institutions and enabled them to flourish and develop closer and more rewarding relationships, not only with the city's many neighborhoods but also with Boston's educational and social institutions.

Through Public Celebrations, the OCA, in addition to its coordination of the city's major holiday observances, offers its services to members of the city's ethnic, social, and civic groups for their own celebrations and events, thus helping to strengthen one of the city's most valuable qualities — its diversity. By opening the building to a permanent and continuing program of

events and exhibits, the OCA has demonstrated that in Boston concern for and support of the arts begin right where they should — in City Hall.

In doing all this, the OCA has helped to transform the arts into an integral force in the life of Boston and its residents. Now more than ever, the people who live here can enjoy the cultural resources in which Boston is so rich, and at the same time contribute their own talents and vitality to the city which is their home.

Tour Program

The tour program at City Hall was set up in 1968 so that Boston citizens and visitors to the city could acquaint themselves with the building itself, which is architecturally spectacular. The tour, which lasts about forty minutes, covers these areas of interest:

1. architecture of the building
2. the design of Boston city government

3. historical information concerning other buildings in Government Center

The tour guides will give tours to hundreds of visitors who will be in Boston for the Bicentennial, and they are a valuable resource for explaining City Hall and city government to Boston school children, Boston senior citizens, and essentially all interested residents.

The City Hall tour guides are all students at Northeastern University and are part of Northeastern's work-study program. The guides are responsible for the information desk in the Main Lobby. They give information to approximately 600 people a day on the many departments and agencies in Government Center.

The tour guides are familiar with the exhibits and performances that are always part of the City Hall scene. If you want to bring in a group for a tour, or for a plaza event, call the information desk at 725-4765, and make arrangements with the tour guides.

Festival Bostonian

Festival Bostonian, a program of the Mayor's Office of Cultural Affairs, is a monthly series of ethnic arts celebrations which focuses on Boston's seventeen major ethnic groups. An important expression of a culture's heritage is found in

(Continued on next page)

Cultural Affairs . . .

(Continued from front page)

the visual arts. The visual arts also provide an example of how members of Boston's ethnic populations continue to contribute to contemporary American culture. With these two aims in mind, most of Festival Bostonian's monthly celebrations will include major professional exhibits in City Hall's Main Gallery. These particular groups were chosen based on the resources known to exist within each community.

Festival Bostonian is funded by the National Endowment for the Arts and the Commonwealth of Massachusetts Council on the Arts and Humanities.

City Hall Galleries Exhibits

The City Hall exhibit program has been in existence since 1969. There is one large Main Gallery on the fifth floor and a number of other spaces in the public corridors that are used for exhibiting the work of both local and international professional and developing artists.

The Main Gallery is reserved for showings, which in the past, have included local art schools, groups of artists, and associations of various sorts.

The other areas include the third floor Scollay Square Gallery, the Human Rights Corridor, the Bostonian, and the Registry Wall on the second floor. The Mezzanine is often used for free-standing exhibits and the Council Bridge is occasionally used for special displays.

These exhibits generally come about after an artist or organization has contacted the Visual Arts Department in the Office of Cultural Affairs, shown samples of the work, and is then scheduled for an appropriate area. There is a set of guidelines with which an exhibitor must agree to comply. Each exhibit is displayed for the duration of a month.

Generally, the exhibitor is totally responsible for hanging, publicity, insurance, the reception, and all other aspects of the show. The Office of Cultural Affairs provides

assistance with publicity (poster distribution, press releases, and distribution of invitations to the opening reception).

During the Bicentennial years, exhibits on the Registry Wall will be scheduled by the Boston Visual Artists Union.

Calendar of Exhibits

August, 1976. Discover artists from the neglected majority! A mixed media exhibition of "Women Exhibiting in Boston." This is a show of contemporary art by members of W.E.B. who are women artists in the Boston area involved in all disciplines of the visual arts.

September, 1976. Festival Bostonian's "Native American Celebration." This exhibit will be developed by members of Boston's Native American Community.

October, 1976. "Visionary Bicentennial Projects" is an exhibit of project proposals which artists would have liked to have had commissioned during the Bicentennial but were not. The show was selected by an expert jury through a national competition.

November, 1976. Festival Bostonian's "Yankee Celebration." The first immigrants to these shores brought with them strong convictions and decisive ideas which dictated a culture of similar qualities.

December, 1976. Boston University's faculty show from the

School of Artisanry, it is an exhibition by professional arts and crafts persons in various media.

January, 1977. Festival Bostonian's "American Multicultural Celebration." While each immigrant group has retained much of its cultural heritage, all of them contributed to a uniquely American culture. This exhibit celebrates one aspect of that culture.

WOMEN: TAKE NOTE REAL ESTATE FACTS YOU SHOULD KNOW

by

Wesley B. Swanson, President
Brokers Institute
Greater Boston Real Estate Board

With women entering the market in great numbers, and many maintaining an independent and single status, it is important that they — and mortgage lenders — be fully aware of regulations under the Equal Opportunity Act.

The act is an important one for women because it prohibits lenders from discriminating on the basis of sex or marital status in any part of the credit transaction, and in any type of credit asked.

Mortgage loans, for example, should be as easy to obtain for financially qualified single women as for a qualified single man.

Here, briefly, are the restrictions placed upon the creditor:

1. The application form must be neutral as to sex. Terms such as Mr., Mrs., or Miss may be used, but the form must state the choice of using a designated term optional with the applicant.

2. Creditors are restricted in questions about the applicant's marital status. If the creditor inquires about the applicant's status, only the terms "married," "unmarried," or "separated" may be used.

3. Creditors cannot inquire about birth control practices, the parties' intentions or capacity regarding childbearing.

4. Information about the applicant's spouse or former spouse

ted unless the spouse will assume liability for the loan, the applicant is relying on any, child support, or maintenance payments for repayment of loan.

The applicant need not answer a question on reliance on alimony, child support, or maintenance payments.

Finally, in evaluating the credit application, the creditor may not discount the income of an applicant or an applicant's spouse on the basis of sex or marital status. He also may not discount part-time income.

Take sex or marital status into account in a credit scoring system or other method of evaluation.

The act also requires a creditor to promptly notify an applicant of its decision.

If the application is denied, the creditor may request the creditor to give a reason or reasons for rejection of the application. The creditor must comply if the denial is on a reason other than sex or marital status.

If a violation of the act occurs, an applicant may sue the creditor for actual damages, plus \$1,000 in punitive damages. Class action suits also may be filed.

OFFICE LEASING NOW AT FANEUIL HALL MARKETPLACE

Mr. Williams, development director of the Faneuil Hall Marketplace, a subsidiary of The Rouse Company of Columbia, Maryland, announced that office leasing is actively under way in the North Market Building of the Faneuil Hall Marketplace.

The reconstruction and leasing of the South Market Building marks the second phase of The Rouse Company's redevelopment project to redevelop the three historic Faneuil Markets, adjacent to Faneuil Hall, into a contemporary urban commercial center combining new and retail use.

Phase I of the project has included the restoration of the Quincy Market Building, the central granite

structure, for restaurants, specialty foodshops, and related food merchandise. It will open August 26, 1976.

The South Market Building, originally built for warehouse use in 1826, is being reconstructed to provide 90,000 square feet of modern office space on the top two floors and lofts. The lower levels are being leased to specialty retail stores. Three separate office lobbies with elevators give access to the office interiors which retain the original granite, brick, and wooden beams. Spaces in the upper levels range from 250 to 35,000 square feet. Occupancy is for spring, 1977. When the North Market Building is reconstructed by 1978, Faneuil Hall Marketplace will have 16,000 square feet of office space.

Permanent financing is by Teachers Insurance and Annuity Association of New York. Construction financing is by the Chase Manhattan Bank, New York, and a consortium of Boston financial institutions.

Mr. Williams also announced that the office leasing program for Faneuil Hall Marketplace would be headed by Ms. Jo Daley of Boston. Previous to coming to The Rouse Company last year, Ms. Daley, a 1972 graduate of Harvard Business School, was the marketing director of Boston Waterfront Development Corporation. In that position she was responsible for selling and leasing residential and commercial properties, including 70,000 square feet of restored warehouse office space at Lewis Wharf on the waterfront.

"T" APPLIES FOR CAPITAL GRANT

Formal application to the Urban Mass Transportation Administration (UMTA) for a \$308,952,800 capital grant toward the construction of the Red Line Northwest Extension from Harvard Square to Arlington Heights will be made by the Massachusetts Bay Transportation Authority (MBTA) under authorization given recently by the Board of Directors.

The grant request represents 80 percent of the estimated \$386.2 million cost of the 6.4 mile-extension from a new Harvard Square Station to an Arlington Heights Station. Other stations would be located at Porter Square, Cambridge; Davis Square, Somerville; Alewife Brook Parkway near Route 2; and Arlington Center. A shield-driven tunnel would be built from Harvard Square to Davis Square and a cut-and-cover tunnel would be built the remainder of the distance.

Pregant engineering work is already under way on the segment from Harvard Square to Alewife Brook Parkway, including the four stations.

Pregant engineering and design for the next segment, from Alewife Brook Parkway to Arlington Center, will be getting under way shortly as a result of other action taken by the Board of Directors.

The Board approved a \$350,000 contract award to Childs, Bertman, Tseckares Associates, Inc., to design the transit station at Arlington Center.

The third segment of the extension is planned for Arlington Center to Arlington Heights. However, because Arlington's official position is that the line should be extended to Route 128, Lexington, pregrant engineering cannot be started on this segment until a Minuteman Area Transportation study of various transportation alternatives in this area is completed later this year and evaluated.

Ident-i-gard may help to curb thefts. The electronic engraver etches Social Security numbers or identifying marks onto television sets, stereos, radios, bicycles, camera equipment — all those personal items which may get stolen. The ident-i-gard is available at police district headquarters, and both the Fenway and Back Bay/Beacon Hill Little City Halls — along with a window sticker which clearly announces Ident-i-gard protection.

CORPORATE COMMUNITY CONTINUES TO SUPPORT OCA

The one bright note in a difficult financial picture for Boston's Mayor's Office of Cultural Affairs this year is the support of the corporate community, Office Director Elizabeth G. Cook announced. In the face of budget cuts totalling \$135,000 by the city, corporate identification contributions for Summerthing, OCA's major program, have continued to increase, almost doubling over the past four years, reported the head of the Cultural Affairs office.

Although OCA will be hard-pressed to continue its year-round activities in the face of the city's budget cut, the corporate identification funds help to keep Summerthing going, Ms. Cook said.

In releasing this year's figure of \$48,300, which is, to date, the corporate identification program's contribution to the free neighborhood arts program, Ms. Cook noted that in 1973 the total raised was \$25,500. The 1974 contribution was \$36,000 and last year's figure reached \$47,700.

"We feel that the 1976 total reflects an increasing commitment on the part of the Boston business community to an improved urban environment," commented William Pruyn, chairman of the Business Advisory Board to the office and the new president of Eastern Gas and Fuel.

Businesses may participate in Summerthing through corporate identification by choosing one of the many programs to support in whole or in part. Contributors may choose to underwrite one of the fifteen neighborhood vehicles which are used throughout each of Boston's communities all summer: the Showmobiles, which are large movable stages; Moviebus; Soul Train; a traveling block party; Troubadours; Senior Summerthing; or Jamboree, a caravan of the arts, cosponsored by many of the city's cultural institutions. In return, the corporation is prominently identified on the vehicle or stage area every time the program goes out.

This year, the five new contributors are the Charlestown Savings Bank, the Rudnick Family, Arthur D. Little, Inc., IMC Chemical Group, Inc. (Sobin Chemicals), and Aetna Life and Casualty.

Ongoing contributors are: Suffolk Franklin Savings Bank, Sun Life Assurance Company, the Gillette Company, Dorchester Savings Bank, Stride-Rite Corporation, Boston Five Cents Savings Bank, WNAC-TV, Boston Gas Company, New England Merchants National Bank, Boston Edison Company, John Hancock Mutual Life Insurance Company, Mobil Oil Corporation, Stop and Shop Companies, Prudential Insurance Company of America, First National Bank of Boston, and Polaroid Corporation.

"Boston, which has the largest neighborhood arts program in the country, is one of the few cities which enjoys such sizable support from its corporate community," Ms. Cook said.

Director Cook appealed to all citizens who wish to help Summerthing and the year-round programs to send their donations of whatever size to The Boston Foundation, Inc., City Hall, Room 208, One City Hall Plaza, Boston, Mass. 02201.

SOCCER

This year there has been a resurgence in interest in Soccer in and around the City of Boston. Statistics show that the Boston Parks and Recreation Department's Soccer Leagues' attendance surpassed that of one of the professional soccer teams. On August 16th the semi-finals for the Commissioner's Cup will begin at Franklin Field in Dorchester. The League Championship quarter-finals will begin on August 23rd at East Boston Stadium at 6:30 P.M. Finals will be played at East Boston Stadium on August 27th at 7 P.M. In other Soccer news the Massachusetts Soccer Association has challenged the Boston Parks and Recreation Department's Soccer League to a soccer match — date and time to be announced.

"WEDNESDAY EVENING ON THE PLAZA"

In the lilt of Irish laughter, Boston Parks and Recreation Department is proud to present "I Night," another in the continuing series of "Wednesday Evenings on the Plaza." International Irish entertainers Carmel Quinn — toast of Ireland" and Jimmy J. "the Jovial Jester" will keep of the Irish eyes smiling, as join the "Irish Revolution" with musicians on August 18th at 7 on City Hall Plaza. You can have to be Irish to enjoy it — free and open to all. For information please call the Director of Recreation — Dorothy C. at 725-4883.

ARTS AND CRAFTS EXHIBITION

Arts and crafts created by Boston Playground Children will be on display on the Boston Common from 11 A.M. to 3 P.M. Tuesday, August 17th. Paint, paper craft, jewelry, plaster modeling, weaving, tile craft, stick-and-flower making, gimp products, macrame, paques, collages and other playground originals will be on display. This show is sponsored by the Boston Parks and Recreation Department and awards will be given for the outstanding exhibit. For more information please call Louise Kennedy at 725-4885.

TOWING

Boston Parks and Recreation Department will soon begin to tow vehicles illegally parked on city lands in the Fenway neighborhood, particularly during Red Sox games. Towing will be at the owner's expense.

The same process will also be in effect at Copley Square on the brick plaza area where parking is prohibited.

All towing is authorized by the City of Boston, Commissioner of Boston Parks and Recreation Department.

"FACE LIFT" FOR STATE STATION

The Board of Directors of the Massachusetts Bay Transportation Authority (MBTA) authorized a contract award for the modernization of State Station, including a redesigned entrance and lobby in the Old State House.

The \$948,000 contract will be executed with the joint venture of J. F. White Contracting Company, New England Equipment Rental Company, and Gateway Realty Trust of Newton, second-lowest bidder. The Board of Directors took this action in the best interests of the Authority after granting the request of the lowest bidder, Bick-Com Company to withdraw its bid because of a \$100,000 arithmetic error.

Modernization work to be performed at State Station includes the redesign of the central transfer space between the Blue and Orange Lines, installation of an elevator for the handicapped and elderly, new stairs and escalators, new wall finishes, graphics, and lighting.

The modernization project is being undertaken to make State Station more compatible with one of the Commonwealth's most important historic landmarks.

**CONTRACTS AWARDED
WITHOUT ADVERTISING**

The Mayor has approved the awarding of contracts without public advertisement on the following comparisons:

**ADMINISTRATIVE SERVICES
DEPARTMENT**

Purchasing Division
PERISHABLE FOODS

DEAR MR. MAYOR:

Your Honor approved a permission to award contracts to several companies for furnishing perishable foods and other edible commodities to the various city departments, for the year beginning July 1, 1976.

Authority is requested to award a contract without public advertisement, to the long-named company for furnishing perishable foods and other edible commodities, for a period of one year beginning July 1, 1976:

De & Bailey, Inc., 10 Newmarket Street, Boston, Massachusetts 02118.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

FUEL OILS

DEAR MR. MAYOR:

Under the Emergency Petroleum Allocation Act of 1973, P.O. 93-159 E.O. 11746, 33577, which requires the city to purchase fuel oils from the current prices of record, permission is requested to dispense with publicly advertising for bids and award contracts, without public advertisement, to the following-named company for the period from July 1, 1976, to June 30, 1977, inclusive, at the amounts not to exceed those indicated below:

Mobil Oil Company, \$1,914,600, net through proximo, gasoline, regular and unad; Metropolitan Petroleum Company, \$1,000,000, Division of the Pittston Company; No. 2 fuel oil, .05 sulphur, less 1 percent discount, 10; net, 30; Garrity Oil Company, \$207,785, No. 2 diesel fuel and kerosene, net 30.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

**AUDITING DEPARTMENT
CONSULTING SERVICES**

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and to award a contract for consulting services to Mark F. Conley, 525 Talbot Avenue, Dorchester, Mass., during the period July 1, 1976, through December 31, 1976, at a cost not to exceed \$4,900, at a rate of \$73 per day. His present contract expires June 30, 1976.

The consultant will continue his review of vendor payment procedures. Considerable progress has been made to date and it is anticipated that significant improvements in the processing of payment will result from this work.

As indicated previously, Mr. Conley is uniquely qualified for this work because of his long experience in the Comptroller's Department of the Commonwealth of Massachusetts. I believe that no public interest would be served by public advertisement for bids.

Very truly yours,

W. W. MERRILL,
City Auditor.

**BUILDING DEPARTMENT
RAZING OF STRUCTURES**

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

1032 Dorchester Avenue, Ward 13. Building Department ordered contractor in to take this building down because of the extreme fire damage and hazardous conditions and in the interests of the general public safety. A breakdown has been submitted to cover five days of demolition work. Contractor listed below was available and had equipment ready.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1927, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Napoli Wrecking Company, Inc., \$5,330.
Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price of over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$5,330, to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

21-23 Wales Street, Ward 14. Emergency bid to raze this building submitted in bid box by 11 A.M., Thursday, June 10, 1976, one copy to Auditing Department. Bid box opened by Mayor's Office. Commissioner Francis W. Gens ordered bid because of unsafe and dangerous condition — a hazard to the general public.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:
169-171 Heath Street, Ward 10; 100 Minden Street, Ward 10; 84 C Street, Ward 15; 32 Richfield Street, Ward 15; 33 Richfield Street, Ward 15.

16 Centre Court, Ward 16; 51 E Street, Ward 17; 6 Epping Street, Ward 17; 102-104 Selden Street, Ward 17; 211 S Street and garage, Ward 19; 80 S

Ward 19; 80 Spring Park Avenue, and 19.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate structure. This breakdown is necessary for departmental use in billing demolition charges incurred against the individual proprietor of each house.

I have solicited invitation bids, award made to the lowest qualified bidder, and have received the following:

Tri Construction Company, \$38,395; Donald Clancy & Sons, \$36,485; Napoli Wrecking Company, \$34,450; Circlepower Demolition, \$33,381.

Circlepower Demolition, 1002 Harrison Avenue, Roxbury, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

As for the individual buildings or structures were not requested because it is a practical, physical, impossibility to have several different contractors to conduct simultaneous contracting operations simultaneously on individual buildings or structures. Under such conditions, there would be much interference and each contractor would be exposed to severe hazards not under his control, by the operations of other contractors. Unit handling results, however, in this case in a contract price of \$2,000, or over the statutory limitations on awards that can be made without advertising, unless your honor approves the action.

Accordingly, the general public safety requiring, I ask your Honor's approval for the awarding, without advertising, as provided in the City Charter, of a contract in the sum of \$33,381, to the Circlepower Demolition Corporation, 1002 Harrison Avenue, Roxbury, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

BOARDING AND SECURING

MR. MAYOR:

The following buildings or structures have been condemned by me as being in a unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings or structures,

are a menace to the neighborhood. The locations follow:

147 Brooks Street, Ward 1; 3 Gayhead Street, Ward 10; 187-189 Heath Street, Ward 10; 86-88 Lawrence Avenue, Ward 14; 244 Bowdoin Street, Ward 15; 88 Clarkson Street, Ward 15; 4 School Street, Ward 17.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure them.

Bidders were requested to submit an aggregate bid for the boarding and securing of these buildings or structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Note: B. R. Burke disqualified as they did not submit a bid check or bid conditions.

Donald Clancy & Sons, 339 Dorchester Street, South Boston, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$5,952, to Donald Clancy & Sons, 339 Dorchester Street, South Boston, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

ABATING HAZARDS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

22 Plympton Street (17-23 Wareham Street), Ward 8. The Boston Redevelopment Authority (owner of these buildings) asked the Building Department to have this property made safe immediately, because of extreme fire damage and hazardous conditions. Building Department ordered contractor in to remove hanging walls and debris, but not to take down building. Boston Redevelopment Authority will pay contractor directly.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to make safe any hazardous conditions.

Bidders were requested to submit an aggregate bid for the making safe of these buildings or structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Napoli Wrecking Company, Inc. (ordered in), \$2,096.69.

Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,096.69, to Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,
RICHARD L. GRANARA, JR.,
For Building Commissioner.

COMMUNITY DEVELOPMENT

DATA PROCESSING SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$90,000, to Scientific Time Sharing Corporation (STSC), 7316 Wisconsin Avenue, Bethesda, Maryland. The period of performance shall be from July 1, 1976, through June 30, 1977. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, STSC will continue providing data processing services for the city's Housing Improvement Program. Such services include, but are not limited to, terminal inputting and outputting; storage of existing "pipeline" and evaluation data; systems reprogramming; and turnout of weekly file prints, terminal reports, and management information.

The city, under the first year of the Community Development Block Grant program had awarded a previous contract to STSC for the provision of the same or similar services as those proposed. (See award letter June 10, 1975.) The city chose STSC at that time because STSC compared favorably to other firms on the criteria of time, cost, and program performance.

(1) Time. STSC was able to provide a system at approximately 20 percent of the time it takes competitors.

(2) Cost. STSC was able to develop a system at approximately 30 percent of the cost of its competitors.

(3) Program Performance. Because of technical advantages in a computer language which STSC has developed, STSC was able to develop a program which had advantages in reprogramming flexibility and ease of system operation.

To date, STSC has provided very satisfactory performance against this first contract.

STSC has sole proprietary rights to APL plus and SIMS, both of which are data-base, computer program, language mediums upon which the city's Housing Improvement computer system is based. To continue these computer information services with a firm other than STSC would require the new firm to develop new and duplicative computer

programs in place of those already developed by STSC for the city's Housing Improvement Program. Accordingly, in the interest of providing for the most economically and administratively efficient continuity of service delivery, I recommend that the contractual relationship between the city and STSC be maintained at this time.

Therefore, for the reasons cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

HEALTH CENTER IMPROVEMENTS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$70,000, to the Neponset Health Committee, Inc./Neponset Health Center, a nonprofit corporation, located at 383 Neponset Avenue, Dorchester, Mass., for physical alterations, repairs, and other improvements. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the \$70,000 which the city intends to provide shall represent a 10 percent local match of funds authorized under the "Hospital and Medical Facilities Construction Program," also known as the "Hill-Burton Program," to be applied toward the cost of the physical improvements project to be undertaken by the Neponset Health Committee, Inc./Neponset Health Center. The period of performance shall terminate one year from the date on which the Mayor affixes his signature to the contract but shall not, in any event, extend beyond September 30, 1977, without prior approval from the city.

The Neponset Health Center has been selected as a recipient of a grant from the Hill-Burton program for the proposed physical improvements project. Under the terms of the grant, a 10 percent local matching grant from the city is necessary in order for the Hill-Burton grant funds to be made available. The amount which the city intends to provide would represent the 10 percent local share. Therefore, I recommend that a contractual relationship between the city and the Neponset Health Committee, Inc./Neponset Health Center be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

COUNSELING PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$8,000, to the Community Task Force on Education, Inc., 430 Blue Hill Avenue, Roxbury, Mass. Pay-

ment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, the Community Task Force on Education will provide a program of services, in the Grove Hall community, designed to prevent and remedy female juvenile delinquency. Services will include career guidance; educational counseling; home economics; and pregnancy and family counseling. The period of performance shall be from July 1, 1976, through September 30, 1976.

The Community Task Force on Education has developed a program of merit in the area of juvenile delinquency and has the resources capable of administering such a program. Moreover, the agency is located within the community in which the program is intended to serve.

Therefore, I recommend that a contractual relationship between the city and the Community Task Force on Education, Inc. be established at this time. In view of the reasons cited above, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

HEALTH CARE PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$50,000, to the Uphams Corner Health Center/Uphams Corner Health Committee, Inc., located at 500 Columbia Road, Dorchester, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, the Uphams Corner Health Center/Uphams Corner Health Committee, Inc. will conduct a home health-care program to include medical, nursing, social work, and homemaker services to residents of the Dorchester area who are homebound. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to the Uphams Corner Health Center/Uphams Corner Health Committee, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and the Uphams Corner Health Center/Uphams Corner Health Committee, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$40,000, to the Avenue Neighborhood Health Center, Inc., located at 1295 Blue Hill Avenue, Mattapan, Mass. Payment for this contract shall be

made from the Community Development Block Grant.

Under the terms of the agreement, Avenue Neighborhood Health Center, Inc. will conduct a primary health-care program to include pediatrics, adult medicine, obstetrics and gynecology, dentistry, and nutrition services for the Mattapan area. The period of performance shall be from August 1976, through July 31, 1977.

The city, under the Department of Health and Hospitals Matching Grant Program previously awarded a contract to the Avenue Neighborhood Health Center, Inc. for provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that contractual relationship between the city and the Avenue Neighborhood Health Center, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

HOMESTEADING SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$41,000, to Housing Technical Service Corporation, a nonprofit corporation, located at 932 Chester Avenue, Dorchester, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, Housing Technical Service Corporation will provide a program of homesteading service to the Meeting House Hill section of Dorchester. The services will include: (1) marketing of homesteading properties; the processing of homesteading applications; (3) the development of housing repairs; and (4) the monitoring of repairs made by housing rehabilitation contractors and subcontractors. The period of performance shall be from July 1, 1976, through June 30, 1977.

Housing Technical Service Corporation is the only agency organized for the purpose of providing the services proposed in the Meeting House Hill area and has the expertise to deliver such services. Therefore, for these reasons, I recommend that a contractual relationship between the city and Housing Technical Service Corporation be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$290,000, to New England Merchants National Bank. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, New England Merchants National Bank will provide \$350,000 in construction loans for the rehabilitation of properties under the

Homesteading Program. The period of performance shall be from July 1, 1976, to December 31, 1977.

Preparation for this program open bids were held in August, 1975, and in 1976, for all financial institutions interested in supporting the program. Eleven banks agreed to participate by making long-term mortgage financing available once the preparation was complete. New England Merchants was the only bank that would not make short-term construction loan financing available in the initial phase of the program.

On the basis of New England Merchants National Bank's expertise and experience in handling construction loans, I recommend a contractual relationship between the Bank and New England Merchants National Bank be established at this time. Moreover, in my view that public advertising would serve any useful or practical purpose at this time.

Sincerely,
DAVID STROHM,
Director.

CULTURAL AFFAIRS VARIOUS PERFORMANCES

MR. MAYOR:
I would like to request your written permission to dispense with public bidding, and enter into a contract with the Boston Foundation, Inc., for sixty-eight performances of the Boston Musicians' Association, and performances of the Latin All-Stars, all to be held in public parks of the City of Boston.

Under the terms of the proposed agreement, the Boston Foundation, Inc., will provide the funds to these groups and make all arrangements for performances as they become available. The foundation will not recognize any administrative cost from this transaction and desires to enter into this contract solely as a convenience to the city and the performing groups. The total cost to the city will not exceed \$14,505. The contract is for the period of July 1, 1976, to December 31, 1977.

In view of the success of the Boston Foundation, Inc., over the last eight years, in ordering quick payment to performing groups, it is my opinion that public advertising would serve no useful purpose and the award of this contract would be in the best interest of the city.

Sincerely,
ELIZABETH G. COOK,
Director.

HEALTH AND HOSPITALS DEPARTMENT

RADIOTHERAPY UNIT REMOVAL

SIR:
At a meeting of the Board of Health and Hospitals held on November 19, 1975, it was voted to enter into a contract, without advertising, with Siemens Corporation, 30 Broad Street, Wellesley, Mass., for removal and disposal of the Siemens Cesium 137 Unit, located in the Radiology Department at Boston City Hospital. This contract is for the period February 1, 1975, to February 29, 1976, in an amount not to exceed \$6,000.

The Cesium 137 Unit is radiotherapy equipment no longer required at Boston City Hospital because of the hospital's termination of radiotherapy services and their subsequent assumption by University Hospital. Pursuant to the Atomic Energy Act of 1954 and Title 10, of Federal Regulations, chapter 1, part 30, and subject to rules and regulations of the Nuclear Regulatory Commission, all persons performing with a teletherapy source, including the installation, exchange, and removal thereof, must be specifically licensed by the commission. The only company licensed to remove the Siemens Cesium 137 source is the Siemens Corporation which installed this source at Boston City Hospital in March, 1966.

In view of the above it is the board's judgment that no useful purpose would be served by a public advertisement of this contract. Therefore, your Honor's approval is respectfully requested to award this contract, without advertising, to Siemens Corporation under the terms and conditions stated above.

Very truly yours,
DAVID T. ROSENBLUM,
Acting Executive Director.

HOUSING INSPECTION DEPARTMENT Housing Improvement Program

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 750 square feet of space in the building located at 111 Franklin Street, Allston, and to enter into a lease with Ronald Cahaly, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of thirteen months — April 1, 1976, to May 1, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$525 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

DEAR MAYOR WHITE:

I respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 1,100 square feet of space in the building located at 20 Barbara Street, also known as 406-408 South Huntington Avenue, Jamaica Plain, and to enter into a lease with Elga Realty Trust for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$500 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 950 square feet of space in the building located at 757 Shawmut Avenue, Roxbury, and to enter into a lease with Lower Roxbury Development Corporation for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program.

The proposed lease is for a term of one year — July 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional twelve months. The proposed rental fee is \$545 per month, a saving of \$700 per month over the original lease.

This letter is to supersede the letter dated March 30, 1976, and approved April 8, 1976, for the location at 108 Dudley Street, Roxbury. We are unable to occupy that building as it is scheduled for demolition by the BRA in approximately six months.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 750 square feet of space in the building located at 111 Franklin Street, Allston, and to enter into a lease with Ronald Cahaly for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of fifteen months — April 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$225 per month.

This letter supersedes letter dated February 9, 1976, in order that we may extend the term of the lease to coincide with our fiscal year.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 800 square feet of space in the building located at 748 South Street, Roslindale, and to enter into a lease with David A. Vitello for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program.

The proposed lease is for a term of four-teen months — May 1, 1976, to June 30, 1977 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$350 per month.

This letter supersedes letter dated April 9, 1976, in order that we may extend the term of the lease to coincide with our fiscal year.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,

JOHN A. VITAGLIANO,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 1,600 square feet of office space in the building located at 3482 Washington Street, Jamaica Plain, and to enter into a lease with Edward Burke for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program.

The proposed lease is for a term of twelve months — July 1, 1976, to June 30, 1977 — with an option on the part of the city to extend the term for an additional year. The proposed rental fee, including utilities, is \$260 per month.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,

JOHN A. VITAGLIANO,
Commissioner.

MANPOWER ADMINISTRATION VOCATIONAL EDUCATION SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with advertising in the *City Record*, and to award a contract to Stafford Peat, 25 West Terrace, Salem, Mass. The contract will be in an amount not to exceed \$16,000.

Under the terms of the contract, Mr. Peat, a vocational education consultant, will be responsible for the development design, negotiation, implementation, and monitoring of the fiscal year 1977 Governor's special grant to vocational education (section 112 of CETA). The purpose of the grant is to

provide vocational education services to disadvantaged residents of the City of Boston.

The period of performance will be from July 30, 1976, to July 29, 1977, or not to exceed twelve months. The rate of pay will be \$16,000 for the twelve-month period. The entire cost of Mr. Peat's services will be paid out of administrative funds allocated to the city under section 112 of CETA.

Due to the experience and success of Mr. Peat in the vocational educational field, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

PENAL INSTITUTIONS DEPARTMENT LEGAL ASSISTANCE PROGRAM

YOUR HONOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, in awarding to the Boston Foundation, Inc., a Massachusetts nonprofit corporation, a contract for the development and implementation of a comprehensive legal assistance program at the Suffolk County House of Correction at Deer Island.

Under the terms of the proposed agreement, the Boston Foundation, Inc., will employ the services of a full-time legal advisor for the inmates at the House of Correction. Said advisor will develop a comprehensive program designed to assist the inmates with a broad range of legal problems.

The cost to the city will not exceed \$43,500. The contract will be for the period from July 1, 1976, to June 30, 1977.

In view of the nature of the professional services to be rendered, and the need for such services, it is my opinion that public advertising would serve no useful purpose, and that award of this contract will be in the best interest of the City of Boston.

Sincerely,

WILLIAM W. NICKERSON,
Commissioner.

POLICE DEPARTMENT EQUIPMENT SERVICING

DEAR MAYOR WHITE:

Your Honor's approval is hereby respectfully requested to dispense with public advertising and to enter into a contract with the Data General Corporation for the servicing of equipment, for the period commencing July 1, 1976, through June 30, 1977.

Effective September 1, 1976, and in accordance with Paragraph 6A of the 1975 Data General On-Call Service Contract, No. A 00864, the total monthly maintenance rate of those items will change from \$3,445 to \$3,535.

The total amount for the servicing of the equipment is not to exceed the sum of \$42,230 for the twelve-month period.

The equipment was purchased last year as part of a contract awarded to A.D.L. Systems, Inc., for the design and installation of a computer-aided dispatch system. The equipment is manufactured by Data General Corporation and the technical expertise necessary to service it can only be provided by Data General Corporation.

Therefore, I believe that publicly inviting bids would not serve any useful purpose and be of any avail to the City of Boston.

Respectfully,

ROBERT J. DI GRAZIA,
Police Commissioner

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I respectfully request your Honor's authorization to dispense with public advertising in the award of a contract to the Prudential Insurance Company of America for the leasing of space in the top level of Prudential Building, Boylston Street, Boston, for the period July 1, 1976, to June 30, 1977, at a cost of \$3,080.

The purpose of leasing this space is to place Police Department radio transmitters, receivers, and antennas on the top of the Prudential Building. This equipment has been in place there since 1966 and has afforded the best possible location for Police Department communications equipment. A high, centralized location with few other tall buildings around the equipment is necessary for the proper operation of the radio communications equipment and the location of Prudential Building meets these needs much better extent than other locations.

The proposed lease also contains an option whereby the city may extend the term at a slightly higher price, for a period of four more years.

Because of the unique nature of the location required for the radio communications equipment mentioned above and because of the satisfactory service provided by this location for the past ten years, it is believed that public advertising would serve no useful purpose.

Very truly yours,

ROBERT J. DI GRAZIA,
Police Commissioner

PUBLIC CELEBRATIONS CATERER'S SERVICES

DEAR MAYOR WHITE:

I respectfully request your written approval to dispense with written proposal advertisement in the *City Record*, and to award a contract to the Concord Caterer, 9 Adams Street, Burlington, Mass., a contract in an amount not to exceed \$2,820, for the date of July 1, 1976, for the Boston Celtics reception held at Boston City Hall.

The catering service will include service and kitchen help, food, plates, cutlery, and linen.

Sincerely,

ELIZABETH A. ROBERTS,
Director

PUBLIC FACILITIES DEPARTMENT APPRAISAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Hubert J. Kelley, real estate appraiser, with offices at One Abbott Street, Wellesley, Mass.

Under the terms of the contract, Hubert Key will prepare and furnish an appraisal report on the property at 140 Berkeley Street, Back Bay District of the City of Boston, for use for school purposes, at a price for such services not to exceed \$3,500. In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

TANK INSTALLATION

DEAR MR. MAYOR:

In response to an advertisement in the Record issue dated May 10, 1976, and a supplementary advertisement dated May 17, 1976, the following general bids in connection with gasoline storage tank installation by the Public Works Department, Forest Hills, were publicly opened and read aloud at the office of the Public Facilities Department on Thursday, May 20, 1976:

Patrick F. Russo Co., Inc., \$8,000, Prime Construction Corporation, \$10,670.

Apparently Russo failed to file a duplicate copy of its bid at the office of the Auditors required by the City Charter. However, in my judgment it is in the best interest of the City of Boston to award this contract to Russo. Therefore, your Honor's authorization is requested to reject both bids listed above and dispense with further public advertising and award this contract, without advertising, to Patrick F. Russo Co., 10 Austin Street, Hyde Park, in the amount of \$8,000.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

CONSULTING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Wagner-Hohns-Inglis, Inc., a New Jersey corporation, registered to do business in the Commonwealth, with offices at 212 High Street, Mount Holly, New Jersey.

Under the terms of the contract, Wagner-Hohns-Inglis, Inc., will perform construction consulting services to the City of Boston for the mutual benefit of both the Public Facilities and Law Departments in connection with claims and litigation arising out of the construction of the Joseph H. R. School, Border Street, East Boston, at a cost for such services (payable as set forth and further defined by the proposed contract) not to exceed \$9,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to McManis Associates, Inc., a New Jersey corporation, registered to do business in the Commonwealth of Massachusetts, with offices at 1201 Connecticut Avenue, N.W., Washington, D.C.

Under the terms of the contract, McManis Associates will assist the City of Boston in restructuring its organization for planning and implementing the Community Development program (as set forth in, and further defined by the proposed contract), at a cost for such services of \$12,000.

In view of the professional and technical nature of the services to be performed it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Edward J. Tedesco Associates, Inc., architects, a Massachusetts corporation, of 48 Mount Vernon Street, Winchester, Mass.

Under the terms of the contract, Edward J. Tedesco Associates will provide architectural and engineering services for the design of alterations and repairs necessary to continue the use of the facilities and building known as the Boston Arena, located at 238 St. Botolph Street, Boston, at a cost for such services of 10.4 percent (1967 A.I.A. "B" rate plus 2.5 percent for alterations and repairs) of \$800,000, the cost of the now-proposed services not to exceed \$99,200 (including \$16,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Parks and Recreation Department purposes. There is a further delegation of power from the Commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the physical education facilities that include swimming pool, gymnasium, showers, etc., of the Don Bosco Technical High School, for use of children in the South End and Chinatown District of the city.

The term of the lease will be six months, beginning January 1, 1976, and expiring June 30, 1976.

The rental for the term will be \$6,000, payable in one installment.

Utilities, heat, and supervision will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Data Processing Unit, Administrative Services Department purposes. There is a further delegation of power from the Commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 4,500 square feet of space, the entire seventh floor of the building at 5 Doane Street, Boston, Mass.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The rental for the term will be \$19,999.92, payable in twelve equal monthly installments of \$1,666.66.

Heat, and air conditioning in season, will be supplied by the lessor, as well as customary maintenance.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for the Penal Institutions Department purposes. There is a further delegation of power from the Commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,464 square feet of office space in rooms now or formerly numbered 614 through 624, inclusive, at the Old South Building, 294 Washington Street, Boston, Mass.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

The monthly rental will be \$1,129.33, with the rental charge for this term not to exceed \$13,551.96.

Also included in this lease is a standard tax clause with a base year of fiscal 1976.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for School Department purposes. There is a further delegation of power from the Commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of educational facilities, including the use of a recital hall, gymnasium, and pool of the lessor, located at 312 Huntington Avenue, Boston.

The term of the lease will be approximately six month, beginning January 1, 1976, and ending June 30, 1976.

The rental for the term will be \$38,700, payable in six equal installments of \$6,450.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

PUBLIC WORKS DEPARTMENT INFORMATION BOOTH SERVICES

DEAR MR. MAYOR:

Since 1966, yearly contracts have been executed between this Commission and the Greater Boston Chamber of Commerce, and more recently its successor, the Greater Boston Convention and Tourist Bureau, Inc., for furnishing information service at a booth on Boston Common promoting places of historic value in Boston. Particularly all historic places along the Freedom Trail.

Your permission, once again, is respectfully requested to dispense with inviting proposals by advertisements in the *City Record*, in awarding to the Greater Boston Convention and Tourist Bureau, Inc., 900 Boylston Street, Boston, a contract under which the Bureau shall, at an information booth on Boston Common to be furnished to it for its exclusive use, provide, during the period commencing July 1, 1976, and ending June 30, 1977, both inclusive, continuously between 9 A.M. and 5 P.M., each day other than Sundays, and legal holidays, other than Christmas and New

Year's Day, and continuously between noon and 5 P.M. on Sundays, an information service promoting places of historic value in Boston, particularly, but without limiting the generality of the foregoing, all historic places along the route designated by the Commission under chapter 625 of Acts of 1965; provided, however, that such service need not be provided on any day when bad weather inhibits the use thereof. The contract will provide for the city to pay the bureau for such information service \$1,200, for each of the months of July to December, 1976, and for each of the months of March to June, 1977, and \$500 a month for each of the months of January and February, 1977.

An information service of the kind here involved is obviously a quasi-professional service which is unique and does not readily lend itself to inviting proposals by advertisement.

Respectfully,
FREEDOM TRAIL COMMISSION,
By RICHARD A. BERENSON,
Chairman.

REFUSE COLLECTION

DEAR MR. MAYOR:

Contracts for refuse collection in the various Public Works districts of the city expire June 30, 1976. These contracts include option renewal provisions under which the city may elect to continue the present collection contracts for the period July 1, 1976, to June 30, 1977.

The services provided by the present contractors have been very satisfactory and there would be no advantage to be gained in not exercising our option for renewal and by inviting bids for doing this work.

Therefore, I respectfully request your authorization to dispense with further public advertising and enter into contracts for collecting and removing refuse for the period July 1, 1976, to June 30, 1977, with the following-listed contractors at the current contract prices, plus an adjustment required by the terms of the contract of 75 percent of the increases in cost due to rate increases for each truck driver and helper employed by the contractor under these contracts; the total amount to be paid under each contract not to exceed the amount listed below:

District 1A — Charlestown, Waste Control, Inc., 47-51 Richdale Avenue, Cambridge, \$98,215.

District 1B — Boston Proper, Sanitas Waste Disposal of Mass., Inc., 1 Ellery Street, South Boston, \$662,380.

District 2 — Jamaica Plain, Joseph Amara & Sons, Inc., 200 Providence Street, Hyde Park, \$387,075.

District 3 — Dorchester North, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$636,950.

District 4 — Brighton, SCA Disposal Services of Nw England, Inc., 140 Brookline Avenue, Boston, \$593,350.

District 5 — South Boston, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$256,350.

District 6 — West Roxbury, SCA Disposal Services of New England, Inc., 1 Brookline Avenue, Boston, \$480,410.

District 7 — Dorchester South, Universal Contracting Co., Inc., of Boston, 11 Dorchester Avenue, Dorchester, \$708,900.

District 8 — Hyde Park, Omega Systems, Inc., 123 East Street, Dedham, \$395,725.

District 9 — East Boston, Brown-Ferris Industries, Inc., 100 Hallett Street, Dorchester, \$358,490.

District 10 — Roxbury, Browning-Ferris Industries, Dorchester, \$945,500.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

SCHOOL DEPARTMENT

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Kline Gordon, attorneys-at-law, 92 State Street, Boston, Mass., an amendment to a contract for legal representation in the case of *B. Voters, Rose Jolley, et al., Civil Action 75-812-T vs. John J. McDonough, et al.* changing the amount from \$25,000 to \$75,000.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, the view of the Boston School Committee that publicly inviting proposals would be of no useful purpose.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee the City of Boston and upon the recommendation of its Board of Superintendent, I request your authorization for the award of a contract, without public advertisement, to Robert M. Murphy and John M. Murphy for legal services during the period March 1, 1976, through June 30, 1976, at a not to exceed \$5,000.

The contractors shall act as legal counsel for the City of Boston School Committee in Suffolk Superior Court action No. 481 entitled *Frances G. Powell James J. Doherty, Plaintiffs vs. School Committee of the City of Boston and Kerrigan and William J. Leary, et al.* action is a complaint for declaratory judgment under G. L. 231A and other pertinent in regard to claims and allegations concerning appointment of headmaster of the High School and to further representation of the committee in any appellate procedures.

Because of the professional nature of the services to be provided under this contract and the expertise of contractors in providing such services, it is the determination of the School Committee that the interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PAIRING EVALUATION

MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to TR Associates, Inc., Newton, Mass. (phone 969-0651), for an evaluation of the pairing between District I schools and Boston University, during the period from March 1, 1976, through July 31, 1976, at a cost not to exceed \$8,000.

The contractor shall evaluate the outcomes and procedures of the District I schools pairing in five schools (Boston, Garfield, Edison, Taft, Brighton School).

Because of the experience of TDR in conducting other Boston School/University pairings in an extensive and useful manner, the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section I, Project 6-13.

Very truly yours,
EDWARD J. WINTER,
Secretary.

COMPUTER SERVICES

MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Tufts University, for computer services, during the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$4,500.

Because this is a unique endeavor, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids. Tufts University was the only bidder for the contract.

Very truly yours,
LEO J. BURKE,
Business Manager.

PRINTING OF CATALOGS

MR. MAYOR WHITE:

Your authorization is requested for the award of a contract, without public advertising, to Goodway Graphics of Massachusetts, Inc., Burlington, Mass., on May 20, 1976 for the printing and assembling of 10 sets, 159 pages, senior high and middle school catalog of textbooks, and 5,000 sets, 10 pages, elementary school catalog of textbooks, to be delivered no later than July 27, 1976, at a cost to the city not to exceed \$5,845.

Bids were invited and Goodway Graphics of Massachusetts, Inc. of Burlington, Mass., is the low bidder, \$5,845.

Because textbook orders must be returned prior to June 14, to assure delivery of books to the schools in September, it is the determination of the School

Committee that the public interest would not be served by public advertisement and bids.

Very truly yours,
HELEN M. MORAN,
Associate Superintendent.

CAMPING PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Boston University, during the period from March 1, 1976, through April 23, 1976, at a cost not to exceed \$7,800.

The contractor shall provide room, board, program staff, and the use of the Sargent Camp facility for students and faculty from community District I. The program will include six sessions of two and one-half days duration each, for a total of 300 students.

The Human Environment Institute operates Boston University's Sargent Camp as an environmental studies facility. Programs are developed in conjunction with academic departments and directed by Dr. Anton T. Lahnston, a specialist in curriculum and teaching methodologies.

Because of the professional nature of the services provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section I, state approved Project No. 6-13.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TRAINING COURSES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Educator Training Center, La Verne College Center, Los Angeles, Cal., for the Schools Without Failure training course, 636 grant IS-39, section I, during the period September 1, 1976, through December 31, 1976, at a cost not to exceed \$9,362.50.

The contract shall provide in-service training for 125 participants, to be made up of administration, teachers, paraprofessionals, parents, and community workers, entitled "Schools Without Failure." 1,600 to 2,000 students will be directly affected. It is a program for developing effective communication, better human relations in schools, for stimulating critical and independent thinking, and eliciting responsible behavior and increased motivation from students.

The Educator Training Center, a non-profit teacher in-service institution, is the educational division of Dr. William Glasser's Institute for Reality Therapy. For the past six years it has conducted graduate-level training throughout the United States, and the concepts and practices taught have reportedly proven successful with over 75,000 educators, including Boston teachers, as demonstrated by the evaluation of an earlier project.

Because of the fact that this program is an extension of a previous and ongoing program, and the nature of the services to be provided under this contract require the same educational training center to provide the expert services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A, and is to be subject to the receipt of funds under grant from chapter 636, section I, Project No. IS-39.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Boston State College for twenty-nine weeks, during the period June 28, 1976, through December 31, 1976, at a cost not to exceed \$181,904.62.

The contractor, as part of a collaborative venture with the Dorchester Community District, shall provide training in teaching reading to regular classroom teachers in Dorchester secondary schools; bilingual/bicultural education at the Cleveland Middle and Dorchester High Schools; mini-grants to Dorchester elementary school multi-ethnic councils; and stipends to teachers at certain schools who participate in certain Boston State-Dorchester District activities.

Because of the professional nature of the services to be provided under this contract and the expertise of contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section I, Project No. 6-1 and IS-29.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ARTS PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

of a contract, without public advertising, to the Elma Lewis School of Fine Arts, Inc., for project "When" — a comprehensive arts in education program, during the period February 2, 1976, through June 30, 1976, at a cost not to exceed \$24,700.

The contractor shall provide a comprehensive, multicultural, teaching program in the arts, integrating those arts with the basic academic curriculum; further, the arts are used to integrate those academic courses with one another. Other components include the development of curriculum models, cultivation of additional teacher resource material, evaluation, and two performance/demonstrations.

Because the contract proposal of the Elma Lewis School of Fine Arts, Inc. was granted funds by the Department of Education of the Commonwealth of Massachusetts for the aforementioned professional services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8, 6-40.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PROGRAMS DEVELOPMENT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract to the Tri-Lateral Council for Quality Education, Inc., without public advertising, to participate in the development of educational programs in Boston's high schools, during the period of June 28, 1976, through December 31, 1976, at a cost not to exceed \$17,500.

Ms. Marianne B. Abrams coordinated the Public Relations/Community Recruitment and the enrichment programs for school volunteers for Boston and has extensive knowledge of the resources available to the Boston public schools through community groups and agencies, the business community, and member firms of the Tri-Lateral Council for Quality Education, Inc.

The contractor will increase the support given to the High School/Business Partnership programs. A resource catalogue of transferable programs, materials, and adaptable curriculums will be developed to facilitate expansion and sharing of present programs and to increase student participation in career exposure programs, skills training, internship programs, and mini courses.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public in-

terest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of General Laws, c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project No. 76-IC-12.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EDUCATIONAL MATERIALS

DEAR MR. MAYOR:

For the award of a contract, without public advertising, to the Follett Publishing Company, for the purchase of books and certain other educational materials, for the period July 1, 1975, through June 30, 1976.

The amount of this contract should not exceed \$1,000,000.

Very truly yours,
JAMES J. KEEFE,
Business Manager.

SUFFOLK COUNTY

District Attorney's Office

XEROX EQUIPMENT

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with public advertising in the award of a contract to the Xerox Corporation, for the rental, supply, and maintenance of their equipment in this office, for the period of July 1, 1976, to June 30, 1977, at a cost not to exceed \$22,000.

Because of the need, the quality of the machines, the service to be provided, and the reasonableness of cost it is respectfully represented that no useful or practical purpose would be served through public advertising.

Very truly yours,
GARRETT H. BYRNE,
District Attorney.

Registry of Deeds

PRINTING, BOOKBINDING, ETC.

YOUR HONOR:

At the present time the Suffolk Registry of Deeds is using the "Electro Duplex Recording System" for the microfilming and printing, along with the looseleaf bookbinding of its records. This service is being furnished by the firm of Hall & McChesney, Inc., P.O. Box 591, Syracuse, New York.

The use of this service by this office results in substantial savings in bookbinding account and provides for the prompt availability of the records for the use of the public. At the present time I believe this is the only firm furnishing this service.

This company has submitted an informal quotation of \$.40 per sheet, including binding of each 375 sheets on an estimated use of 34,000 sheets.

Therefore, for the foregoing reasons, I respectfully request your authorization to dispense with public advertising and to engage the services of Hall & McChesney, Inc., P.O. Box 591, Syracuse, New York, by contract in the total sum not to exceed \$13,600,

to furnish the Electro Duplex Recording System and Looseleaf Bookbind Service requested, during the contract period of July 1, 1976, to June 30, 1977, inclusive, at price of \$.40 per sheet.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division GANG MOWERS

DEAR MR. MAYOR:

On May 19, 1976, your Honor approved a permission to make awards to two companies for furnishing gang mowers to the Parks and Recreation Department as a result of a publicly opened bid in this office on May 19, 1976.

The amount of the award to Gro Equipment Co., Inc. read \$1,470. Authority is requested to amend the original bid dated May 19, 1976, and award a contract to this company at an approximate amount of \$4,410, less 2 percent discount at time of payment.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent

ANALYZERS

DEAR MR. MAYOR:

On May 14, 1976, your Honor approved a permission to award a contract to the Leasing Corporation, for leasing to the Boston City Hospital until June 30, 1976, automatic analyzers, with further option to renew the renewal lease until June 30, 1977. The total amount of the contract was \$43,982.64, net, when it should have read \$43,982.64, net.

Permission is now requested to amend the letter dated May 13, 1976, approved by your Honor May 14, 1976, by changing the amount of contract not to exceed \$43,982.64, net.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent

ANIMAL CONTROL COMMISSION RABIES CONTROL

DEAR MR. MAYOR:

On June 18, 1976, you approved a contract between the City of Boston and the Animal Rescue League in the amount of \$16,000, for the period July 1, 1975, to June 30, 1976. The purpose of the contract was for rabies control in the City of Boston.

The Animal Rescue League has agreed to provide the services of rabies control for the period of July 1, 1975, to June 30, 1976, at a cost of \$8,000. The amendment to the contract is attached.

I respectfully request that you sign the amendment which lowers the cost of rabies control for the City of Boston.

Sincerely,

JOHN J. REID,
Executive Secretary.

DOG OFFICER SERVICES

DEAR MR. MAYOR:

On November 24, 1975, you approved a contract between the City of Boston and the Animal Rescue League in the amount of \$6,000, for the period July 1, 1975, to September 30, 1976. The purpose of the contract was the performance of all duties required of a dog officer in the City of Boston.

The Animal Rescue League has agreed to provide the services as dog officer for the period July 1, 1975, to June 30, 1976, at a cost not to exceed \$50,005. The amendment to the contract is attached.

I respectfully request that you sign the amendment which lowers the cost of dog officer for the City of Boston.

Respectfully,

JOHN J. REID,
Executive Secretary.

ELECTION DEPARTMENT

KEYPUNCHING SERVICES

DEAR MR. MAYOR:

On behalf of the Board of Election Commissioners, I hereby request permission to amend the contract of NESCO, Inc. (North as Services Company), from \$24,778, to \$29,433. This contract, No. 2300, is for keypunching services.

Public advertising for said keypunching was under date of October 20, 1975. The letter of award was signed November 6, 1975.

This amendment is necessary because the estimated number of records to be keypunched was greater than anticipated, which is understandable in a highly transient population.

I respectfully request permission to amend this contract by \$4,765.

Sincerely,

FOR THE BOARD,
JOSEPH D. MURPHY,
Chairman.

MANPOWER ADMINISTRATION

MANPOWER PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Action for Boston Community Development, Inc., 150 Tremont Street, Boston, Mass., to provide various manpower programs for economically disadvantaged residents of the City of Boston by increasing the program's amount of money from the figure of \$3,000,000 and substituting the figure \$3,850,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation of this contract will be from

October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment Action for Boston Community Development, Inc. will serve approximately 2,500 economically disadvantaged persons at its sixteen neighborhood employment centers, and in its three assessment centers, four work experience programs, and classroom training program.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by advertising in the *City Record*, and to award an amendment to Xerox Corporation, 100 Charles River Plaza, Boston, Mass., for the supply and maintenance of one Xerox copying machine. This amendment will increase the contract amount from \$8,500 to \$9,500 for the period July 1, 1975, to June 30, 1976.

Under the terms of the amended contract, Xerox will deliver, install, and furnish the use of the copy machines for the CETA, Title VI staff. The term of the proposed contract will cover equipment and servicing.

Due to the fact that Xerox can provide services which are of highly unique nature and because of the quality of the machinery involved, it is my opinion that no useful purpose will be served by publicly advertising for bids. The sole source of funding is the Federal Comprehensive Employment and Training Act of 1973 with no financial assistance from the City of Boston.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

ADDITIONAL STAFF SUPPORT

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with advertising in the *City Record*, and to amend a contract with Kathy Mazzeo (Contract No. SC-250-9-1976), by an amount not to exceed \$1,850.

Due to the fact that the Boston Manpower Administration has requested additional work assignments from Ms. Mazzeo, additional staff support will be required. This additional support will provide for computer technical assistance, and review and comment of reports and presentations associated with the special grant award (Federal Contract No. SP-25-6-P006-TAT) provided by the U.S. Department of Labor.

The period of time for the amendment will be from February 1, 1976, to September 30, 1976.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

HEALTH VOCATIONS TRAINING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to New England Hospital, Inc., 55 Dimock Street, Roxbury, Mass. 02119, to provide allied health vocational training programs for economically disadvantaged persons of the City of Boston by increasing the program's amount of money from the figure of \$115,000 and substituting the figure \$150,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment New England Hospital, Inc. will be responsible for training approximately 100 economically disadvantaged persons to become technicians, nurses' aides, and orderlies in the paramedical field.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

RENT-A-KID PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Roxbury Action Program, Inc., 10 Linwood Street, Roxbury, Mass., to provide a work experience program for economically disadvantaged youth of the City of Boston by increasing the program's amount of money from the figure of \$45,000 and substituting the figure \$60,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment, Roxbury Action Program, Inc., will conduct a job matching program for economically disadvantaged youth between thirteen and eighteen years of age. This program is commonly known as the Rent-a-Kid program. Roxbury Action Program will coordinate this program with various community groups.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

PLACEMENT SERVICES, ETC.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to the Commonwealth of Massachusetts, Massachusetts Division of Employment Security, a state agency, with offices located at the Charles F. Hurley Building, Government Center, Boston, Mass. 02114, to provide job placement and allowance payment services for economically disadvantaged residents of the City of Boston by increasing the program's amount of money from the figures of \$1,960,000 and substituting the figure \$2,500,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment the Massachusetts Division of Employment Security will certify all Manpower trainees as to their eligibility under the economically disadvantaged criteria established by the United States Department of Labor, disburse allowances weekly to trainees, and provide job placement services to Manpower clients.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Opportunities Industrialization Center, Inc., 184 Dudley Street, Roxbury, Mass. 02119, to provide Manpower services in the following program areas: Neighborhood Employment Center, Assessment Center, Classroom Training, and the Central Administration to oversee these programs for economically disadvantaged residents of the City of Boston by increasing the program's amount of money from the figure of \$605,000 and substituting the figure \$821,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment, Opportunities Industrialization Centers, Inc., will serve approximately 300 economically disadvantaged Boston residents. These programs will provide recruitment, assess-

ment, job training, and job placement services.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Third World Jobs Clearinghouse, Inc., a corporation sole, with offices at 15 Worcester Street, Boston, Mass. 02118, to provide recruitment, training, and placement services for economically disadvantaged construction workers of the City of Boston by increasing the program's amount of money from the figure of \$217,000 and substituting the figure \$236,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from September 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment the Third World Jobs Clearinghouse will place approximately seventy-five economically disadvantaged minority construction workers into construction jobs at various levels of experience from trainee to journeyman.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

LANGUAGE PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to the Archbishop of Boston, a corporation sole, 2121 Commonwealth Avenue, Boston, Mass. 02135, to provide an English as a Second Language Program at the Cardinal Cushing Center for the Spanish-speaking for economically disadvantaged residents of the City of Boston by increasing the program's amount of money from the figure of \$146,960 and substituting the figure \$185,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from July 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment the Archdiocese will operate an English as a Second Language Program which will serve approximately seventy-five econom-

ically disadvantaged persons of S ethnicity. This will enable them to a sufficient knowledge of the English language thereby enabling them to obtain employment in the labor market.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by public advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to the Chinese Consulate Benevolent Association of New England to provide an English as a Second Language Training Program at the Qwong Kow, 18 Oxford Street, Boston, Mass., for economically disadvantaged residents of the City of Boston by increasing the program's amount of money from the figure of \$93,000 and substituting the figure \$93,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from August 25, 1975, through September 30, 1976.

Under the terms of the proposed amendment the contractor will operate an English as a Second Language Program for thirty economically disadvantaged persons of Chinese ethnicity. This training will result in their acquiring sufficient knowledge of the English language to enable them to be placed directly into jobs suited to their individual career objectives or to be placed in further vocational training.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

CAREER DEVELOPMENT

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Boys' Club of Boston, Inc., a corporation with offices at 100 Street, Charlestown, Mass. 02129, to provide career development job opportunities for economically disadvantaged Spanish-speaking residents of the City of Boston by increasing the program's amount of money from the figure of \$14,302 and substituting the figure \$19,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from July 1, 1975, through September 30, 1976.

September 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment to the Boys' Club of Boston, Inc., will serve approximately twenty economically disadvantaged Boston Spanish residents. Due to the experience and success of this program in the operation of Manpower program, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Boys' Club of Boston, Inc., a corporation with offices at 15 Green Street, Charlestown, Mass. 02129, to provide career development job opportunities for economically disadvantaged youth of the City of Boston by increasing the program's amount of money from the figure of \$26,000 and substituting the figure \$34,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment to the Boys' Club of Boston, Inc., will serve approximately thirty economically disadvantaged Boston residents.

Due to the experience and success of this program in the operation of Manpower program, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

HOMEMAKER TRAINING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Women's Service Club, Inc., 464 Massachusetts Avenue, Boston 02118, to provide a homemaker training program for economically disadvantaged women of the City of Boston by increasing the program's amount of money from the figure of \$51,000 and substituting the figure \$60,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment to the Women's Service Club, Inc., will serve approximately fifteen economically disadvantaged Boston residents.

Due to the experience and success of this program in the operation of Manpower pro-

grams, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

VOCATIONAL SERVICES PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to YMCA Services Corporation, Inc., 316 Huntington Avenue, Boston, Mass., to provide through its Roxbury branch, a vocational services program for economically disadvantaged youth of the City of Boston by increasing the program's amount of money from the figure of \$31,000 and substituting the figure \$41,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment the Roxbury YMCA will provide educational, counseling, and vocational services for youths assigned to probationary periods from the juvenile justice system. The Youth Activities Commission will be responsible for the administration of operations, monitoring, and evaluation of this contract for the city. The Manpower Administration will be responsible for the fiscal administration of this contract for the city.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

PUBLIC FACILITIES DEPARTMENT MANAGEMENT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Wagner-Hohns-Inglis, Inc., a New Jersey corporation registered to do business in the Commonwealth, amending a contract between the City of Boston and Wagner-Hohns-Inglis, Inc., dated September 27, 1974, as amended December 16, 1975, for certain critical path method (CPM) management services in connection with the construction of the Southwest Campus High and Jackson-Mann School, so as to increase the amount authorized for expenditure under the contract for Southwest Campus High School \$20,000, and extend the time for its performance.

Under the original contract and first amendment, Wagner-Hohns-Inglis, Inc. provided CPM services on the Southwest Campus High School which we anticipated would bring the building to completion.

Additional construction delays were encountered, however, and the department did not extend the contract beyond December, 1975. Since United States District Court has now ordered a September, 1976, occupancy date for Southwest, and we require additional project scheduling, management, and progress monitoring services in order to meet that deadline, this amendment will cover the cost of Wagner-Hohns-Inglis, Inc. services through September to assure the mandated occupancy.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,
VICTOR E. HAGAN,
Director.

PUBLIC WORKS DEPARTMENT FURNISHING TESTING SERVICES

DEAR MR. MAYOR:

On May 21, 1975, your Honor authorized a contract to the Thompson & Lichtner Co., Inc., 8 Alton Place Brookline, Mass., to provide for furnishing the testing services for plant inspection of bituminous concrete and portland cement concrete. Also, the services of principal engineers, senior engineers, and engineers for consultation.

Since the Public Works Department does not have a testing laboratory, the contract provides that in order to control the quality of material used in street construction and repair, a private engineer must be engaged to perform this work. They also supplement the city inspection of construction and to provide supervision of asphalt and concrete plant operations to insure compliance with our specifications.

The Thompson & Lichtner Co., has done a thorough and excellent job of performing these services under the direction of Miles W. Clair, who not only operates a complete and competent testing laboratory, but maintains an excellent staff of professional engineers capable of furnishing complete material testing and engineering service to this department.

A careful analysis shows that in order to fully furnish the services as described, the amount of the present contract should be increased by \$5,000.

Therefore, because of the professional character and satisfactory performance of engineering work and plant inspection already provided, and in order to insure uninterrupted services for the compliance of our contract specifications, your authorization is respectfully requested to dispense with public advertising and to amend the present contract by increasing the maximum from \$45,000 to \$50,000.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

SIDEWALK RECONSTRUCTION

DEAR MR. MAYOR:

On October 21, 1974, you authorized a contract to the P. Leone Construction Company, Incorporated, 10 Rodney Street, Brighton, Mass., for sidewalk reconstruction in Arlington Street, Beacon Street, Boylston Street, and Charles Street in Boston Proper, for \$318,202.

The work as outlined in the contract was delayed, and continued to be delayed, due to work being done in the same vicinity by the Parks and Recreation Department. This has resulted in a fluctuation in many of the construction material costs as originally bid.

I have met with representatives of the P. Leone Construction Company, Incorporated, and we have come to an agreement as to revised prices on certain items.

Therefore, I hereby request permission to amend the above contract, increasing it to \$356,736.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$64.40 the claim of James Frantzreb, 40 Harvard Street, Newtonville, to be reimbursed for damage to his car while being towed from Huntington Avenue, Boston, March 15, 1976.

To settle for \$23.50 the claim of Howard Weissman, 848 Beacon Street, Boston, to be reimbursed for damage to his car while being towed from Buswell Street, Boston, January 30, 1976.

To settle for \$134.73 the claim of Edmund G. Keohane, Jr., 38 Marshview Drive, Marshfield, to be reimbursed for damage to his car as a result of a defect in the roadway of Hill Top Street, Dorchester, November 13, 1975.

To settle for \$78.15 the claim of Douglas Keskula, 130 Aldrich Street, Roslindale, to be reimbursed for damage to his car while being towed from Hadassah Way, Boston, July 30, 1975.

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR PROVIDING DATA PROCESSING SERVICES FOR THE DEPARTMENT OF HEALTH AND HOSPITALS OF THE CITY OF BOSTON.

The Trustees of Health and Hospitals of the City of Boston, Inc., hereinafter referred to as the Awarding Authority, hereby invites sealed bids for providing data processing services for the Harvard Street Neighborhood Health Center, in accordance with specifications accompanying the proposal forms which may be obtained at the Purchasing Department, third floor, Linda Richards Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., on or after twelve noon, Boston time, Thursday, August 26, 1976.

Bidders are required to leave at the above office their bid proposal, accompanied by a bid deposit in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Trustees of Health and Hospitals of the City of Boston, Inc., or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and conditioned upon the faithful performance by the principal of the agreements contained in the bid, in the sum of \$500, to become the property of the Trustees of Health and Hospitals of the City of Boston, Inc., if the proposal after acceptance is not carried out. The proposal must be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done.

Bids will be publicly opened and read on Thursday, September 9, 1976, at twelve noon, Boston time, at the Department of Purchasing at the address shown above. No bids will be accepted after twelve noon. The successful bidder must furnish a performance bond in an amount equal to 50 percent of the contract price, said bond to be with a surety company authorized to do business in Massachusetts as surety to guarantee the faithful performance of the contract.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation

Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and contract and the obligation of the contractor to take affirmative action in connection with employment practices throughout the period of the contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest.

Technical specifications may be obtained
from the office of the Awarding Authority.

General bids will be received up until 11
A.M., Thursday, August 26, 1976, at the
office of the Awarding Authority, Room 807,
Boston City Hall, 1 City Hall Square, Bos-
ton, Mass. 02201, at which time and place
bids will be publicly opened and read aloud.
General bids must be submitted on the
form for general bid obtained from the
Awarding Authority. The general bids shall
be completely filled in, signed, enclosed in
envelope, sealed, and plainly marked with
description of the work to be done.
Copies of the general bid shall be filed
with the Awarding Authority, at the office
listed above, accompanied by a bid de-
posit in the form of a bid bond, or cash,
or in the form of a certified check on, or a
banker's or cashier's check issued by a
reputable bank or trust company, payable
to the City of Boston in the sum of 5 per-
cent of the value (not to be less than \$100, not
less than \$50,000). One copy of the gen-
eral bid will be filed with the City Auditor.
General bids shall be filed before the time
stated above for the opening of gen-
eral bids.

A general bid may be withdrawn after
the limit for filing general bids and for
opening bids (Saturdays, Sundays, and legal
holidays excluded) from the opening of the

general bids. In addition, no general bid
filed by the three lowest responsible and
eligible general bidders may be withdrawn
prior to execution and delivery of the gen-
eral contract, unless no award has been made
upon expiration of the prescribed time there-
for.

The successful bidder will be required to
provide insurance for the payment of com-
pensation and the furnishing of other ben-
efits under the Workmen's Compensation
Law, General Laws (Ter. Ed.), chapter 152,
to all persons to be employed under the con-
tract, and sufficient proof of compliance
with the foregoing stipulation will be re-
quired before commencing performance of
this contract.

A performance bond and also a labor and
materials or payment bond, each of a surety
company qualified to do business under the
laws of the Commonwealth and satisfactory
to the Awarding Authority and the Housing
and Urban Development Department, and
each in the sum of 100 percent of the con-
tract price, will be required of the success-
ful general bidder.

Attention is called to the fact that not
less than the minimum salaries and wages
as set forth in the contract documents must
be paid on this project and that the con-
tractor must ensure that employees and ap-
plicants for the employment are not dis-
criminated against because of their race,
creed, color, or national origin.

The Building Commissioner is allowing a
sixty-three-day period to complete the de-
molition and site clearance of these buildings
starting within seven (7) days after the
signing of the Mayor's award.

The Awarding Authority reserves the right
to waive any informalities and to reject any
or all general bids if it be in the public in-
terest to do so.

with the foregoing stipulation will be re-
quired before commencing performance of
this contract.

A performance bond and also a labor and
materials or payment bond, each of a surety
company qualified to do business under the
laws of the Commonwealth and satisfactory
to the Commissioner and in the sum of 100
percent of the contract price, as well as
certain public liability and property damage
insurance, will be required of the successful
general contractor.

The Commissioner reserves the right to
waive any informalities and to reject any
and all bids if it be in the public interest
so to do.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. SW-101 (Project Value 175.0) will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until two o'clock (2 P.M.) on September 9, 1976. Immediately thereafter in a designated room, the proposals will be opened and read publicly.

The contract is described as follows: (Class 1 — General Transit Construction) SOUTH COVE TUNNEL, Boston, Mass.

The work under this contract extends from approximately the intersection of Shawmut Avenue and Marginal Road north of the Massachusetts Turnpike to a point on the existing Commuter Rail, Conrail, and Amtrak tracks west of the Arlington/Tremont Street Bridge.

The work under this contract consists of:

- Short-line sections of the subway which are reinforced concrete structures constructed by cut-and-cover methods.

- A twin-line section consisting of reinforced concrete structures. The side and center walls to be constructed by drift excavation, surmounted by concrete, steel ribs, and linerplates, the excavation for which is to be by means of a roof shield.

- Reinforced, concrete covered, and open-line sections and a sump and pumping station, constructed by open-cut excavating methods.

- Demolition and reconstruction of a portion of the Arlington/Tremont Street Bridge, including all foundations, and piles for supporting the south abutment and the open-line sections.

- Relocation of 54-inch reinforced, concrete pipe storm drain, 36-inch and 24-inch by 27-inch concrete storm drains and construction of new drains at the southerly portion of the project at the track level.

- Maintenance, support, and relocation of utilities at street level.

- Maintenance of railroad, vehicular, and pedestrian traffic during construction.

- Installation of pumps, piping, and permanent and temporary electrical installation, for pumps and lighting.

- Relocation of railroad tracks and other railroad related work.

- The tunnel finishes, traction power, signal system, and trackwork for rapid transit are not included in this contract.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in ac-

cordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies of the procedures may be obtained from the Contract Administrator's office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for opening of bids.

Prequalified bidders may obtain from the Contract Administrator a "Request for Proposal Form" which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4:00 P.M., Monday through Friday, at a charge of \$25. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Any person may purchase copies of the plans and specifications for information purposes only upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of five dollars (\$5), payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of T. J. Murray, Project Manager, Southwest, Telephone Number 722-6167.

A prebid conference will be held on August 16, 1976, at 10 A.M., in the office of the Director of Construction, 500 Arborway, Boston, Mass. It is essential that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at that time.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

Proposal guaranty shall consist of a bid deposit of eight hundred thousand dollars (\$800,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder will be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

ton, Mass., at which time and place they will
be publicly opened and read aloud.

General bids must be submitted on the
form obtained from the Awarding Authority.
The general bid shall be completely filled in,
enclosed in an envelope, sealed, and
marked with the description of the
work to be done. The general bid shall be
submitted with the Awarding Authority, at the
address designated above, accompanied by a
deposit in the form of cash or a certified
check, or a treasurer's or cashier's check
payable by a responsible bank or trust com-
pany payable to the City of Boston, or a
bond in a form satisfactory to the
Awarding Authority with a surety company
qualified to do business in the Common-
wealth and satisfactory to the Awarding Au-
thority and conditioned upon the faithful
performance by the principal of the agree-
ment contained in the subbid or general bid,
the sum of \$1,500. The general bid shall be
submitted before the time stated above for
the opening of general bids.

A general bid may be withdrawn after
the time limit for filing general bids and for
five (5) days (Saturdays, Sundays, and legal
holidays excluded) from the opening of the
general bids. In addition no general bid
submitted by the three lowest responsible and
eligible bidders may be withdrawn prior to
the opening and delivery of the general con-
tract unless no award has been made upon
the opening of the prescribed time therefor.

The rate per hour of the wages to be paid
to mechanics, teamsters, chauffeurs, and la-
borers in the work to be performed shall not
be less than the rate of wages determined for
such work by the Commissioner of Labor and
Industries of the Commonwealth of Massa-
chusetts under the provisions of General
Laws (Ter. Ed.), chapter 149, section 26, as
amended, a schedule of which appears in the
specifications.

The successful bidder will be required to
provide by insurance for the payment of

compensation and the furnishing of other
benefits under the Workmen's Compensation
Law, General Laws (Ter. Ed.), chapter 152,
to all persons to be employed under the con-
tract, and sufficient proof of compliance with
the foregoing stipulation will be required
before commencing performance of this con-
tract.

All subbids for a subtrade designated in
Item 2 of the general bid form shall be filed
with the Awarding Authority, at the above
office address, before twelve o'clock noon,
Boston time, Thursday, August 26, 1976, at
which time and place they will be publicly
opened and read. Every such subbid must
be submitted in a sealed envelope with the
following plainly marked on the outside:
Title of work, subbidder's name, subbidder's
business address.

The attention of all bidders is specifically
directed to the equal employment opportu-
nity section of the specifications and the ob-
ligation of the contractor and all subcon-
tractors to take affirmative action in connec-
tion with employment practices throughout
the work.

All such subbids must be submitted on the
form for subbid furnished by the Awarding
Authority, and any such subbid not filed on
the form for subbid furnished by the Award-
ing Authority shall be rejected.

A bid deposit in the form of cash or a cer-
tified check on, or a treasurer's or cashier's
check issued by, a responsible bank or trust
company, or a bid bond satisfactory to the
Awarding Authority with a surety company
qualified to do business in the Common-
wealth and conditioned upon the faithful
performance by the principal of the agree-
ments contained in the subbid, in the amount
as specified in the following for the various
subtrades as listed below shall be submitted
by each subbidder with his subbid as filed
with the Awarding Authority.

Heating and Ventilating \$1,000

No subbid may be withdrawn after the
time limit for the filing of subbids and for
five (5) days (Saturdays, Sundays, and legal
holidays excluded) from the day fixed for
the opening of the general bids. In addition,
neither the subbids filed by the three lowest
responsible and eligible subbidders for a sub-
trade, nor the subbids for the same subtrade
as shown on the general bids of the three
lowest responsible and eligible general bid-
ders, may be withdrawn after the opening of
the general bids and for five (5) days (Sat-
urdays, Sundays, and legal holidays excluded)
after presentation of the subcontract to the
subbidder selected for that subtrade by the
general bidder selected as the general con-
tractor.

Specifications and other contract docu-
ments may be obtained at the office of the
Awarding Authority.

A performance bond, and also a labor and
materials or payment bond, each of a surety
company qualified to do business under the
laws of the Commonwealth and satisfactory
to the Awarding Authority and each in the
sum of 100 percent of the contract price,
will be required of the successful general
bidder.

The Awarding Authority reserves the right
to waive any informalities and to reject any

or all general bids, if it be in the public
interest so to do. The Awarding Authority
also reserves the right to reject any subbid
on any subtrade if it determines that such

"Task Force" Report on Schools Released

The Boston Municipal Research Bureau has announced the findings of its Emergency Task Force on School Costs, created at the request of Mayor White to make recommendations concerning the administrative operations of the School Department. The Task Force identified a total administrative staff of 724 at an annual salary cost to the city of \$11.8 million. It recommended a 20 percent reduction in the central administrative staff of the School Department, at an annual saving of \$2.3 million. The Task Force analysis of the 65 central administrative departments employed 414 administrative and professional staff members, at an annual salary cost of \$8.8 million. There are 239 administrators, classified as personnel with management responsibilities including supervision over other personnel, who are paid \$5.8 million annually. The average annual salary of an administrator is \$24,451.

There are 175 professional administrative staff members, with an annual salary cost of \$3.0 million. The average salary for professional administrative staff is \$17,138. Professional administrative staff have no supervisory duties but assist the administrators in non-clerical work. Of the 14 administrative and professional staff members, 259, or 63 percent, earn more than \$20,000 in salary per year.

Supporting these administrators and professional staffers are 310 clerical personnel, at an annual salary cost of \$2.9 million. For each employee, salary costs are exclusive of fringe benefits, overtime, and summer work, which are substantial in many cases. If 170 pupil support personnel that would probably be eliminated by administrative reorganization were included, the administrative/professional staff total would be 584, and salary costs would be \$11.1 million.

The Task Force believes that a 20 percent reduction in central administrative staff is a realistic and achievable goal. If each of the three major groups were to share the 20 percent reduction on an equal basis, 48 administrators (\$1,168,767), 35 professional staff (\$599,816), and 62 clerical personnel (\$583,004) would be eliminated. These 145 persons represent annual salary costs of \$2,351,587.

The Task Force found that of the 414 administrators and professional staff, fully 129, or 31 percent, have, according to payroll records, permanent titles of either teacher, pupil adjustment counselor, or assistant principal. One way to make significant reduction is to reassign these persons to their permanent positions. This would both reduce the central staff and lessen the need to hire additional teachers. A chart summarizing the administrative staffing is attached.

The Report also recommends that the School Committee work to implement the budgetary and administrative reforms presently being recommended by a John Hancock Life Insurance Co. team working with the department and with other consultants now at work. It further recommends that the reductions in central staff consider guidelines set forth in two comprehensive management studies of the Boston schools, the Cronin Report of 1970, and a Report to the School Committee in 1974 by a private consultant group.

Each of the reports emphasize the same sound principle, which the Task Force endorsed: Administrators should exist to assist educators in the primary purpose of the school system — the education of children. They should be a resource to those who should be making educational decisions. This means, simply, that the central staff should be reduced and decentralized back toward the school districts and the schools themselves. The Task Force believes that reduction of central staffing and decentralization of decision making will not only save taxpayer dollars, but will provide a better educational product for the school children of Boston.

Other Recommendations

The Task Force made seven specific recommendations concerning three non-administrative areas

(Continued on next page)

Report on Schools . . .

(Continued from front page)

of excess cost: custodians, attendance officers, and health services.

The Task Force recommends the contracting out of custodial services to save considerable tax dollars and to provide for cleaner and better maintained schools. Contracting for the 27 largest schools would produce direct annual savings of \$676,000. The Task Force also calls for standardized work schedules, changes in the work assignment system, and the elimination of career awards for custodians.

The Report recommends the elimination of one of the two heads of the attendance department and reduction of the present 33 supervisors of attendance (annual salary, \$20,711 each) to 9 — one for each of the present school districts.

School Health Services, it is strongly recommended, should be transferred to the Department of Health and Hospitals. The Task Force believes, as have many other studies in the past, that the positions of school doctor and school nurse (total cost, \$1,697,946 per year) be eliminated. Health and Hospitals' public health nurses, combined with the use of neighborhood clinics and private contracting, will provide much better health coverage for students at substantial savings to the taxpayer.

The Task Force strongly criticized the tendency to study and restudy problems in the schools, rather than to make the hard decisions needed to implement change. "The Task Force strongly believes that the public understands the need for a more efficient and effective school administration. The public wants results rather than rhetoric. We call upon those in public office in this city to act, and to act now."

The Task Force, which was under the direction of John W. Delaney, the Executive Director of the Research Bureau, and Director of Research Samuel R. Tyler, included Bureau officers and directors.

The Research Bureau, in releasing the Report and emphasizing the need and feasibility of central

staff reforms, points out that these costs are only 7.6 percent of the entire school budget of \$154 million for 1975-1976 and even less of the actual amount expended, which was about \$171 million. The Report's recommendations, if fully implemented, would save between \$4 and \$5 million. This is a substantial sum, but still only a small fraction of total school costs. Since teachers' salaries continue to be the largest item in the school budget, the city must insure that the same scrutiny that this Report applies to the central administrative and other non-instructional areas is applied to the hiring of teachers.

Copies of the 35-page report are available to interested parties at the offices of the Boston Municipal Research Bureau, 294 Washington Street, Boston. The Bureau is a privately funded, independent, non-partisan research organization concerned with the administrative and financial operations of the City of Boston.

(at 3 P.M.) at the one-acre recreational site at the corner of Terminal and Medford Streets.

The new recreational complex, the first recreational facility of this kind to be built in Charlestown more than 25 years, includes an Olympic-size swimming pool, a dual-use gymnasium housing up to 1,000 people, multi-purpose craft rooms with kitchenettes and locker rooms.

The 50,000 square foot building was designed by the Cambridge architectural firm of Hill, Miller, Frelander and Hollander, was funded through grants from the city's Public Facilities Department.

"I am pleased to officially open the new Charlestown Athletic and Recreation Center as a concrete symbol that the city is meeting its commitment to provide quality recreational facilities for the residents of Charlestown, as well as the rest of the city," Mayor White said.

"The residents of Charlestown have waited patiently for this new facility to open. Planning for the center began several years ago, and its construction has been on-going for the past two years. Certainly without the determined efforts of the people of Charlestown and members of the Kent Community School Council, this new complex would not be the important neighborhood center it is today.

"Now that it is complete, I believe it will provide a place for the youth of Charlestown to play and compete and serve as a community focal point capable of meeting both recreational and cultural needs of Charlestown residents."

White explained that the recreational facility will be part of the Charlestown High School, set to be completed in 1978, and will be run as part of the Boston Community School Program.

The new center is a community facility open seven days a week from 9 A.M. to 10 P.M. and operated by the Charlestown Kent Community School Council and staff from Boston Parks and Recreation Department.

Programs offered at the Center include swimming, diving, gymnastics, ceramics, basketball, and others.

THE UNITED STATES CAPITOL

The Capitol of the United States is a landmark well known to the American people. Presidents are inaugurated in front of it; Congressmen pose beside it; tourists swarm around it; and artists study it. Within its walls the first branch of Government — the Congress of the United States — deliberates, debates, and decides policies which govern the nation.

Construction of the building began in 1793 when President George Washington laid the cornerstone on Independence Hill — described by Major Pierre Charles L'Enfant, the architect of Washington, D.C., as "a celestial waiting for a monument."

The Capitol was built in five major sections, the first of which was the north wing occupied by Congress when the Supreme Court when the Government moved to Washington from Philadelphia in 1800.

The Capitol not only serves as the seat of our legislature but is also a museum filled with artistic treasures. Its collection includes portraits and statues of past political leaders and of others who have influenced the history of our country. The Senate Chamber, located in what was the old House Chamber, contains statues from every state in the Union in order to remind us of our fathers and their contribution to our growth as a nation.

The Capitol as an architectural structure was never intended by its designers to remain fixed and unchanged. Even the original plan by Dr. William Thornton, who never studied architecture, but whose design President Washington picked out of some sixteen submitted designs, was subsequently modified. There is hardly a period in American history when the Capitol has not been altered in either its interior accommodations or its exterior dimensions.

The interior of the Capitol has undergone constant change. The Senate of the United States does not meet now in the Chamber originally designed it. Moreover, even the Chamber in which it now meets was remodeled as recently as 1951, as

was the House Chamber. Change, remodeling, alteration, always with regard for the original structure, have been in order for the Capitol.

It was in this same spirit that the East Front was extended. The central idea was to maintain its essential beauty, employing for the best results the new equipment and materials available, at a cost of \$11,383,000.

The changes extended by thirty-two and one-half feet the east wall of the Capitol, that is the portico and the two connecting corridors. This new wall was faced with marble as originally planned in George Washington's time by Dr. William Thornton. The old wall of sandstone was preserved, restored, and supported within the new wall under better standards of protection made possible by its interior position. The indented appearance of the east wall was retained: even though the central portion has been extended it is still forty feet behind the front line of the House and Senate wings.

The remodeling added 100,000 gross feet of space, making room for fifty-four offices, eight rooms for House and Senate Documents and one House and one Senate dining room. More room was also allowed for a private corridor, giving more walking space and freedom to both visitors and members.

The changes also corrected the general architectural awkwardness of the dome from its past posture overhanging the rotunda walls and the east portico, and put it in proper perspective.

MBTA AUTHORIZES CONTRACT AWARD

The Board of Directors of the Massachusetts Bay Transportation Authority (MBTA) has authorized a contract award for engineering and design services for the South Quincy Station complex on the Braintree Extension of the Red Line.

Selected from among 15 consultants submitting proposals was the Joint Venture of H. W. Moore Associates, Inc. and Glaser/deCastro/Vitols Partnership of Bos-

ton. The amount of the contract is not to exceed \$1,432,000.

The station complex will be designed to meet state requirements for accessibility to the handicapped and elderly.

The station will be fully equipped with modern fare collection facilities, a complete communication system, and all vertical circulation elements which may include stairs, ramps, escalators, and elevators, as required for the efficient movement of passengers. The station platform will accommodate trains of up to six cars. Weather protection will be provided by canopies, waiting rooms and windbreaks.

Pedestrian access to and from the station platform will be provided from Independence Avenue.

A parking garage for about 1800 cars will be part of the complex. The lower level of the garage will be reserved for local residents and access to this level will be only from local streets. The upper levels of the garage will have no connection to the lower level, so that local and regional traffic will be separated. Regional access ramps to the garage will be built from the second level and extend about 1000 feet to where they will connect to highway improvements to be made by the Massachusetts Department of Public Works.

Surrounding the parking garage will be a circulation roadway for access to bus and kiss-and-ride facilities. Bus and kiss-and-ride passengers will have direct easy access to the rapid transit fare collection area as well as adequate waiting areas that will be protected from the weather.

The South Quincy Station complex will be located about mid-way on the three-mile extension from Quincy Center to a new South Braintree Station.

Design and engineering services for the extension, including right-of-way, track, signals, structures, South Braintree Station and parking garage, and road improvements in the vicinity of the station are being provided by Parsons, Brinckerhoff, Quade & Douglas under a \$1.6 million contract.

"SIDEWALK SUPERINTENDENTS": TAKE NOTE

"Sidewalk superintendents" in Cambridge and Somerville will have a chance to observe the survey and soils testing work in connection with the preliminary design engineering for the Red Line Northwest Extension between Harvard Square, Cambridge, and Davis Square, Somerville.

The MBTA's consultants, Bechtel Incorporated, are making precise surveys along the route of the new rapid transit line and when these are completed, soil drilling will begin. This work will supplement previous surveys and borehole programs done in support of route selection and will give the designers a complete picture of the physical and underground conditions that exist along the route.

The surveys and boreholes will be confined to public streets wherever possible to avoid the need to enter upon private property. Some boreholes will be located off the precise route, however, in order to minimize interference with traffic.

All work is being coordinated with the appropriate city departments and citizens groups in Cambridge and Somerville.

PICARDI SINGS: NEED WE SAY MORE!

Come to City Hall Plaza and sing-a-long with Angelo Picardi and his Bevy of Lovely Ladies on "Italian Night," the final performance this summer of the Wednesday Evenings on the Plaza. The Italian song master will make his annual appearance on Wednesday, August 25th at 7:30 P.M. on City Hall Plaza. His "Italian Revue" is a favorite with young and old, whether of Italian heritage or not. Wednesday Evenings on the Plaza are free and open to the public and are sponsored by Mayor Kevin H. White and the Boston Department of Parks and Recreation in cooperation with the Department of Real Property. Sing-a-longs and old favorites will highlight the evening, so don't miss the fun, come early and enjoy yourself.

HURRICANE TERMS EXPLAINED

The following definitions of terms used in conjunction with forecasting storms and hurricanes have been distributed by the National Weather Service in Boston to help acquaint the public with terminology dealing with tropical storms.

HURRICANE — A tropical storm in which the maximum sustained surface wind is 74 mph or greater.

CYCLONE — Another term for hurricane used mainly in the area of the Indian Ocean.

HURRICANE WARNING — A warning that one or both of the following dangerous effects of a hurricane are expected in a specified coastal area in 24 hours or less:

— Sustained wind of 74 mph or higher.

— Dangerous high water or a combination of dangerously high water and exceptionally high waves, even though winds expected may be less than hurricane force.

HURRICANE WATCH — An announcement for specific areas that a hurricane or an incipient hurricane condition poses a threat to coastal and inland communities. All persons in the indicated areas should take stock of their preparedness requirements, keep abreast of the latest advisories and bulletins and be ready for quick action in case a warning is issued for their area.

MAYOR OPPOSES LOGAN CURFEW

Opposition to the curfew at Logan International Airport was voiced recently by Mayor White, who offered alternatives to the ban and recommended several measures the airlines could take toward noise abatement in the vicinity of the airport.

Outlining his opposition to the curfew, the Mayor said complaints from residents about noise caused by the jet engines were taken seriously.

"As mayor of Boston, I have to take an interest in the economic health of the region and the state," he said. "The need for a new surge of economic growth in this region

is real and the possibility that curfew might scare away some investment is also real.

"The imposition of a total curfew would have an adverse impact on jobs and the economic climate," said.

His recommendations to the airlines and Massport for alleviating the noise were:

— Reschedule flights taking off and landing between midnight and 6 a.m.

— Schedule quieter aircraft flights into Boston.

— Tow aircraft to and from runways between 11 P.M. and 7 A.M.

— Planes taking off and landing between 11 P.M. and 7 A.M. should use paths over water, except when prohibited by weather.

— Airlines should back the financing of a strong noise abatement program which would bring planes within acceptable noise levels.

THERE SHALL BE LIGHT

History now shines more brightly at three Freedom Trail landmarks thanks to a \$25,000 grant to Boston 200 from the Boston Edison Company. This funding underwrites a special exterior lighting project for the Old State House, King's Chapel and the Old South Meeting House in downtown Boston.

These buildings will be illuminated every evening from sunset to midnight. "The lights make the buildings stand out more than ever," says Gail Seybold, curator of the Old South Meeting House. "Visitors are excited especially because people walking by will notice it and remember just how important it was during the revolutionary period."

The City of Boston Public Works Department has agreed to cover the costs of continuing the lighting project in 1976. Accordingly, this project will remain as another permanent contribution to the city resulting from Boston 200's environmental improvements program.

Plans for the lighting were designed by the architectural firm of Stahl/Bennett, Inc., with installation by Metcalf Engineering, Inc. and E. Powers Electrical Company.

MAYOR'S CUP TENNIS TOURNAMENT

The Annual Mayor's Cup Tennis Tournament will begin on September 4, at the Boston Common. The tournament is open to anyone and everyone over the age of 18. It will include men's and women's singles, men's and women's doubles and mixed doubles. The tournament is free of charge, but every player must have a tennis racket and one can of U.S.L.T.A.-approved tennis balls. Registration forms must be in no later than September 1, 1976. Registration may be completed by phone by contacting Mr. Robert Curran at 725-4881.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

COMPUTER TERMINALS

DEAR MAYOR WHITE:

I respectfully request your approval of award, without advertising, of a contract to Computer Optics, Incorporated, for the leasing of computer terminals, for the period beginning July 1, 1976, and ending June 30, 1977.

The leasing of this equipment is required in order to efficiently perform the operations of the Data Processing Unit of the department. Since this is for the renewal of an existing contract for installed equipment, public advertising would serve no useful purpose and in the best interests of the city, we recommend approval of this request.

The total amount of the contract will not exceed \$56,308.

Respectfully yours,
EDWARD T. SULLIVAN,
Director.

COMPUTER SOFTWARE

DEAR MAYOR WHITE:

I respectfully request your approval of award, without advertising, of a contract to the International Business Machines Corporation, for the rental and maintenance of computer software necessary for the operation of the computer terminals and data base-management for computer batch processing, for the period beginning July 1, 1976, and ending June 30, 1977.

The total cost will not exceed \$42,744. The rental of this equipment is necessary to perform efficiently the operations of the computer terminals of the Data Processing Unit of this department and

without publicly advertising would serve the best interest of the city.

Attached is a listing of the program products.

Respectfully yours,
EDWARD T. SULLIVAN,
Vice-Mayor.

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to the International Business Machines Corporation, for the rental and maintenance of data processing machinery and equipment, for the period beginning July 1, 1976, and ending June 30, 1977.

The rental and servicing of this equipment is required in order to perform efficiently the operations of the Data Processing Unit of this department and without publicly advertising would serve the best interest of the city.

The total cost will not exceed \$1,230,827.

Respectfully yours,
EDWARD T. SULLIVAN,
Vice-Mayor.

AFFAIRS OF THE ELDERLY COPIER

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract, without advertising, to the Xerox Corporation, for the rental and maintenance of a Xerox convenience copier, in an amount not to exceed \$6,000, for the period July 1, 1976, to June 30, 1977.

It is felt that the copier presently under contract from the Xerox Corporation best fits the needs of the Commission.

It is therefore requested that the Commission be allowed to dispense with public advertising for this contract.

Sincerely,
MAUREEN SCHAFFNER,
Commissioner.

BOSTON BICENTENNIAL

SUPPORT SERVICES

DEAR MAYOR WHITE:

This is to request your written authority to dispense with public advertising, and enter into a written agreement with the Boston 200 Corporation, to provide a broad range of vital support services to the Office of the Boston Bicentennial. The cost of these services will not exceed \$530,100. The period of performance is from July 1, 1976, to June 30, 1977.

The Boston 200 Corporation which has been determined to be a nonprofit 501 (C) (3) corporation by the Internal Revenue Service will principally function by assisting the City of Boston in organizing, supervising, and coordinating its celebration of the 200th anniversary of the American Revolution and in appropriately welcoming the large influx of visitors.

The Boston 200 Corporation will be specifically responsible for:

(a) Coordinating and managing all Bicentennial programs and events sponsored by the city;

(b) Continuing a corporate and private fund-raising program focusing on unrestricted contributions for operating expenses;

(c) Managing and operating two major Bicentennial exhibits — "The Revolution" located in the Quincy Market building and "Victorian Boston" located at the Stuart Street Amory;

(d) Monitoring and controlling restricted and unrestricted contributions made to the city for Bicentennial purposes;

(e) Providing informational systems including printed literature, recorded telephone messages, an unrecorded answering service, and the operation of three information centers which will enable both visitors and residents of Boston to become aware of all Bicentennial programs and events;

(f) Developing and implementing a plan that will insure an orderly continuance of lasting Boston 200 programs and services by other city departments or nonprofit organizations.

In view of the special nature of the services to be rendered and the outstanding capability of the Boston 200 Corporation, it is my opinion that public advertising would serve no useful purpose.

Respectfully requested,
HARRON ELLENSON,
Director.

BUILDING DEPARTMENT

RAZING OF STRUCTURES

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

321 Washington Street, Ward 14. Ordered in by Deputy Building Commissioner Leo F. Martin due to an explosion which created unsafe and dangerous conditions. Napoli Wrecking Co., Inc. immediately took this building down.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Napoli Wrecking Company, \$2,180.
Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company

is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price of over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,180, to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

15 and 17 Dyer Street, Ward 17. Emergency bid for the razing of these buildings submitted in bid box; one copy to Auditing Department. Opened by Mayor's Office. These buildings unsafe and dangerous.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and received your Honor's permission to enter these various premises and to raze the buildings or structures.

COMMUNITY DEVELOPMENT

BOYS' CLUBHOUSE

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$40,000, to the Parkway Boys' Club, Inc., a nonprofit corporation, located at 1860 Centre Street, West Roxbury, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the city will provide funds to Parkway Boys' Club, Inc. for partial construction of a new clubhouse facility. The portions of the overall construction to be funded by the city under this agreement will be specified in the contract, and the period of performance shall terminate one year after the date on which the Mayor affixes his signature to the contract, but shall not, in any event, extend beyond September 30, 1977, without prior approval from the city.

On the basis of Parkway Boys' Club, Inc.'s qualifications and expertise in developing programs for youths, I recommend that a contractual relationship between the city and Parkway Boys' Club, Inc. be established at this time to provide funds for the partial construction of a new clubhouse. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

REAL ESTATE SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$7,000, to Vincent R. Giordano, for professional real estate appraisal services. Payment for this contract will be made from the Community Development Block Grant. Period of performance shall be from May 24, 1976, to August 30, 1976.

Under the terms of the agreement, Mr. Giordano will appraise the properties of approximately 200 applicants for home improvement loans, funded by the federal government's section 312 Rehabilitation Loan Program.

In accordance with federal requirements, each loan application must be accompanied by an appraisal of the applicant's property, using Federal Housing Administration appraisal guidelines.

In view of the fact that Mr. Giordano is the only FHA-approved appraiser in the Boston area, and that he has provided similar services to the city in the past, I recommend that a contractual relationship between the city and Mr. Giordano be established at this time.

Therefore, for the reasons cited above, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

ORDINARY STEP-RATE AD- VANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFF- OLK COUNTY.

SUFFOLK COUNTY JAIL

ROBERT A. FREELEY,
Director, Personnel Management.

SIR:

On November 19, 1975, Mrs. Marie Con-
nor Osgood, R.N., was appointed an
institutional nurse, grade RN-6(1), at the
Suffolk County Jail.

Prior to this appointment, Mrs. Osgood
received exceptional training and the following
experience:

September, 1956, to April, 1957—Private
Nurse, Mass. General Hospital.

April, 1957, to August, 1964 — Staff
Nurse, Whidden Memorial Hospital.

February, 1964, to July 1971 — Super-
visor over two registered nurses and one
head practical nurse.

Because of this prior experience and fine
qualifications, it is now requested that her
salary, two-year, three-year, four-year,
five-year, six-year, and seven-year increments
be determined under Rule (15F) of the
Suffolk County Compensation Plan, to be
effective as of November 19, 1976.

Very truly yours,

THOMAS S. EISENSTADT,
Sheriff.

FIRE DEPARTMENT ORDERS

August 4.

General Order No. 36

HEARING ON CHARGES

As the result of a hearing granted to
Fire Fighter Thomas W. DeMarco of Ladder
Company 18 by the Fire Commissioner at
Fire Headquarters, 115 Southampton Street,
Boston at 1000 hours, August 3, 1976, he
pleaded not guilty, but has been found
guilty of the following charge:

Charge 1: Violation of Rule 17.46 (f),
Rules and Regulations of the Boston Fire
Department.

Because of the foregoing violation of
the Rules and Regulations of the Boston
Fire Department, he is hereby suspended
from duty for one week, without pay,
effective at 0800 hours, August 4, 1976,
and placed on probation for one year com-
mencing at 0800, August 11, 1976.

August 6.

General Order No. 37

I. RETIREMENT

The following retirement, in accordance
with the provisions of Section 58, Chapter
32, Mass. G.L., became effective at 0800
August 5, 1976.

Fire Fighter William J. Crowley, Engine
Company 22.

Fire Fighter Crowley was appointed to
the department January 26, 1949. He
leaves the department with the best wishes
of his associates.

II. FIRE ALARM BOXES ESTABLISHED

In the near future the following boxes will
be installed. Company commanders shall
add them to their respective assignment
cards. The circuit numbers will be an-
nounced at that time.

14-2127 — Dudley Street Library, 65
Warren Street; 12-2459 — Forbes Building,
545 Centre Street.

III. HIGH COMMENDATIONS

On July 2, 1976 at 0243 hours, Ladder
Company 17 responded to an incident which
was for a man reported to be jumping from
a bridge between 663 and 665 Washington
Street. The bridge is about 70 feet in the
air, over an alley.

Ladder Company 17 under the command
of Fire Lieutenant McCloud went to the
roof of No. 665 Washington Street.

Fire Fighter Martin T. Glynn, upon reach-
ing the roof, crawled to a position behind
the parapet, adjacent to the bridge.

When the man, who was on the bridge
and close to the parapet, had his attention
diverted by people, on the other roof,
Fire Fighter Glynn lunged for the man,
secured a hold on him and held him until,
with the help of the other members of
Ladder Company 17, he was able to subdue
him.

As the man struggled fiercely to try and
jump over the side of the bridge, Firefighter
Glynn restrained him without any regard
for his own personal safety.

The Fire Commissioner is pleased to
highly recommend Fire Fighter Glynn for
this rescue which was made at great personal
risk. His case is referred to the Board of
Merit for further consideration.

At 0148 hours, July 14, 1976, Box 3492
was struck for a building fire at 305 Fuller
Street. Fire Lieutenant Joseph Pistorino in
command of Engine Company 16 was pass-
ing in response to another alarm which had
been sounded at approximately the same
time. Heavy smoke and fire were issuing
from the premises and Fire Lieutenant
Pistorino observing the conditions notified
the Fire Alarm Office of this fact and started
the initial operations at this fire.

Members of Engine Company 16 started
a two and a half-inch line and were notified
that people were trapped on the third floor.
The two and a half-inch line was left with
the pump operator Fire Fighter Robert
Lynch who operated on the fire and Fire
Lieutenant Pistorino, Fire Fighter Leo
Scanlon and Fire Fighter Paul Manning
attempted to reach the trapped people on
the top floor. No ladder company had
arrived at this time. Members of Engine
Company 16 used their 24-foot ladder
from the Engine and had to mount it on the
second step of the first floor porch to reach
the trapped people. The ladder was still
too short. Fire Lieutenant Pistorino butted
the ladder and Fire Fighter Scanlon and
Manning then proceeded to rescue the five
trapped people over this ladder.

The quick action and quick thinking of
Fire Lieutenant Pistorino and members of
his company in a real team effort before
the arrival of other apparatus undoubtedly
saved these people from jumping due to
panic and heavy smoke and heat conditions
at this fire. This case is referred to the
Board of Merit for further consideration.

General Order No. 38

I. FIRE CAPTAIN FRANCIS X. O'BRIEN

It is with deep regret that the Fire Com-
missioner announces the death on August 2,
1976 of Fire Captain Francis X. O'Brien of
Engine Company 1. Fire Captain O'Brien
was appointed to the department January
3, 1945. He was promoted to Fire Lieu-
tenant on June 27, 1951 and to Fire Captain
on September 3, 1969.

The funeral was held from the John C.
Mulry Home, 2 King Street, Dorchester, at
0900 hours, Friday, August 6, 1976, followed
by a Funeral Mass in St. Mark's Church,
Dorchester at 1000 hours.

The Fire Commissioner made the custom-
ary detail to act as funeral escort, and mem-
bers of Engine Company 1, Training and
Research Division, Fire Prevention, and
Headquarters were excused to attend the
services.

II. RETIREMENT

The following retirement, in accordance
with the provisions of section 94A, chapter
32, became effective at 0800, August 11,
1976:

Commissioner's Memorandum No. 76-

To: All Bureaus, Divisions, Districts, Office Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The following communication, dated July 16, 1976, has been received from Robert A. Freeley, Supervisor of Personnel Administrative Services Department, City of Boston, and is published for the information of all Department personnel.

"In accordance with a recently enacted ordinance as an amendment to the City of Boston Code, Ord. 5, 'Every person employed by the City of Boston after July 1, 1976, shall be a resident of the City of Boston and shall not cease to be a resident of the City of Boston by his employment by the City.'"

"All persons promoted by the City of Boston after July 1, 1976, shall be, or have been, one year of such promotion become a resident of the City."

Failure to comply with the foregoing provisions of this ordinance shall be deemed to be a voluntary termination of employment.

Upon taking employment with the City of Boston and annually on February 1 thereafter, every person subject to this ordinance shall file with his or her Department his or

officer, a certification stating his or her name and place of residence.

The Department head is responsible for assigning the name of an employee, covered by his ordinance, from the payroll if the employee resides outside of the City of Boston.

The employee fails to file a certificate of residency on February 1 of each and every year.

When an employee is so stricken from the payroll, the Department head must give notice in writing of such action to the City Clerk.

A person so stricken from the payroll shall be reemployed by the City for a period of one year following his or her termination.

A person accepting payment or any other benefit acting in behalf of the City making payments to such persons stricken from the payroll shall be subject to punishment by fine.

Residence shall be the actual principal residence of the individual, where he or she normally eats and sleeps and maintains his or her normal personal and household effects.

This ordinance shall affect both Civil Service and non-Civil Service employees of the City.

Presently, a certificate of residence can be signed statement of name and place of residence, until proper forms are developed by the Office of Personnel Management.

Further policy and procedure for enforcing and implementing this ordinance shall be covered in a subsequent directive, the study and formulation of procedure by the Office of Personnel Management.

Until that directive is issued, any questions relative to this matter are to be referred to City Director Portia Smith at Office of Personnel Management, Extension 4196."

"YOUR EGO IN BLOOM"

*Sometime when you're feeling important
Sometime when your ego's in bloom
Sometime when you take it for granted
You're the best qualified in the room
Sometime when you feel that your goal
Would leave an unfillable hole,
Just follow this simple instruction
And see how it humbles your soul.
Take a bucket and fill it with water;
Put your hand in it up to the wrist.
Pull it out, and the hole that's remaining
Is a measure of how much you'll be missing.
You may splash all you wish when you're
You may stir up the water galore,
But stop — and you'll find in a minute
It looks quite the same as before.
The moral in this quaint example
Is just do the best you can.
Be proud of yourself, but remember,
There's no indispensable man.*

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR REPAIRING AND RETUBING BOILERS IN VARIOUS SCHOOLS, CITY OF BOSTON, MASS., IN DISTRICTS 1, 2, 3, AND 4.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing and retubing boilers in various schools, City of Boston, Mass., in Districts 1, 2, 3, and 4.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, September 7, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid must be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for opening (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid may be withdrawn by the three lowest responsible and eligible bidders may be withdrawn prior to completion and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for similar work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do.

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 076-102 will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, MA 02130, until two o'clock (2 P.M.) on September 8, 1976, immediately after which, in a designated room the proposals will be opened and read publicly.

The contract is described as follows: Contract No. 076-102, RESTORATION OF TRACK SUPPORT STRUCTURES, STRUCTURAL AND DRAINAGE REPAIRS TO ASHMONT STATION VIADUCTS, RED LINE, Boston, Mass., consisting of making structural and drainage repairs to existing steel and concrete on the viaducts at Ashmont Station on the MBTA Red Line.

The work also includes the furnishing and maintaining of all scaffolding, shoring and bracing of the structure during the period of each repair. Hoisting equipment and power supply required for the execution of the work shall be furnished by the contractor.

This contract is subject to a financial assistance contract between the MBTA and the UMTA of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

Authorization for the bidders to view the site of the work on MBTA property shall be obtained from Mr. Donald J. Burns, Project Manager, Plant Improvements (Tel. 722-6351).

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4:00 P.M., Monday through Friday at a charge of \$10. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Any person may purchase copies of the plans and specifications for information purposes only, upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by a separate check.

A prebid conference and inspection tour will be held on August 26, 1976, at 1 P.M., Boston time, at Ashmont Station, West Entrance. It is essential that the prospective bidders have a representative attend. Any request for interpretation of the specifications should be submitted in writing at that time.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex or national origin in consideration for award.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of thirty-five thousand dollars (\$35,000), in the form of a bid bond, cash or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the order of the MBTA.

The successful bidder shall be required to furnish a performance bond and a labor and material payment bond each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for new wood floor and vinyl asbestos floor tile at the Clarence R. Edwards School, 28 Walker Street, Charlestown, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, September 8, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority.

The general bid must be completely in, signed, enclosed in an envelope, and plainly marked with the description of the work to be done. The general bid be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash, certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned on the faithful performance by the principal of the agreements contained in the submittal of the general bid, in the sum of \$500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn within the time limit for filing general bids a five (5) days (Saturdays, Sundays, and holidays excluded) from the opening of general bids. In addition, no general bid filed by the three lowest responsible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made at the expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers in the work to be performed shall be less than the rate of wages determined by the Commissioner of Labor Industries of the Commonwealth of Massachusetts under the provisions of Chapter 149A (Ter. Ed.), chapter 149, section 27B, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152C, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and material payment bond, each of which shall be in the sum of 100 percent of the contract sum of 100 percent of the contract sum, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject or all general bids if it be in the interest so to do.

NO. 35

Job Placement Program for Hub Youths

Mayor Kevin H. White has announced the appointment of Martin Stone as Executive Director responsible for establishing a special career training and job placement program between major Greater Boston employers and the city's public high school graduates.

The new apprenticeship program, launched August 18, is intended to place at least 2,500 of next year's high school graduates in career jobs by September, 1977.

The development of an intensive career training and job placement program for the city's youth was called for by Mayor White in his August 29 speech regarding the social and racial problems that have existed in Boston over the past year. "I consider the development of a private job placement program — one that focuses on jobs for the graduates of Boston's public schools, one that focuses on finding jobs with real career opportunities, one of the most critical, most meaningful and the most hopeful activities which this administration can engage in," Mayor White said. "I have no doubts that the lack of job opportunities for our young people, hence the lack of a future purpose, is at the heart of many of the racial and social tensions we have faced in the past.

Unemployment is both a national and a local shame. Boston's rate of unemployment reached 10 percent in June, and the youth unemployment rate for our city is now over 28 percent, more than one in four. While there are severe employment problems for college graduates, I am most concerned about

the difficulties that young people without college educations are experiencing in finding employment.

"I have called upon business leaders in and around the Boston area to become involved — to join us in our efforts to develop job placement opportunities for high school graduates; to help us in developing a meaningful program that can go a long way toward benefiting the entire city," the Mayor said.

Martin Stone, appointed by the Mayor to head the program, is Chairman of the Board of Monogram Industries, a multi-industry company and national conglomerate with offices in 14 states and several foreign countries.

Mr. Stone, 48, is a resident of Weston, Mass. and was a long-time resident of Los Angeles, California. He is a member of the national steering committee of the National Urban Coalition and served as its Chairman from 1969 to 1971. Through the Urban Coalition, Mr. Stone was active in establishing a similar job placement program in Los Angeles which led to increased educational and job opportunities for the unemployed. He was a

founder and is a member of the Board of Directors of Common Cause, and is a graduate of the University of California, Loyola University Law School, and the University of Southern California Graduate School of Law.

"I have complete confidence that Martin Stone, who has been a leader in promoting the need for business involvement in the problems of American cities, can and will create a meaningful job placement program for graduates of our high schools who want to work," the Mayor said.

Mr. Stone, who will serve as Director of the new program on a volunteer basis, explained that the focus of the job program will be two-fold — finding jobs for students in the private sector, and establishing counseling and pre-vocational training programs in the schools.

"It is not simply enough to ask employers to accept and make jobs available for recent graduates," Mr. Stone said. "This program will be a two-way street. We must work with the School Department and businesses in matching the skills and interests of the students to available jobs, and we must create counseling programs for students to help them gain an understanding of how one gets and holds a job. It is my hope that a committee of

(Continued on next page)

Job Placement . . .

(Continued from front page)

business leaders can be set up to work with the schools in suggesting programs and vocational services that can be provided to better prepare students for new jobs, and the world of work."

MAYOR CREATES SCHOOL REFORM PANEL

Mayor Kevin H. White has named a panel of four nationally known educators to review the administrative leadership of the Boston School Department and make recommendations for reform to the School Committee and the Court before the new school year begins (September 8).

Creation of the school reform panel was called for by the Mayor following the Committee on Violence Report of June 23 which criticized and asked for "an end to the present unworkable relationship between the Boston School Committee and the Superintendent."

Named by Mayor White to chair the four-member panel is Dr. Joseph M. Cronin, the former, and the first, Massachusetts Secretary of Education and author of a 1970 report analyzing organization and management of the Boston School Department. Mr. Cronin is now Superintendent of Public Instruction for the state of Illinois.

The other members of the panel, who have begun work in hearings with members of the Boston School Committee, parents, and others closely involved in Boston's public school system are:

— Dr. Joshua Smith, Dean, School of Education, City College of New York. Dr. Smith, a native of Boston and graduate of the Boston Latin School, was a program officer of the Public Education section of the Ford Foundation. There he was responsible for overseeing several foundation grants made to the Boston School system designed to improve the quality of education available to the city's children. A former teacher, he was an assistant

to the Superintendent in the Pittsburgh school system.

— Dr. David Seeley, Director of the Public Education Association (PEA) in New York City and a former education adviser to Mayor John Lindsay. PEA is the oldest and best known citizens school reform organization in the country. Prior to joining PEA in 1970, Mr. Seeley spent several years with the U. S. Office of Education, where he had responsibility for monitoring compliance with Federal school desegregation statutes.

— Dr. Luvern Cunningham, Professor of Educational Administration at Ohio State University and its former dean. Dr. Cunningham has worked as Executive Director of the Detroit Education Task Force, a group appointed by the Detroit School Board to examine the financial and management problems of the Detroit schools. He has worked as a consultant on managerial problems for school systems in San Francisco, St. Louis, and Columbus, Ohio.

"I am very grateful that these four men, known nationally for their experience and work in studying urban school systems, have agreed to take time from their busy careers to come to Boston and assist us in evaluating our school administration," Mayor White said.

"Dr. Cronin's chairmanship of the panel brings to the group a

knowledge and familiarity of Boston school system that will assist them in studying and making sound recommendations to improve our schools and help us in our efforts toward reform.

"It is my wish that the School Department, members of the School Committee, parents and all of us who are closely involved in Boston schools will cooperate with the panel so that their re-evaluation of school administration can be effective, and one that can make a difference."

LABOR DAY

In honor of the wage earner of the nation, the United States and Canada have set aside the first Monday in September as Labor Day, a legal holiday. The observance of this day emanated from an annual parade in New York City by the Knights of Labor on September 5 in the 1880s. Oregon, in 1887, was the first state to recognize Labor Day as a legal holiday, and other states quickly followed. On September 28, 1894, Congress passed a law making the day a national holiday. All the states in the Union now observe Labor Day as a national holiday.

WOMEN'S FLAG FOOTBALL

Beginning in September, the Boston Parks and Recreation Department will sponsor the second season of Women's Flag Football — for 18 years and older. Each team will be allowed eighteen women, fifteen players at a time. The team will be responsible for supplying team jerseys, equipment, and officials' fees. The home team will be responsible for supplying the people to run the down man. The season will run for eight weeks and league games will be played once a week. Any interested (not individuals) should contact League Coordinator Hildy at Boston Parks and Recreation Department, Room 802, Boston City Hall, One City Hall Square, Boston, Mass. 02201, or call her after 5 at 725-4884.

MAYOR SUBMITS SUPPLEMENTAL BUDGET

Mayor Kevin White, on August 3, submitted to the City Council a supplemental budget of \$4.1 million for the fiscal year 1977.

The order seeks authorization to appropriate \$3.6 million from Federal Revenue Sharing funds and \$50,000 from the city Reserve Fund to cover budget requirements of city departments.

The order will have no effect on the city tax rate.

City departments originally submitted supplemental budget requests totaling more than \$17 million, Mayor White said. "We have drastically cut all requests and allowed only those that could be covered with federal funds on hand or with money already appropriated by the City Council.

Today's order seeks only the reassignment of existing funds," Mayor White said. "It does not require raising additional revenue or property tax sources."

He indicated that the city would need additional supplemental budget of approximately \$4 million if it received an extension of Federal Revenue Sharing funds and Title II

Counter-cyclical funds from the public works bill recently passed by Congress.

"That would bring our total supplemental budget to approximately \$8 million, less than half of what was originally requested, and none of which would come from property tax sources," the Mayor concluded.

The bulk of the supplemental budget filed will enable departments to meet payrolls for the remainder of the fiscal year and will cover the overall increased costs in departmental operations.

The largest requests are \$2 million for the Department of Health and Hospitals for payroll needs and continued support of neighborhood health centers; and \$1 million for the Department of Public Works to cover increased costs of contracts, electricity, and materials.

The complete breakdown is as follows:

From Federal Revenue Sharing Funds:

Health and Hospitals Department, \$2 million — payrolls and continued support of neighborhood health centers.

Public Works Department, \$1 million — increased cost of electricity, contracts, and materials.

Building Department, \$200,000 — abandoned housing demolition.

Charles Street Jail, \$190,000 — increased number of inmates and cost of operation.

Deer Island House of Correction, \$250,000 — increased number of inmates and cost of operation.

From City Reserve Fund:

Boston Finance Commission, \$21,200 — to restore City Council cuts.

Election Department, \$105,000 — to provide for overtime and temporary personnel costs for elections.

Real Property (Buildings Division), \$150,000 — increased costs of telephone service.

Office of Criminal Justice, \$143,000 — to fund through October, 1976, until final decision about its future is made.

HISTORICAL PHOTOS 'EXHIBITED

The World of Hamilton Smith, an exhibit of historical photographs of the Afro-American experience, is currently on display at 719 Tremont Street in the South End of Boston, daily except Saturdays and Mondays, 11 A.M.-5 P.M.

The exhibit presents for the first time *Photographs by Hamilton Sulton Smith* (1857-1924), an Afro-American photographer, lawyer, and dentist. The Hamilton Smith collection of over 1,000 glass negatives, given to the Museum of Afro-American History in 1973 by the photographer's daughter, represents one of the most extensive historical collections of the work of a black photographer in the country.

The prints on display make up a veritable home movie of three generations of a black aristocratic family. Mr. Smith, the son of Boston abolitionist and State Representative John J. Smith, captures in his meticulous portrayals of family reunions, social gatherings, street scenes, and paintings the spirit and ambiance of this elite. Prints of any of the photographs on exhibit, as well as a complete line of Museum sales items, may be purchased at the gallery.

The exhibit will be showing through September 26 at 719 Tremont Street (at the corner of Concord Square) in Boston, daily except Saturdays and Mondays, 11 A.M.-5 P.M. Admission is fifty cents for adults and twenty-five cents for children and senior citizens. For further information call 723-8863 or 445-7400.

"THE BIRTHDAY BOOK" IS AVAILABLE

Residents and groups in Boston's neighborhoods can make a permanent addition to their community in honor of the Bicentennial, with the help of Boston 200's Birthday Book program.

Individuals or groups can take an active role in enhancing their neighborhood's environment through the purchase of small-scale physical improvements. Such im-

provements range from window boxes costing around \$15 to playground equipment, some of which may cost over \$1,000.

In addition, Boston 200 has matching funds to cover three-fourths of the cost of any one project up to a maximum of \$1,500. Funds from any source, except those administered by the City of Boston, are eligible to be matched by Boston 200.

A group or organization wishing to begin a project has many choices of plans to raise the needed funds. For example, the Trinity Neighborhood House, 406 Meridian Street, East Boston, organized a flea market to help pay for a bench and greenery in its front yard. "We were able to install the bench less than a week after the flea market," says Mary Ellen McGuirk, staff member of Trinity House. "This way, people can quickly see just what their money helped to buy."

A booklet entitled "The Birthday Book" describes the program to those considering participating, and displays various types of available gifts. The booklet suggests ways to use these items: for example, using a bench, planters, and a tree to create a waiting area at a bus stop. Also, "The Birthday Book" discusses important design problems, such as whether one's idea for a gift fits well with the surrounding environment.

After a participating individual or group makes its initial choices from "The Birthday Book" they meet at Boston 200's office with a Birthday Book coordinator, who has a price catalogue of the different available items and who can help select the gift and location to suit the donor's needs and budget. The coordinator orders the gift and arranges installation and all necessary permits.

Copies of "The Birthday Book" are available at Boston 200 headquarters, One Beacon Street, Boston, or by calling 338-1776. A Birthday Book coordinator will be happy to talk in person to anyone interested in donating a permanent reminder of the city's Bicentennial celebration.

The Birthday Book program been sponsored for Boston 200 Home Savings Bank, the Massachusetts Bicentennial Commission, the Henderson Foundation and Massachusetts Building Congress. Also cooperating in the program are the Boston Redevelopment Authority, the Office of Public Services, the Public Facilities Department, the Public Works Department, the Parks and Recreation Department of the City of Boston.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

COMMUNITY DEVELOPMENT

SAILING PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$28,750, to the Boys' Club of Boston, Inc., 15 State Street, Boston, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, Boys' Club of Boston, Inc. will provide a summer sailing program for the general public at the Metropolitan District Commission's Pleasure Bay facility in South Boston. The program will consist of instruction in sailing techniques; water safety; offshore training; and use of boats and equipment provided by the MDC. The period of performance shall be from June 7, 1976, through October 15, 1976.

The city, under the Community Development Block Grant program, has awarded a previous contract to the Boys' Club of Boston, Inc. for the provision of the same services as those proposed. The summer sailing program was well received by the public and Boys' Club of Boston, Inc. demonstrated its ability to administer the program satisfactorily.

In view of the quality of the program, I recommend that the contractual relationship between the city and Boys' Club of Boston, Inc. be renewed at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Interim Director.

BILINGUAL SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$105,000 to La Alianza Hispana, Inc., located at 645 Dudley Street, Dorchester, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, La Alianza Hispana, Inc. will conduct a program of bilingual services in the areas of basic education, job development, housing, resettlement, and advocacy for the residents of Dorchester, Roxbury, Jamaica Plain, and the South End. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to La Alianza Hispana, Inc. for the provisions of the same or similar services as those proposed. In the interest of

continuity of service delivery, I recommend that the contractual relationship between the city and La Alianza Hispana, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

TREATMENT FACILITY

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$35,000 to For Individuals Recovering Sound Thinking (F.I.R.S.T.), Inc. located at 167 Centre Street, Roxbury, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, F.I.R.S.T., Inc. will maintain a thirty-bed, in-patient treatment facility for males and females with programs that include vocational counseling, group therapy, physical therapy, job placement, and vocational training in printing for addicted persons. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to F.I.R.S.T., Inc. for the provisions of the same or similar services as those proposed. In the interest of continuity of service, I recommend that the contractual relationship between the city and F.I.R.S.T., Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

SERVICES TO ELDERLY

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$52,000, to the Council of Elders, Inc., located at 186 Massachusetts Avenue, Boston, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, the Council of Elders, Inc. will conduct an elderly program to include supportive services in the areas of, but not limited to, housing, guidance counseling, information and referral, education, group interaction, and consumer health education, throughout the Boston area. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to the Council of Elders, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery,

I recommend that the contractual relationship between the city and the Council of Elders, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

HEALTH CARE PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$92,000, to the Affiliated Hospitals Center, Peter Bent Brigham Division, d/1 Brookside Park Family Life Center located at 3297 Washington Street, Jamaica Plain, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, Brookside Park Family Life Center will conduct a comprehensive health care program to include adult medicine, pediatrics, obstetrics and gynecology, dentistry, social service, and mental health services, for the Jamaica Plain area. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to Brookside Park Family Life Center for the provisions of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and Brookside Park Family Life Center be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$30,000, to New England Hospital, c/o Dimock Community Health Center located at 55 Dimock Street, Roxbury, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, Dimock Community Health Center will conduct an adult and pediatric mental health program to include individual therapy, group therapy, psychiatric testing, counseling, and preventive mental health education for the Roxbury area. The period of performance shall be from July 1, 1976, through June 30, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to Dimock Community Health Center for the provision of the same or similar services as those proposed. In the interest of

continuity of service delivery, I recommend that the contractual relationship between the city and Dimock Community Health Center be maintained at this time. Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$20,000, to the Martha Eliot Health Center Overseers, Inc., located at 33 Bickford Street, Jamaica Plain, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Martha Eliot Health Center Overseers, Inc. will conduct a primary health care program to include medical and nursing services in the areas of pediatrics and obstetrics and gynecology for the Jamaica Plain area. The period of performance shall be from August 1, 1976, through August 31, 1977.

The Martha Eliot Health Center Overseers, Inc. have had past experience and demonstrated expertise in delivering similar services in the community. In the interest of continuity of service delivery, I recommend that a contractual relationship be established between the city and the Martha Eliot Health Center Overseers, Inc. at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

YOUTH PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$15,000, to the United Neighbors of Lower Roxbury, Inc., located at 90 Windsor Street, Roxbury, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of this agreement, the United Neighbors of Lower Roxbury will conduct youth recreational programs to include such services as athletics and educational counseling for the Roxbury area. The period of performance shall be from September 1, 1976, through August 31, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to United Neighbors of Lower Roxbury for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and United Neighbors of Lower Roxbury, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$8,000, to the Roxbury Federation of Neighborhood Centers, Inc., d/b/a Roxbury Beautification Program, located at 612 Blue Hill Avenue. Payment for this contract shall be made from the Community Development Block Grant. Under the terms of the agreement, Roxbury Beautification Program will conduct youth recreational programs to include a program of daily nutrition for the Roxbury community. The period of performance shall be from September 1, 1976, through May 31, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to the Roxbury Federation of Neighborhood Centers, Inc., which has demonstrated satisfactory ability and expertise in delivering youth recreation programs for the City of Boston. I recommend that the contractual relationship between the city and Roxbury Federation of Neighborhood Centers, Inc., d/b/a Roxbury Beautification Program be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$51,000, to the Boys' Club of Boston, Inc., located at 115 Warren Street, Roxbury, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of this agreement, Boys' Club of Boston, Inc. will conduct a youth recreation program to include athletics and hobby craft for girls in the Roxbury community. The period of performance shall be from September 1, 1976, to August 31, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to the Boys' Club of Boston, Inc., which has demonstrated satisfactory ability and expertise in delivering youth recreation programs for the City of Boston. I recommend that the contractual relationship between the city and the Boys' Club of Boston, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

RECREATIONAL PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$30,000, to the Women's Improvement League, Inc., located at 8 Gannett Street, Dorchester, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, Women's Improvement League, Inc., will conduct a comprehensive program of recreational activities to include classes in home economics, nutrition, arts and crafts, and cultural field trips for the Dorchester-Roxbury communities. The period of performance shall be from September 1, 1976, through August 31, 1977.

The city, under the first year of the Community Development Block Grant program, has awarded a previous contract to Women's Improvement League, Inc., for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and Women's Improvement League, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

PROTECTIVE SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to enter into an agreement with the Commonwealth of Massachusetts, Department of Public Welfare, in an amount not to exceed \$20,000, to be paid from the Community Development Block Grant. These funds will represent a local matching share of 25 percent for which the Commonwealth will match the remaining 75 percent with federal funds under Title XX of the Social Security Act.

These funds, which will be disbursed ninety days from the beginning of service delivery, will be used to provide protective services for Hispanic children by Boston Children's Service (which will receive a twelve-month contract with the Commonwealth, commencing on September 1, 1976).

Due to the unique arrangement of donated funds under Title XX, public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

SOCIAL SERVICES PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$20,000, to the Southwest Boston Community Service, Inc., d/b/a The Family

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Connection, located at 4262 Washington Street, Roslindale, Mass. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, the Southwest Boston Community Services, Inc., d/b/a The Family Connection will conduct a social services program to include information and referral services, parent education, and video programs for the Roslindale, West Roxbury, and Hyde Park areas. The period of performance shall be from September 1, 1976, through August 31, 1977.

The Southwest Boston Community Services, Inc., d/b/a The Family Connection has had past experience and demonstrated expertise in delivering similar services in the community. In the interest of continuity of service delivery, I recommend that a contractual relationship be established between the city and the Southwest Boston Community Services, Inc., d/b/a The Family Connection at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

ECONOMIC DEVELOPMENT PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$50,000, to the Inquilinos Boricuas en Accion, located at 405 Shawmut Avenue. Payment for this contract shall be made from the Community Development Block Grant.

Under the terms of the agreement, I.B.A. will conduct an economic development program for Hispanic South End residents. The period of performance shall be from September 1, 1976, through August 31, 1977.

On the basis of I.B.A.'s previous experience and ability to provide and administer an economic development program in Boston, I recommend that a contractual relationship between I.B.A., Inc. and the city be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

FIRE DEPARTMENT

IBM MACHINES

DEAR SIR:

Permission is requested to dispense with public advertising, and to enter into a contract with International Business Machines Corporation of Boston, for the rental of the following machines at a cost of \$443 per month, the total cost of the

contract not to exceed \$5,316, for the period July 1, 1976, to June 30, 1977, inclusive.

One type 0029, model B22, N6050 card punch, rental plan B, \$98 a month.

One type 0029, model B22, N6051 card punch, rental plan B, \$98 a month.

One type 0059, model 002, A6010 verifier, rental plan B, \$94 a month.

One type 0059, model 002, C2978 verifier, rental plan B, \$94 a month.

One type 0082, model 001, 97588 sorter, rental plan B, \$59 a month.

This request is made so that this department may continue to process and implement our fire-reporting system on the premises. In so doing, we will eliminate the necessity of transporting original fire documents to and from a central processing bureau with the attendant danger of loss or misplacement. In addition, it will permit speedier and more efficient preparation of the \$275,000 revenue-producing licenses and permits and an anticipated 75,000 fire reports.

In our opinion, no advantage would accrue to the city through publicly advertising for the rental of the above machines since the quoted rates are reasonable and comparable equipment is not readily available from any other reliable manufacturer.

Very truly yours,
GEORGE H. PAUL,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

HEALTH CARE CENTERS

DEAR SIR:

Pursuant to the authority delegated to the Executive Director at a meeting of the Board of Health and Hospitals held on April 27, 1976, I hereby request your Honor's approval to renew, without advertising, the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc. (Trustees), a charitable nonprofit corporation created under chapter 174 of the Acts of 1880, as most recently amended by chapter 656 of the Acts of 1965, under which said corporation will continue the operation of comprehensive primary health care centers affiliated with Boston City Hospital in certain neighborhoods in the City of Boston, for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$2,209,180. These health centers are operated in facilities owned by or rented to the City of Boston and consist of the following:

North Dorchester: Dorchester Health Center, 1353 Dorchester Avenue; Uphams Corner Health Center, 500 Columbia Road.

Roxbury: Whittier Street Health Center, 20 Whittier Street; Charles Drew Health Center, 12 Bicknell Street.

Mattapan: Harvard Street Health Center, 895 Blue Hill Avenue.

South Boston: South Boston Health Center, 133 Dorchester Street.

East Boston: East Boston Neighborhood Health Center, 79 Paris Street.

Under this contract the Trustees will continue to furnish and supply all equip-

ment, supplies, and personnel, including licensed physicians and all other medical and non-medical personnel, and do everything necessary for, and incidental to the operation of the aforementioned health centers. In consideration of services rendered, the Trustees shall be permitted to retain an amount equal to 5 percent of the total cost of this contract as general administrative costs.

This undertaking is of a very personal and professional nature, and the Trustees have demonstrated to the city during the past several years their special fitness to administer this contract in a satisfactory manner. Accordingly, in judgment no benefit will inure to the city from publicly advertising for bids.

Therefore, in view of the aforesaid, inasmuch as this service is available to the Trustees at a reasonable cost to the city, your permission is respectfully requested to award this contract, without advertising, to the Trustees under the terms and conditions stated above.

Very truly yours,
DAVID L. ROSENBLUM,
Acting Executive Director

HOUSING INSPECTION DEPARTMENT

Housing Improvement Program LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 696 square feet of space in a building located at 2341-2 Bunker Street, Charlestown, and to enter into a lease with William Picardi Trust for this space. The premises are now used by this department as a local office in connection with the Housing Improvement Program, a federally subsidized program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposal lease is for a term of 36 months — July 1, 1976, to June 30, 1980 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental is \$325 per month.

It is my opinion that nothing is gained by public advertising.

Very truly yours,
JOHN A. VITAGLIANO,
Commissioner

MANPOWER ADMINISTRATION YOUTH PROGRAM

DEAR MAYOR WHITE:

I hereby request your authorization to award a contract to the Boys' Club of Boston, in an amount not to exceed \$95,000.

Under the terms of the contract, the Boys' Club will provide a recreation and transportation support program for disadvantaged city youth of ages 6 through thirteen. The period of performance shall be June 15, 1976, through September 30, 1976.

the entire program will be supported by through federal funds provided by the Community Services Agency (CSA). In view of the Boys' Club of Boston's capability and experience in providing the services for this program in the past, it is my view that public advertising would serve no useful purpose, and I therefore request your permission to dispense with advertising for proposals and award of this contract.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

OFFICE OF CRIMINAL JUSTICE

HORSEBACK RIDING LESSONS

DEAR MR. MAYOR:

Director of your Office of Criminal Justice, I respectfully request your written permission to dispense with any further public advertising than is outlined below, and to award a contract to the Hingham Riding Stable, Inc., at Turkey Hill Road, Hingham, Mass., in an amount not to exceed \$2,866, for the period March 1, 1976, to July 31, 1976.

Award of the contract is made pursuant to the grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P. L. 91-14), and the Crime Control Act of 1972 (P. L. 92-83).

The purpose of the grant is to allow the Youth Activities Commission to provide special cultural and recreational projects as part of their "School Involvement Program." This contract will provide for horseback riding services to Boston youth involved in the Youth Activities Commission's "School Involvement Program."

The Hingham Riding Stable, Inc., is being requested as the contractor because of its ability to provide approximately 20 horses at one time for the youth to utilize. No other stable in the Boston area has the capability. The local Youth Resources will be sending approximately twenty-five to thirty-five youth per week. Because Hingham Riding Stable, Inc., can provide this service I feel any further public bidding will serve no useful purpose.

Respectfully,
DONALD A. MCGOWAN,
Executive Director.

OFFICE OF PUBLIC SERVICE

DEAR MAYOR WHITE:

I respectfully request your written authorization to dispense with public advertising, and to award a contract to Xerox Corporation, a New York corporation with a place of business in Boston at 10 Charles River Plaza.

Under the terms of the contract, Xerox Corporation will rent copying equipment to fourteen Little City Halls around the city to the central Office of Public Service, located in City Hall, during the period commencing July 1, 1976, through June 30, 1977. The fourteen model 660

copying machines will be located at the following Little City Halls:

Allston Little City Hall, Charlestown Little City Hall, Dorchester Little City Hall, East Boston Little City Hall, Hyde Park Little City Hall, Mattapan Little City Hall, Roslindale Little City Hall, West Roxbury Little City Hall, South Boston Little City Hall, Jamaica Plain Little City Hall, Franklin Field Little City Hall, Uphams Corner Little City Hall, and South End Little City Hall.

The one model 4000 copying machine will be located in City Hall, Room 706.

The total cost of the machine rental and maintenance service, payable at state and local government rates to be specified in the proposed contract, shall not exceed \$26,000.

These machines have been of extreme value to the operation of the Office of Public Service. In view of the specific capabilities of these machines, their excellent performance record, and high quality of maintenance service rendered by the manufacturer, it is believed that public advertising would serve no useful purpose.

Sincerely,
CLAUDIA L. DELMONACO,
Director.

POLICE DEPARTMENT

IBM MACHINES

DEAR MR. MAYOR:

Your Honor's approval is hereby respectfully requested to dispense with public advertising, and to enter into a contract with the International Business Machine Corporation, for the leasing of the following programs for the period commencing July 1, 1976, through June 30, 1977.

5736-XX6, classification A, Serial No. 3135-60423, \$235 a month.

5736-LM2, classification A, Serial No. 3135-60423, \$22 a month.

5736-CB2, classification A, Serial No. 3135-60423, \$63 a month.

The total amount for the above-listed programs not to exceed the sum of \$3,840, for the twelve month period.

In view of the following:

1. The technical nature of these programs fulfills our particular needs at this time and are used in conjunction with other IBM equipment leased by this department; and 2. The fact of purchase of said programs would not be economically feasible.

I believe that publicly inviting bids would not serve a useful purpose nor be of any avail to the City of Boston.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

One 3742, 27265 data station, \$223 a month.

One 3747, 31265 data converter, \$510 a month.

One 3803, 15977 tape control, \$840 a month.

The total amount for the above-listed equipment not to exceed the sum of \$320,352, for the twelve-month period. Of this total, \$30,000 is for additional monthly availability charges and the rest is for rental of the above-listed equipment.

In view of the following:

1. The technical nature of this equipment, the design of which fulfills our particular needs at this time; 2. The constantly changing state of data processing technology; 3. The fact that the purchase or rental of other manufacturers' equipment would not be economically feasible inasmuch as the department has already invested considerable manpower and expense in programming, software, and systems work which is usable only on this IBM equipment.

I believe that publicly inviting bids would not serve a useful purpose nor be of any avail to the City of Boston.

Respectfully,

ROBERT J. DI GRAZIA,
Police Commissioner.

DISPATCH SYSTEM

DEAR MAYOR WHITE:

Your Honor's written authorization is respectfully requested to award a contract, without public advertising, to Arthur D. Little Systems, Inc., for the second phase of our computer-aided dispatch system.

Arthur D. Little Systems received the contract for the first phase of this system only after approximately fifty vendors were sent requests for proposals and the ten vendors who did respond had their proposals evaluated by a team composed of individuals from our Data Processing Department and Administrative Services Data Processing Division. This evaluation team recommended A.D.L. Systems, Inc.

This initial phase has been completed and is a huge success in its goal of enhancing our ability to deliver emergency services to the community swiftly and accurately.

A.D.L., since it has performed phase one so exceptionally, is the logical choice for enhancements to the system. The learning curve and understanding required of another company, plus the confidence and capability of this vendor, would be difficult if not impossible to duplicate at this juncture. A.D.L. will assure that phase one and phase two become an integrated cohesive whole for the Boston Police Department.

Therefore, I believe no useful purpose would be served by public advertisement which in the long run would prove more costly to the city. Your Honor's permission is hereby respectfully requested to award a contract to Arthur D. Little Systems, Inc., in an amount not to exceed \$197,810, for the period commencing July 1, 1976, to June 30, 1977.

Respectfully submitted,

ROBERT J. DI GRAZIA,
Police Commissioner.

CONSULTANT SERVICES

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with written proposals by advertisement in the *City Record*, and award to Charles Rogovin, 71 Kenilworth Street, Newton, Mass., a contract in an amount not to exceed \$15,000, commencing July 1, 1976, through June 30, 1977.

The Boston Police Department is continuously faced with new and complex problems relating to police discipline and the investigation of police misconduct complaints by the Internal Affairs Division. Mr. Rogovin will review and analyze the systems, procedure, and products of the Internal Affairs Division and make recommendations to the Police Commissioner and the Commanding Officer of the Internal Affairs Division for changes, if appropriate. He will advise and assist the Commanding Officer of the Internal Affairs Division in coordinating his activities with other units where relevant and appropriate. He will assist and advise the legal personnel of the Police Department in the review of the investigative products of the Internal Affairs Division and the development, preparation, and presentation of such matters in disciplinary proceedings within the Police Department, and he will assist and advise the Commanding Officer and personnel of the Internal Affairs Division and Special Investigations Unit, when requested, during the course of specific investigations undertaken by those units. He will assist and advise the department in the development of rules and regulations, in policy analysis and development, and in investigations and control of organized crime.

For approximately fifteen years, Mr. Rogovin has been engaged exclusively with public safety and criminal justice issues at local, state, and federal levels in government. He acquired operational experience in Philadelphia as an assistant public defender and as an assistant district attorney, and administrative experience as chief assistant district attorney there.

This initial federal service came as assistant director of the President's Commission on Law Enforcement and Administration of Justice where he directed the commission's work on organized crime.

As assistant attorney general of Massachusetts under Elliot Richardson, Mr. Rogovin designed and directed a staff level section of attorneys and investigators to work on organized crime problems. In addition, he directed the work of the Criminal Division of the Attorney General's Department as its chief. Mr. Rogovin guided the formation of the New England Association of Attorneys General and functioned as principal coordinator of its regional anti-organized crime activities. He was the first person nominated by the President and confirmed by the U. S. Senate as administrator of the Law Enforcement Assistance Administration. In that position he was responsible for policy design and implementation in the major assistance program to state and local governments for public safety and criminal justice improvement and reform.

As the first president and managing director of the Police Foundation, Mr. Rogovin developed and implemented a program to utilize \$30,000,000 of private funds for projects to improve the quality and upgrade the delivery of police services in urban environments. As a fellow of the Institute of Politics of the John F. Kennedy School of Government at Harvard University, he has had an opportunity to study and reflect upon the critical issues of crime and criminal justice in American society.

Mr. Rogovin is a frequent speaker before government, public interest groups and university audiences on topics in the criminal justice field. He has testified before committees of the U. S. Congress and various state legislatures. He has served as a policy advisor to the Committee on Economic Development, the Chamber of Commerce, and Inquiry Commissions in the Province of Ontario and Quebec, Canada. He has been a member of the Visiting Committee of the School of Criminal Justice of the University of New York at Albany, the Advisory Board of the Justice Center of the Battelle Research Institute in Seattle, Washington. He is a consultant to the Joint Public Safety Committee of the Massachusetts Legislature regarding the proposed reorganization of the public safety agencies and functions.

Mr. Rogovin has been a visiting professor of American studies at Brandeis University, Waltham, Mass. He is presently the Toor Lecturer in American Studies at Brandeis. He is a member of the Massachusetts' Organized Crime Control Council by appointment of the Governor.

In view of Mr. Rogovin's experience and expertise and the unique services required to perform the various functions of this contract, I believe that the advertising would serve no useful purpose.

Very truly yours,

ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the term of a lease of certain premises deemed necessary and convenient by the Director for Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 1,000 square feet of office space, on the second floor, in the building at 444 Dorchester Avenue, Fields Corner section of Dorchester.

The term of the extension will be twelve months beginning July 1, 1976, and terminating June 30, 1977.

The monthly rental will be \$416.66, with the cost for this period not to exceed \$9.92.

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Department of Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of two large offices, together with a reception area, on the second floor of the building at 33 Wm. Kelley Square, East Boston.

The term of the lease will be four months beginning March 1, 1976, and terminating June 30, 1976.

The monthly rental will be \$400, with heat and utilities (exclusive of telephone) supplied and paid for by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the

Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in the *City Record*, in renewing the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide classrooms in the Allston-Brighton area.

The premises to be included in the proposed lease are approximately 80,000 square feet, including buildings thereon, excluding that portion of the building known as St. Gabriel's Parish Rectory, located at Washington Street, Brighton, Mass. The lease includes heat, light, and custodial services. The term of the lease shall be from July 1, 1976, to June 30, 1977. The rent will be \$67,500, payable in monthly installments of \$5,625.

Since these facilities have proven both adequate and convenient, it is not believed by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Department of the Mayor, Rent Board purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 10,182 square feet on the second floor of the building known and numbered as 18 Tremont Street, Boston.

The term of the lease will be twelve months beginning July 1, 1976, and terminating June 30, 1977.

The rental for the term will be \$61,092, paid in twelve equal monthly installments of \$5,091.

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
VICTOR E. HAGAN,
Acting Director.

EVALUATING AND ESTIMATING

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Warren L. Carney, 82 Rindone Street, Holbrook, Mass. 02343.

Under the terms of the contract, Warren L. Carney will continue to provide cost evaluation and estimating services for City of Boston construction

projects, during the period from July 1, 1976, to June 30, 1977, at a cost for such services not to exceed \$27,000 (including \$750 for directly related out-of-pocket expenses specifically authorized by and under the contract).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

DATA PROCESSING DESIGN

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Keane Associates, Incorporated, a Massachusetts corporation, data processing system designers, of 177 Milk Street, Boston, Mass.

Under the terms of this third (and final) phase contract, Keane Associates will provide professional services with respect to the design and implementation of a capital improvement program data base and management information system, including (but not limited to) preparation of program specifications, programming, testing, preparation of documentation, conversion assistance, and user training and assistance, during the period July 1, 1976, to June 30, 1977, at the presently estimated cost for such services not to exceed \$150,000 (payable in accordance with the categorical rates to be set forth in, and further defined by, the proposed contract).

In view of the professional and technical nature of the services to be performed, in addition to Keane Associates' complete familiarity with the project and the work to be performed thereunder from the first and second phase contracts, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

MANAGEMENT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Susan Child, landscape designer, of 11 Lime Street, Boston, Mass.

Under the terms of the contract, Susan Child will provide project management services for the REVIVAL (Revitalization of Vacant Land) and Birthday Book programs of the City of Boston, during the period July 1, 1976, to June 30, 1977, at a cost for such services (payable at rates to be set forth in, and further defined by, the proposed contract) not to exceed \$15,500 (including \$500 for directly related out-of-pocket expenses specifically authorized by and under the contract).

In view of the professional and technical nature of the services to be performed, as

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

well as Susan Child's complete familiarity with the work to be performed from her involvement under a previous contract on the REVIVAL program, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to James E. Langin, of 21 Daniels Terrace, Peabody, Mass.

Under the terms of the contract, James E. Langin will continue to provide project management services in connection with the design and construction of new public facilities required by the federal court-ordered desegregation plan, during the period July 1, 1976, to June 30, 1977, at a cost for such services (payable as set forth in, and as further defined by, the terms and provisions of the proposed contract) not to exceed \$25,000 (including \$750 for directly related out-of-pocket expenses specifically authorized under the contract).

In view of the professional and technical nature of the services to be performed, as well as James E. Langin's considerable prior experience in the construction management and supervision field on City of Boston projects, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

DESIGN SERVICES, ETC.

DEAR MR. MAYOR:

Pursuant to a recent vote of the Public Facilities Commission, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Marjorie A. Turner and Michael A. Solazzo, d/b/a The Boston Creative Group, Suite 62, 224 Clarendon Street, Boston, Mass.

Under the terms of the contract, The Boston Creative Group will provide professional design and collateral services in connection with the preparation of a combination annual report and eight-year summary of the operation of the Public Facilities Department, covering the period 1968 to 1976, encompassing the performance of the following services: (1) concept, creative direction, art direction, and design planning, including but not limited to, the preparation of sketches, mock-ups, dummies, and sample designs; (2) providing and/or assisting the Public Facilities Department staff in the preparation of written manuscripts, charts, tables and/or diagrammatic materials for copy writing as may be required; (3) coordinating and supervising the work of other

consultants of the department, and other activities relating to production, traffic, and account executive coordination; (4) monitoring and purchasing of type setting and photostats, and supervision of preparation of color photographs; (5) mechanical artwork; (6) color photography, photo retouching, and dye transfer; (7) preparation of contract documents as needed for obtaining bid from prospective printers of the report; and (8) upon award of the printing contract, coordination, supervision, and approval of the work, at a cost for such services (payable as set forth in, and as further defined by, the terms and provisions of the proposed contract) not to exceed \$14,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

PUBLIC WORKS DEPARTMENT COPYING MACHINES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and award to the Xerox Corporation, a contract for the supply and maintenance of a Xerox copying machine, during the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$14,000, which I believe is fair and reasonable.

In view of the quality of the machine and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT ELEVATOR MAINTENANCE

YOUR HONOR:

Your written permission is respectfully requested to dispense with advertising in the *City Record*, for the purpose of awarding a contract to Otis Elevator Company for service and maintenance of the four escalators in City Hall. This contract will run for the period July 1, 1976, to June 30, 1977, at a monthly cost of \$876.73, a price which is fair and reasonable. Otis Elevator Company installed these escalators in City Hall and have rendered very satisfactory maintenance service, hence I would deem it appropriate to continue their service. Public advertising in the *City Record* would serve no useful purpose. The contract price is \$10,520.76.

Respectfully yours,
JAMES W. RONAYNE,
Assistant Commissioner.

GUIDE SERVICE

YOUR HONOR:

I respectfully request your written authority to dispense with writing proposals by public advertising in the *City Record*, in awarding a contract to the Boston

Foundation, Inc., 1 City Hall Square, Boston, Mass., for the supply of a guide service, information service, and program service in City Hall. A guide service will consist of three to five guides, Monday through Friday, and up to two guides on Saturdays, Sundays, and legal holidays during the period July 1, 1976, to June 30, 1977. The foundation will be paid the average rate of \$100 per week for each guide employed Monday through Friday, and at the average rate of \$30 per hour for service on other days. The total cost to the city will not exceed \$30,000.

Further, under this same contract, I would like to request \$8,500, for special exhibits, events, and other related service in City Hall itself and on the Plaza. This would include such items as:

Exhibitions — 1. Christmas (six weeks of celebrations, exhibits, decorations) \$1,500; 2. Other holiday exhibits throughout the year, \$1,500; 3. Displays for special occasions: flags for U.N. Day, etc., \$1,500; 4. Expenses related to above; such as security, graphics, public relations, custodial service, and hanging, \$2,000.

Events — 1. Lunchtime and evening concerts for city employees and the general public, \$1,000; 2. Expenses related to seminars and meetings held in City Hall: overtime of custodians, rental of tables and chairs, graphics, and publications, \$1,000 — \$8,500.

The total cost to the city under this contract will not exceed \$38,500. Because of the special and professional service to be rendered, I believe that public advertising for bids would serve no useful purpose.

Very truly yours,
JAMES W. RONAYNE,
Assistant Commissioner.

RENT CONTROL ADMINISTRATION OFFICE MACHINES

DEAR MR. MAYOR:

Your permission is requested to dispense with the advertising, and to award a contract to IBM of One Gateway Center, Newton, for the rental and service of IBM Copier II and a Mag card "Selector" Serial No. 9667682, for a period of July 1, 1976, to June 30, 1977. The total cost to the city will not exceed \$12,200.

Due to the quality of the machine and service provided, and due to the past experience with the contract, I respectfully submit that no advantage would be gained by publicly advertising this contract. Thus, I ask that you present this award to IBM.

Your honoring this request would be greatly appreciated.

Sincerely yours,
JAMES F. OLIVER,
Deputy Director.

RETIREMENT BOARD

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with the advertising of proposals of advertisement in the *Boston City Record*, and award a contract to Xerox Corporation, a contract

real and maintenance of a Xerox copy-
ing machine, model 3100 for the period
July 1, 1976, through June 30, 1977, at a
cost not to exceed \$3,400, which I believe
is fair and reasonable.

In view of the already established
quality of the equipment and the service,
I am inclined to think that public ad-
vertising would serve no useful purpose.

Very truly yours,
THOMAS J. MCGRIMLEY,
Chairman.

SCHOOL DEPARTMENT

SWIMMING SUPERVISION

DEAR MR. MAYOR:

On behalf of the School Committee of
the City of Boston and upon the recom-
mendation of its Board of Superintendents,
I request your authorization for the award
of a contract, without public advertising,
to Harold L. Miroff, for supervision of
Boston public schools swimming instruc-
tors of students and construction of
pools for the Boston public schools.

His contract is to extend from July 1,
1976, through June 30, 1977, at a cost
not to exceed \$20,528.

The contractor shall render the follow-
ing services:

1. Recruit and screen personnel for all
pools.

2. Train selected individuals in skills
and techniques of teaching swimming
which are particular to our schools.

3. Set up and maintain a comprehen-
sive and up-to-the-minute in-service pro-
gram for all instructors.

4. Be responsible for scheduling of
pool hours for all permanent and part-
time pool instructors.

5. Prepare a curriculum to include all
aspects of swimming.

6. Prepare programs for all grade
levels and student abilities.

7. Observe and supervise pool per-
sonnel regularly at their duties.

8. Prepare for exhibitions and water
shows several times during the year to
acquaint parents and school adminis-
trators of the students' progress.

9. Be responsible for all facets of pool
operation and instruction.

10. Establish and conduct coaching
sessions for our high school swimming
coaches.

11. Help with scheduling of dual and
competition meets for the Boston
schools.

12. Train new teachers and retrain
these teachers who conduct swimming
classes for the Boston School Department
in order to keep their water safety
instructor's rating up to date.

13. Supervise all competitive swim-
ming meets throughout the schools.

14. Supervise a middle school pro-
gram if the School Committee votes to
expand the existing program.

15. Train and instruct minority
students for lifeguard positions for out-
side agencies.

16. Advise the Department of Public
Utilities on the construction of pools
and equipment to be used in all the schools
in the city of Boston.

Because of the need to continue the
swimming program in community schools
and high schools for the coming academic
year, and because of his skills in teaching
and administrative experience of past
years in directing the smooth operational
system of instructions and selection of
swimming personnel, where there can be
no accidents, and because of his expertise
in the suggestions of the construction
and maintenance of present pools and the
input of experience for future swimming
pools in the Boston schools, it is the
determination of the School Committee
that the public interest would not be
served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

SPECIAL EDUCATOR PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of
the City of Boston and upon the recom-
mendation of its Board of Superintendents,
I request your authorization for the award
of a contract, without public advertising,
to Boston College, during the period
from April 28, 1976, through August 6,
1976, at a cost not to exceed \$13,865.

Boston College shall provide to thirty-
one elementary, middle, and high school
District III teachers application fees,
registration fees, and 177 credit hours of
intersession and summer school instruc-
tion under the Generic Special Educator
Program of the District III/Boston
College, chapter 636 FY 6-12 collabora-
tive proposal. These teachers will be
receiving instruction in the following
courses: Behavior Management Strategies
(30), Language Acquisition (7), Clinical
Child Guidance (7), Research Methods
(7), Development Reading (3), Behavior
Disorders in Childhood and Adolescence
(2), Student Teaching Handicapped (1),
and Infant and Preschool Exceptional
Children (1).

The Generic Special Educator Program
at Boston College received certification
from the State Board of Education in
July, 1975, thereby enabling the university
to train teachers in the Generic model for
state certification.

Because of the professional nature of
the services to be provided under this
contract and the expertise of the con-
tractor in providing such services, it is
the determination of the School Com-
mittee that the public interest would not
be served by public advertisement for bids.

This agreement is to be executed with-
out an appropriation under the provisions
of G. L., ch. 44, s. 53A, and is to be made
subject to the receipt of funds under grant
from chapter 636, state approved Project
No. 6-12.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DATA PROCESSING LICENSE

DEAR MR. MAYOR:

Your authorization is requested for the
award of a contract, without public ad-
vertising, to International Business Ma-
chines Corporation (IBM), for furnishing

data processing license agreement for IBM
program products, during the period July
1, 1976, through June 30, 1977, at a cost
not to exceed \$11,514.

Because this is a unique endeavor, it is
the determination of the School Com-
mittee that the public interest would not be
served by public advertisement for bids.

Very truly yours,

Business Manager.

READING PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of
the City of Boston and upon the recom-
mendation of its Board of Superintend-
ents, I request your authorization of the
award of a contract, without public adver-
tising, to Patricia A. Murray, for the
implementation of the Middle School
Reading Program, during the period of
June 30, 1976, through August 11, 1976,
at a cost not to exceed \$2,325.

The enclosed job description reflects
work to be performed by contractor to
E.S.A.A.

Because of the need to implement the
program during the summer of the present
academic year, and because of the unique
experience of this consultant, it is the
determination of the School Committee
that the public interest would not be
served by public advertisement for bids.

This agreement is to be executed with-
out an appropriation under the provision
of G. L., c. 44, s. 53A, and is to be made
subject to the receipt of funds under grant
from the Emergency School Aid Grant
No. G 301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

IBM MACHINES

DEAR MR. MAYOR:

Your authorization is requested for the
award of a contract, without public adver-
tising, to International Business Machines
Corporation (IBM), for furnishing ma-
chine rental, during the period July 1,
1976, through June 30, 1977, at a cost
not to exceed \$286,818.

Because this is a unique endeavor, it is
the determination of the School Com-
mittee that the public interest would not be
served by public advertisement for bids.

Very truly yours,
LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

Your authorization is requested for the
award of a contract, without public adver-
tising, to IBM Corporation, for word
processing equipment and maintenance
service, during the period June 30, 1976,
through June 30, 1977, at a cost not to
exceed \$54,408.

Because this is a unique endeavor, it is
the determination of the School Com-
mittee that the public interest would not be
served by public advertisement for bids.

Very truly yours,
JAMES J. O'KEEFE,
Business Manager.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to International Business Machines Corporation, for IBM typewriters, during July, 1976, at a total net cost to the City of Boston of \$21,500.

Because this is a unique endeavor it is the determination of the School Committee that the public interest would not be served by public advertisement for bids. There were no other bidders.

Very truly yours,

LEO J. BURKE,
Business Manager.

UNIVAC MACHINES

DEAR MR. MAYOR:

Your authorization is requested to award a contract, without public advertising, to Sperry Univac, for the purchase and maintenance of machines for the period beginning July 1, 1975, to June 30, 1976, at a cost not to exceed \$4,747.50.

Because of this unique endeavor it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

JAMES J. O'KEEFE,
Business Manager.

OUTDOOR EDUCATION PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Ponkapoag Outdoor Center, Blue Hills Reservation, Canton, Mass., to participate in the development of educational programs with Mary E. Curley Middle School, during the period of September 20, through September 24, 1976, at a cost not to exceed \$7,950.

Ponkapoag will be responsible for providing room and board and an instructional staff for ninety students during the week. The center will also be responsible for providing health and insurance for the students.

Ponkapoag is a branch of the Boston YMCA and has run the outdoor education center in Canton for the past ten years. During this time they have successfully conducted a large number of programs for inner city youths. Ponkapoag is a certified outdoor education center.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of General Laws, c. 44, s. 53A, and is to be made subject to the receipt of funds

under the grant from chapter 636, section 1, Project No. MEP-4.

Very truly yours,

EDWARD J. WINTER,
Secretary.

RESOURCE TEACHER

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Board of Superintendents, I request your authorization for the award of a contract, without advertising, to Nancy Singal for consultant services as a diagnostic resource teacher for the McCormack Middle School, during the period September 13, 1976, through December 31, 1976, at a cost not to exceed \$4,500.

The contractor shall provide consultant service on a part-time basis as a diagnostic resource teacher to the McCormack Middle School. Duties will include assessment of student skill levels in academic areas of reading, math, and language skills; provide innovative teaching techniques and strategies to teachers; translate diagnostic information into usable classroom techniques for teachers; provide continuity and follow-up services on diagnostic resource program begun in spring of 1976.

Because of the professional nature of the services to be provided and Ms. Singal's expertise in the field of diagnostic skill resources, and because of the success of Ms. Singal's services as a consulting diagnostic resource teacher to this program in the spring of 1976, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Funds for these services are available through chapter 636, section 1, 6-32G.

Very truly yours,

EDWARD J. WINTER,
Secretary.

MAGNET SCHOOL PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to John F. Monbouquette, Ph.D., during the period from July 1, 1976, through December 31, 1976, at a cost not to exceed \$3,250.

The contractor shall evaluate and provide written reports as required of the Stonehill College/Hyde Park High School Magnet School Program (Project No. 6-23) under chapter 636. The contractor will visit and evaluate programs at both Stonehill College and Hyde Park High School; collect data and reports by interview with support personnel, professional staff, administrators, and coordinators at both institutions, parents, and students. The contractor will collate this information and develop an interim and final report. This report will give progress and findings to date and recommendations relative to each of the eight components of the collaborative program. Actual time spent at both institutions in develop-

ing and preparing the reports shall be equal to two days per week for ten weeks and one day per week for twelve weeks or a total of 227 hours.

Dr. John F. Monbouquette received a A.B. from St. John's College in 1952. He is currently serving as assistant superintendent of schools in Braintree, Mass. and is on the faculty of Continuing Education at Boston State College with the rank of associate professor. Dr. Monbouquette has served on the Commission of Public Schools of the N.E. Association of Schools and Colleges for seven years. He was chairman of the Commission for two years and is presently vice-president of the N.E. Assn. of Schools and Colleges. He is past president of the Mass. Secondary School Principals Assn. and vice chairman of the Mass. Educational Conference Board. He is a member of the American Association of School Administrators, the National Association of Secondary School Principals, and the Massachusetts Secondary School Principals Association.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A and is to be made subject to the receipt of funds under grant from chapter 636, state appropriation No. 6-28.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TRAFFIC AND PARKING DEPARTMENT

ENGINEERING SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the *Record*, and to award a contract to Murray D. Segal, transportation consultant, for providing professional engineering services in the preparation and effecting of programs relating to Bicentennial, evaluation of the Environmental Protection Agency regulations and also in the preparation of proposals and studies for the TOPICS and Urban Systems programs. Approved program of the Traffic Operations Program, Increase Capacity and Safety (TOPS) and the Urban Systems program funded on a fifty-fifty state and federal basis and it is to the city's advantage to complete and submit the necessary proposals for approval as expeditious as possible.

The proposed consultant's charges for this work were submitted to the Mayor signed in the form of a proposal on April 5, 1976. The consultant shall be paid on a monthly basis, but in no case shall the maximum liability of the city under the terms of the proposed contract exceed the sum of \$30,000.

is proposed that the contract be in effect for the period July 1, 1976, to June 30, 1977, and in view of the very technical nature of the services involved, no useful purpose would, in my opinion, be served by publicly advertising for bids.

Very truly yours,
WILLIAM T. NOONAN,
Commissioner.

TREASURY DEPARTMENT
Collecting Division
DATA PROCESSING SERVICES

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with the usual form of advertisement and to award a contract for data processing services to G C Services Corporation of Houston, Texas. The effective date of the contract will be June 7, 1976, through June 25, 1976, inclusive.

The cost of the contract will not exceed \$50 for the processing of up to 300,000 delinquent excise accounts. This amount includes all costs for keypunching, materials, programming time, computer time, and tape cost. The work to be performed will involve the following:

1. Keypunching and verifying bill of registration numbers of all delinquent excise accounts for the years 1972 and 1973 with an estimate of 100,000 accounts involved.

2. Extraction from the computer tapes supplied by the Registry of Motor Vehicles the excise tax records of each of the delinquent accounts for 1972 through 1975.

3. Running a sorting process to combine multiple accounts from the extracted information for years 1972 through 1975.

4. Provide tapes to the city containing alpha sequence of accounts.

5. Interest and fee calculations for all delinquent accounts of delinquent excise tax accounts.

6. Relieving the burden of this project on the Data Processing Unit at City Hall which would result in a drawn-out project that could take several months to complete. G C Services Corporation will have the project completed within four weeks, and will provide special programming follow-through. The Collecting Division can then begin an increased effort to lower the percentage of uncollectable excise taxes.

We have discussed this project with other potential vendors in the field of data processing and have concluded, both in terms of cost and capability, that the public interest would be served by awarding of this contract to G C Services Corporation.

Respectfully,
JAMES V. YOUNG,
Collector-Treasurer.

SUFFOLK COUNTY
RENTAL OF COPIER

DEAR MR. MAYOR:

I, District Attorney for Suffolk County, hereby request your permission to enter

into a contract, without public advertising, with the Xerox Corporation, 100 Charles River Plaza, Boston, for the leasing of a Xerox 100 copier for the period July 1, 1976, through June 30, 1977, at a cost of \$4,000, and a Xerox 3100 for the same period at a cost of \$2,000; total cost, \$6,000. As of July 1, 1975, the Suffolk County District Attorney's Office received a grant from the United States Department of Justice's Law Enforcement Assistance Administration to establish a special prosecution unit to accelerate trials of persons with past records of violence who are charged with new violent crimes. The grant was received through the Massachusetts Committee on Criminal Justice under Title I of the Omnibus Crime Control and Safe Streets Act of 1968, P. L. 90-351, as amended. It is expected that this Major Violators Project will receive another grant for the period July 1, 1976, through June 30, 1977, and will continue to need the services of the Xerox 1000 copier presently located at the project's trial unit (11 Beacon Street), and the Xerox 1300 copier to be located at the project's screening unit (Boston Police Headquarters, 151 Berkeley Street).

Since we already have the Xerox equipment and have been satisfied with its performance, we would like to continue with Xerox equipment for the next funding year. Therefore, it is my opinion that no useful purpose would be served by publicly advertising. Accordingly, I hereby would request your approval of the awarding of this contract, without public advertising, conditioned upon the receipt of a grant for fiscal year 1976-77.

Very truly yours,
GARRETT H. BYRNE,
District Attorney.

Municipal Court, Civil Business
COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *City Record*, and award to the Xerox Corporation, a contract for the supply and maintenance of Xerox copying machine 4000, during the period from July 1, 1976, to June 30, 1977, at a cost not to exceed \$5,000, which I believe to be fair and reasonable.

In view of the quality of the machine and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOHN E. HURLEY,
Clerk.

Municipal Court, Roxbury District
TRANSPORTATION OF MONIES

YOUR HONOR:

I hereby request permission to award, without advertising, a contract to Brink's, Incorporated of P. O. Box J, Chicago, Illinois, for transporting monies from this

court to the First National Bank of Boston and State Street Bank.

In view of the fact that we contacted both Wells Fargo and Brinks, Incorporated in 1975, but received a reply only from the Brink's company, we believe that it would serve no useful purpose to solicit bids for this service at this time.

Brink's, Incorporated has informed us that three days pickup service per week will cost \$280 monthly. Therefore, the service for the yearly period from July 1, 1976, through June 30, 1977, will not exceed \$3,360.

We trust that you will grant us this permission.

Very truly yours,
KEESLER H. MONTGOMERY,
Clerk.

Registry of Deeds
IBM TYPEWRITER

DEAR MR. MAYOR:

At the present time the Suffolk County Registry of Deeds is renting from the IBM Corporation, One Gateway Center, Boston, Mass. 02158, one M C Sel. typewriter at a cost of \$195 monthly for the Registered Land Section.

Inasmuch as the International Business Machine Corporation is the manufacturer and distributor of the above-mentioned equipment, it is my opinion that no advantage would be gained by publicly advertising for prices.

Therefore, I respectfully request your Honor's permission to dispense with publicly advertising for bids, and to enter into a contract for the period July 1, 1976, to June 30, 1977, inclusive, with the IBM Corporation for the leasing and servicing of one M C Sel. typewriter.

The total amount of this contract is not to exceed \$2,340.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

Superior Court, Criminal Business
DEAR MAYOR WHITE:

I respectfully request that your written authority be granted to dispense with advertising in the *City Record*, for the purpose of inviting proposals for leasing of copying equipment and to award the Xerox Corporation a contract for the rental of a Xerox copying system consisting of one No. 7000 reduction duplicator with a fifty-bin sorter for long copy runs and one No. 3100 duplicator for administrative copying, for the period beginning July 1, 1976, to and including June 30, 1977, at a cost not to exceed \$15,000, which amount, I believe, is fair and reasonable.

Further, in view of the type and quality of the machines and the service to be provided, it is my opinion that public advertising would serve no useful purpose.

Respectfully yours,
EDWARD V. KEATING,
Clerk.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

COMMUNITY DEVELOPMENT

PAINT INSPECTION SERVICES

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter, dated May 25, 1976, requesting permission to dispense with bidding, and to award a contract to Boston Environmental Health Improvement Program, 818 Harrison Avenue, Boston, Mass., for the provision of lead-based paint inspection and evaluation services.

Specific information contained in the original letter of award has recently been modified and requires amendment as follows:

(1) The contractor, originally identified as Boston Environmental Improvement Program, is hereby amended to Trustees of Health and Hospitals of the City of Boston, Inc., on behalf of Boston Environmental Health Improvement Program, 818 Harrison Avenue, Boston, Mass.

(2) The contract amount, originally established as \$4,000, is hereby amended to \$3,413.

(3) The number of residential units to be inspected under the terms of the agreement, originally established as 160 residential units, is hereby amended to 129 residential units.

(4) The period of performance, originally established as June 1, 1976, through December 30, 1977, is hereby amended to July 1, 1976, through December 31, 1977.

Boston Environmental Health Improvement Program, a division of the Trustees of Health and Hospitals of the City of Boston, Inc., has considerable expertise and experience in providing lead-based paint inspection/evaluation services throughout the City of Boston, and on this basis, I recommend that a contractual relationship between the city and the Trustees of Health and Hospitals of the City of Boston, Inc. be established at this time. Due to the specialty of the services, public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

HEALTH CENTERS

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter dated June 10, 1976, requesting permission to dispense with bidding, and to award a contract to the Avenue Neighborhood Health Center, Inc., a nonprofit corporation, located at 1295 Blue Hill Avenue, Mattapan, Mass., for the operation of a neighborhood health center. The contract amount, established as \$40,000, in the original letter, will remain the same. The contract period of performance, established as August 1, 1976, through July 31, 1977, in the original letter, is hereby amended to September 1, 1976, through August 31, 1977.

Under the terms of the agreement, Avenue Neighborhood Health Center, Inc. will conduct a primary health care program to include pediatrics, adult medicine, obstetrics and gynecology, dentistry, and nutrition services for the Mattapan area. Payment for this contract will be made from the Community Development Block Grant.

The city, under the Department of Health and Hospitals Matching Grant Program, has previously awarded a contract to the Avenue Neighborhood Health Center, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and Avenue Neighborhood Health Center, Inc. be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter dated June 15, 1976, requesting permission to dispense with bidding, and to award a contract to the Martha Eliot Health Center Overseers, Inc., a nonprofit corporation, located at 33 Bickford Street, Jamaica Plain, Mass., for the operation of a neighborhood health center. The contract amount, established as \$30,000, in the original letter, will remain the same. The contract period of performance, established as August 1, 1976, through July 31, 1977, in the original letter, is hereby amended to September 1, 1976, through August 31, 1977.

Under the terms of the agreement, the Martha Eliot Health Center will conduct a primary health care program to include medical and nursing services in the areas of pediatrics, obstetrics and gynecology for the Jamaica Plain area. Payment for this contract will be made from the Community Development Block Grant.

The Martha Eliot Health Center has had past experience and demonstrated expertise in delivering similar services in the community. In the interest of continuity of service delivery, I recommend that a contractual relationship be established between the city and the Martha Eliot Health Center Overseers, Inc. at this time.

Therefore, for the reason cited above, it is my view that public advertising would serve no useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

SPECIFIED IMPROVEMENTS

DEAR MAYOR WHITE:

I hereby request your permission to amend a current contract, in the amount of \$3,445,000, and effective June 6, 1975, to February 22, 1977, with the Boston Housing Authority, 53 State Street, Boston, Mass.

Under the terms of the amendment agreement, the original contract amount will be amended to an amount not to exceed \$3,445,000, an increment of \$100,000. This additional funding allowance is necessary in order for the Boston Housing Authority to bring to completion specified capital improvements it is required to perform as mandated by the Boston Housing Court in the case *Amando vs. Boston Housing Authority*. Payment for this amendment to the contract will be made from the Community Development Block Grant.

In view of the city's vested interest in the improvement of the public housing stock, I recommend that the Boston Housing Authority be granted supplemental operating funds for the modernization of public housing.

Sincerely,
E. OWEN DONNELLY,
Director.

FIRE DEPARTMENT FIREBOAT

DEAR SIR:

After public advertising in the *Record*, of May 6, 1974, the contract for construction of a high-speed fireboat was awarded to Damariscotta Boats, Inc., Lime Company Wharf, Rockland, Mass., at a cost not to exceed \$224,502.

I respectfully request your Honor's approval to amend the contract, No. 5, with Damariscotta Boats, Inc., by adjusting the original contract price in the amount of \$1,000.

The revised contract price of \$225,502 is required for the addition of a fire alarm system to the fireboat, as specified by John Gilbert Associates, architect of the vessel.

Respectfully submitted,
GEORGE H. PAUL,
Fire Commissioner

HEALTH AND HOSPITALS DEPARTMENT

DATA PROCESSING EQUIPMENT

DEAR MR. MAYOR:

At a meeting of the Board of Health and Hospitals held on September 1, 1975, it was voted to enter into a contract without advertising, with Digital Equipment Corporation (Digital), 145 State Street, Maynard, Mass., for the lease of a DEC System 10 Clinical Laboratory Data Acquisition and Processing System for the major laboratories and clinical areas of the Department of Health and Hospitals. The term of this agreement is five years pursuant to General Laws, chapter 40, section 4, as amended, commencing on April 1, 1976, and continuing for a sixty-month period ending March 31, 1981. The total cost of this agreement for the five-year term, excluding maintenance, is an amount not to exceed \$460,200. This lease contract was approved by your Honor on October 1, 1975, and has been fully executed by Digital and the city.

In December, 1975, Digital notified the Department of Health and Hospitals

availability of a tremendously enhanced system, the DEC System 20, to replace the DEC System 10. Since the delivery of the new DEC System 20 coincided with the delivery schedule of the DEC System 10, the department was ordered the new advanced system at no increase in cost. The DEC System 20 central processing unit is the latest model in the DEC System 10 line. It is 50 percent faster than the KA10 CPU and has added hardware instructions for business data processing. Also, the RPO4 auxiliary storage disk is four times the capacity of the RPO2 disk and has a transfer rate twice as fast.

To take maximum advantage of this development, the department also decided to add to the lease minimal equipment modifications in both software and hardware which would enhance the effectiveness of the entire system. These modifications include:

VT52 Model CRT Terminals in lieu of VT50 CRTs. (The VT52 provides twice the number of characters per screen capacity, upper and lower character set, direct cursor addressing and a numeric input key pad with special function keys.) Additional 32K words of core. (DEC-2 CPU is 50 percent faster than KA10; core will allow efficient utilization or CPU power.)

Fortran and Basic Compilers; additional language processors will allow expanded use of facilities.

The lease cost of the above equipment for the five-year term of the current lease is \$4,300, which would increase the total lease cost from \$460,200 to \$514,500.

At the same time, consistent with a request of the Board of Health and Hospitals, the department's Management Information Services Division has been examining with the department's and other city fiscal officials, as well as with Digital, the possibility of savings that would accrue to the city by alternative lease or lease-purchase options. Pursuant to its reexamination the department and Digital have agreed to amend our existing lease agreement by reducing the term of the lease to twenty-seven months and by reducing the monthly installment payments from sixty to four as follows: one payment of \$63,728 due June 15, 1976; second payment of \$71,807 due July 1, 1976; a third payment of \$135,535 due July 1, 1977; and a final payment of \$5,534 due July 1, 1978, for a total lease cost of \$406,604. The amendment also includes an option by the city to purchase the leased equipment for \$1,000 on payment of the final installment on July 1, 1978. It should be noted, your Honor, that under G. L. ch. 40, sec. 4 that the city does not have the authority to enter into installment purchase contracts for periods beyond one year. Nor does the department's budget permit an outright purchase. It is for these reasons that this lease-purchase arrangement was developed.

By amending the existing lease contract outlined above, the following benefits will accrue to the department and the city:

The total lease cost of the system will be reduced by \$53,595, despite the substitution of a significantly superior system. (The actual savings will be \$107,895 if the cost of the additional equipment is considered.)

Title to the equipment will revert to the city at the expiration of the lease term.

In view of the above, and pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of December 24, 1975, I respectfully request your Honor's permission to amend the current lease contract with Digital Equipment Corporation by changing the leased equipment configuration to a DEC System-20; adding equipment modifications (software and hardware) indicated above to the lease in the amount of \$54,300; changing the termination date of the lease from March 31, 1981, to July 1, 1978; reducing the cost of the lease from \$460,200 to an amount not to exceed \$406,604; and adding an option to purchase clause permitting the city to purchase the equipment for \$1 at the conclusion of the lease term.

Very truly yours,
DAVID L. ROSENBLUM,
Acting Executive Director.

MANPOWER ADMINISTRATION

EMPLOYMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Action for Boston Community Development, Inc., 150 Tremont Street, Boston, Mass., to provide a summer employment program for economically disadvantaged youth, ages fourteen through twenty-one, of the City of Boston, by increasing the program's amount of money from the figure of \$3,000,000 and substituting the figure \$5,000,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P. L. 93-203. The effective dates of operation of this contract will be from June 1, 1976, through September 30, 1976.

Under the terms of the proposed amendment Action for Boston Community Development, Inc., will operate a thirteen-week summer job program that will employ approximately 7,000 Boston youth from low-income families throughout the city. Enrolled youth will receive weekly compensation, on-the-job supervision, and counseling.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

CAREER DEVELOPMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Boys' Clubs of Boston, Inc., a corporation with offices at 15 Green Street, Charlestown, Mass. 02129, to provide career development job opportunities for economically disadvantaged youth of the City of Boston, by increasing the program's amount of money from the figure of \$26,000 and substituting the figure \$40,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P. L. 93-203. The effective dates of operation of this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of the proposed amendment the Boys' Clubs of Boston, Inc., will serve approximately thirty economically disadvantaged Boston residents.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids. This request for an amendment supersedes a June 3, 1976, request to amend the Boys' Club contract.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

TRAINING PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record*, and award an amendment to Self-Development Group, Inc., 100 Franklin Street, Boston, Mass., to provide training programs for offenders confined at the Suffolk County House of Correction and for economically disadvantaged residents of the City of Boston, by increasing the program's amount of money from the figure of \$22,000 and substituting the figure \$30,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P. L. 93-203. The effective dates of operation of this contract will be from July 1, 1976, through September 30, 1976.

Under the terms of the proposed amendment Self-Development Group, Inc. will be responsible for training offenders referred by the Suffolk County House of Correction and providing necessary supportive services.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Manpower Administrator.

PUBLIC FACILITIES DEPARTMENT

SPACE DESIGN SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Richard Dunn, d/b/a Dick Dunn Design, interior space designer, with offices at 120 Milk Street, Boston, Mass., dated December 3, 1975, to provide to the Public Facilities Department, during the period July 1, 1975, to June 30, 1976, feasibility studies for the interior space use of various buildings; and from assembling or redrawing available drawings, and surveys, or from data gathering, prepare complete sets of 1/2-inch scale floor plans and written reports with recommendations to guide and discipline the occupancy of said buildings, so as to increase the amount authorized for expenditure under the contract by \$3,800.

This increase is required to cover the cost of an additional quantity of services now required, and not contemplated when the contract was originally awarded.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all the parties thereto, including the Mayor and contract surety, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

PUBLIC WORKS DEPARTMENT

DEAR MR. MAYOR:

During the past year, the City of Boston has had a contract for making repairs on existing mechanical equipment at sewage pumping stations with the following contractor:

Tower Contracting Corporation, 645 Morrissey Boulevard, Boston, Mass.

The contract amount was \$32,965.

Due to unpredictable breakdown at the Calf Pasture pumping station additional emergency repairs were required.

Your approval is respectfully requested to amend this contract with an additional amount not to exceed \$3,100.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner.

SCHOOL DEPARTMENT

EDUCATIONAL PROGRAMS DEVELOPMENT

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Wellesley College, the following amendments to a contract for participation in the development of educational programs at Boston Latin School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of

the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents, and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Lesley College, the following amendments to a contract for participation in the development of educational programs at Hennigan Elementary School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents, and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to President and Fellows of Harvard College, the following amendments to a contract for participation in the development of educational programs at Roxbury High School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Wheelock College, the following amendments to a contract for participation in the development of educational programs at James Michael Curley Elementary School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Super-

intendents, and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award Emerson College, the following amendments to a contract for participation in the development of educational programs at Copley Square High School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award Brandeis University, the following amendments to a contract for participation in the development of educational programs at English High School.

(1) Change termination date from June 30, 1976, to December 31, 1976.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD WINTER,
Secretary.

ASSIGNMENT BOOKLET

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on May 2, 1976, awarding a contract to Linguistic Systems, Inc., for furnishing translation into six foreign languages, composition and printing of the student assignment booklet. The contract was awarded without public advertising in order of the court.

Revisions were necessary due to the May 10, 1976, federal court order. The parties wish to amend the original contract; the parties do hereby mutually covenant and agree as follows:

The agreement is hereby amended by striking out the amount \$3,195, and substituting the amount \$5,270.51.

Very truly yours,
LEO J. BURKE,
Business Manager

POLICE DEPARTMENT ORDERS

July 28.

Commissioner's Memorandum No. 76-78

To All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

There are several openings in the Operations Section of the Communications Division, Bureau of Administrative Services, for the position of Police Dispatcher. These positions are open to members of the Department with the rank of Police Officer.

Qualifications

The position of Police Dispatcher requires a high degree of intelligence and common sense as well as the ability to perform calmly under pressure and in close cooperation with others. Applicants must possess the ability to transmit their messages clearly and distinctly and have a good command of the English language.

Duties

Dispatching units in the field to assignments, assigning additional units when necessary, checking motor vehicles and warrants in Boston, LEAPS, and NCIC computers. As the Operations Section now employs the Computer Aided Dispatch System (C.A.D.), a knowledge of typing is essential.

The Police Dispatcher's two main tasks are to give prompt and proper service to the public and to direct and assist the field units in carrying out their assignments in the field. This is achieved by supplying the field units with the best and complete information available at the time and any other resources available that will assist them in carrying out their tasks.

General Information

Questions should be directed to Deputy Superintendent Anthony Leone of the Communications Division, Bureau of Administrative Services, on Extension 4600.

To Apply

Applications (Form No. 1659) must be received by the Personnel Division with relevant information no later than 5 P.M. on Friday, August 13, 1976.

July 28.

Personnel Order No. 76-159

The following reassignments are hereby ordered effective on the dates listed below:

Lieutenant Robert M. Corbett, Id. 3476, from Personnel Division, Medically Incapacitated Section (nights), to Planning and Research Division (days) — July 28, 1976.

Detective Francis X. Mulvey, Id. 3220, from Criminal Investigation Division, Homestead Section (nights), to Personnel Division, Medically Incapacitated Section (days) — July 28, 1976.

Policeman Richard D. Martin, Id. 6868, from District 3 (nights), to Personnel Division, Medically Incapacitated Section (nights) — July 27, 1976.

Police Officer Aaron Gross Jr., Id. 6831, from Personnel Division, Medically Incapacitated Section (days), to District 2 (days) — July 28, 1976.

Police Officer Henry C. McCormack, Id. 4608, from Personnel Division, Medically Incapacitated Section (nights), to District 15 (nights) — July 25, 1976.

Rescinding Personnel Order No. 76-154: Police Officer Donald D. Kemmett, Id. 6341, from Personnel Division, Medically Incapacitated Section (days), to Tactical Patrol Force (Mounted Unit) (days) — July 23, 1976.

Police Officer John J. Carrozza, Id. 4244, from Personnel Division, Medically Incapacitated Section (nights), to District 14 (nights) — July 21, 1976.

July 29.

Personnel Order No. 76-160

As provided by the City of Boston Compensation Schedules, the following named Sergeants are hereby rated as Headquarters Radio Chief Dispatchers, assigned to the Communications Division, and will receive, in addition to their regular salaries, a weekly differential of ten dollars (\$10), to become effective Wednesday, June 30, 1976:

Sgt. Frederick J. Barrett, Id. 3022; Sgt. Orazio M. Celona, Id. 4879; Sgt. Walter M. Clark, Id. 3665; Sgt. Thomas F. Mitchell, Id. 4923; Sgt. Morgan F. O'Loughlin, Id. 4537; Sgt. James J. Sweeney, Id. 4220.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING, 26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR INTERIOR AND EXTERIOR PAINTING, INCLUDING FIRE ESCAPES, AT THE BIGELOW SCHOOL, 350 WEST FOURTH STREET, SOUTH BOSTON, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for interior and exterior painting, including fire escapes, at the Bigelow School, 350 West Fourth Street, South Boston, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, September 13, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and

plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 059-102 will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, 02130, until two o'clock (2 P.M.) on September 16, 1976. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: ALTERATIONS TO WOODWORKING BUILDING FOR MATERIALS STORAGE, EVERETT SHOPS, Everett, Mass. The work under this contract consists of making repairs and additions to the Authority's existing Woodworking Building.

Included in the work are construction of masonry partition walls; construction of chain link enclosure fencing in building on top of wall, and on floor; construction of toilets, office and tool storage room; alterations to window openings and removal of concrete wall for installation of new overhead doors and concrete aprons; installation of two (2) new overhead doors; removal of all electrical, compressed air, and heating lines from floor pits and filling in of pits with compacted gravel and cover with concrete floor slab; installation of steel fasteners at each door opening to secure the building, and installation of glass panes to replace those broken and missing.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$5. The Authority's General Requirements and Covenants (1972 Edition of Division 1), as amended, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of two dollars (\$2), payable by separate check.

Authorization for the bidders to view the site of the work on MBTA property shall be obtained from Mr. R. D. MacKay, superintendent of Civil and Design Engineering Division (Telephone No. 722-5441).

A prebid conference will be held on September 7, 1976, at 10 A.M., in the office

of the Director of Construction, 500 Arborway, Boston, Mass. It is essential that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at that time.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit of five thousand dollars (\$5,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check, issued to the MBTA by a responsible surety, bank, or trust company.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

PUBLIC FACILITIES DEPARTMENT

INVITATION FOR BID FOR BASKETBALL COURT,
MERRILL AND FENELON STREETS, DORCHESTER. PROJECT No. 1623—REVIVAL
—1-77.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities (the Awarding Authority), invites sealed general bids for the above-entitled project, in accordance with G.L., chapter 30, section 39M, and all other applicable provisions of chapter 30, and section 29 of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

General bids will be received up until

twelve o'clock noon, Boston time, Thursday, September 23, 1976, at the office of Awarding Authority, Room 815, City Hall, 1 City Hall Square, Boston, Mass. 02101, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and marked with the description of the work to be done. One copy of the proposal must be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,250. The duplicate copy of the proposal shall be filed with the City of Boston, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

Bid Forms and Contract Documents

All general bids must be submitted on forms obtained from the Awarding Authority. Any general bid not submitted on proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Thursday, September 2, 1976, at the office of the Awarding Authority, upon deposit of a certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon receipt of all contract documents in good condition and after the expiration of thirty days exclusive of Saturdays, Sundays, and holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, reference to all bidders (including subcontractors) the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity anti-discrimination affirmative action program contract provisions, and to the requirements of Massachusetts compliance with section 3 of the Fair Housing and Community Development Act of 1968 and Executive Order 11246. No bid will be considered unless it is accompanied by a signed contractor's certification, as required in the Affirmative Action Requirements, pages AAR-15 through AAR-18. The minimum requirement of workforce needs as required by section 3 and a section 3 Affirmative Action Plan, which are currently under review by the City of Boston, shall, if awarded, be required from the contractors on the contract award. No bidder will be eligible for award on this project unless it is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

OFFICIAL ADVERTISEMENT TRAFFIC AND PARKING DEPARTMENT

July 19, 1976.

Whereas, The Traffic and Parking Commission is not in session, now, therefore, under the authority granted to me under St. 1929, c. 263, s. 2B, as amended, I hereby promulgate the following:

That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective August 6, 1976:

Article VI, Section 17 (Isolated Stop Streets), is amended by adding the following:

Atlantic Avenue, Boston Proper.
At State Street.
Thane Street, Dorchester.
At Athelwold Street.
Victory Road, Dorchester.
At Freeport Street.
Lamartine Street, West Roxbury.
At Paul Gore Street.

The undersigned does hereby certify that after taking into account the public safety and convenience, the reasonably free circulation of vehicular traffic, and the need for providing in the streets, ways, highways, roads, and parkways, in the City of Boston, the maximum number of parking spaces at all times, he is of opinion that the amendments made this nineteenth day of July, 1976, to either Sections 2, 2A, or 18 of Article IV or to Section 2 of Article X of the Traffic Rules and Regulations of the City of Boston are required by urgent public necessity.

WILLIAM T. NOONAN,
Commissioner.

Mayor Appoints "Social Tensions" Panel

Mayor Kevin H. White has announced the appointment of an eleven-member civic unity committee to oversee and monitor the progress made in Boston in easing racial and social tensions that have existed in the city.

Creation of a committee to "meet with and attempt to unify all city and community leaders on behalf of a program of non-violence and stability" was called for June 23, by the original Committee on Tensions, formed by the Mayor last April to explore the causes of Boston's social tensions.

In a televised speech June 29, the Mayor pledged to create a committee to monitor the city's progress in easing and solving its differences as part of his eight-point program.

Meetings held with members of the newly formed committee during the past several weeks the Mayor urged the group to focus attention in the following areas:

To **monitor** the implementation of the twenty-four recommendations made by the original Committee on Violence to the Court, the Boston School Committee, the Mayor, and the city's civic leaders.

To **serve** as an impartial "sounding board" and forum able to anticipate, diagnose, and recommend ways of solving neighborhood-based tensions and problems.

To **assess** the city's preparation for school opening September 8 and to serve as a vehicle for listening to problems that may impact the city's neighborhoods.

The newly formed, eleven-member committee is comprised of residents of seven Boston neighborhoods and representatives of the city's religious, business, and civic community.

Named by Mayor White to serve as members of the civic unity committee are:

Mr. Edward McCormack, former Massachusetts state Attorney General, and a member of the original Committee on Violence.

Reverend Michael Haynes of the Twelfth Baptist Church in Roxbury and a member of the original Committee on Violence.

Mr. John E. Powers of South Boston, a former Massachusetts state Senate President, and Clerk of the Supreme Judicial Court of Suffolk County.

Ms. Frieda Garcia of the South End, Director of the Consultation and Education Program at the Solomon Carter Fuller Mental Health Center and

President of H.O.P.E., a Spanish community organization.

Ms. Muriel Snowden of Roxbury, Co-Director of Freedom House in Roxbury.

Mr. William Edgerly, President of the State Street Bank and Trust Company.

Mr. Stuart Rosenberg, President of the Mattapan Board of Trade and owner of a neighborhood business in Mattapan.

Monsignor Matthew Stapleton of St. Columbkille's Rectory in Brighton.

Mr. Maurice Gillen of Charlestown, a former member of the City-wide Coordinating Council, and a local labor leader.

Ms. Kit Clark of Dorchester, Director of the Area III Elderly Nutrition Program and an active community leader.

Mr. Hale Champion, former Director of the Boston Redevelopment Authority and now a financial Vice-President at Harvard University.

"I am grateful, not only for myself and this administration, but for the entire city, that such a committed and distinguished group — one that is composed of both local neighborhood residents and leaders of the business, religious, and civic community — have agreed to serve

(Continued on next page)

"Tensions" Panel . . .

(Continued from front page)

as an important vehicle for addressing conflicts and problems that may arise in this city," Mayor White said.

"The decision to create such a committee — one with broad areas of responsibility in learning, listening, and diagnosing, and certainly anticipating conflicts that may exist in the city — grew out of the recommendations made to me by the Committee on Violence, and also, out of my belief that there should be an objective body to which people from different backgrounds, and with different concerns, can talk and speak freely in the hope of resolving conflicts," Mayor White said.

"This group, I hope, will have a certain permanence. I have asked that each member serve for a period of one year, and that they meet together at least four times during the year. While the members will participate for one year, it is my hope that the structure of the committee will continue and become an important and durable structure in this city.

"The committee, of course, will determine its own priorities and areas of concern. While I have offered my own recommendations, they will operate as an independent group with access to me and the resources of my staff," the Mayor concluded.

MAYOR URGES: TAX AIRPORT BUSINESSES

*Statement of Mayor Kevin H. White,
August 24, 1976.*

Mr. Chairman, my name is Kevin White, Mayor of Boston. I come before your committee today to give my support to House Bill 5136. In fact, I have been appearing to give testimony in favor of legislation allowing taxation of the many profitable businesses located at Logan Airport for eight years.

While this bill was important to the City of Boston in past years, it is crucial now. Despite the city's self-imposed spending limits and

hiring freezes, Boston taxpayers will have to absorb this year, for the first time in four years, a substantial tax increase — and it may be the largest in the city's history.

The causes for the tax increase now are many — inflation, busing, wage settlements, and the rest. We are not asking that the businesses at Logan make up for those factors by themselves, and clearly the revenues generated by taxing their property could not. What we do require is that they pay their way, that they shoulder their share of the tax burden just like every other business and tax-paying citizen does in order to keep Boston a thriving, stable city.

This bill is a reasonable and equitable one. It is the most modest bill I have filed over the past several years. But the city can no longer afford to pass up the crucial \$4,000,000 a year that this legislation will provide. It fosters a more competitive situation among the city's business enterprises. By means of section 2, it protects the Massport Authority from automatically losing rental revenues. It is limited to the airport only, where the hotels and concessions are among the most profitable in the city as a result of their already advantageous situation of catering to a captive, largely affluent clientele.

Why must other businesses suffer

unfairly and why must the harassed taxpayers continue to lose out because of the lack of legislation allowing the city to tax airport businesses? Those same taxpayers must now shell out the money for police, fire, and other services provided to Logan out of their own pockets.

The Legislature has the responsibility of bringing Logan Airport into line with the city as a whole and with the rest of the country where nearly every major airport businesses pay some form of property tax. Our tax base is limited enough without maintaining this free ride for those who clearly could and should pull their own weight. I strongly urge the committee to act favorably on this essential legislation and hope the General Court will at last make law.

Thank you.

TENTH POSTAL FORUM

A number of business leaders from the Boston Postal District will join Postmaster Philip J. Sullivan at the tenth Postal Forum to be held September 12-15 at the Washington Hilton Hotel, Washington, D.C.

The purpose of the four-day gathering is to discuss postal problems and progress. The United States Postal Services' future in the field of electronic communications is one of numerous topics to be covered.

The forum, to be attended by some 3,000 business and government leaders, will be co-chaired by Postmaster General Benjamin F. Bailar and former astronaut F. Borman, President and Chief Executive Officer of Eastern Air.

The theme of the 1976 Postal Forum X is "Century III: Aspects of the Future." Other subjects to be discussed at panel sessions include: integrity of the delivery services; international postal rate-making process; advertising mail, the four class mail; mail management; and mailroom practices. Additionally there will be workshops and a series of seven lectures.

QUINCY MARKET REOPENS: BOSTON CELEBRATES

One of the largest recycling projects ever undertaken as part of an urban renewal program — the Faneuil Hall Markets — opened on August 26, 1976, 150 years to the day the buildings first opened for business as Boston's public market.

The colorful ceremonies began at 11:15 A.M., attended by an estimated 75,000 persons. It was a sight to behold! James C. Rouse, one of the development, introduced an exceptionally proud and happy Mayor Kevin H. White, who said, "This is truly a historical rebirth, a happening. It is everybody's celebration and this market is yours, the public's, use it, enjoy it."

The visitors strolled through the market and sipped free champagne, ate free food, cheese, pizza, cake, and several other goodies. The project features about 200 shops of all descriptions and extends from City Hall to the sea, with several shopping areas, a waterfront and private apartments. A 6-foot stone honoring Mayors Josiah Quincy and Kevin White was unveiled at the site.

A bronze plaque was dedicated naming Walter Muir Whitehill, a consultant on the market rehabilitation. He is famous as a Boston historian. Mayor White and BRA Director Robert T. Kenney both named Mr. Whitehill as the "guiding genius of this market restoration."

Mr. Whitehill, in turn, lauded Mayor White, BRA Director Robert Kenney, and their predecessors for the struggle to preserve and restore the city's historic treasures.

The BRA renovation effort, including relocation payments, installation of new utilities, and exterior restoration of the buildings, involved a cost of approximately \$10 million, most of which came in the form of HUD funding. The exterior restoration, for example, was carried out with a \$1 million historic preservation grant from HUD, one of the largest

such grants ever given a local agency.

The buildings were constructed by Mayor Josiah Quincy in 1826, when it became apparent that Boston had outgrown the public market that was located on the lower levels of Faneuil Hall. The three buildings were constructed on filled land in an area that was used as the town dock. The central building, called the Quincy Market building, was owned by the City of Boston. The forty-six buildings on North and South Market Street, which flank the Quincy Market Building, were sold to individuals. However, all the buildings had to meet certain design criteria developed by the architect of the Faneuil Hall Markets, Alexander Parrish. Because the buildings were developed under uniform design standards, and because the action was initiated by city government, using reclaimed land, the markets project of 1826 is often referred to as America's "first urban renewal program."

When the BRA initiated its waterfront renewal program in 1961, it was decided that the wholesalers should be relocated to newer, more efficient quarters outside of Boston and that the buildings should be restored to their original use.

According to BRA Director Robert T. Kenney, "The restored Faneuil Hall Markets have a significance which extends beyond the fact that six acres of new shops and office space is being added to our downtown, even as important as that facet of the development may be. What we have done here is to breathe new life into distinguished buildings, and in so doing restore the markets to their rightful place as a crossroads of commerce and business in the New Boston, just as they were when the town was little more than a colonial outpost.

"Anyone who has followed the transformation of this area from a run-down, cluttered, and unsightly complex of wholesale houses to a renewed and vital marketplace knows that this project has been a complex one to carry out. But none of us involved in this project ever

wavered in our confidence and belief that the markets would one day reopen as buildings, which while renovated, retain the beauty and grace of the original design."

The project is being developed by the Rouse Company of Columbia, Maryland. Stahl Associates of Boston were architects for the exterior restoration and Benjamin Thompson Associates of Cambridge are architects for interior renovation. General contractor for the project is George Macomber Construction.

FREE ADMISSION WEDNESDAYS AT SCIENCE MUSEUM

Boston's Museum of Science announces a new policy of free admission Wednesday afternoons for adults and children accompanied by adults. It begins Wednesday, September 8.

The policy applies from September through March, 2 P.M. to closing at 5 P.M., except on holidays and school vacations, and to children between five and sixteen. Children under five are always admitted without charge.

"Although the Museum's attendance is on the increase, with a 12 percent rise in August over last year," says Museum President William J. Speers, "we are aware that there are many members of the community who cannot afford to come here.

"We think that retired persons, students, and families will especially welcome the free afternoon."

The Museum already admits free upwards of 200,000 adults and children in organized groups. Mr. Speers explained that the practice is made possible through the support of the state, private donors, foundations, and corporations.

"Now adults and families without organizational ties will be able to take advantage of the Museum," he said.

PRIMARY ELECTION SEPTEMBER 14

PLAZA PRESENTATIONS: INSTANT HAPPINESS

Mayor Kevin H. White and Boston Parks and Recreation Commissioner Peter G. Meade, in cooperation with Real Property Department Commissioner Joanne A. Prevost, and James Ronayne, Deputy Commissioner, presented "Wednesday Evenings on the Plaza" in Boston's Government Center through the month of August. Admission was free.

The fourth of August was Big Band Nostalgia Night. Everyone strolled down memory lane with the Big Band sound of Dick Johnson and his sixteen-piece band, thirty-year veterans of the New England Jazz scene. They swung and swayed to the voices of Marshall Young and Martha Maxwell. They danced under the stars and renewed memories. A special appearance by sixteen-year-old Johnny Angelo thrilled the audience.

The night of August 11 was for the International Folk Dance Revue. Included in the program was the Lithuanian Folk Dance Group of Boston; a demonstration of Scottish Folk Dance by the Boston Branch of the Royal Country Dance Society; the Sons of Italy of America (SOIA); and the Helois Greek Dance group featuring Miss Colette demonstrating Oriental ballet.

August 18 featured International Irish Entertainers for Irish Night. The ever popular Carmel Quinn and Jimmy Joyce the "Jovial Jester" joined the "Irish Revolution" musicians in celebrating Irish night. Miss Quinn, the "toast of Ireland" delighted Boston's audience with her Irish ballads and lilting voice. Also featured were the Fitzmaurice-Moran champion Irish stepdancers, accompanied by Richard Dwyer and his accordion. John Latchford, genial host of his own Irish program featured on Radio Station WRYT every Saturday afternoon, excelled as master of ceremonies. August 25, "Italian Night," featured the famous and gifted tenor, Angelo Picardi (who is in wonderful voice) and his popu-

lar Italian Revue. Incidentally, Angelo was born and reared in Boston's North End. His renditions of Italian and American songs thrilled the audience. Also appearing with the revue were Tony Vallo, an excellent comic and singer in his own right, the popular Neopolitan singers, Charlie Spaggs, tenor, the Les Smith Orchestra conducted by Tom Lamare and Boston's Roma Band, directed by Stanley Biazzi. All in all Mayor White, his directors, and those who contributed to the success of those memorable "Wednesday Evenings on the Plaza" and those behind the scenes, such as Dorothy Curran, Director of Recreation, Parks Department, and Domenick Stagno and his capable crew, are to be commended for their efforts in bringing happiness to an estimated 80,000 Bostonians during those four "Wednesday Evenings on the Plaza." The good Lord willing we will all attend the same wonderful festivities next year.

FREE COURSES AT BPL

The Boston Public Library announces the continuation of its National Endowment for the Humanities (NEH) Learning Program for the fall season. Free, eight-week courses, taught by professors from local universities, will be presented on Tuesday and Thursday evenings and Saturday morning at the Central Library in Copley Square.

Professor Margaret Supplee Smith, of the Boston University Fine Arts Department, will offer "Painting in Boston, 1670-1970," Tuesdays, 5:30 to 7:30 P.M., September 14 to November 2, 1976. Professor Smith has her doctorate from Brown University and is just completing a book on the architectural history of Boston's South End.

P. Albert Duhamel, Professor of English at Boston College, will present "After Strange Fruit: Changing Literary Taste in Post-World-War-II Boston," Thursdays, 5:30 to 7:30 P.M., September 16 to November 4, 1976. Professor Duhamel is well known as the

host of WGBH-TV's book series and as the literary editor of the *Boston Herald-American*.

Professor Robert Hollister, of Urban Studies and Planning Department at M.I.T., will explain "Images of Boston: Writers' Views of the City," Saturday morning 10 to 12, September 18 to November 6, 1976. Professor Hollister is Director of Undergraduate Studies for his department and is currently researching the city in literature.

Further information and application forms for the program can be obtained from Paul W. Program Director, at the Boston Public Library, 536-5400, extension 1. The Learning Library Program is made possible by a grant from the National Endowment for the Humanities (NEH).

BASEBALL FANS: TAKE NOTE

Luis Tiant, Ferguson Jenkins, and Rick Wise of the Red Sox are featured in a refurbished curatorial exhibit at Boston's Museum of Science.

Displayed during the past two baseball seasons, the reopening of the exhibit includes a recording by Tiant explaining in Spanish how he throws a curve ball; one by Jenkins giving his explanation in English; and a video tape showing Ferguson Jenkins's pitch in slow motion. A color video was produced by WGBH-TV, channel 38 (WSBK-TV).

Another part of the walk-through exhibit explores the aerodynamic principles of the baseball phenomenon.

"The ball curves because of the pressure difference created as the ball spins through the air," the exhibit states, suggesting that the effect of the ball's movement is to activate a wind tunnel to demonstrate the effect of the ball's movement.

Harold E. Edgerton, professor emeritus of M.I.T., whose high-speed photographic photo of Lee Stange hitting a curve is part of the exhibit. Ascher Shapiro, head of the Department of Mechanical Engineering, and his firm, were consultants.

The exhibit, which will be on display through the World Series, is located on the basement level of the west wing of the Museum of Science.

CHINATOWN HOSTS VISITING VOLLEYBALL TEAMS

The 32nd Annual Intercity Volleyball Tournament of the Chinese-American Communities was held at Boston's Chinatown over the Labor Day weekend, Sunday and Monday, September 5 and 6.

Teams from Toronto, Canada; Washington, D.C.; and New York City, joined teams from the host city. Fourteen teams competed in this tournament.

The tournament started in 1937 when Chinese-American youths rallied to support the then China's effort to fight against Japanese aggression. With an interruption of seven years the tournament has been held in different Chinatowns annually on a rotating basis. Because of the Bicentennial the Chinese Community in Boston was proud to be able to host this year's tournament.

Boston 200 officially endorsed this tournament and made a significant contribution to the fundraising efforts of the community.

As in the past, the tournament continued to use the "Oriental system" in which each team had nine players (instead of six) and the game point was twenty-one (instead of fifteen).

The tournament was held on the northbound lane of the Surface Street (next to the Chinese Merchants building) and the Pagoda Park.

Mayor Kevin H. White issued the following greetings:

"I am delighted to extend my best wishes to the Chinese Consolidated Benevolent Association of New England and all the participants of the 32nd Annual Intercity Volleyball Tournament of the Chinese Communities of America.

"As the host city, Boston is proud to welcome all the visiting teams. Your gracious presence in this historic city in this Bicentennial year adds to the heritage and celebration of our country.

"As you gather in this fine Chinese community with us you not only compete for the glory of victory but the honor of championship but

also come to promote understanding, friendship, and sportsmanship. To this the city is forever indebted."

Thousands attended the tournament which began at 9:30 A.M. on September 5 and closed with a dinner party at 8 P.M. on September 6. We commend Peter Chan, capable manager of Chinatown's Little City Hall for his untiring efforts in the promotion of this outstanding sports event.

RECORD-KEEPING AID FOR SMALL STORES

Talbot DeG. Bulkley, Regional Director of the Small Business Administration recently said "Small stores which do not require or cannot hire a full-time bookkeeper can benefit from 'Financial Record-Keeping for Small Stores.'" A re-issue of a management pamphlet offered by the Small Business Administration.

The pamphlet, Mr. Bulkley said, is No. 32 in the SBA's Small Business Management Series and is intended to guide the small business which must do its own bookkeeping. The system outlined is designed to produce the following results:

Maintain a permanent record of all transactions.

Create records that protect the firm against litigation.

Eliminate careless record-keeping.

Provide accounts as basis for future planning.

Since a sound knowledge of record-keeping is vital to the success of a small business, publications on the subject are soundly recommended by SBA as part of its management training program.

"Financial Record-Keeping for Small Stores," is now on sale for \$1.55 and may be obtained from the Superintendent of Documents at the United States Government Printing Office, Washington, D.C., 20402, stock number 045-00-00142-3.

The author, Robert C. Ragan, is a certified accountant with Ernst and Ernst of Washington, D.C. Mr. Ragan has effectively revised his material to meet today's operating standards for small stores.

To be nobody but yourself —
In a world which is doing
Its best day and night to
Make you everybody else —
Means to fight the hardest battle
Which any human being can
fight and
Never to stop fighting.

Lord, make me an instrument
of Your peace.
Where there is hatred,
let me sow love;
Where there is injury, pardon;
Where there is doubt, faith;
Where there is despair, hope;
Where there is darkness, light;
And where there is sadness, joy.
Divine Master, grant that I may
not so much seek
To be consoled as to console;
To be understood as to understand;
To be loved as to love;
For it is in giving that we receive;
It is in pardoning that we are pardoned;
It is in dying that we are born to
eternal life.

III. LETTER OF THANKS

"July 27, 1976.

12 St. John St., J. P.

DEAR COMMISSIONER:

I am writing this letter with deep gratitude to the men of Engine 28 and Ladder 10 of the Jamaica Plain fire station who saved my life on February 28, 1976. On that night at 23 Alveston Street, my house was in heavy

smoke which quickly turned into flames. I had noticed it for the first time at approximately 11:30 P.M. I tried to awaken the tenants and ran back downstairs where I was overcome by the smoke.

The firemen then had come into my house and found me lying face down on the floor — dead. They worked over me and gave me artificial respiration and pumped life back into me. I was promptly taken to the Peter Bent Brigham Hospital. Because of the dedication of these men I am able to write this letter of appreciation and warm thanks. I can never forget what they did and I cannot thank them enough.

Gratefully,
LAIMONIS PETERSON."

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

WORD PROCESSING EQUIPMENT

MAYOR WHITE:

I respectfully request your approval of award, without advertising, of a contract to the International Business Machines Corporation for the rental and maintenance of various word processing equipment for the period beginning July 1, 1976, and ending June 30, 1977.

The rental and maintenance of this equipment is required in order to perform efficiently the operations of this department and without publicly advertising to serve the best interests of the city. The total cost will not exceed \$13,056.

Respectfully yours,

EDWARD T. SULLIVAN,
Director.

Purchasing Division

REPAIR AND REPLACEMENT PARTS

DE MR. MAYOR:

During each year, the Health and Hospital Department requires repair and replacement parts for its various items of dental, surgical, and X-ray equipment which are purchased directly from the manufacturers usually on an emergency basis. Combined purchases during a five-month period consistently exceed amounts which require formal contracts. The Hospital Department cannot foretell the type of equipment will break down or which parts will be needed but, Mr. Leo S. Littleboy, the Chief Engineer of Medical Engineering has submitted an estimate of the dollar amounts that may be required from several manufacturers. Since the items will be purchased directly from the manufacturer, in my opinion that no useful purpose could be served by publicly advertising for bids.

It is therefore requested that authority be granted me to dispense with publicly advertising for bids and award contracts, without public advertisement for furnishing repair and replacement parts for medical equipment to the Department of Health and Hospitals to the following companies at the amounts not to exceed those indicated below:

Waltlett Packard Company, \$8,100;
Pier Corporation, \$3,500; Siemens Corporation, \$3,000; United X-Ray Corp. of America, \$2,500; and General Electric X-Ray Corp., \$2,500.

Contract period for all companies will be until June 30, 1977, inclusive. All prices will be manufacturer's list price less trade discount and shipping.

Respectfully yours,

By EUGENE K. WELSH,
Assistant Purchasing Agent.
For FRANK F. CHIN,
Purchasing Agent.

COMPUTER REMOTE

DEAR MR. MAYOR:

On January 30, 1976, bids for the leasing of computer remote job entry station to the Administrative Services Department, Data Processing Division, from February to June 30, 1976, with an option to renew the lease until June 30, 1977, with an additional option to renew the renewal lease until June 30, 1978, were publicly opened and read in this office. Three bids were received.

After a thorough in-depth study of all proposals submitted, it was determined that the bid of the IBM Corporation would best satisfy the needs of the city since it included conversion of the present system, compatibility with the present system which is IBM and numerous other features and services as indicated in the attached letters.

Since the forty-five (45) days for accepting bids has expired and since the time spent on the study and evaluation of the bids has reduced the term of the proposed contract by eight (8) months, permission is requested to dispense with advertising, and award a contract, without public advertisement, to the IBM Corporation based on the detailed recommendations and reasons contained in the attached copies of letters from the Police Department and the Data Processing Division.

The contract will be from October 1, 1976, to June 30, 1977, with the option to renew the contract until June 30, 1978. Prices will be those submitted on Proposal 001 publicly opened and read in this office on January 30, 1976.

Total amount of contract will be not to exceed \$13,200.

Respectfully yours,

By EUGENE K. WELSH,
Assistant Purchasing Agent.
For FRANK F. CHIN,
Purchasing Agent.

TIRES AND TUBES

DEAR MR. MAYOR:

On June 21, 1976, bids for furnishing tires and tubes to the various city departments were publicly opened and read in this office. No acceptable or complete bids were received. This bid is being readvertised.

At present, several of the major tire manufacturers are on strike and the city is encountering some problems obtaining the proper tires. In order to keep Hospital, Police, Fire, and Public Works vehicles properly equipped to protect the health and welfare of the general public, it will be necessary to obtain tires and tubes when and where available. The amount of tires to be purchased will require contracts but prices will be those obtained daily or weekly by formal quotations from several suppliers much in the same manner as the purchase of perishable foods.

Because of this serious situation, authority is requested to dispense with publicly advertising for bids and award contracts, without public advertisement, to any or all of the following companies

if any purchase or combined purchases exceed \$2,000.

Capital Tire Co., Carlson Tire Company, Crisway Tire Company, Fire Tire and Rubber Co., General Tire Co., The Goodyear Tire and Rubber Co., Hogan Tire Co., Merchants Tire Co., Sears Roebuck Co., and United Tire Co.

The format of the proposed contracts will be basically the same as perishable food contracts which have been approved by the Corporation Counsel. No prices will appear in the contract but each contract will be suitably bonded.

Contract period will be from date of approval until such date as an acceptable long term contract can be negotiated but not later than October 31, 1976.

Respectfully yours,

By EUGENE K. WELSH,
Assistant Purchasing Agent.
For FRANK F. CHIN,
Purchasing Agent.

BUILDING DEPARTMENT

RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

11 Hutchings Street and garage, Ward 12. Emergency bid submitted in bid box — 1 copy to Auditing Department — Bid box opened by Mayor's office; this building unsafe and dangerous.

Accordingly, in conformity with the provisions of chapter 302, Acts of 1972, as amended, particularly section 121 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following: Napoli Wrecking Company, \$2,890; Circlepower Demolition, \$3,304.

Note: Although only two bidders, an award was made to contractor because of unsafe and dangerous conditions posing a threat to the general public.

Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case, in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,890 to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours

LEO F. MARTIN,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

7 and 9 Wildwood Street, Ward 14. Emergency bid submitted in bid box — 1 copy to Auditing Department — Bid box opened by Mayor's office. These buildings are unsafe and dangerous.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups & Downs Wrecking, \$8,900; Franklin Crane Service, \$11,889; Napoli Wrecking Co., \$15,317; and Mystic Wrecking Co., \$10,824.

Ups & Downs Wrecking Co., Inc., 606 Columbian Street, Braintree, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price of \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter of a contract in the sum of \$8,900 to the Ups & Downs Wrecking Co., Inc., 606 Columbian Street, Braintree, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous conditions. These buildings are a menace to the neighborhood. The location follows:

51 Woodlawn Street, Ward 11. Emergency bid to raze this building submitted in bid box — 1 copy to Auditing Department — Bid box opened by Mayor's

office. This building is unsafe and dangerous.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups & Downs Wrecking Co., \$7,200; and Napoli Wrecking Co., \$1,800.

Note: Although only two bidders Building Commissioner wishes to award to low bidder because of unsafe and dangerous conditions posing a threat to the general public.

Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Very truly yours,

CITY COUNCIL

IBM COPIER

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to the IBM Corporation, for the rental of an IBM Copier II for the Boston City Council for the period beginning July 1, 1976, through to June 30, 1977, the total cost shall not exceed \$10,135.

In view of the nature of the service to be engaged, it is my opinion that public advertising would give no useful purpose.

Sincerely,
JOSEPH J. BROGNA,
Staff Director.

COMMUNITY DEVELOPMENT EVALUATION SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$140,000 to the Boston Urban Observatory, a non-profit corporation located at the University of Massachusetts, Boston, Harbor Campus, Dorchester, Mass. 02125. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Boston Urban Observatory will provide professional services connected with the evaluation of the city's Community Development Program. These services will include: (1) design and implementation of a survey of residents in several neighborhoods to determine the impact of the program on the city; (2) analysis of available data on needs, conditions, and program participation relative to the individual components of the program; (3) additional surveys to determine the impact of individual program components, and (4) technical assistance to city personnel in the design and implementation of other evaluation studies connected with the Community Development Program. The period of performance will be from June 1, 1976, through May 31, 1977.

On the basis of the Boston Urban Observatory's professional expertise and previous experience in carrying out similar activities for the City of Boston, I recommend that a contractual relationship between the city and the Boston Urban Observatory be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

PHYSICAL IMPROVEMENTS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$133,000 to the Jamaica Plain Neighborhood House Association (JPNH), a non-profit agency located at 276 Amory Street, Jamaica Plain, Mass. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, JPNH will select and subcontract qualified third parties able to perform physical alterations, repairs, and improvements to the structure at Amory Street, Jamaica Plain, Mass., to use as a youth activities center. The period of performance shall terminate one year from the date on which Mayor affixes his signature to the contract but shall not, in any event, extend beyond September 30, 1977, without prior approval from the city.

On the basis of JPNH's qualifications and experience in operating youth programs in the Jamaica Plain community, I recommend that a contractual relationship between the city and JPNH be established at this time to upgrade the structure at 276 Amory Street, Jamaica Plain, Mass. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$60,000 to the Uphams Corner Health Committee, Inc./Uphams Corner Health Center, a non-profit corporation located at 500 Columbia Road, Dorchester, for physical alterations, repairs, and improvements. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, \$50,000 which the city intends to pay shall represent a 10 percent local share of funds authorized under the "Hill and Medical Facilities Construction Program," also known as the "Hill Program," to be applied toward the total cost of the physical improvement project to be undertaken by the Uphams Corner Health Center. The period of performance shall terminate on September 30, 1977, without prior approval from the city.

The Hill-Burton Program requires that the city must enter into a contractual agreement with the Uphams Corner Health Committee, Inc./Uphams Corner Health Center for the provision of local matching funds by April 30, 1977, in order for the entire physical improvements project to proceed as planned. The Hill-Burton matching funds shall be made available after April 30, 1977.

fore, I recommend that a contractual relationship between the city and the East Boston Community Health Committee, Inc./Corner Health Center be established at this time. In view of the exigency of this matter, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$2,500 to the East Boston Community Health Committee, Inc., a nonprofit corporation located at 79 Paris Street, Boston, Mass., for physical alterations, repairs and other improvements. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the \$2,500 which the city intends to provide shall represent a 10 percent local match of funds authorized under the "Hospital and Medical Facilities Construction Program," also known as the "Hill-Burton Program," to be applied towards the total cost of the physical improvements project to be undertaken by the East Boston Community Health Committee, Inc. The period of performance shall terminate one year from the date on which the Mayor affixes his signature to the contract, but shall not, in any event, extend beyond September 30, 1977, without prior approval from the city.

The Hill-Burton Program requires that the city must enter into a contractual agreement with the East Boston Community Health Committee, Inc. for the provision of the local matching funds by April 30, 1976, in order for the entire physical improvements project to proceed as planned. The Hill-Burton matching funds reserved for this purpose may not be made available after April 30, 1976. Therefore, I recommend that a contractual relationship between the city and the East Boston Community Health Committee, Inc. be established at this time. In view of the exigency of this matter, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$2,500 to the Affiliated Hospitals Center, d/b/a Peter Bent Brigham Hospital, a nonprofit corporation, on behalf of the Southern Jamaica Plain Health Center, located at 20 South Street, Jamaica Plain, Mass., for physical alterations, repairs, and other improvements. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the \$2,500 which the city intends to provide

shall represent a 10 percent local match of funds authorized under the "Hospital and Medical Facilities Construction Program," also known as the "Hill-Burton Program," to be applied towards the total cost of the physical improvements project to be undertaken by the Southern Jamaica Plain Health Center. The period of performance shall terminate one year from the date on which the Mayor affixes his signature to the contract, but shall not, in any event, extend beyond September 30, 1977, without prior approval from the city.

The Hill-Burton Program requires that the city must enter into a contractual agreement with Affiliated Hospitals Center, d/b/a Peter Bent Brigham Hospital for the provisions of the local matching funds by April 30, 1976, in order for the entire physical improvements project to proceed as planned. The Hill-Burton matching funds reserved for this purpose may not be made available after April 30, 1976, therefore, I recommend that a contractual relationship between the city and Affiliated Hospitals Center, d/b/a Peter Bent Brigham Hospital, on behalf of Southern Jamaica Plain Health Center, be established at this time. In view of the exigency of this matter, public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

APPRAISAL SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$2,500 to John B. Hanley for professional real estate appraisal services. Payment for this contract will be made from the Community Development Block Grant. Period of performance shall be from July 12, 1976, to December 30, 1976.

Under the terms of the agreement, Mr. Hanley will appraise the properties of approximately 50 applicants for home improvement loans, funded by the federal government's section 312 Rehabilitation Loan Program.

In accordance with federal requirements, each loan application must be accompanied by an appraisal of the applicant's property, using Federal Housing Administration appraisal guidelines.

In view of the fact that there are only three FHA-approved appraisers responsible for cases in the Boston area and that the services of all three are required in order to process the cases within the time limits prescribed by the Department of Housing and Urban Development, I recommend that a contractual relationship between the city and Mr. Hanley be established at this time.

Therefore, for the reasons cited above, public advertising would not serve any useful or practical purpose.

Sincerely,

E. OWEN DONNELLY,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$2,500 to John Corbett for professional real estate appraisal services. Payment for this contract will be made from the Community Development Block Grant. Period of performance shall be from July 12, 1976, to December 30, 1976.

Under the terms of the agreement, Mr. Corbett will appraise the properties of approximately 50 applicants for home improvement loans, funded by the federal government's section 312 Rehabilitation Loan Program.

In accordance with federal requirements, each loan application must be accompanied by an appraisal of the applicant's property, using Federal Housing Administration appraisal guidelines.

In view of the fact that there are only three FHA-approved appraisers responsible for cases in the Boston area and that the services of all three are required in order to process the cases within the time limits prescribed by the Department of Housing and Urban Development, I recommend that a contractual relationship between the city and Mr. Corbett be established at this time.

Therefore, for the reasons cited above, public advertising would not serve any useful or practical purpose.

Sincerely,

E. OWEN DONNELLY,
Director.

CRIMINAL JUSTICE

SECURITY PROGRAM

DEAR MR. MAYOR:

As director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Allston-Brighton Area Planning Action Council, Inc., in an amount not to exceed \$50,000, for the period July 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice and under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644), and as further amended by the Crime Control Act of 1973 (P. L. 93-833).

The purpose of this grant is to allow the Allston-Brighton Area Planning Action Council to conduct a community-based security program at the Commonwealth Public Housing Development in the Allston section of Boston. This program will focus on developing a more cohesive community within the development in order to encourage tenant participation in both crime prevention efforts and cooperation with the local police.

The Allston-Brighton Area Planning Action Council (APAC), Inc., has provided diverse social action programming

within this community for the last several years. They have established considerable credibility with the local residents and have developed a significant expertise in effective program implementation and operation. The APAC has emerged over the past years into a position of community leadership and unequalled professional knowledge of its service area — the Allston-Brighton community.

Because of both the unique professional services and community support required to perform the function of this control, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD A. MCGOWAN,
Executive Director.

HEALTH AND HOSPITALS DEPARTMENT

ALARM SYSTEMS

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, the city's existing contract with Metropolitan Alarm Corporation, 919 Eastern Avenue, Malden, Mass. 02148, for the rental and maintenance of previously installed intrusion alarm systems at Boston City Hospital for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$2,400.

An invitation for bids was advertised in the *City Record* on May 31, 1976, and no bids were submitted. However, the current contractor, Metropolitan Alarm Corporation, which has performed satisfactorily in the past, has agreed to continue to provide these services.

Therefore, in view of the above, and because the cost to the city is reasonable, your Honor's permission is requested to approve this award under the terms stated above.

Very truly yours,

DAVID L. ROSENBLOOM,
Acting Executive Director.

LIBRARY DEPARTMENT

INVITATION FOR PROPOSALS FOR MISCELLANEOUS ACID-FREE PRESERVATION SUPPLIES.

The City of Boston, acting by the Board of Trustees in charge of the Library Department of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for supplying and delivering miscellaneous acid-free preservation supplies.

Proposals will be received until 12 o'clock noon, Boston time, Tuesday, September 21,

1976, at the office of the Awarding Authority (office of the Director), 666 Boylston Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in an envelope, sealed, plainly marked with the name of the bidder and the notation "Bid Proposal," followed by a brief description of the item bid upon. One copy shall be filed at the office of the Awarding Authority (mail address: P.O. Box 286, Boston, Mass. 02117), and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. 02201. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of the total bid price, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bid may be withdrawn after the time limit for filing bids and for two days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

Specifications may be obtained at and after 12 o'clock noon, Boston time, Tuesday, September 7, 1976, at the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, and written in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities, to accept or reject any or all bids, and to award the contract as it deems for the best interest of the city.

PUBLIC WORKS DEPARTMENT

Proposals for Servicing Oil Burners
in the Buildings of the Public
Works Department.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for servicing oil burners in buildings of the Public Works Department.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Servicing Oil Burners of the Public Works Department," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, SEPTEMBER 16, 1976, with a certified check for TWO HUNDRED FORTY DOLLARS (\$240), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 801 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of five dollars (\$5), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposals should he deem it to be for the best interest of the city so to do.

The City of Boston, acting by the Commissioner of Parks and Recreation, herein-after referred to as the Commissioner, invites sealed proposals for furnishing and erecting a sixty-foot spruce tree on Boston Common.

Proposals will be received until 2 P.M., Boston time, Tuesday, September 21, 1976, and shall be placed in the bid box provided for receiving bids, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M., Boston time, Tuesday, September 7, 1976, upon the deposit of cash or a certified check, payable

to the City of Boston, for \$10 per set of specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and all legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON,
PETER G. MEADE,
Commissioner of Parks and Recreation.

50 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Bids for MBTA Contract No. 059- will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass., until two o'clock (2 P.M.), on September 23, 1976. Immediately thereafter, in the designated room, the proposals will be opened and read publicly.

The contract is described as follows: **INSTALLATION OF GASOLINE STORAGE TANKS AND DISPENSERS AT THE PLACE AND CHARLESTOWN** Boston, Mass. The work under the contract consists of furnishing and installing underground gasoline storage tanks, including excavation, backfill, piping, and concrete construction, and paving. Included is the sheeting, shoring and dewatering of the excavated trench, dewatering to properly install the tanks in the excavated trench, and the construction of a hold-down slab at required locations. The contract is subject to a financial assurance contract between the MBTA and the United States Department of Transportation.

Qualification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Contract documents may be obtained from the Contract Administrator at the address from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$10. The Authority's General Requirements and Conditions (1972 Edition of Division I), as amended, are available from the Contract Administrator at a separate charge of \$5.00. Neither charge is refundable.

Contract documents will be mailed by post upon request and receipt of an address and postage and handling charge of five dollars (\$5), payable by a separate check. Expedited documents will be forwarded by airfreight, where such service is available, at the expense of the plan holder.

Any person may purchase copies of the standard specifications for information purposes only, upon payment of the required fee.

Authorization for the bidders to view the work on the MBTA's property may be obtained from the office of Mr. J. MacKay, Superintendent of Civil Design Engineering, Telephone number 511-1111.

Bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

The financial guaranty shall consist of a bid bond of twenty-five hundred dollars

(\$2,500), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued by a responsible surety, bank, or trust company.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

NO. 37

Boston's Goal: Deter School Vandalism

Deputy Mayor Robert J. Vey has ordered a computer to cut into the millions of dollars each year attributable to vandalism of schools.

Mr. Vey witnessed the final connections of 133 of Boston's 200 schools to the data bank of a computer stationed at the new Public Works garage on Frontage Road in the South End.

The computer can monitor all entry and movement between rooms in the schools day or night.

Computer security has been used for at universities and by private businesses with many buildings, never before to protect a large number of municipal buildings.

"Our only aim with the high technology of computer security is to deter vandalism, not to capture criminals in the act," Mr. Vey said.

The computer has been told to do the work of 133 men, and, it does, the savings of hardware, manpower, and time for education are immeasurable.

Last year the city and the School Department spent more than \$1 million to repair vandalized schools, at the amount of damage, including that which had to go unrepaired, amounts to more like \$5 million a year.

Well, Boston has a huge stake in the protection of the 25,000 children in new schools added to the city in the last nine years.

"Vandalism has deep roots in our large American city, and we cannot anticipate the disappearance of the phenomenon through innovative programming of a computer, but Boston is perhaps now

better equipped to defend itself against senseless destruction of school property than other major cities," the Deputy Mayor said.

The computer center, secluded and tightly secured within the huge maintenance garage, is manned around the clock by seven operators, assisted by a force of twelve unarmed security guards.

The guards patrol the schools by district in four patrol cars and respond to alarms via radio dispatch from the computer station.

The computer operators are employed through the Comprehensive Employment and Training Act (CETA), and have been trained on the job by the manufacturer of the computer.

The program is supervised by former Boston Penal Institutions Commissioner Joseph V. McBrine, who is now chief of security for the city's Public Facilities Department.

The system was designed and manufactured by Johnson Controls, Inc., of Milwaukee, the nation's leader in the field of computerized building automation systems. Johnson Controls won the project with

the lowest of several competitive bids for the work.

The total cost, including the purchase of the computer, installation of the alarm systems, and the manpower budget, is about \$650,000 to date, shared by the city and the School Department.

Accumulation of statistics is in a very early stage, but Mr. Vey said a survey of custodians at schools put on the system several months ago, has shown a drop in the number of break-ins.

It is hoped the system will pay for itself within two years by measurable decreases in interior destruction of property.

The computer, called a JC/80, can receive signals from the monitoring devices in the systems at a rate of 300 per minute over telephone lines connected to each school. When a door is opened, or an intruder hidden in the school activates a motion detector, a circuit breaks and the computer signals an alarm at the central station. The alarm identifies the location, the type of alarm, and the time of entry. When an alarm is recorded, an operator sends a patrol car to the site.

The average response time for the gearing up period of the system has been four to six minutes.

MAYOR WHITE'S STATEMENT REGARDING SCHOOL OPENING

On Wednesday, September 8, another year of school will begin in Boston and with it, another year of desegregation.

There can be no dispute that the past two years have been long and arduous ones for Boston. We have undergone a tremendous social change, and such things are never easy.

But these two years are a relatively short (if difficult) period in a very long history. Boston, which has surmounted a great many other challenges has, it is safe to say, also survived the test of desegregation. We have gone through a trying time, but have emerged still one of the most vital and promising cities in America.

No one who was in Boston this summer would deny it. Millions of visitors — the Queen of England among them — were dazzled by this city — by our unique combination of old and new, by our rich and varied culture, and by the friendliness and generosity of our people.

Crowds packed the Esplanade for our stupendous Fourth of July celebration, and thousands lined the harbor to see the tall ships. These huge gatherings — bigger than anything in Boston's past — were enthusiastic and peaceful.

We have been at our best this summer. All of us, from Charlestown to Roxbury, from East Boston to Dorchester, have a right to be proud.

Now we must sustain that spirit as school begins. Our problems are

not completely behind us. Racial antagonism persists in sporadic flare-ups in our neighborhoods, despite the well established fact that violence achieves nothing, that it furthers no cause, that it is useless and self-defeating.

We have taken precautions for public safety again this year, but there is only one real guarantee of a peaceful school opening. The people of Boston must place themselves in the service of reason and responsibility. This is our obligation as citizens. It cannot be transferred to the police.

I think we have cause for optimism. By the end of the term last June, almost all of our schools were operating normally. In very few did any disruption at all occur.

We start this school year with fewer transfers, less busing, and generally, more stability. We have three magnificent new schools — West Roxbury High, East Boston Technical, and Quincy Elementary. We have the continued commitment of businesses and universities, through their partnerships with individual schools. We have more direct parental control of the schools than ever before.

We have, altogether, the basis of a solid, peaceful, and productive school year for our children. They deserve such a year, and I ask you to join me in seeing that they have it.

FIRE DEPARTMENT INITIATES COMPUTER STUDY

Boston Fire Commissioner George H. Paul has announced the awarding of a contract for the first phase of the design, specification, and procurement of a computer-aided alarm dispatch system for the Boston Fire Department to Firecontrol Systems, Inc., P. O. Box 100, Lindenwold, New Jersey.

According to Commissioner Paul, "Boston, as well as many of our urban areas, is faced with a rapidly rising demand for services which threaten to outstrip the capabilities of current methods of dispatching and controlling movement of fire apparatus. At the same time, our policies call for the most efficient use of resources possible. We feel that a computer-aided dispatch system will provide the means for relieving the potential overload in dispatching and for automatically gathering much of the data necessary for effective resource utilization.

"Based on our own experience, we have decided that the best way to obtain what we really need is to do the majority of the system design internally. To accomplish this, it has been deemed advisable to have the aid of a consulting firm that is familiar with the needs of the fire service and the technology of the computer industry. Accordingly, this contract has been awarded as the start of our efforts."

Superintendent of the Fire Alarm Division, John J. Murphy has been named as project manager for the Boston Fire Department. Jay L. Frederic will direct the efforts of Firecontrol Systems, Inc.

Feasibility survey will cost \$18,520 for a six-month period. If it is decided to install, the system will be rented at a ballpark figure of approximately \$100,000 per year. The lowest bidder will be selected. Other cities have installed similar systems but have run up against similar "bugs." The purpose of this study would be to overcome this situation or possibility.

THE AMERICAN REVOLUTION

The English who settled Massachusetts in 1630 brought English ideas with them. John Winthrop, the first governor of Massachusetts Bay Colony, stated a general principle that one source of governmental authority was the consent of those governed.

For over one hundred years the people of Massachusetts practiced self-government as part of the British Empire. They decided on the distribution of the land and the building of roads. Taxes were voted by elected representatives.

Massachusetts was proud to be part of the Empire in 1763. The British recognized the authority of the British government in foreign affairs and welcomed the aid of the British army and navy. The French in Canada had been removed by the treaty which ended the French and Indian War. But the end of the war had not been felt and the English taxpayer was paying over his share.

The British attempted to shift the burden to those who benefited the most — the colonists. Three revenue measures were passed: the Sugar Act of 1764, the Stamp Act of 1765, and the Townshend Act of 1767.

The colonists raised an English principle in objection: no taxation without representation. The British government believed that it had acted within the English constitution and the powers of Parliament.

Protest, by boycott, by rallies, by mobs, and violence, the colonists resisted these acts. By 1770 the acts were repealed, although a tax remained on tea and molasses.

In Massachusetts, those who defended the defense of liberty over the advantage of having the British at their disposal. Boston also had those who put these advantages to use, like Sam Adams and John Warren.

Meetings at which British actions were opposed were held in

Faneuil Hall and the Old South Meetinghouse. Those favoring resistance and strong action faced opposition and the debates were an education in political theory and practice.

On March 6, 1770, the morning after the Boston Massacre, a town meeting was held at Faneuil Hall and, in the afternoon, because of the great number attending, at the larger Old South Meetinghouse. Later, Sam Adams confronted British officials at the Old State House with the demand that all British troops be withdrawn from Boston. They were withdrawn for a time and there was relative quiet in the colonies. But the issue of the extent of Parliament's authority was not settled.

British officials believed that Parliament either had all authority or it could exercise none. The Massachusetts House replied in 1772 that, given those choices, it would be none, even if that meant independence.

The final confrontation was brought about by problems of the East India Company. They had a surplus of tea and debts. Parliament passed the Tea Act in 1773 to lower the price, but kept the tax on tea. The result was the famous Boston Tea Party on December 16, 1773.

The British decided that they must exercise their power to govern. The Intolerable Acts of 1774 stripped the colony of many of its rights of self-government. The colonists responded by establishing a government of their own outside Boston.

Gen. Thomas Gage, Governor of Massachusetts and the commander of British troops, was ordered to act. On the evening of April 18, 1775, he sent his troops to Lexington and Concord. After an eleven-month siege, highlighted by the Battle of Bunker Hill on June 17, 1775, the Americans, under George Washington, forced the British out of Boston on March 17, 1776. Four months later the Second Continental Congress decided that Parliament would have no authority.

TECHNICAL STUDIES FOR MBTA

Several transportation analyses and studies will be undertaken for the Massachusetts Bay Transportation Authority (MBTA) by the Metropolitan Area Planning Council under an Inter-Agency Agreement authorized by the Board of Directors. The Executive Office of Transportation and Construction will also be a signatory to the agreement.

The MAPC, which will primarily utilize the Central Transportation Planning Staff (CTPS) to carry out the work, will be paid \$453,000. Funds are available in the federally aided Technical Studies Program.

Technical work is to be performed and includes: (1) analyzing travel demands in conjunction with the Authority's current studies for North Shore Transit Improvements, the Minuteman Area (Lexington Area) Transit Improvements, and South End, Roxbury, Dorchester, Mattapan Services; (2) determining the feasibility of a circumferential transit improvement project in the Cambridge, Fenway, Roxbury Corridor in coordination with the relationship of such a facility to the proposed Orange Line relocation and the proposed South End, Roxbury, Dorchester, Mattapan Service; and (3) developing a long-term commuter railroad plan while considering transportation alternatives to commuter rail service.

GROWTH POLICY COMMITTEE HOLDS FIRST MEETING

The first public meeting of Boston's Local Growth Policy Committee will be held September 15, at 7:30 P.M., Faneuil Hall, according to an announcement by Robert T. Kenney, director of the Boston Redevelopment Authority and chairman of Boston's Local Growth Policy Committee.

Local Growth Policy Committees have been established in each city and town of the Commonwealth as required by an act of the state Legislature. The purpose of the committee is to examine opportunities for future growth of the city and to recommend appropriate goals for future growth.

Legislation creating the Local Growth Policy Committees requires that at least two public hearings be held so that all residents of a particular city or town have the opportunity to express their opinions on future growth.

The committee, appointed by Mayor White and approved by the City Council, has the responsibility of preparing a report that will be submitted to the Metropolitan Area Planning Council and the Office of State Planning. The city's report will be used by the Office of State Planning to design new programs aimed at achieving the city's goals. In addition, it will help the Commonwealth set priorities and locate new facilities.

Mr. Kenney said, "It is important for the city to communicate to the state and surrounding cities and towns what its goals and objectives are concerning future growth. Through this process citizens and community groups will be able to express their concerns and desires about the city's growth policy."

Members of the committee are Herbert Gleason, corporation counsel for the City of Boston, representing the Department of Health and Hospitals; Domenick Pasciucco, Boston Housing Authority; and Robert E. Holland, chairman, Boston Conservation Commission. The Mayor's office is represented by Eugenie Beal, environmental affairs coordinator for the City of Boston.

Citizens appointed to serve on the committee are Carol Aaron, South End; Melnea Cass, Roxbury; Catherine Clark, Savin Hill; Richard Leeman, Dorchester; and Fred Stefano, East Boston.

NOTICE

To All Department Heads.

Subject: MBTA Pass Program.

As a service to its employees, the City of Boston will begin monthly distribution of MBTA passes for reduced rate travel on public conveyances. The new program is procedurally the same as the old one with the following exceptions:

(a) Payroll deductions can vary depending on the kind of pass an employee purchases. These deductions will be made in the fourth week's check.

(b) Lost or stolen cards will not be replaced.

(c) Employees may cancel participation for an entire month, but not for any portion of a month.

In order to reach the maximum number of employees, we need your help in the following areas:

(a) Identify the person in your department who will be responsible for distributing brochures and passes. Since we use payroll deductions, the person who handles payroll or personnel matters might be the appropriate choice.

(b) On your next payday, brochures and cards describing the MBTA Pass Program should be given to each employee with his/her check.

(c) We will deliver large posters. These should be located in a conspicuous place for the greatest impact.

If an employee wants to purchase a pass for the month of October:

Take Note:

We need to know the name of the person responsible for the program in your department.

We must receive from your department the cards which enroll each employee in the program and authorize the payroll deduction.

September 24: MBTA passes for October can be picked up in Room 612, from 10 A.M. to noon, and from 2 to 4 P.M.

If you have any questions, please contact Mickey Flynn or Blackwood on extension 2222. Thank you in advance for your cooperation.

PORTIA A. SMITH,
Deputy Director,
Personnel Services.

CONTRACT APPROVED FOR CHARLESTOWN BUS FACILITIES

A \$274,450 site-work contract, preliminary to the construction of the planned bus storage garage, inspection and repair building, and the MBTA's Charlestown Yard, has been awarded by the Massachusetts Bay Transportation Authority's Board of Directors to Gateway, Inc., of Charlestown, for fifteen bidders.

The scope of the work to be performed under this contract includes demolition of a building and removal of yard track; installation of full-depth pavement of parking yard; curbing and concrete sidewalks; a new drainage system; chain link fencing; and site lighting.

This contract is one of several contracts required before construction gets under way for new bus facilities for which the authority has been awarded a \$10 million capital grant from the Mass Transportation Administration (MTA), Department of Transportation.

IT'S STICKER TIME

It's time again for the fall vehicle inspection in Massachusetts.

If you own a vehicle or that's registered in this state, you have between September 1 and October 15 to get it inspected.

There are 4,082 inspections approved by the state. Fee for a motor vehicle is \$10.

ORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY.

PENAL INSTITUTIONS DEPARTMENT

HERBERT A. FREELEY,
Supervisor of Personnel.

Effective August 1, 1976, Stephen J. Carroll has been appointed as master in the Penal Institutions Department, House of Correction.

From his appointment, Mr. Carroll had been from March, 1972, until January, 1976, chief administrative assistant in the office of Lieutenant Governor of the Commonwealth of Massachusetts. During that period, Mr. Carroll's area of expertise was in correctional affairs.

From March of 1975 to the present time, Mr. Carroll has served as director of administration for the Penal Institutions Department of the City of Boston. Mr. Carroll earned his Bachelor of Arts degree from the University of Massachusetts at Amherst in 1970, and is participating in Masters of Public Administration program at Suffolk University in Boston.

Because of this prior experience, and Mr. Carroll's outstanding qualifications for this position, it is requested that his one-year salary increments be determined under Rule 15F of the Suffolk County Compensation Plan, effective August 1, 1976.

Sincerely,

WILLIAM W. NICKERSON,
Commissioner.

ORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY.

JAIL

HERBERT A. FREELEY,
Director, Personnel Management.

Effective November 19, 1975, Mrs. Marie Osgood, R.N., was appointed as a detention nurse, Grade RN-6(1), at the Suffolk County Jail.

From this appointment, Mrs. Osgood will receive exceptional training and the following salary schedule:

From November 19, 1975, to April, 1977 — private detention nurse, Massachusetts General Hospital; from April, 1977, to August, 1978 — staff nurse, Massachusetts Memorial Hospital; February, 1979, to July, 1979 — Supervisor over two detention nurses and one licensed practical nurse.

Because of this prior experience and fine qualifications, it is now requested that her salary, two-year, three-year, four-year, five-year, six-year, and seven-year increments be determined under paragraph 15f of the Suffolk County Compensation Plan, to be effective as of November 19, 1975.

Very truly yours,

THOMAS S. EISENSTADT,
Sheriff.

FIRE DEPARTMENT ORDERS

September 3.

General Order No. 42

I. FIRE FIGHTER ROBERT E. ALWARD

The Fire Commissioner made the customary detail to act as funeral escort, and members of Aerial Tower No. 2, Training and Research Division, Fire Prevention Division, and Headquarters were excused to attend the services.

II. RETIREMENT

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., will become effective at 0800, September 8, 1976:

Fire Fighter (Aide to Director, C.D.) Everett P. Fuller, Headquarters.

Fire Fighter Fuller was appointed to the department January 21, 1948, and he leaves the department with the best wishes of his associates.

III. CANCELLATION OF PROMOTION

The promotion and transfer of John A. MacDonald of Ladder Company 14, as listed in G. O. 40, c. s., is hereby rescinded.

IV. FIRE ALARM BOX INSTALLED

The following box has been installed, and company commanders shall add it to circuit card No. 45:

12-5422, Carpenter's Union School, rear of 387 Market Street.

V. CHANGES IN RESPONSE

Company commanders shall make the following changes on the assignment cards to become effective at 0800, September 8, 1976:

Box 131, second alarm cover — drop Ladder 3 to 1; add Ladder 13 to 1, Ladder 20 to 8, Ladder 23 to 20, Ladder 24 to 9; third alarm — replace Ladder 3 with Ladder 13.

VI. HIGH COMMENDATION

At 0647 hours, August 5, 1976, the department responded to an incident at 235 East Eighth Street, South Boston. On arrival they found a woman standing on the third-floor window ledge apparently intending to enter the apartment through the window.

Members of Ladder Company 19 immediately raised a ladder to the third floor, and a member ascended the ladder. Before he could reach her, the victim fell when the screen bent causing her to lose her balance.

Fire Fighter Thomas S. Lydon of Engine Company 2 was standing at the base of the ladder and stepped forward to break her fall. She landed on his arms, chest, and body, thus lessening the impact, and she landed on the street receiving minor injuries. Fire Fighter Lydon was temporarily shocked and dazed by the impact and received painful bruises, wrenched and strained muscles. He was treated at the scene.

The Fire Commissioner is pleased to highly commend Fire Fighter Lydon for this act which was performed at great personal risk, but it undoubtedly saved the woman's life. His case is referred to the Board of Merit for further consideration.

VII. ADVISORY PANEL

There will be a meeting of the Advisory Panel on Wednesday, September 8, in Fire Headquarters at 0930 hours. Only petitioners so notified must appear.

TRANSFERS OF APPROPRIATIONS

The Mayor has approved the following requests for transfers of appropriations:

ADMINISTRATIVE SERVICES DEPARTMENT

Printing Section

From 1-01-45, 10, Permanent Employees, \$2,800, to 1-01-45-56, Office Furniture and Equipment, \$2,800.

CITY CLERK DEPARTMENT

Registry Division

From 1-01-63-56, Office Equipment, \$150, to 1-01-63-49, Current Charges and Obligations, \$150.

BOARD OF EXAMINERS

From 1-02-33, Item 10, \$1,200, to 1-02-33, Item 56, \$1,200.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

CRIMINAL JUSTICE

SPECIAL PROSECUTION UNIT

DEAR MR. MAYOR:

As director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, and to award a contract to West Publishing Company, 170 Old Country Road, Mineola, New York 11501, in an amount not to exceed \$3,000, for the period July 1, 1975, to June 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P. L. 91-644), and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to establish a special prosecution unit to accelerate trials of persons with past records of violence who are charged with new violent crimes.

The special prosecution unit called the Major Violators Project has a trial unit located at 11 Beacon Street adjacent to the Courthouse, and a screening unit located at Boston Police Headquarters, 154 Berkeley Street, Boston. Both units have the need to do extensive research on the law in order to prepare cases for the Commonwealth. They require quick and easy access to law books and periodicals. West Publishing Company is the sole source of *Massachusetts General Laws Annotated*, *Massachusetts Digest*, *Massachusetts Practice*, *2nd Massachusetts Criminal Practice and Procedure*.

In view of the fact that West Publishing Company is the sole source for the above-mentioned books, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD A. MCGOWAN,
Executive Director.

MEDIATION AND DISPOSITIONAL SERVICES

DEAR MR. MAYOR:

As executive director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Justice Resource Institute, Inc., 14 Somerset Street, Boston, Mass. 02108, in an amount not to exceed \$440,687, for the period May 12, 1976, through May 11, 1977.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachu-

setts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644) and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow Justice Resource Institute to continue the provision of mediation and dispositional services to the Dorchester District Court in conjunction with members of the Dorchester community, and services to victims of crimes falling under the jurisdiction of the Dorchester District Court.

Justice Resource Institute (JRI) is a nonprofit organization specializing in criminal justice program planning, development and operation on behalf of state and local criminal justice authorities.

JRI is a nonprofit corporation which initiates innovative programs designed to positively impact the criminal justice system and provide needed resources for criminal justice personnel. Since its inception in 1973, JRI has operated the Court Resource Program, which provides pretrial diversion services to thirteen courts in Suffolk, Middlesex and Essex counties; the Diversion of Female Offenders Project, a pretrial diversion effort addressing the unique needs of women and operating in Suffolk County; the Drug Evaluation and Referral Program, a comprehensive scheme of assessment, detoxification, treatment, and counseling which operated at the Superior Court level; and the Career Development component of the Treatment Alternatives to Street—Adult Program in the Dorchester District Court. JRI has successfully initiated and operated the grant during its first year and thus achieved a unique rapport with the Court and community.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,

DONALD A. MCGOWAN,
Executive Director.

DISTINGUISHED GUESTS

CATERER SERVICES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to the Concord Caterers, Nine Adams Street, Burlington, Mass., at a cost not to exceed \$3,600 for 1,300 guests.

Under the terms of the proposed contract, the Concord Caterer will provide service and equipment for a reception in honor of the officers of the sail training ships on Saturday, July 10, 1976, to be held in the Boston City Hall Courtyard.

I have solicited proposals from several caterers and have chosen Concord Caterers for their dependability and capacity to serve such a large number of people. Their charge was also the most reasonable.

In view of the above, it is my belief that public advertising would serve no useful purpose.

Sincerely,

MARY LOU CRANE,
Director.

HEALTH AND HOSPITAL DEPARTMENT

HEALTH CARE SERVICES

DEAR SIR:

Pursuant to the authority delegated me by the Board of Health and Hospitals at its meeting of April 27, 1976, I request your Honor's permission to dispense with public advertising, the city's contract with the North End Community Health Center, Inc., a Massachusetts nonprofit corporation with offices at 332 1/2 Street, Boston, Mass., and the amount of the grant shall be \$37,000, and its purpose to financially assist the health of the city under the City of Boston Grants Program. It is also the purpose of this grant to enable hospitals to carry on the responsibility placed upon them by the City of Boston Primary Care Districting Plan.

Under the said Matching Grants Program the city's contribution of \$50,000 will be matched by a sum contributed by a voluntary hospital in or near this particular neighborhood, in this case Tufts New England Medical Center.

Therefore, inasmuch as this contract is of a personal and professional nature and inasmuch as the said corporation is specially suited to provide this health care service by its experience and expertise,

your Honor's permission is hereby respectfully requested to renew this contract under the terms stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby request your Honor's permission to renew, without advertising, the city's contract with Peter Bent Brigham Hospital, a Massachusetts nonprofit corporation with offices at 721 Huntington Avenue, Boston, Mass., and thereby make a grant to Southern Jamaica Plain Health Center, 20 South Street, Jamaica Plain, Mass., during the period July 1, 1976, through June 30, 1977, under the City of Boston Matching Grants Program. The amount of this grant shall be \$50,000, and its purpose is to financially assist the health center in providing comprehensive community health care services within its district of the city under the City of Boston Matching Grants Program.

Grantee corporation: Peter Bent Brigham Hospital, Division of Affiliated Hospitals Center, Inc.

Neighborhood health center: Southern Jamaica Plain Health Center, 20 South Street, Jamaica Plain.

Acting Executive Director.

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby request your Honor's permission to renew, without advertising, the city's contract with the Brighton-Allston Health Corporation, a Massachusetts nonprofit corporation with offices at 49-51 Stadium Way, Allston, Mass., and thereby to make a grant to the Brighton-Allston Health Center, 49-51 Stadium Way, Allston, during the period July 1, 1976, through June 30, 1977, under the City of Boston Matching Grants Program. The amount of this grant shall be \$45,000, and its purpose is to financially assist the health center in providing comprehensive community health care services within its district of the city under the City of Boston Matching Grants Program.

Grantee corporation: Brighton-Allston Health Corporation.

Community health center: Brighton-Allston Health Center.

Amount of grant: \$45,000.

It is also the purpose of this grant to enable hospitals to carry on the responsibility placed upon them by the City of Boston Primary Care Districting Plan.

Under the said Matching Grants Program the city's contribution of \$45,000 will be matched by a sum contributed by a voluntary hospital in or near this particular neighborhood, in this case St. Elizabeth's Hospital.

Therefore, inasmuch as this contract is of a personal and professional nature and inasmuch as the said corporation is specially suited to provide this health care service by its experience and expertise, your Honor's permission is hereby respectfully requested to renew this contract under the terms stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby request your Honor's permission to renew, without advertising, the city's contract with New England Hospital, Dimock Community Health Center, a Massachusetts nonprofit corporation with offices at 55 Dimock Street, Boston, Mass., and thereby to make a grant to Dimock Community Health Center, 55 Dimock Street, during the period July 1, 1976, through June 30, 1977, under the City of Boston Matching Grants Program. The amount of

shall be \$35,000, and its purpose is to financially assist the health center in providing comprehensive health care services within its district of the city of the City of Boston Matching Grants Program.

Grantee corporation: New England Hospital, d/b/a Dimock Community Health Center.

Neighborhood health center: Dimock Community Health Center, 55 Dimock Street, Roxbury, Mass.

Amount of grant: \$35,000.

It is also the purpose of this grant to enable hospitals to carry on the responsibilities placed upon them by the City of Boston Primary Care Districting Plan.

Under the said Matching Grants Program the city's contribution of \$35,000 is matched by a sum contributed by the voluntary hospital in or near this particular neighborhood, in this case Israel Hospital.

Therefore, inasmuch as this contract is of a personal and professional nature and inasmuch as the said corporation is uniquely suited to provide this health service by its experience and expertise, your Honor's permission is hereby respectfully requested to renew this contract under the terms stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, the city's contract with Fenway Community Health Center, a Massachusetts nonprofit corporation with offices at 16 Haviland Street, Boston, Mass., and thereby to make a grant to Fenway Community Health Center, 16 Haviland Street, during the period July 1, 1976, through June 30, 1977, under the City of Boston Matching Grants Program. The amount of this grant shall be \$25,000, and its purpose is to financially assist the health center in providing comprehensive community health care services within its district of the city under the City of Boston Matching Grants Program.

Grantee corporation: Fenway Community Health Center, Inc.

Neighborhood health center: Fenway Community Health Center, 16 Haviland Street, Boston, Mass.

Amount of grant: \$25,000.

It is also the purpose of this grant to enable hospitals to carry on the responsibilities placed upon them by the City of Boston Primary Care Districting Plan.

Under the said Matching Grants Program the city's contribution of \$25,000 is matched by a sum contributed by the voluntary hospital in or near this particular neighborhood, in this case New England Deaconess, and Massachusetts General Health Center.

Therefore, inasmuch as this contract is of a personal and professional nature and inasmuch as the said corporation is spe-

cially suited to provide this health care service by its experience and expertise, your Honor's permission is hereby respectfully requested to renew this contract under the terms stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

COUNSELOR

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, the city's existing contract with the Pine Street, Inc., formerly Association of Urban Priests, Inc., to provide partial salary for one full time counselor for the Detoxification Unit located at the Pine Street Inn, 8 Pine Street, Boston, Mass., for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$5,000.

The counselor to be provided by the Pine Street, Inc. is particularly qualified both in experience and training and the Pine Street, Inc., as an institution, is the only one of its kind in the area providing these services. Further, inasmuch as the service to be provided hereunder is of a personal nature, and since the cost to the city is reasonable, your Honor's permission is respectfully requested to dispense with public advertising and to renew this contract with Pine Street, Inc. under the terms stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

COPIER

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to award, without advertising, a contract with IBM Corporation, 1 Gateway Center, Newton, Mass. 02158, for rental and maintenance of an IBM Copier II for use in the Pathology Department at Boston City Hospital during the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$6,500.

The special copying requirements of the Pathology Laboratory cannot be adequately met by the Xerox 2400 used heretofore, and it has been determined that the IBM copier is far superior for the particular purposes of the Pathology Laboratory, especially its ability to make copies of very detailed microphotographs.

Inasmuch as this IBM copier is the only one which can fulfill the needs of the department; and since the cost is less than that we have been paying for the Xerox 2400, no useful purpose would be served by publicly advertising for bids.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

TELELIFT SYSTEM MAINTENANCE

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals

at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, the city's existing contract with the Mosler Safe Company, Bear Hill Industrial Park, 61 Hickory Drive, Waltham, Mass. 02154, for service and preventive maintenance of the previously installed Mosler Telelift System utilized by the Medical Records Department at Boston City Hospital for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$3,000.

Mosler Safe Company is the manufacturer of the system owned by Boston City Hospital and is the only firm capable of properly servicing and maintaining it. Accordingly, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

DISK PACKS

DEAR SIR:

An invitation for bids for rental of disk packs for data storage for use by the Management Information Services Division of the Department of Health and Hospitals for the period July 1, 1976, through June 30, 1977, was advertised in the *City Record* on May 17, 1976, and was readvertised in the *City Record* on June 11, 1976, and no bids were received. However, Nashua Corporation, the current contractor, has indicated its intention to continue to provide their services for the next year under the same terms and conditions and at the same cost as this past year's contract.

Therefore, in accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, this contract for rental of disk packs for data storage with Nashua Corporation, 824 Boylston Street, Chestnut Hill, Mass., for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$2,500.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

SOUTH BLOCK COMPLEX

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 16, 1975, it was voted to renew, without advertising, the city's contract with Trustees of Health and Hospitals of the City of Boston, Inc., a charitable corporation created by chapter 174 of the Acts of 1880, as most recently amended by chapter 656 of the Acts of 1965, with offices at 818 Harrison Avenue, Boston, Mass., under which said corporation will undertake to provide all necessary services, operate, and manage the South Block complex at Boston City Hospital for the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$160,000. The Board of Health and Hospitals also voted affirmatively at that time that the city shall

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

have an option to renew this contract at the time of its termination for an additional twelve-month period, said option to be exercised in behalf of the city by and at the discretion of the executive director of the Department of Health and Hospitals.

Pursuant to the above vote, I have chosen to exercise this option to renew the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc. for the operation and management of the South Block complex for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$100,000.

At your request, a maximum effort has been made this year to reduce the scope and the level of expenditures at the South Block, and the cost of this contract in comparison to last year's cost is an indication of the success of our efforts to do so.

The awarding of this contracting to the Trustees and the utilization of the Trustees' capability to provide close fiscal management of the South Block would not otherwise be possible under a management contract awarded under bid. Financing arrangements are more flexible, providing a rapid response to changing fiscal requirements. This contract will permit the Trustees to serve as fiscal intermediary and account to the city for all rents and fees received from the residences and other facilities, thereby eliminating any legal problems which might arise if a private management firm were to receive monies generated from the operation of a city-owned facility. Moreover, awarding of this contract to the Trustees will also permit operation of the South Block at less cost, as can be seen by the reduction in the contract costs for the next fiscal year over that for the present year.

Accordingly, your Honor's permission is respectfully requested to approve the awarding of this contract under the terms and conditions stated above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

HEALTH CLINIC

DEAR SIR:

Pursuant to the authority delegated to me by the Board of Health and Hospitals at its meeting of April 27, 1976, I hereby respectfully request your Honor's permission to renew, without advertising, the city's existing contract with the South End Community Health Center, Inc. for the period July 1, 1976, through June 30, 1977, at a cost not to exceed \$81,580. Under this contract, medical services are provided primarily for residents of the South End Community through the operation of a private, nonprofit medical care clinic.

The South End Community Health Center, Inc., has operated this clinic for

the past six years with financial assistance from this department and in our judgment it is a very vital provider of health services in the community which must continue to operate.

Inasmuch as the South End Community Health Center, Inc. is specially suited by way of experience and expertise to provide this service to the city and since the services provided are of a personal and professional nature, we feel that no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

C.P.A. SERVICES

DEAR SIR:

Pursuant to the authority delegated to the commissioner by the Board of Health and Hospitals at its meeting of June 22, 1976, I hereby respectfully request your Honor's permission to award, without advertising, a contract to Ernst and Ernst, 225 Franklin Street, Boston, Mass., for the period June 1, 1976, through December 31, 1976, at a cost not to exceed \$30,000.

Under this contract, Ernst and Ernst, a nationally recognized C.P.A. firm with demonstrated expertise and competence in hospital accounting, will provide assistance to this department in maximizing Medicare reimbursement. Ernst and Ernst last year conducted a managerial audit at Boston City Hospital pursuant to an advertised contract and at that time made numerous recommendations for improvements in our accounting cost system, including inventory control. Because of the knowledge gained by Ernst and Ernst during that initial management engagement, they are particularly qualified to make further in-depth analyses and recommendations. Ernst and Ernst has developed a computer program which can readily detect areas where cost allocations are inappropriate and have a detrimental effect on reimbursement. Key personnel who participated in the managerial audit will be available and will participate in the current review. Their previous experience should provide a sound basis for the current review and provide the hospital with the needed data at a minimal cost.

Because Ernst and Ernst is especially qualified to perform the professional services required and because the cost to the city in our opinion is reasonable, I believe that no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

DAVID L. ROSENBLUM,
Commissioner.

HOUSING INSPECTION DEPARTMENT

Housing Improvement Program

TYPEWRITER AND COPIER

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with advertising in the city for the rental of two IBM magnetic tape Selectric typewriters and one IBM 6800

copier. These machines greatly assist in the large clerical workload in connection with the Housing Improvement Program, which is federally subsidized.

The rental period is from July 1, to June 30, 1976, at a total cost not to exceed \$6,500.

This letter is to supersede letter of July 25, 1975, as the quantity of equipment has increased.

It is my opinion that nothing is gained by public advertising, since machines are the only ones able to meet our needs.

Very truly yours,

JOHN A. VITAGLIANO,
Commissioner

MANPOWER ADMINISTRATION

MANAGEMENT PLANNING

DEAR MR. MAYOR:

Among the actions taken to improve the management and planning capabilities for the Public Service Employment Program, the Office of Program Management and Evaluation initiated a cost system in FY 76 which is now being coordinated by the CETA administration staff. The system provides the administration with a means to project and plan data for the federal reporting purposes. The system was designed by Associates (now part of Ernst and Ernst) and maintained and operated in by the firm of Programs and Analysis, Inc.

The Office of Program Management and Evaluation distributed a Request Proposal which outlined the details and features of the system is to be maintained and operated. A document was sent to eight well-known firms who possessed the characteristics we deemed appropriate for our purposes. Three of the firms responded with formal proposals. Each proposal was evaluated thoroughly for both technical and cost elements.

The firm of Systems Development Corporation has been selected for maintenance and operation of the system. It is to be contracted at a cost not to exceed \$7,586.74 for the period July 1, 1976, through June 30, 1977. Other two bidders and their respective costs were:

Investment Information, Inc., and Programs and Analysis, Inc.

Systems Development Corporation was chosen because of their technical competence, their proven reliability (recommendations), and their relatively low bid.

I therefore request that this contract be issued without public advertisement. Funds for the operation and maintenance of the CETA management and evaluation system will be paid out of the CETA administrative budget and will not have any impact on the City of Boston budget.

Sincerely,

JOSEPH R. DUNN,
Manpower Administrator

PUBLIC FACILITIES DEPARTMENT

SPECIAL STUDY

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to George J. Collins Educational Associates, Inc., a Massachusetts corporation, with a place of business at 2 Hawthorne Place, Boston, Massachusetts.

Under the terms of the contract, George J. Collins Educational Associates, Inc. will perform a study to determine educational requirements, educational adequacy, and financial investment to replace, or to renovate and add to, the Deborn, Benedict Fenwick, Ralph W. Emerson, John Winthrop, Phillips Brooks, and Henry L. Higginson schools, as well as to review the educational adequacy of such other older schools for change in use from one grade structure to another as the director may from time to time specify, at a cost for such services not to exceed \$6,500 (payable as set forth in, and as further defined by, the terms and provisions of the proposed contract).

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

OFFICE MACHINES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I request your Honor's written authority to dispense with public advertising, and to award a contract to International Business Machines Corporation (IBM), a New York Corporation registered to do business in this Commonwealth, with offices at One Gateway Center, Boston, Mass.

Under the terms of the contract, IBM will furnish, on a rental basis, a Copier II, Magnetic Card Executive typewriters, Communicating Magnetic Card Selectric typewriter, as well as the department's regular complement of Selectric typewriters and servicing during the period July 1, 1976, to June 30, 1977, at a cost for such services not to exceed \$1,000.

In view of the fact that our past experience with these machines has been excellent, and that the automated units are the only available which completely meet the requirements specified by this department, it is believed that public advertising would serve no useful or critical purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Barnes Engineering Company, Inc., a Massachusetts corporation, engineers and surveyors, of 411 Lexington Street, Auburn, Mass.

Under the terms of the contract, Barnes Engineering Company, Inc. will continue to furnish general engineering services, including surveys, topographical plans, utility plans and boring layouts in connection with the numerous construction projects to be managed by this department during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$12,500, payable in accordance with the October 15, 1969, Minimum Fee Schedule for the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the fact that the services to be furnished are of a professional and technical nature it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Cullinan Engineering Company, Inc., consulting civil engineers, a Massachusetts corporation of 200 Auburn Street, Auburn, Mass.

Under the terms of the contract, Cullinan Engineering Company, Inc., will perform general engineering and survey services for this department, as requested during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$12,500, payable in accordance with the October 15, 1969, Minimum Fee Schedule of the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to TAD, Incorporated, consulting engineers, 639 Massachusetts Avenue, Cambridge, Mass.

Under the terms of the contract, TAD, Inc., will continue to provide general

engineering services and technical assistance in connection with the department's preparation of plans and specifications for use in carrying out its extensive alterations and repairs program, during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$60,000, payable in accordance with categorical hourly rates to be specified in the contract, times 1.38.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission, on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Somerville Engineering, Incorporated, engineers, a Massachusetts corporation, of 400 Highland Avenue, Somerville, Mass.

Under the terms of the contract, Somerville Engineering, Incorporated, will continue to perform general engineering and survey services for this department, as requested during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$12,500, payable in accordance with the October 15, 1969, Minimum Fee Schedule of the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Walter J. Hickey Associates, Inc., a Massachusetts corporation, of 135 Wood Road, Braintree, Mass.

Under the terms of the contract, Walter J. Hickey Associates, Inc. will continue to perform general engineering and survey services for this department, as requested during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$20,000, payable in accordance with the October 15, 1969, Minimum Fee Schedule of the Eastern Massachusetts Association of the Professional Engineers and Land Surveyors, Inc.

In view of the professional and technical nature of the services to be performed, it

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Robert E. Cameron, d/b/a R. E. Cameron and Associates, 681 Washington Street, Norwood, Mass.

Under the terms of the contract, R. E. Cameron and Associates will continue to perform general engineering and survey services for this department, as requested during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$12,500, payable in accordance with the October 15, 1969, Minimum Fee Schedule of the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Comprehensive Designers, Inc., a Pennsylvania corporation, duly registered to do business in Massachusetts, with main offices at 197 First Avenue, Needham, Mass.

Under the terms of the contract, Comprehensive Designers, Incorporated, will continue to provide general engineering services and technical assistance in connection with the department's preparation of multiple plans and specifications for use in carrying out a part of the alteration and repair program, and emergency work performed from time to time during the period of July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services not to exceed \$15,000, payable at the actual hourly rates paid times 1.38 (in accordance with hourly rates schedule to be set forth in the contract).

In view of the professional and technical nature of the services to be performed under this contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

ELEVATOR CONSULTANT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to William Pink, 7 Cove Street, Brant Rock, Mass.

Under the terms of the contract, William Pink will continue to (a) review elevator design specifications, as well as shop drawings; (b) periodically inspect and report on the elevator work of both contractors and subcontractors to insure specifications conformance; (c) provide technical assistance and test equipment to inspect completed elevator work before its acceptance; (d) inspect, report on, and evaluate the condition of various city-owned elevators, ascertaining the feasibility of repair, modernization, or replacement, and provide and furnish to the director the technical specifications to be used therefor; and (e) provide the technical assistance to inspect elevator equipment during the period July 1, 1976, to June 30, 1977, both dates inclusive, at a cost for such services (payable in accordance with the rate schedule to be set forth in the contract) not to exceed \$16,000 (including the net cost, up to the amount of \$500, for directly related out-of-pocket expenses, specifically authorized by and under the contract).

In view of the fact that the services to be furnished are of professional and technical nature, it is believed that public advertising would serve no useful purpose.

Respectfully,

MARK A. BREEN,
For VICTOR E. HAGAN,
Acting Director.

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Veterans' Services Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of office space situated on the fifth floor of the building at 294 Washington Street, Boston, known as the Old South Building. The leased premises have an area of approximately 9,743 square feet.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977. The lessor grants the city options to extend the term of this lease for up to four consecutive twelve-month terms.

The monthly rental will be \$5,439.84 for the initial term of the lease ending June 30, 1977. This twelve-month payment will not exceed \$65,278.08. If the city exercises its renewal option(s) this monthly rental will be reduced to \$4,645.54

for the remainder of the term encompassed in this lease's extensions. The twelve-month payment period at this reduced figure will not exceed \$53,586.48.

The lessor further agrees to make substantial alterations and modifications to this space prior to our occupation. Such modifications and alterations are shown in detail in Exhibits A and C, attached and forming part of this lease.

The lessee will pay the cost of electricity directly chargeable to these premises. The lessor will provide and pay for all other services and utilities as defined in the lease itself.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for the Department of Mayor — Office of Public Services purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of an office of approximately 1,200 square feet located on the street floor of 100 West Newton Street, Boston, Mass. The space has been extensively rehabilitated and redecored by the lessor.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977. The lease contains options to renew for a maximum of two consecutive twelve-month terms.

The monthly rental will be \$600, the cost of the term not to exceed \$7,200.

Utilities (exclusive of water and sewer use) and heat will be paid by the lessee.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for school purposes. There is a further delegation of power from the commission to the director to execute such lease upon receipt of said written authority from the Mayor of Boston. This will be a renewal of previous lease location.

The demised premises consist of a total of 3,490 square feet, divided among four buildings as follows:

The entire first and second floors of 332 Newbury Street, containing 3,600 square feet.

The entire building at 334 Newbury Street, containing 5,280 square feet.

The entire building at 336 Newbury Street, containing 6,600 square feet.

The entire basement, second floor, third floor, and the first floor of the building at 338 Newbury Street, excluding the lobby entrance and the premises owned by Myron Snyder, Inc. The total area consists of 17,010 square feet.

The leasing agency for this space will be the Joint-Study Program of the Boston Public Schools, known as Boston High School.

The term of the lease will be for twelve months, beginning July 1, 1976, and terminating June 30, 1977. There is a one-month option left in the lease giving the lessee the right to extend the term for one more month upon proper notice to the lessor, under the same terms and conditions. The lease shall in no event expire beyond June 30, 1978.

The annual rental to be paid will be \$15,995, paid quarterly in installments of \$3,998.75. Additionally, the city agrees to pay tax escalation charges based on the following percentages of the area used, and the tax base years in previous leases.

332 Newbury Street — 65 percent — 1968 tax base; 338 Newbury Street — 20 percent — 1970 tax base; 334 Newbury Street — 100 percent — 1970 tax base; 336 Newbury Street — 100 percent — 1970 tax base; and 332 Newbury Street — 2/3 percent — 1968 tax base.

It should be noted that the rental rate of \$5.715 per square foot does not include any increase and includes heat, electricity and air-conditioning plus maintenance items, exclusive of janitorial care.

Since these facilities have proven both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the term of the lease of certain premises deemed necessary and convenient by the director for Department of Health and Hospitals purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 4,500 square feet on the second floor of the building at 5 Doane Street, Boston.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The monthly rental will be \$1,666.66 with the cost of this lease not to exceed \$19,999.92.

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for the Department of the Mayor — Office of Public Service purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of a storefront office of approximately 2,500 square feet at 562 Columbia Road, Dorchester, Mass., used as the site of the Uphams Corner Little City Hall.

The term of the lease will be twelve months, beginning July 1, 1976, and ending June 30, 1977.

The monthly rental will be \$450 with the total cost of this term not to exceed \$5,400.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for Mayor's Office of Cultural Affairs purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 6,500 square feet of garage space at 411 Bowdoin Street, Dorchester, Mass.

The monthly rental will be \$677.80, with the rental charge for this initial term not to exceed \$8,133.60.

The term of the lease will be twelve months beginning July 1, 1976, and terminating June 30, 1977.

Since these facilities are both adequate and convenient, it is not felt by the

writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for the Mayor's Office of Public Service purposes. There is a further delegation of power from the commission to the director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The premises to be leased consist of approximately 1,200 square feet of office space, in the building known and numbered 1862 Centre Street, West Roxbury.

The term of the lease will be twelve months from July 1, 1976, and terminating June 30, 1977. The twelve-month term rental for the lease will be \$8,100, payable in equal monthly installments of \$675.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the director for Mayor's Office of Public Service purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of a small building known and numbered 514 River Street, Mattapan.

The term of the lease will be twelve months, beginning July 1, 1976, and terminating June 30, 1977.

The rental for the term will be based on a monthly rent of \$290, with the total cost of this extension not to exceed \$3,480.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

VICTOR E. HAGAN,
Acting Director.

spectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for School Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of educational facilities of the lessor located at 209 Columbus Avenue, Boston, Mass.

The term of the lease will be from July 1, 1976, to June 30, 1977, subject to termination on the date on which the demised premises are taken in fee by eminent domain.

The rental will be based upon the figure of \$6.00 per square foot for the approximately 125,000 square feet of space available in the building, or \$62,500 on a monthly basis or a total of \$750,000 for the twelve-month term.

Your Honor's written authority is further requested to dispense with public advertising in leasing certain personal property, consisting of kitchen facilities incidental to the educational facilities, and deemed necessary by the director for School Department purposes. The rental for the property will be \$300 per month for the fifteen pieces of equipment involved or a total of \$3,600 for the twelve-month term.

Since these facilities are both adequate and convenient, as well as being in compliance with Judge Garrity's court order concerning the premises, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

MARK A. BREEN.

Acting Director.

FEASIBILITY STUDY

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 24, 1976, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to the University of Massachusetts/Boston, an agency of the Commonwealth under the provisions of chapter 75 of the Massachusetts General Laws, located at Harbor Campus, Dorchester, Mass.

Under the terms of the contract, the University of Massachusetts/Boston will provide the services of the Boston Urban Observatory of the University to conduct a feasibility study for development of a multiservice community center in the Mattapan section of Boston, at a cost for such services (as set forth in and further defined by the proposed contract) not to exceed \$50,000.

In view of the unique qualifications of the Boston Urban Observatory of the University of Massachusetts/Boston to perform the work required under this

contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

VICTOR E. HAGAN,
Director.

PUBLIC WORKS DEPARTMENT

REFUSE DISPOSAL

DEAR MR. MAYOR:

The contract for the disposal of refuse from various districts of Boston in District 1A, Charlestown; 1B, Boston Proper; 5, South Boston; with S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, Mass., expires June 30, 1976. This contract includes an option renewal provision under which the city may elect to continue the present disposal contract for the period July 1, 1976, to June 30, 1977.

The services provided by the present contractor have been very satisfactory and there would be no advantage to be gained in not exercising our option for renewal and by inviting bids for doing this work.

Therefore, I respectfully request your authorization to dispense with further public advertising and enter into a contract for the disposal of refuse from various districts of Boston in District 1A, Charlestown; 1B, Boston Proper; 5, South Boston; for the period July 1, 1976, to June 30, 1977, with S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, Mass., at the current contract price. The total amount to be paid under this contract is \$1,328,100.

Respectfully,

FREDERICK L. GARVIN,
Acting Commissioner of Public Works.

DEAR MR. MAYOR:

The contract for the disposal of refuse from various districts of Boston in Districts 9, East Boston, and 10, Roxbury; with Refuse Energy Systems Company, 100 Salem Turnpike, Saugus, Mass., expires June 30, 1976. This contract under which the city may elect to continue the present disposal contract for the period July 1, 1976, to June 30, 1977.

The services provided by the present contractor have been very satisfactory and there would be no advantage to be gained in not exercising our option for renewal and by inviting bids for doing this work.

Therefore, I respectfully request your authorization to dispense with further public advertising and enter into a contract for the disposal of refuse from various districts of Boston in Districts 9, East Boston, and 10, Roxbury; for the period July 1, 1976, to June 30, 1977, with Refuse Energy Systems Company, 100 Salem Turnpike, Saugus, Mass., at the current contract price. The total amount to be paid under this contract is \$875,000.

Respectfully,

FREDERICK L. GARVIN,
Acting Commissioner of Public Works.

REAL PROPERTY DEPARTMENT

FUEL OIL, SERVICING OF OIL BURNERS

Your Honor:

Acting under the authority of section 203(a) (3) of the Economic Stabilization Act of 1970, which mandates that competitive bidding process for procurement of petroleum products by wholesale purchaser-consumers is to be stayed, the duration of the Mandatory Petroleum Allocation Regulations (see enclosure), respectfully request your written permission to dispense with inviting proposals in the *City Record* for supplying fuel oil, and for servicing of, oil burners in buildings of the Real Property Department.

As a consequence of the above regulations, the City of Boston must purchase its fuel from the suppliers on record which in our case is the James Deva Fuel Co., Inc., 25 McBride Street, Jamaica Plain, Mass. Hence I respectfully request your permission to again award contract in the amount of \$90,000 for the period July 1, 1976, to June 30, 1977 to the above named firm. A copy of service contract is included for your inspection.

Yours truly,

JOANNE A. PREVOST,
Commissioner.

PARKMAN HOUSE

YOUR HONOR:

Your permission is requested to award a contract, without advertising, to the Boston Foundation, Inc. for the cleaning, security, operation, provision and expenses relating to the function of the Parkman House, 33 Beacon Street, Boston.

Given to the city in 1908 by the Parkman family, and restored through a public and private effort, the Parkman House is now approaching its third year of operation. It is utilized by the city for the purposes of a conference center, reception center, accommodation for overnight guests of the city, and office space for the Parkman Center for Urban Affairs.

This contract will provide for the services of two full time employees, one security guard, and the other a resident housekeeper, which has proved to be more economical than hiring a shift security force.

In view of the special nature of the building and its multipurpose use, we have determined that the Boston Foundation, Inc. is the most suitable entity to perform the services described above and that public advertising would not be useful in this instance.

The terms of this contract will be for July 1, 1976, to June 30, 1977, and the total amount will not exceed \$31,400.

Sincerely,

JAMES W. RONAYN,
Assistant Commissioner.

SCHOOL DEPARTMENT

COMPLETE COLD MEALS

MR. MAYOR:

School Committee respectfully request the approval of your Honor for the award of business, without public advertising, to Arla Sales for the purchase and delivery of complete cold meals for the period January 1, 1976, through June 1, 1976. Informal bids from other reliable vendors were higher than \$55,000 and bid by Arla.

Therefore, permission is requested of your Honor to enter into this contract without public advertising.

Very truly yours,

LEO J. BURKE,
Business Manager.

ALTERATIONS

MR. MAYOR:

I request your approval of my action in awarding a contract, without advertising or installation and alterations for central systems pod D at the John P. A. School, 85 Olney Street, Dorchester, Mass.

Recently vandals broke into the John P. A. School and set fire to one of the pods of this community school building, causing damage to the electric fire alarm and intercommunicating systems. Since this school is in constant use throughout the year and in order to activate the electrical components of the pod of the building which includes the fire alarm system, it is urgent to do the work immediately.

Approval has been secured by the Department of Labor and Industries that this is an "extreme emergency" (see copy of letter).

I solicit six (6) bids without public advertising. The bids received were as follows:

Joseph L. McKeen, Inc., \$4,585; William MacKinlay, \$5,007; Presidential Contract Co., Inc., \$8,615; Lentine Contract Service, Inc., \$17,687; and Sullivan McLaughlin Electrical Contractors, Inc., \$19,980. Rowe Electric Co., did not respond to the invitation bid. Therefore, I am awarding a contract to Joseph L. McKeen, Inc., 413 Bowdoin Street, Dorchester, Mass., the lowest reliable and eligible bidder, in the amount of \$4,585.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

EQUIPMENT AND TECHNICAL SERVICE

MR. MAYOR:

I request your approval of my action in awarding a contract, without public advertising to Johnson Controls, Inc., 16 Craig Avenue, Woburn, Mass.

Continuing our program and working cooperatively with the Public Facilities Department who will operate and superintend the Johnson Controls JC80 computer system. I oversee our intruder alarm installations, the Department of Planning and Engineering must provide the transportation equipment from each of 15

schools to the computer center. This contract is for the equipment and technical service required at the 15 schools, including binary transmitters, and the equipment and technical services required at the central station, including fully-equipped loop remote cabinet, circuit boards, and all necessary programming. Due to the sophisticated nature of the existing JC80 system, this is the only data transmission gear available which is compatible with the computer.

Because of the unique services required, I propose to enter into contract with Johnson Controls, Inc. in an amount not to exceed \$29,283.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

TESTING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Educational Testing Service, acting for and on behalf of the Secondary School Admission Test Board, to administer the Secondary School Admissions Test for entrance to Boston Latin School, Boston Latin Academy, Grades 7 or 9, Boston Technical High School, Grades 9 or 10. This test will be given in at least ten test centers (Boston public school buildings) on Saturday, January 8, 1977. The cost is not to exceed \$80,000. The term of this contract extends from July 1, 1976, through March 31, 1977.

The contractor shall provide SSAT booklets and related materials and will conduct registration, administration, and scoring services to assist the Committee with student admission. The specific services of ETS under this agreement will be to prepare and distribute as requested by the Committee, a special Bulletin of Information, to conduct a routine administration of the SSAT and a makeup administration at one center two weeks later, and to process answer sheets and submit scores to the Committee (format on tape).

On May 9, 1972, the School Committee of the City of Boston ordered that beginning with the test in January, 1973, a requirement for entrance to Boston Latin School, Boston Latin Academy, and Boston Technical High School is the taking of the SSAT. The School Department bears the cost of the examination taken by any candidate other than those who failed in three or more subjects.

Because of this precedent, and because Educational Testing Service is nationally recognized as the testing service best able to produce secure, valid, reliable tests for admissions to grades 7 through 12, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Sincerely,

ARTHUR LEVITSKY,
Acting Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization of the award of a contract, without public advertising, to Joseph H. Murphy for the implementation of the safety and security program during the period of July 16, 1976, through September 15, 1976, at a cost not to exceed \$3,900.

The enclosed job description reflects work to be performed by contractor to E.S.A.A.

Because of the need to implement the program during the present academic year and because of the unique experience of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provision of G. L., c. 41, s. 53A, and is to be made subject to the receipt of funds under grant from the Emergency School Aid Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

KEY PUNCHING SERVICES

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Advanced Automation Assoc., Inc. for furnishing key punching services during the period August 25, 1975, through June 30, 1976, at a cost not to exceed \$50,000.

Because this is a unique endeavor, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

LEO J. BURKE,
Business Manager.

TREASURY DEPARTMENT

Treasury Division

TRUST FUNDS

DEAR MR. MAYOR:

Under the City of Boston Code Ordinances, Title 6, section 155, the Collector-Treasurer serves as the custodian of the city's trust funds. At the present time, the city holds many millions of dollars in trust funds, and in a trust system of this magnitude, investment management accounting and even simple accounting has become increasingly complex. In order to discharge my duties as custodian more effectively, I have in the past fiscal year engaged professional help from the First National Bank of Boston in creating and maintaining a modern trust fund accounting system for the city.

In choosing the First National Bank, we had solicited proposals for major Boston financial institutions offering this type of service. Monchik-Weber Associates, Inc., a consulting firm specializing

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

in financial and accounting systems, was hired to help evaluate the proposals. The services proposed by the First National Bank of Boston were judged to be superior for Boston's needs, and the First National Bank was therefore engaged under a contract beginning June 16, 1976, and terminating June 30, 1976.

I request your authority to enter into a contract with the First National Bank of Boston for continuation of services described above. The contract would be for a term ending June 30, 1977, and would be a cost not to exceed \$60,000.

In view of the essentially professional type of services to be performed and in view of the competitive selection process already implemented, I also request that no further public advertising for bids be required.

Sincerely,

JAMES V. YOUNG,
Collector-Treasurer.

Collecting Division

MANAGEMENT INFORMATION SYSTEM

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with the usual form of advertising and to award a contract to Bradford Computer & Systems, Incorporated of One Boston Place, Boston, Mass. The amount of the contract will not exceed \$78,000 for the period from July 1, 1976, through June 30, 1977.

The work to be performed under the proposed contract will involve the design and implementation of the Tax Title Management Information System (TAXI). This system will replace the antiquated and cumbersome tax taking process that now exists. Currently, this system takes the Collecting Division two years from the date demands are mailed to obtain tax titles through the taking device. The reason for this delay is because of the time-consuming steps that are involved in the current system.

The implementation of the computerized TAXI system will result in the acceleration of the tax taking process, and will free up personnel to work on active collection efforts.

I have discussed this issue with numerous experts and potential vendors in the field of data processing and systems analysis, and have concluded, both in terms of cost and capability, that the public interest would be served by the award of this contract.

Respectfully,

JAMES V. YOUNG,
Collector-Treasurer.

NEIGHBORHOOD HEALTH CENTER

DEAR MAYOR WHITE:

I hereby submit an amended Letter of Award to replace a previous Letter dated June 14, 1976, requesting permission to dispense with bidding and to award a contract to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center located at 632 Blue Hill Avenue, Dorchester, Mass., for the operation of a neighborhood health center. Since the Charles Drew Family Life Center is not incorporated, its grant money must go through the Trustees of Health and Hospitals of the City of Boston, Inc., which is a nonprofit corporation that serves as the fiscal intermediary for the health center. The contract amount, established as \$75,000, in the original Letter, will remain the same. The contract period of performance, established as July 1, 1976, through June 30, 1977, in the original Letter, is hereby amended to August 1, 1976, through July 31, 1977.

Under the terms of the agreement, the Charles Drew Family Life Center will conduct a primary health care program to include adult medicine, pediatrics, obstetrics and gynecology services to the Dorchester area. Payment for this contract will be made from the Community Development Block Grant.

The city, under the first year of the Community Development Block Grant Program, has awarded a previous contract to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the contractual relationship between the city and the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
E. OWEN DONNELLY,
Director.

DEPARTMENT OF HEALTH AND HOSPITALS PHYSICIANS' SERVICES

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its annual meeting of December 24, 1975, I hereby authorize a further amendment to the city's contract with Boston University School of Medicine under which said University has agreed to provide physicians' services to Boston City Hospital for the period July 1, 1975,

through June 30, 1976, at a cost not to exceed \$823,050.

The proposed amendment increases salary for the position of Staff (Laryngologist) from \$4,480 per year to \$9,730 per year effective October 1, 1975, and is occasioned by the increased responsibilities assigned to this physician for otolaryngologic care of pediatric patients in the pediatric clinic, on the wards in the operating room. In addition, he will have responsibilities for the teaching of medical students and residents.

The cost of this increase for the period October 1, 1975, through June 30, 1976, is \$3,250.

This amendment also adds the position of Executive Director of Medical Dental Services, Department of Health and Hospitals, effective November 1, 1975 at an annual salary of \$10,000. The cost for the period November 1, 1975, through June 30, 1976, is \$6,166.67.

The total cost to the city for this amendment shall be an amount not to exceed \$10,104.67 and will result in increasing the total amount of this contract as amended to a sum not to exceed \$833,154.67.

In view of the above and because the cost to the city is reasonable, your Honor's permission is respectfully requested to amend this contract, without advertising, under the terms and conditions set forth above.

Very truly yours,

DAVID L. ROSENBLUM,
Acting Executive Director.

PUBLIC FACILITIES DEPARTMENT

COMMUNITY SCHOOL PROGRAM

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 23, 1975, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with the Boys' Clubs of Boston, Inc., a nonprofit corporation in the Commonwealth of Massachusetts, amending a contract to furnish, during the period July 1, 1975, to June 30, 1976, personnel, supplies, materials, and administration necessary to operate the Community School Program at the Lee, Marshall, Hennigan, Ohrenberger, Tynan, Holland, Murphy, Cleveland, Southwest, Jackson/Mann, Condon, Barnes, Blackstone Square, Charl and Mattapan Community Schools. The amount authorized for expenditure of the contract is \$29,660.83.

For your Honor's information, the Community School program now has an opportunity to provide an additional \$29,660.83 to the Boys' Clubs of Boston by the local community council on the month of June to start summer programs.

Due to the provisions of law, the effect that executed and existing contract may only be altered by a written agreement signed by all parties thereto, including the Mayor and contract surety, with

that public advertising in this case is not best serve the public interest.

Respectfully,
VICTOR E. HAGAN,
Acting Director.

CENTRAL KITCHEN FACILITY

MR. MAYOR:
Pursuant to a vote of the Public Facilities Commission on June 23, 1976, I request your Honor's written authority to dispense with public advertising entering into an agreement with R-Holms-Inglis, Inc., a New Jersey corporation duly registered to do business in the Commonwealth, with offices at 212 Street, Mount Holly, New Jersey, for amending a contract between the City of Boston and Wagner-Holms-Inglis, Inc., dated November 16, 1973, and approved by the Mayor December 18, 1973, amended November 24, 1975, in connection with claims and litigation arising out of the construction of the City of Boston Central Kitchen Facility, 370 Columbia Road, Dorchester.

Under the terms of the first amendment the scope of the contract was increased to include the performance of janitorial services in relation to the litigation over the construction contract for the addition of the City Hall Annex. Since that time, the Law Department has received such a quantity of investigation reports that we now find it necessary to increase the contract liability from \$10,000 to \$100,000.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing agreed to by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not serve the public interest.

Respectfully,
MARK O'BRIEN,
Acting Director.

PUBLIC WORKS DEPARTMENT

DISPOSAL OF REFUSE

MR. MAYOR:
On October 1, 1975 your Honor approved the award of a contract to S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, Massachusetts, for the disposal of refuse from various districts of Boston, from October 1, 1975, to June 30, 1976. The contract provides for the disposal of refuse from District 1A, Charlestown, District 1B, South Proper, and District 5, South Boston, at the cost of \$14.40 per ton, at a total of \$979,690.

The total cost of this contract was based on the amount of tonnage of refuse generated from the aforementioned three districts which, of course, can fluctuate. Therefore, because of the increase in tonnage over the estimated amount your approval is respectfully requested to amend the present contract by increasing the amount by \$22,170 and increasing the

total amount to be expended under this contract not to exceed \$1,001,860.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

On June 24, 1975, your Honor approved the award of a renewal contract to the S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston for collecting and removing refuse in District 3, Dorchester North, from July 1, 1975, to June 30, 1976.

The contract provides for payment in the amount of \$11,818 per week with provisions for the city to pay 75 percent of any increased labor costs during the renewal contract period, for truck drivers and helpers employed by the contractor under this contract. The total amount to be paid under the contract not to exceed \$635,326.

Therefore, because of underestimating the total cost of the labor increase under this contract, your approval is respectfully requested to amend the present contract by increasing the total amount to be paid by \$1,670, for a total amount not to exceed \$636,996.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

On June 24, 1975, your Honor approved the award of a rental contract to the S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston for collecting and removing refuse in District 4, Brighton, from July 1, 1975, to June 30, 1976.

The contract provides for payment in the amount of \$11,078 per week with provisions for the city to pay 75 percent of any increased labor costs during the renewal contract period, for truck drivers and helpers employed by the contractor under this contract. The total amount to be paid under this contract not to exceed \$591,962.

Therefore, because of underestimating the total cost of the labor increase under this contract, your approval is respectfully requested to amend the present contract by increasing the total amount to be paid by \$1,525, for a total amount not to exceed \$593,487.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

On June 24, 1975, your Honor approved the award of a renewal contract to the S.C.A. Disposal Services of New England, Inc., 140 Brookline Avenue, Boston for collecting and removing refuse in District 6, West Roxbury, from July 1, 1975, to June 30, 1976.

The contract provides for payment in the amount of \$8,948 per week with provisions for the city to pay 75 percent of any increased labor costs during the renewal contract period, for truck drivers

and helpers employed by the contractor under this contract. The total amount to be paid under this contract not to exceed \$478,753.

Therefore, because of underestimating the total cost of the labor increase under this contract, your approval is respectfully requested to amend the present contract by increasing the total amount to be paid by \$1,675, for a total amount not to exceed \$480,428.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

On October 1, 1975, your Honor approved the award of a contract to Refuse Energy Systems Company, 100 Salem Turnpike, Saugus, for the disposal of refuse from various districts of Boston, from October 1, 1975, to June 30, 1976. The contract provides for the disposal of refuse from District 9, East Boston, and District 10, Roxbury at the cost of \$14.20 per ton at a total cost of \$644,055.

The total cost of this contract was based on the amount of tonnage of refuse generated from the aforementioned two districts which, of course, can fluctuate. Therefore, because of the increase in tonnage over the estimated amount your approval is respectfully requested to amend the present contract by increasing the amount by \$501 and increasing the total amount to be expended under this contract not to exceed \$644,555.91.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

SCHOOL DEPARTMENT

EDUCATIONAL PROGRAMS

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Children's Museum the following amendments to a contract for participation in the development of educational programs at Hamilton School Brooks District:

(1) Change amount from \$1,019, to a sum not to exceed \$1,750.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Board of Superintendents, and has been approved by the School Committee, that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD J. WINTER,
Secretary.

Parks Department Lists Fall Schedule

As the summer of 1976 draws to a close, Commissioner Peter G. Meade, of the Boston Parks and Recreation Department, has a few thoughts he wishes to share with Bostonians of all ages.

During these dismal times of increased vandalism, and fiscal crisis, a bright spot in the picture is the Boston Parks and Recreation Department. Although the budget and summer staff of the department were reduced and the program cut down to eight weeks, this, the summer of 1976, proved to be one of the most successful of all. I want to take this opportunity to publicly thank all of the recreation leaders and laborers as well as the entire full-time staff who more than proved their reliability.

At one point that has encouraged this summer has been the number of people who took advantage of our programs. Over 450 children and adults participated in Joy, a program for children and adults with special needs. During the month of August, four performances of Wednesday Evenings at the Plaza drew over 80,000 persons and one of the soccer teams in the Parks Soccer League had an attendance that surpassed that of the professional soccer team.

The Boston Parks and Recreation Department is now working to get everyone in and around the City of Boston informed of our programs. Our buildings will open for the indoor season on October 6. Sports programs begin October throughout Boston.

Following is a partial list of our programs for the fall of 1976, and the names of the persons directing the programs. Please call them for information concerning these programs, most are free and open to the public.

"We hope Bostonians use our many facilities and enrich their lives by attending our various programs."

Bob Cusick, retired Director of Recreation, was honored September 12.

In honor of a great friend of youth, Mayor Kevin H. White proclaimed September 12 as "Bob Cusick Day" throughout Boston. Now retired, the former Director of Recreation for the Boston Parks and Recreation Department was honored when the Boston Common ballfield was named for him. Parks and Recreation Commissioner Peter G. Meade, Bob's friends, and many dignitaries attended the heartwarming and festive occasion.

Known around Boston as "Mr. Baseball," Bob Cusick founded the Boston Baseball Park League, America's oldest organized, amateur league, in 1931. During the many years he worked in city recreation, Bob encouraged hundreds of young men to pursue baseball careers. He worked closely with the

Boston Red Sox organization to sponsor the Hearst Baseball Clinics for youngsters. We all wish Bob a healthy and happy retirement; he has earned it.

PARKS DEPARTMENT CALENDAR FOR FALL SEASON

Park League Football

America's oldest and largest semi-pro league began its forty-seventh year of football on Saturday, September 11, at White Stadium in Franklin Park. Nine teams from throughout Boston presented a "Football Jamboree" in a sneak preview.

Adam Mroz, League Coordinator, said, "Equipment the teams use, and our officials and fields are better than ever this year. Spectators have found the Park League games more entertaining than pro football."

Park League football games will be played at various sites every Friday evening at 7 P.M., with the following Mondays as rain dates. The season will continue through early December. For information call 725-4886.

SENIOR CITIZENS' "GOLDEN HARVEST BAZAAR"

Boston's senior citizens are invited to participate in the Third Annual "Golden Harvest Bazaar" sponsored by the Boston Parks and Recreation Department. It will be held on Thursday, September 30, from 11 A.M. until 3 P.M., on the Boston Common's La Fayette Mall along Tremont Street.

Items such as jewelry, paintings, ceramics, needlepoint, crocheting, and many other gift and decorative objects will be displayed and sold by individual seniors.

For information and to participate, call Dan Needham at 725-4982.

"200" REMINDER: TIME'S RUNNING OUT

As the Bicentennial year moves into its twilight hour, Boston 200's three major Bicentennial exhibitions, "The Revolution," "Victorian Boston," and "Where's Boston?" could be described as "history in the making." So Boston 200 is offering some special end-of-Bicentennial incentives encouraging people to visit those exhibitions before it's too late.

During the month of October, all visitors to the three exhibitions will receive, free of charge, a copy of the "Official Bicentennial Guidebook," a valuable resource for years to come, which normally retails at \$1.50.

Through the months of September and October, 20 percent discount coupons to "Victorian Boston" and "The Revolution" may be picked up at any of the more than fifty shops and restaurants in Boston's new Faneuil Hall Marketplace complex. During that period, all visitors displaying a hand stamp of admission from the New England Aquarium will be entitled to a 20 percent discount off the regular ticket price of \$1.50 at those same two exhibitions.

Each of the exhibitions focuses on Boston's contributions to one of the three centuries since the American Revolution.

"The Revolution," located in Quincy Market building at historic Faneuil Hall Marketplace combines computer technology, colorful graphics, and imagine multimedia techniques to help visitors face to face with characters and political issues of the Revolutionary era Boston. Visitors vote their conscience on such controversial topics as the Boston Tea Party, the Stamp Act, and the Boston Massacre Trials, then register their opinions with the computer to discover whether they would have been a Patriot or a Tory.

"Victorian Boston," set in an authentic nineteenth century building at the corner of Arlington and State Streets, features a forty-five-minute multimedia presentation, complete with quadrasonic sound, highlighting Boston's history during the Victorian period. The exhibit also includes a variety of period displays, graphic arts media, and original artifacts illustrating the techno-industrial developments, famous personages, and styles of nineteenth century Boston.

"Where's Boston," in the Bicentennial Pavilion at the Prudential Center, is a fifty-minute, multi-thousand slide, quadrasonic multimedia extravaganza on Boston today. Through the lenses of computerized projectors and eight huge screens, the production reflects a compelling, unique view of twentieth century Boston and its people.

Anyone wishing more information on these and other Bicentennial exhibitions should call Boston live telephone information (617) 338-1976, 9 A.M. to 5 P.M. daily.

MAPS, BROCHURES AVAILABLE FOR "T" COMMUTERS

The Massachusetts Bay Transportation Authority has distributed individual passengers thousands of newly revised route maps and bus schedules in the areas served by one- or two-bus routes where there will be schedule changes for the MBTA's fall timetable.

The fall timetable started September 11, and continues through December 31. The fall schedule will have increased service compared to the summer schedule on both rapid transit and bus lines.

For the person-to-person distribution, it is the first time that absolutely up-to-date maps and bus schedule brochures have been available at the time of the seasonal changes in MBTA schedules. The distribution is carried out by more than 100 MBTA area residents ranging in age from eighteen to seventy-five. It is also the largest distribution of a new information program, begun in the past year.

Joseph W. Casper, manager of planning in the Community Affairs and Marketing Department, noted that there had been excellent reaction initially from the public to the person-to-person distribution of the maps two weeks ago.

"People generally are familiar with the Red, Orange, Green, and Blue rapid transit lines, but a great many are unaware of the network of more than 180 bus routes which serve the MBTA district of seventy-five cities and towns," Mr. Casper said.

He is an enthusiastic recipient of the map. Michael M. Bernard of Newton, wrote a Boston newspaper: "This new map of the MBTA transit system is a masterpiece of good design, making and a joy to behold. It is both residents and visitors alike an essential key to getting around Boston and the metropolitan area by means of public transportation with a minimum of delay. . . . To see this guide — maps, buses, railroads, transfer points — all before our eyes at the

same time is an inspiration and encouragement to us all. This time, you have to say something nice to the MBTA."

The map, approximately 23 by 26 inches, folds accordion-style into a roadmap size of approximately 4 by 8 inches. In addition to the routes of the "Yellow Line" buses, and the Red, Orange, Green, and Blue rapid transit lines, the map shows the Purple Line routes of the MBTA-subsidized commuter rail services on the Boston & Maine and Conrail (the old Penn Central). There are detailed maps for downtown Boston, Logan Airport, the Haymarket area of Boston, Harvard Square in Cambridge, Lynn, and Framingham.

The map also has a chart giving the approximate frequency of the rapid transit, commuter rail, and bus routes.

The major change in the fall timetable is an increase in rush-hour, rapid transit service on the Red Line and Orange Line.

On the Red Line, rush-hour service (7 to 9 A.M. and 4 to 6 P.M.) between Harvard Square and the branches to Quincy and Ashmont will increase 9 percent — an additional two trips per hour with four-car trains from Harvard and one additional trip per hour with four-car trains from Ashmont and Quincy.

On the Orange Line, rush-hour service between Malden and Forest Hills will increase by 30 percent — an additional four trips per hour with four-car trains.

A major change in the map is a north and south extension of Route 533 in Newton so that it will now form an outer circumferential route connecting the Veterans Administration Hospital in West Roxbury, the Catholic Memorial High School on Spring Street in West Roxbury, the Oak Hill area of Newton, Newton Centre, Newton Catholic High School, Boston College Law School, Newton Corner, and Watertown Square. This Charles River-Watertown Square route will permit a one-transfer connection to Cambridge on the north, and on the

south, a one-transfer connection to buses for Forest Hills, Dedham (Hudson Bus), and Needham (Metropolitan Coach).

The bus schedule brochures, in the fall colors of orange and brown, show the individual route of each bus and major landmarks along the way. It gives the schedule, helpful telephone numbers, and the diagrams for the MBTA rapid transit and commuter rail lines.

The maps, bus schedule brochures, and individual bus schedule cards are available at the MBTA Community Affairs and Marketing Department, 145 Dartmouth Street (Back Bay Station), Boston, Mass. 02116, or by calling Customer Services, 722-5700.

UNITED WAY LAUNCHES ANNUAL DRIVE

Mayor White proclaimed September 11, United Way Day and a special first time bazaar and flea market was held on City Hall Plaza to aid United Way to raise \$18.6 million for the benefit of Massachusetts Bay Area charities.

David Palmer, 1976 United Way Chairman, contacted more than 100 business leaders, requesting that they increase their campaign pledges this year.

"As a result," he said, "the leadership in this community has already increased its personal pledges by more than 50 percent."

BIRTHPLACE OF BENJAMIN FRANKLIN

Benjamin Franklin, the fifteenth of his parents' seventeen children, was born on Franklin Street, Boston, Mass., Jan. 17, 1706. As a boy, Ben learned his father's trade, candle-making and soap manufacture. He learned to make and fly kites and was an apprentice in his brother James' print shop. At sixteen, Ben wrote for James' lively newspaper, the "New England Courant," under the pen name "Silence Dogwood." Unable to agree with his brother, he ran away at the age of seventeen to seek his fortune in Philadelphia.

FREE EDUCATION PROGRAM

A free public education program on regional health planning will be held on Saturday, October 2, at Boston College, sponsored by the Health Planning Council for Greater Boston.

Ethel Lennox of Dorchester, program chairman, said the program will be held at Cushing Hall, Boston College School of Nursing, Chestnut Hill, beginning at 9:30 A.M.

The program is free and open to the public. Interested persons are asked to phone the Health Planning Council in Brighton at 787-5800 for a free program brochure.

Cafeteria facilities at Boston College will be available to program participants.

The program will explore the role of regional health planning agencies and how these agencies are expected to meet state and national health goals by drawing consumers and health professionals into joint planning efforts.

The Health Planning Council is the official, consumer-based health systems agency for sixty-five greater Boston communities, with a total population of over 2.2 million persons.

The Health Planning Council, through its five citizens advisory groups called, "Metro Health Councils," works with local, state, and federal health officials to determine the distribution of health manpower, health resources, and health funds.

The October 2 program will include a guest speaker and a discussion by a panel representing consumers, health professionals, state legislators, and federal officials.

Program participants will have the opportunity to share their views on health care in small group discussions during the afternoon session.

The program is coordinated by the Health Planning Council's Board Coordination and Education Committee, chaired by Mrs. Lennox. Other members of the committee are: Carlos Diaz, Roxbury; Joseph Faietra, Marlboro Hospital;

Diana Imbimbo, Wilmington; Luis-Orlanda Isaza, Watertown; Elizabeth McBride, Chelsea; Eleanor Quirk, R.N., Boston College; Carl Robinson, Allston; John Sheehan, Veterans Administration Hospital, Boston; and Seymour Shribnik, D.C., Braintree.

For details phone the Health Planning Council at 787-5800.

WARRANT NOTICES SENT TO DELINQUENT EXCISE TAX PAYERS

Boston has received word from state Tax Commissioner Owen L. Clarke to take steps that could result in the collection of as much as \$4.5 million in unpaid excise taxes.

Vice-Mayor Edward T. Sullivan said on September 9, that Mr. Clarke has told the city it can anticipate \$1.5 million in revenue, a sum that will offset the cost of a contract in that amount for the services of one or more collection agencies.

Currently Boston is the only community in the state which cannot use estimated revenues in computing its tax rate.

Mr. Sullivan explained that in order for the city to contract with a firm, there would have to be money "up front" to pay for the collection services.

Mr. Clarke's action, Mr. Sullivan said, will mean that a \$1.5 million appropriation to pay for collection work will be balanced by the anticipated revenue and will not affect the tax rate.

Vice-Mayor Sullivan predicted that if the collection of the taxes is successful, Boston could collect as much as \$4.5 million, "which would help with next year's tax rate."

The announcement of Mr. Clarke's decision follows on the heels of a stepped-up drive by the city to collect \$6.4 million in unpaid auto excise taxes — part of a strong effort by the Treasury Department to raise funds from the excise tax.

More than 100,000 warrant notices have been sent to delinquent excise tax payers.

POLICE DEPARTMENT ORDERS

August 31.

Special Order No. 76-75

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective immediately, the following procedures will be strictly adhered to in logging response units "on" and "off" for the purpose of entering them into the CAD system correctly.

1. Dispatchers will not call the various districts/units to get a fielded unit strength report after each roll call.

2. Each response unit, when beginning a tour of duty, will notify the area dispatcher that it is "clear and ready for assignment" in compliance with Special Order No. 75-128. Not until this is done will the response unit be entered into the CAD system.

3. After a reasonable length of time (fifteen to twenty minutes), the dispatcher will call the duty supervisor at the district to verify the number of units that should be "logged on."

If it is discovered that a unit has not cleared, then the duty supervisor at the district/unit will be responsible for determining the reason for the failure to clear.

August 31.

Special Order No. 76-76

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The court-ordered Phase IIB desegregation plan of Boston schoolchildren to begin Wednesday, September 8, 1976, will present this department with a situation mandating the utmost professionalism and sensitivity.

The Boston Police Department has, over the years, developed a reputation for handling potentially violent situations, both skillfully and with good judgment and restraint. Once again, Boston Police officers will be asked to respond to a difficult situation with a strong sense of purpose and a determination to perform in the highest tradition of the department.

General Policy

A police officer of this department, in deciding upon the tactical response to a situation with which he is confronted, will base his decision upon the following guidelines:

A. The department has two primary missions in its response to the desegregation plan: to prevent personal injury and property damage (or loss) and to protect the rights of all citizens to peaceful assembly and dissent. The overall objective of the department is to maintain order and provide for the safety of all citizens and students.

B. In responding to a desegregation situation, officers will be particularly attentive to the principle of "minimum use of force." Officers will exhaust all reasonable alternatives before making arrests or using physical force. Officers are encouraged to respond coolly and purposefully and to rely as much

as possible on the use of persuasion to accomplish police objectives.

C. The police response to desegregation situations must reflect a clear sense of purpose and a careful assessment of the circumstances at hand. Before taking action, the officer in charge will consider the primary missions of the department and other objectives and procedures set in this order.

D. It is particularly important of the community-wide interest in the segregation plan that officers render services with equal commitment to person in the community, including who may verbally abuse officers. Even who may be arrested are entitled to be treated with respect and constraint.

Administrative Regulations and Department Procedures

1. All sworn members of the department shall obey, without delay, any order of a higher ranking officer, whether such order is written or verbal.

2. School officials and the City of Boston have the sole responsibility for implementing the desegregation plan. It is the responsibility to provide for the safety of children within their jurisdiction; that end, for requesting the resource of the Boston Police Department. Officers are therefore, cooperate as fully as possible with the law and the provisions of this order, with all school authorities, principals, teachers, monitors, bus drivers, etc.

3. All policy statements with respect to the Boston Police Department's response to desegregation problems will be disseminated through the Informational Services Bureau. Information will be supplied to the media in conformity with Rule 300 of the Rules of the Superior Court.

4. Sirens and blue lights on police vehicles shall not be used where they tend to aggravate a situation. Police officers responding to any calls in or around school buildings should not use their sirens or blue light except in extreme emergencies and only in those cases where it is necessary to clear traffic.

5. Officers on duty, equipped with riot gear during school hours will remain in the Operations Section at all times.

6. Routine calls for police service shall be handled in the normal manner.

7. All calls for service relating to school buses, pickup points, or otherwise related to desegregation will be answered as quickly as possible.

8. Officers handling desegregation calls will clear the call to Operations as soon as the service is completed.

9. For calls involving bomb threats or people blocking entrances to school buildings, trespassing on school property, busing, obstructed, or any other serious situation, a superior officer will be dispatched to the scene.

10. Officers will immediately respond to any officer in charge of the district station where the arrest took place of any use of force or arrests made with regard to a desegregation incident.

Instructions

In responding to the following situations, officers should adhere to the following instructions:

However, the following instructions do not cover every situation which may be found to be incomplete, or not adapted to a particular emergency situation, members of the department will be expected to use good judgment with intelligence and discretion.

Alarm in School

Officers responding to a fire alarm in a school building will, upon their arrival, advise the Operations Section of conditions at the scene and whether or not additional police assistance is necessary. All necessary precautions will be taken to protect students, teachers, and to evacuate the building and to protect personnel and equipment while in the building.

Bomb Threat

Upon receiving a bomb threat in a school building, police personnel will abide by the instructions of the school principal as to whether the building should be evacuated or searched. Officers will assist as much as possible in any such evacuation or search. Police will keep the Operations Section notified of the action being taken and/or the need for police assistance. If a threat of a bomb is received, the bus will be located as early as possible, evacuated, and thoroughly searched before being allowed to return to service.

Operation Safety Precautions

Members of the department who are on duty in connection with Phase II of the Operation Safety Plan and assigned to the interior or inside of school buildings when school is in session will, prior to entering the school, unload their service weapons.

This procedure does not apply to personnel responding to emergency calls for police assistance inside of school buildings.

Personnel are reminded to reload their service weapons immediately upon leaving the school building.

It will be the responsibility of supervisory personnel to assure this procedure is fully complied with.

Unauthorized Persons in School Building and School Grounds

School principals, headmasters, or higher school authorities will determine whether a person is trespassing on school property and make the request for police assistance. Upon arrival, the superior officers will confer with the principal or headmaster and attempt to resolve the matter to the satisfaction of all concerned. The final determination as to when or if an arrest will be made will be the decision of the police officer at the scene.

Persons Left at the Wrong School

Persons entering a school other than that to which they have been assigned is the responsibility of the school authorities.

Persons Absent from School

Officers will refer the matter to the appropriate school authorities.

Sick, Physically Handicapped, or Emotionally Disturbed Students

The School Department is responsible for transporting sick, physically handicapped, or emotionally disturbed children. In an emergency, the Operations Section may assign police personnel to these tasks.

Disturbance in School Buildings and Grounds

Police officers will enter into school buildings or grounds in the case of disturbances when requested to do so by school principals, headmasters, or higher school authorities. When police officers do respond on these cases, they will consult with the principal or headmaster. Arrests will be effected when necessary by the police official at the scene who will be the final determinator as to the action to be taken.

When it becomes apparent to the officers at the scene that police intervention is necessary to prevent bodily injury or serious damage to property, officers will proceed with the appropriate action without delay and without waiting for a request for aid from school authorities.

Crowds Gathering in and around School Building

No group of three or more persons will be allowed to gather in the streets around any school building during the hours classes are in session, which may result in the disruption of the normal school program.

Obstructions to a Bus

Persons obstructing either the loading or the movement of a bus will be advised that their actions are illegal, and they will be arrested if they do not cease. If they still refuse to allow the bus to be loaded or to pass, Operations will be notified and a superior officer requested to respond to the scene. Pending the arrival of the superior officer, the bus will be secured by at least one officer on each side. The superior officer will take the necessary action.

Disruption and Unauthorized Persons on Buses

Orderly conduct on buses is the responsibility of the bus driver and monitor. If the bus driver requests police assistance in maintaining order or removing unauthorized persons from a bus, the officer shall cooperate with the driver or monitor in resolving the problem. The officer has the final determination as to when or if an arrest will be made. If it becomes necessary to remove a student from a bus while enroute, police officers may, if necessary to insure the safety of the student, transport him or her to the district station and have the parents of the student notified.

Armed Person

Officers confronted with a person reported or known to be armed will, depending upon the type of weapon allegedly being carried and the tactical situation, take whatever action is necessary to protect life and prevent violence.

Large Crowds

Officers responding to a complaint of a large crowd will approach the area cau-

tiously and take up a position in a strategic location to survey the actions and apparent mood of the crowd. If the crowd appears to be agitated or otherwise requires dispersal, a superior officer will be requested at the scene for further evaluation.

Mass Arrests

If mass arrests are deemed necessary by the chief of the Bureau of Field Services, they will be made when sufficient manpower is present and in accordance with chapter 6 of the Supplement to Alert and Mobilization Manual, issued September 9, 1969. Commanding officers of all districts and units that may become involved should review the provisions of that chapter before September 8, 1976.

Procedure Booklets

The School Desegregation Phase II booklets originally promulgated in September, 1975, describing policies and procedures are currently being reprinted for distribution to all personnel.

All policies and procedures effective in the 1975-1976 school year Phase II booklet will remain in force.

Special Order No. 75-77, dated August 19, 1975, which is included in the booklet is amended by this order by inserting the department's School Safety Procedures pertaining to removal of cartridges from service revolvers inside schools.

Monitoring of Police Communication in Critical Demonstrations

In critical, hostile conditions dealing with aggressive unruly crowds, members of the Police Department will be mindful of the use of CB radios by militant groups. All members must be vigilant in the transmission of radio communications on all police channels, remembering all police channels are being monitored by militant aggressive groups using the police information and communications to counteract and neutralize effective police action and the redeployment of police personnel.

The department, operating under the conditions cited above will be prepared to resort to codes indicating locations and the identification of police resources, manpower and equipment.

Commissioner's Memorandum No. 76-99

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Because an insufficient number of candidates passed the June 12, 1976, written examination for police lieutenant to fill existing vacancies, the Division of Personnel Administration has agreed to hold another examination for police lieutenant on Saturday, November 27, 1976.

The subjects and weights of this examination will be the same as those announced for the June 12, 1976, examination, i.e., written 5, practical questions 3.5, training and experience 1.5. The reading list for the written

examination has been revised and is as follows:

Reading List, Lieutenant's Examination
Dixon and Trajanowitz, "Criminal Justice in the Community," Prentice Hall; Whisenand, "Police Supervision, Theory and Practice," second edition, Prentice Hall; "The Urban Police Function," American Bar Association Project on Standards for Criminal Justice, New York; Hersey and Blanchard, "Management of Organizational Behavior," second edition, Prentice Hall; Stahl and Staufenger, "Police Personnel Administration," chapters VII, IX, X, and XI; Massachusetts General Laws, chapters 263-276.

After the November 27, 1976, examination is scored and applicants notified, an Assessment Center will be held for those who passed. For all candidates who passed the June 12, 1976, examination, an Assessment Center has been tentatively scheduled for the first week of November, 1976.

Additional information regarding the Assessment Center will be provided in the future. The department has requested that the Division of Personnel Administration proceed to establish the list from the June 12, 1976, examination as soon as the results of the Assessment Center are known. Appointments will follow shortly.

Once the list from the November 27, 1976, examination is established, it will be merged with the June 12, 1976, list, assuming any names remain on that list.

September

Commissioner's Memorandum No.

To: All Bureaus, Divisions, Districts, Sections, and Units.

Copies to: All Superintendents, Deputies, Perintendents, and Directors.

The Division of Personnel Administration has agreed with a request of the Police Department to hold a new Service examination for sergeant on September 20, 1976. The examination will consist of two parts—a written examination and practical exercises. The practical exercises will include at least one simulation (such as an in-basket or analytical problem) and a career motivation interview similar to the oral interview held for most recent sergeant's examination, somewhat more focused. More specific information about the weights and subjects of these exercises will be announced.

The written examination will be held on November 20, 1976. A suggested list on which most, but not necessarily all, of the questions will be based is as follows:

Reading List Sergeant's Examination
Melniceo and Mennig, "Elements of Police Supervision," Glencoe Press, 1975; Whisenand, "Police Supervision Theory and Practice," second edition, Prentice Hall; O'Connor and Vanderbosch, "Traffic Operation," second edition, IACP; "Police Patrol Tactics and Techniques," Prentice Hall; American Bar Association, "The Urban Police Function," Standards for Criminal Justice, 87, 144-170, 277-295; Coffey, Elde, Hartinger, "Human Relations: Force and Control in a Changing Community," Massachusetts General Laws, chapters 90, 263-276, inclusive.

The written test will be in multiple choice format. A limited number of copies of the Instruction Booklet for the late Police sergeant's examination are available in the Personnel Division on the premises at Headquarters. Additional copies will be distributed to district stations and units shortly.

The Police Academy at the present time has a limited number of copies of most of the books on the suggested reading list. These are available on short-term loan. Arrangements are now being made to have additional copies available shortly.

The reason the department has requested the examination at this time is to insure that the department is not without an eligible police sergeant. The current eligible list expires on September 23, 1977. Experience has shown it takes approximately 18 months to establish the eligible list (the sergeant's written examination was held in November, 1974, and the list was not established until September, 1975).

It may take until September, 1977, to establish the new sergeant's eligible list. The department hopes it will not and will take every reasonable step to encourage the establishment of the eligible list prior to that date. If the new list is established prior to the expiration of the current list, the following rules apply, as provided in Chapter 31, section 12:

The current list and the new list will be merged into one list, with each person on the old holding his or her position according to his most recent test score. That is, a candidate who scored 78 percent on the 1975 examination, but who scores 84 percent on the 1976 examination, will be placed on the list with an 84 percent. His name will no longer appear on the list with a score of 78 percent.

Similarly, someone who does more poorly on the new examination than the old examination will move down so that a candidate who scored 80 percent on the 1975 test, but 75 percent on the 1976 test, will drop correspondingly. Someone who fails the new examination (but who passes the previous examination) will have his name removed from the list entirely when the lists are merged. The most recent test score is what counts.

A candidate who is on the current list but does not take the new examination will have his name removed from the eligible list on September 23, 1977, when the current list is scheduled to expire. It is for this reason that all police officers who will have completed three-years' service to be eligible for the examination on November 20, 1976, and who are interested in promotion, including those on the current list, are encouraged to take the examination on November 20. For those on the current list, this is an opportunity to hopefully improve their position and to extend one's eligibility for approximately two additional years. For those not on the current list, is an opportunity to attempt to establish oneself there. Interested applicants can get application information at the Division of Personnel Administration, One Ashburton Place, Boston, the Personnel Division at Headquarters, or at all district stations.

Commissioner's Memorandum No. 76-101
To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.
Subject: All Superintendents, Deputy Superintendents, and Directors.

The Division of Training and Education, through the Police Academy library, will offer for sale five books that are required reading for the upcoming sergeant's and lieutenant's examination. Officers interested in purchasing any of these books have until Friday, September 10, 1976, to personally order books at the Police Academy library. There will be approximately a 10 percent discount on books ordered. The exact discount will be determined by the number of officers ordering books and the cost of shipping charges for a rush shipment.

A 25 percent deposit is required on all books ordered. This deposit may be made in the form of cash, check, or money order. (Checks should be made out to The Boston Police Academy Book Fund.) Delivery of the books to the library will be from seven to ten days after September 10, 1976.

The five books are as follows (along with the publisher's list price and the amount of deposit required to order any book):

"Police Supervision: Theory and Practice," by Paul Whisenand, publisher's list price, \$12.95, deposit, \$3.

"Human Relations: Law Enforcement in a Changing Community," by Coffey, Eldefonso, and Hartinger, publisher's list price, \$13.95, deposit, \$3.25.

"Criminal Justice in the Community," by Tranjanowitz and Dixon, publisher's list price, \$13.95, deposit, \$3.25.

"Management of Organizational Behavior," by Hershey and Blanchard, publisher's list price, \$5.95 (PB), deposit, \$1.50.

"Police Personnel Administration," by Stahl and Staufenberger, publisher's list price, \$5.50, deposit, \$1.50.

The following books are available, in limited quantities, for a seven-day loan period from the Police Academy Library:

"Police Patrol: Tactics and Techniques," by Thomas F. Adams; "Elements of Police Supervision," by Melnicoe and Mennig; "The Patrol Operations," by I. A. C. P.

Officers who have not previously obtained the "Urban Police Function," by the American Bar Association may receive a copy from the Police Academy library.

The hours of the Police Academy library, 152 North Street, are Monday through Friday, 9:30 A.M. to 4 P.M.

FIRE DEPARTMENT ORDERS

September 10.

General Order No. 44

MARINE UNIT

Effective at 0800, September 15, 1976, Engine Company 31 and Engine Company 47 will be disbanded. They shall be dropped from all assignment cards. Effective at 0800, September 15, 1976, the Marine Unit will be established. This unit will consist of two fireboats. For purposes of radio identification, M/V St. Florian will be designated Marine Unit No. 1. The M/V Fire Fighter will be designated Marine Unit No. 2.

Location: North and south sides of Battery Wharf, foot of Battery Street, Boston, District 3, Division 1.

Description of boats:

M/V St. Florian, Marine Unit No. 1:

Length overall, 45 feet 0 inches; beam overall, 15 feet 10 inches; draft, 4 feet 2 inches; fuel capacity, 631 gals. (diesel); cruising range, 400 miles; cruising speed, 22 knots (25 mph); electrical capacity, 32V 140 amp and 12V, 193 amp batteries; pumping capacity, 3,000 gpm at 150 psi; foam capacity, 50 gals, 3 percent concentration; main propulsion engines, (2) GM 8V, 71N series (Detroit diesels); horsepower, 650; gears, twin disc, MG-514-M, 2-1 reduction ratio (Omega gear); propellers, 28-inch diameter, 4 blades; fire mains, 6 inch and 4 inch, aluminum; monitors, (2) 3 inch balanced flow, Stang monitors, 1,000 gpm, each.

M/V Fire Fighter, Marine Unit No. 2:

Length overall, 76 feet 0 inches; beam overall, 19 feet 6 inches; draft, 5 feet 6 inches; fuel capacity, 2,000 gals. (diesel); cruising range, 700 miles; cruising speed, 14 knots; electrical capacity 100 KW; pumping capacity, 6,000 gpm at 150 psi; foam capacity, 500 gals. 3 percent concentration; main propulsion engines, (2) 12V, 71N series, GM (Detroit diesels); horsepower, 1,050; gears, twin disc, MG-514, 3-1 reduction ratio; propellers, 36-inch diameter, 4 blades 10 inch and 8 inch Schedule 40 alloy; monitors, (4) Stange "intelligent," 4 inch, 2,000 gpm each; (2) underwater Stang-Select-O-Stream mounted in bow (port and starboard), at waterline.

The Marine Unit will respond to all boxes to which either Engine 31 or Engine 47 presently respond. Company commanders shall see that all running cards are changed by replacing Engine 31 or Engine 47, as the case may be, with Marine Unit.

Both fireboats will operate as a single company and respond to all incidents. M/V St. Florian, being the faster boat, will on arrival at all incidents call M/V Fire Fighter, Marine Unit No. 2 via Fire Alarm radio. It will alert them on conditions at the incident and direct them if their services are required or return them to quarters.

The complement for the operation of both boats will be one officer and five fire fighters. The personnel will be deployed as follows: Marine Unit No. 1, St. Florian, will consist of the officer and two fire fighters, and Marine Unit No. 2, Fire Fighter, will have three fire fighters.

Whenever Marine Unit No. 2, M/V Fire Fighter, goes out of service for repairs or overhaul, its crew will be assigned to the Port Authority fireboat. This will enable Marine Unit members to become familiar with the Port Authority boat. Under these circumstances the Port Authority boat will assume the responses of Marine Unit No. 2, Fire Fighter.

When Marine Unit No. 2, Fire Fighter, is engaged in operations at an alarm, or other emergency, the Fire Alarm Office will inform the Port Authority boat, and they will then assume responses of Marine Unit No. 2, Fire Fighter, to any subsequent alarms.

(Continued on next page)

FIRE DEPARTMENT ORDERS

(Continued from previous page)

Port Authority boat on arrival at fire locations shall report to the Fire Alarm Office and await orders from the chief in charge of the fire.
